Indeed! Oh, one question: on Elena's Prof. Development Plan, under the heading Curriculum Developing: Inside the English 1A Classroom there is a heading "Window into a Classroom." What does that mean? Same for "Backwards Design." Just in case someone asks!

Thanks again,

Hi, Stuart,

The BSSOT team met this morning, and Elena and I realized that we have two additional pieces of information on AB705 for your Dean's meeting.

The first is a set of recommendations that our team would like to make to the college for the purpose of maintaining support for and sustaining the professional development gains (most of which are considered best-practices in teaching) made with grant funds. That document is attached.

The second is confirmation that we have set the AB705 Info and Professional Development Workshop designed for adjuncts. We have set the date for 12/14, invited adjuncts, and we have gotten back some RSVPs. Some faculty will be paid for the workshop (4 hours), and some will be using their professional responsibility hours. In the workshop we will review the 1AEX course outline, discuss possible shared assignments, and remind faculty of support services, among other things.

Michelle

Hi Michelle,

Yes, I will be discussing AB 705 at the Admin Staff meeting next week and this will be very helpful! Since I am frequently asked about how English is responding to the mandate I appreciate you keeping me in the loop as to the department's latest documents and decisions.

Thank you so much (and I hope you enjoy the long weekend!)
Stuart

Hi, Stuart,

I heard that you'll be giving an AB705 update at an upcoming Dean's meeting, and I wanted to know if you needed anything from me.

I did present at the Teaching Institute last night, and so I prepared a couple of documents that I have attached here. I am also attaching the 1AEX Course Outline. Let me know if there's something more that I might have that I could provide.
