Online Learning

Most on-campus courses at LPC have moved to online instruction via Canvas. Instructors for many of those courses will be using the web conferencing system ConferZoom within Canvas. [View ConferZoom Student Information](#). Also within Canvas is a feature called Ally that allows students to download files in [alternative formats](#). This is especially helpful for [students with disabilities](#). If you are new to online learning, see [Preparing for Online Learning](#).

Also, students enrolled in online and hybrid courses are welcome to attend a virtual orientation orientation to Online Learning. For Fall 2021, LPC will offer virtual orientations on August 10 from 12-1:30 p.m. and August 11 from 1-2:30 p.m. [View more information on orientations](#).

The Online Learning program at Las Positas College offers students the convenience of completing their educational goals at a distance. If you are enrolled in an online course, all class sessions, materials, and exercises are available any time of the day or night for you. All of your coursework is done virtually. Simply log into your course through a web browser, and you're in class!

The learning management system Canvas is the hub for online learning at LPC.
