14	The Tutoring Center is very noisy. I attended my instructor's office hours session there one time. Too noisy for me. It would be great to have those fabric-covered moveable dividers in the common areas to have more privacy and noise reduction.	5/2/2019 3:23 PM
15	I am so glad to had Lena as tuter She is an amazing student and person. She always shared her knowledge to help understand my doubts in ESI	5/2/2019 12:31 PM
16	I use to hate the tutor center because I would magically never get a tutor for almost 3 semesters in a row. It didn't seem that friendly and I would get hints that because I didn't have a tutor I should go somewhere else to study. I use to HATE this room but Cheri was always amazing. Now with the new person running it he always smiles and says Hello TJ me when I enter. I magically now got a tutor and it's so much nicer than ever before. I love this place and I hope it's a staple that stays on campus for years to come.	5/2/2019 11:32 AM
17	My tutoring experience with Hyatt was amazing, I learned more from her than my English class.	5/2/2019 10:28 AM
18	My 'strongly agree' answers were based on my experience with Amelia. She was absolutely wonderful, kind, patient, thorough, and very well versed in the subject. Unfortunately, I had quite an opposite experience with Daniella. I only feel the need to share names for the improvement as well as recognition of the overall experience in the tutorial center.	5/2/2019 9:39 AM
19	Quinn is an excellent tutor and has helped me understand chemistry. Would highly recommend her to anyone, her tutoring style is second to none.	5/2/2019 9:17 AM

24	My tutor is awesome and helps math become real by using hands on materials. Tutoring is fun when I can actually be evolved in manipulating things to illustrate a topic.	3/4/2019 5:52 PM
25	My tutor did not show up and I was blamed for not coming to the appointment	3/4/2019 5:05 PM
26	It's hard for me to study in the tutorial center. I am okay with being tutored there but the environment is too lax and more of a hangout spot for serious studying.	3/4/2019 4:41 PM
