DegreeWorks

LPC offers a web-based tool to help you keep track of your educational progress!

Degree Works allows you to view your Student Educational Plan and confirm what courses you have completed, as well as what courses remain, toward meeting your educational objective(s). DegreeWorks matches your academic and course history, as well as your current course schedule, against the degree requirements as defined in the LPC College Catalog.*

Thinking about adding a major, or changing your goal? DegreeWorks also gives you the opportunity to explore "What If Scenarios," to determine how your courses meet requirements for programs other than your current declared major. For questions about your educational goal or to change your Student Educational Plan, please visit a counselor.

To access Degree Works, follow these steps:

1. Visit the LPC Home Page and Click on the CLASS-Web (http://banner-web.clpccd.cc.ca.us:700/)
