

**Board Report Brody Price LPCSG President**  
**September 12, 2023**

Las Positas Student Government held two events in the past month. We held Back to School Week where we tabled in front of the school to advertise different resources around campus and to introduce students to student government at Las Positas College. We also held our Welcome Back Week on August 30th and 31st. Student Government coordinated and planned this event where there were 30+ tables with different campus clubs, departments, and programs, and over 550 students attended each day. On August 23rd, Student Government held a Senate meeting where we approved 5 new clubs and 3 new senators for the academic year. Additionally, we plan to officially appoint each of our Student Government Officers to a college/district wide committee to act as a student representative at our next meeting on September 20th.
