What is New @ Las Positas College

We’ve moved offices:
If you have been to campus during the past few months you know that a new building was nearing completion and as you read this, classes are being held in the 2400 building. Check your Fall, 2007 schedule. Some ECD classes have moved there. If you are scheduled for a class in the 2400 building, parking Lot D is your best bet. Are you looking for Jackie Fitzgerald? Her office has moved to Office 2174. Enter through the door closest to Lot F. Neva Bandelow has also moved to Office 2174. Jeanne remains in Office 2136 and Zina remains in Office 1314.

CLASSES STILL OPEN
Did you know that classes at the community college are funded and supported based on the number of students enrolled? Did you know that the “pre-enrolled” numbers are monitored very closely? Did you know that if a class you really want to take has a low enrollment it may be in jeopardy of being cancelled? If you answered yes to any of the above questions you are a student that can help assure that all of our classes continue to be offered. We have enclosed some flyers for you to hang at your job site. Pass the word around at work and remember to enroll early. You can also advocate for classes not to be cancelled by sending a note to the VP of Academic Services, Dr. Laurel Jones ljones@laspositascollege.edu
