Admissions Requirements

Eligibility

Any person who is a high school graduate or equivalent thereof, or who is eighteen years of age or older and who can profit from the instruction, is eligible to apply for admission to Las Positas College.

Residency Requirement

In determining tuition and enrollment fees, students fall under the following two categories:

How do I find my residency status?

(/admissions/assets/docs/Residency%20Status%20on%20CLASS%20Web%20Guide.pdf)

Residents:

Those who have legally resided in California for at least one year and a day prior to the first day of a new semester or session. California State law requires that students give evidence of physical presence in California for one year and their intent to make California their home state for other than a temporary period.

Non-Residents (out-of-state and international students):

Those who do not meet the California Residency requirements as previously outlined. Please refer to Student Fees, Tuition, & Refunds for cost of attendance.

Students who are California residents pay in-state tuition of \$46 per unit, whereas students who are non-residents pay out-of-state tuition of \$353 per unit. (Note: Tuition fees are for the 2020-21 academic year.) Community college enrollment fees are set by the California State Legislature. All fees are subject to change.

The term "California resident" for fee purposes may differ from other definitions of California residency. A person who has a California driver's license and/or vehicle registration or who is a California resident for tax, voting, or welfare purposes may have established legal residence in the state but not necessarily be considered a resident for fee purposes.

Resident Eligibility:

To be eligible for California residency, a student must do the following:

- +** Be a US citizen or hold a US immigration status that does not prevent establishment of residency.
- +** Verify physical presence in California for at least one year and one day prior to the first day of the semester.
- +** Verify intent to make California your permanent place of residence.

+ Establish financial independence from a non-resident parent or guardian.

Learn about exemptions and special considerations.

How to Apply for Reclassification of Residency

We encourage students to start the residency reclassification process before they sign up for classes. If you don't pay your fees on time because you are trying to get in-state tuition, then you may be dropped from your classes.

Submit the completed Residency Reclassification Application (PDF) (</admissions/assets/docs/Residency-Reclassification2021.pdf>) along with your documentation to lpc-residency@laspositacollege.edu (<mailto:lpc-residency@laspositacollege.edu>)

Read the form carefully and make sure that your documentation shows your name and California Residency Address 366 days prior to the first day of the term for which you are applying.

Exemptions and Special Considerations

California regulations allow students who meet certain criteria to pay California resident fee rates even if they have not met the requirements of physical presence and intent to be a resident. To be considered under any of the following special provisions, you must meet the criteria listed.

+ AB 540 Non-Resident Tuition Exemption

+ Other Special Considerations

Additional Information

+ California Residence Requirements for Minors

Financial Hardship

Financial hardship cannot be considered in evaluating California residency for the purpose of in-state fee eligibility.

Residency Status of a Spouse or Domestic Partner

A student cannot derive residency status from their spouse or domestic partner.
