Tina,

Thank you also for meeting with me. I have spoken with the officers who work during the times you listed. Please let me know if there is anything else campus safety can do.

Subject: Campus Safety and Library Plan

Hi Sean,

It was great seeing you today!

Here's a summary of what we discussed about creating a plan between Campus Safety and the Library.

One of the Officers will walk through the library between 9 pm and 10 pm, Monday through Thursday and Saturdays between 5 pm and 6 pm. The Campus Safety officers will give the librarian faculty and classified professionals a better sense of security near the closing time of the library.

There will be a minimum of one meeting a year between us to discuss any changes to the plan.

Thanks,

Tina
