

STUDENT GOVERNMENT LEADERSHIP CLASS & LAB

The Student Government Leadership Class and Lab (GNST 25 & GNST 25L) are designed to legitimize and award credit for your service to the Las Positas College community. You are strongly encouraged to sign up for the class and lab. The class is a 2-unit course which consists of the weekly meetings and the various workshops. Grades are calculated based on attendance/participation ONLY. It is important to remember that even if you have an excused absence for a meeting, it still counts as an absence in the class. The difference between excused and unexcused absences is for purposes of impeachment only. The lab units are based on office hours, committee assignments, participation in events, etc. If you DO NOT want to keep a weekly log of hours, you will receive one unit of credit (average of 3 hours/week) for GNST 25L. If you would like to get more units, you will need to submit a weekly log (2 units = 6 hours/week; 3 units = 9 hours/week averaged).
