Subject: Re: Equivalency Question

Hi Craig, based on SLO's I would say definitely "NO". It seems more of Business field and skills...

Take care,
Rajeev

Subject: Equivalency Question

Hi Rajeev,

I have a course BUS 101 Introduction to Business from the University of Nevada, and the evaluators wish to know if it is equivalent to our BUSN 40. Doesn't seem like it to me, but below is all I could find about it:

BUS 101 - INTRODUCTION TO BUSINESS

(3 units)

Survey of business majors and careers. Includes overview of current business issues, trends and practices.

Prerequisite(s): Freshmen standing.

Units of Lecture: 3
Offered: Every Fall and Spring

Student Learning Outcomes

Upon completion of this course, students will be able to:

1. utilize and understand advising resources to create individual academic plans and identify graduation requirements.
2. identify academic and professional goals based on personality traits and personal strengths.
3. develop better understanding and knowledge of College of Business majors, business careers, campus resources, and opportunities for involvement in on-campus activities.
4. develop and demonstrate critical thinking skills.

I know that isn't much to go on, but do you think if a student took this course it would be generally equivalent to our BUSN 40?

Thanks!

Craig Kutil
