Dyrell,

Thanks again for agreeing to participate in the SF Business Times annual, State of the Tri-Valley event tomorrow, August 20th. We are asking our panelists to log on to the platform 30 minutes early, 12:30 pm, to be sure no one has any audio or camera issues. All went well during the dry run, but with virtual you never know! I've added your link below to enter the event. It's the same link you used for the dry run. Kathy also sent this to you in an email Tuesday evening. See you on Thursday at 12:30. Thank you!

Below are some key notes and best practices prior to logging in:

- You must join from a laptop or PC; the system is not compatible with mobile or ipads.
- Before joining as a remote guest, please disconnect from VPN if you are using one. Restart your computer, confirm you are not on a VPN connection, and then you can join via the remote guest link.
- Headsets and earbuds are ok, though we have had issues with Air Pods. I would discourage using Bluetooth headsets/ear buds if possible.
- When joining, please make sure to pay attention to the top of your window in case Google Chrome asks you for permission to access your camera and microphone. Allow access if asked.

CAUTION: This email originated from outside Chabot Las Positas Community College District. Do not click links or open attachments unless you recognize the sender and know the content is safe.
