Course Considerations

1. How many classes can you manage?
2. What is your goal?
  - For degree/transfer students –
    - Take an English and Math course
    - Consider a College Success Course (PCN 30; PCN 18; PCN 10)
    - Take a combination of GE and Major courses
    - Consider taking an introductory course in your major (PSYC 1, AJ 50, BUSN 40)
  - For Certificate students –
    - Focus major coursework (general education is not required)

After completing your brainstorm, look up and notate dates and times for your desired courses in CLASS-Web
