

Purpose of the Form

This form is for requesting a course substitution of a course listed as a program requirement in the college catalog for an Associate Degree (AS/AS), Certificate of Achievement, or Certificate of Accomplishment.

1. If you are requesting a course substitution for an Associate Degree for Transfer, please use the Request for a Course Substitution for an Associate Degree for Transfer(AA-T/AS-T) form.
2. This form **cannot be used for** requesting a course to satisfy a **General Education requirement**. Determination of General Education applicability is conducted through the incoming transcript request process or during evaluation of a graduation request.
3. The course used for the substitution must be:
 - a. **From a regionally accredited institution.**
 - b. **Lower division.**
 - c. **Completed and transcribed.**
4. If approved, a student may be required to substitute elective course(s) to obtain the total units required for the program.

Filling Out the Form

1. Fill out one form per course substitution.
2. Fill out the **Student Information** section with your most up to date contact information.
3. Fill out the title of the **Program/Major** and select the type of program.
4. Fill out the **I wish to substitute the following course** section with information for the Las Positas College course you wish to be substituted with another course. The semester/year is for the academic year of the catalog with the programmatic course sequence you are following (e.g. the catalog for the year you started or restarted).
5. Fill out the **I wish to use the following course** section with the information of the course you **already completed** and wish to use for a substitution.
6. For the **Rationale**, select the reason for the substitution and feel free to add comments as needed.

Required Supporting Materials

Please provide:

1. An **official transcript**.
 - a. **Foreign transcripts** need an **official evaluation** by an **accredited agency**.
2. A **course syllabus** and/or **course outline of record** including a **detailed course description** of the course used for the substitution.
3. Academic records that demonstrate all program requirements are completed or close to completion if the substitution is being requested because the course has not been offered recently or is no longer offered.

Submitting the Form

Submit the completed **Form** and the **Required Supporting Materials** electronically to lpc-articulation@laspositascollege.edu or in person to the Front Desk in Building 1600 addressed to the Articulation Officer and email a notification of your submission to lpc-articulation@laspositascollege.edu.

Review and Notification Process

The **Program Faculty Coordinator** and their **Division Dean** will review the materials and make their determinations. If the Program Faculty Coordinator and their Division Dean **disagree** regarding approval/denial of the request, the Las Positas College Academic Senate shall make the **final determination**. The student will be notified of the final decision by A&R.

Subject: Re: Course Equivalency Question

Yes, they are equivalent.

On Aug 25, 2022, at 3:25 PM, Craig Kutil <CKutil@laspositascollege.edu> wrote:

Hi Bill,

Is the attached Chabot course equivalent to our CNT 7285?

PS The AO at UCLA responded to my request for CS 21, so hopefully they will get it approved and on ASSIST soon.

Thanks!

**CHABOT
COLLEGE**

Chabot College

 Effective: Fall 2021
 SLO Rev: 10/01/2020

Course Outline for Computer Application Systems 85
CLOUD INFRASTRUCTURE AND SERVICES
Catalog Description:
CAS 85 - Cloud Infrastructure and Services

3.00 units

This course covers the objectives of the CompTIA Cloud+ and AWS Certified Cloud Practitioner certification exams. Topics included are cloud deployment and service models, cloud infrastructure, and the key considerations in migrating to cloud computing, including compute, storage, networking, desktop and application virtualization. Additional areas of focus are backup/recovery, business continuity, security, and management.

Strongly Recommended: CAS 83, or CAS 92A,

Grading Option: Optional

Discipline:

Type	Min		
	Units	Inside of Class Hours	Outside of Class Hours
Lecture	2	36.00	72.00
Laboratory	1	54.00	0
Clinical	0	0	
Work Exp (Non-Paid)	0	0	
Work Exp (Paid)	0	0	
No Unit Value Lab		0	
Total	3.00	90.00	72.00

Prerequisite Skills:

None

Measurable Objectives:

Upon completion of this course, the student should be able to:

1. Define the Cloud and the basic global infrastructure;
2. Describe the NIST Cloud Computing Reference Architecture Model and how it relates to basic commercial cloud architecture principles;
3. Describe the AWS Cloud value proposition;
4. Describe key services on the AWS platform and their common use cases (for example, compute and analytics);
5. Describe basic security and compliance aspects of the Cloud platform and the shared security model;
6. Define the billing, account management, and pricing models;
7. Identify sources of documentation or technical assistance for commercial Cloud services;
8. Describe basic/core characteristics of deploying and operating in the Cloud;

Course Content:

Lecture Content:

1. Cloud Concepts Overview
2. Cloud Economics and Billing
3. AWS Global Infrastructure Overview
4. AWS Cloud Security
5. Networking and Content Delivery

6. Compute
7. Storage
8. Databases
9. Relational Databases in the Cloud
10. Unstructured Data in the Cloud
11. Data Backup, Recovery, and Migration

Lab Content:

1. Introduction to AWS Identity and Access Manager
2. Build your VPC and Launch a Web Server
3. Introduction to Amazon EC2
4. Working with EBS
5. Build a Database Server
6. Scale and Load Balance your Architecture
7. Configure an RDS Instance and Connect with MySQLWorkbench
8. Using SQL Commands and Constraints to Store and Retrieve Data
9. Working with Unstructured Data
10. Configuring DynamoDB and Managing Unstructured Data
11. Working with DB Snapshots

Methods of Presentation

1. Lectures
2. Online Assignments
3. Laboratory
4. Computer-based interactive curriculum
5. Distance Education

Assignments and Methods of Evaluating Student Progress

1. Typical Assignments

- A. Watch the recorded lectures on AWS Global Infrastructure. Log in for the weekly live lecture/discussion, and/or view the recording afterwards. Review the corresponding chapter in the textbook. Take the module exam.
- B. Log on to the Vocareum virtual laboratory. Follow the lab procedure to create a VPC and launch a web server application.

2. Methods of Evaluating Student Progress

- A. Exams/Tests
- B. Homework
- C. Lab Activities
- D. Final Examination

3. Student Learning Outcomes

Upon the completion of this course, the student should be able to:

- A. Explain the importance and benefits of Cloud computing.
- B. Describe basic security risks in Cloud computing and the corresponding common mitigation tools and policies.
- C. Commission and configure a basic Cloud service, verify proper operation, and monitor its performance.

Textbooks (Typical):

1. Montgomery, T., Olson, S. (2018). *CompTIA Cloud+ Study Guide Exam CV0-002 (2/e)*. CompTIA.
2. Piper, B., Clinton, D. (2019). *AWS Certified Cloud Practitioner Study Guide (1/e)*. Amazon Web Services.

Special Student Materials

Abbreviated Class Schedule Description:

This course covers the objectives of the CompTIA Cloud+ and AWS Certified Cloud Practitioner certification exams. Topics included are cloud deployment and service models, cloud infrastructure, and the key considerations in migrating to cloud computing, including compute, storage, networking, desktop and application virtualization. Additional areas of focus are backup/recovery, business continuity, security, and management.

Strongly Recommended: CAS 83 or , CAS 92A

Subject: RE: [EXTERNAL] request for a course substitution form

Hello ,

The course coordinator has deemed these class as being equivalent, so this course substitution is unnecessary. I know it is not showing up that way in DegreeWorks, but we currently have no way to update that.

Take care,

Craig Kutil

Subject: [EXTERNAL] request for a course substitution form

Hi, my name is . I spoke to a counselor today, and she said to submit a request for a course substitution form. I have attached a filled-out substitution form to this email, a course outline, and an unofficial transcript. Please let me know if you need me to do anything else on my part.

Thanks
