Dear Program Coordinators,

We have made a commitment to use the draft process of the schedule to refine section choices and modality based on student demand data. Although you have likely just turned your first draft into the dean, we are reviewing some interesting survey and enrollment data at CEMC this Friday at 10:30. This may be an opportunity to inform the conversations you are having with your fellow faculty members and dean. All this say you are warmly invited to attend this Friday's meeting. Or, enjoy the information shared on with this email. The zoom information is below my signature.

We are still updating our program coordination roster. If you are no longer the program coordinator, please forward to the appropriate colleague.

Warm Regards,

Kristina Whalen, PhD

Vice President of Academic Service | Las Positas College
