

Section Three: Curriculum Review (Programs with Courses Only)

For assistance with this section, contact the Curriculum Committee Chair. [<https://bit.ly/3fY7Ead>]

The following questions ask you to review your program's curriculum. To see the last outline revision date and revision due date:

1. Log in to CurricUNET
2. Select "Course Outline Report" under "Reports/Interfaces"
3. Select the report as an Excel file or as HTML

A. Title V Updates [Curriculum Committee]: Are any of your courses requiring an update to stay within the 5 year cycle? List courses needing updates below. Reminder: updates to course title or units, and course deactivations, will require updating any program they are associated with. List programs requiring updating in question (B).

Math 3 (Multivariable Calculus), Math 7 (Elementary Linear Algebra)

B. Degree/Certificate Updates [Curriculum Committee]: Are there any programs requiring modification? List needed changes below.

None-- all are up to date

C. DE Courses/Degrees/Certificates [Distance Education Committee]: Detail your department's plans, if any, for adding DE courses, degrees, and/or certificates. For new DE degrees and/or certificates (those offered completely online), please include a brief rationale as to why the degree/certificate will be offered online.

DE course offerings have steadily increased within our Math department. All course outlines have been updated to include the option of teaching a Distance Education version of each Math course. Several of our Math faculty have completed the OCPD (Online Course Development Program) training offered through the Teaching and Learning Center. We have recently included our Statistics course (Math 40) into our Emporium model in a hybrid/DE format. We also have faculty incorporating OER (Open Educational Resources) material into their courses. Finally, with LPC being an official OEI Consortium college, we need to increase the number of OEI certified math courses. Currently our Math 40 course is OEI certified and our faculty are working on getting more courses OEI certified, including Math 55.
