Re: Fall 2019 Instructional Equipment Request RAC Recommendation

---

The Resource Allocation Committee (RAC) has met monthly throughout Fall 2019 to review the 34 Instructional Equipment Requests (IERs). After deliberation by the Committee members, the Committee would like to recommend the funding of the IERs as ranked.

This ranking, for a total of \$389,708.95, is being recommended for your approval upon your pending discussion with Diane Brady, VP of Administrative Service. The committee fully understands that requests far exceed the State budget allocation. VP Brady has recommended using Bond money, wherever appropriate, to offset the cost. The committee supports this practically for immediate needs, but intends to look at setting stricter internal criteria for spending of Bond money in the Spring RAC sessions, so that we might better ensure long term allocation of available Bond funds.

The Final Ranking Spreadsheet may be found in The VP of Administrative Services office, or on the Resource Allocation Committee website:
