

ARMED ROBBERY SCENARIO

While at the corner of 2nd Street and So. "L" Street completing a domestic violence report, you on-view an armed robbery at Gardella Liquors. As you watch, an HMA pulls a gun from the small of his back with his right hand and points it at the clerk, who then hands the HMA a sack and a stack of bills. The HMA puts the money into the sack and then runs out of the store, directly toward you. You take cover, draw your weapon and order the suspect to stop. He immediately complies with your commands and after Officers FRIDAY and MARTIN arrive, you search, handcuff and arrest him.
