

## Las Positas College SLO Assessment Questions and Rubric

### Assessment Questions

Faculty will answer the following questions *before* entering individual student assessment scores:

1. Briefly describe the assignments and/or activities used to prepare students for this topic as well as the type of assessment used (e.g., final exam question(s), essay, project, etc.).
2. What criteria did you use to determine the assessment scores?
3. Describe any actions you have taken to increase student success based on previous assessments (you may want to refer to your previous assessment).

Faculty will answer the following questions *after* entering individual student assessment scores:

1. Summarize your analysis/findings (include discussion of how your current assessment data compare to earlier assessment data, and the impact of any changes made since previous assessment). You may also include other data here.
2. Next Steps: What future improvements, if applicable, do you plan to implement based on assessment data? When are you planning to implement these changes?

### Assessment Rubric

3 – Meets SLO

2 – Developing SLO

1 – Does Not Meet SLO

0 – Not Assessed
