“If everyone is moving forward together, then success takes care of itself.” - Henry Ford

Coming from an inventor who revolutionized transportation and industry, Henry Ford’s quote – taken quite literally – can be seen simply as a reference to people traveling by automobile in the 1920s. But, perhaps – when viewed through a different lens – it serves as a timeless symbol of what can be achieved when people share a collective purpose, understand the extent of their interconnectedness, and focus on forward momentum. At Las Positas College, these three elements are at the core of our commitment to serving students and the community. We are dedicated to meeting their needs, providing access to higher education, and delivering excellence in our programs and services, and we recognize that the success of our students, our community, and – by extension – our country, comes when we are “moving forward together.”

This approach to education is not new to Las Positas College, as access and responsiveness are at the heart of our Vision and Values statements and central to the community college mission. Today, however, community colleges are at the forefront of the national discourse on higher education in a way unlike ever before: a changing and challenging economy saw countless numbers turning to community colleges for career re-training and a renewed plan for their future; President Obama launched the American Graduation Initiative, a $12 billion plan to invest in community colleges and aid them in educating students and training the workforce; a Chancellor from a neighboring community college district was appointed to the post of Under Secretary of Education in the White House administration; a significant amount of attention and increased enrollment resulting from reduced admissions at University of California and California State University campuses; and, perhaps not as political but no less politically-charged, a television network debuted a prime-time sitcom focused on a diverse cast of characters learning about life while attending a fictional community college. With all of the various factors and forecasts at work, the eyes of the country are on community colleges, and Las Positas College is positioned to rise to the occasion and respond to the call.

We offer students – from all walks of life and from every corner of the community – an exceptional college experience: academic programs that excite the mind, services that support and guide the path to success, transfer rates that are among the highest in the State, and career and vocational training that can lead to not only a new job, but a new life’s work. At Las Positas College, you will find a college experience that extends beyond the four walls of the classroom; here you will find an opportunity to explore your educational goals – with a focus on intellectualism, excellence, and innovation – and a chance to move into your future, with forward momentum.

Sincerely,

DERIONNE P. POLLARD, PH.D.
CHABOT-LAS POSITAS DISTRICT

CHABOT-LAS POSITAS BOARD OF TRUSTEES

The Chabot-Las Positas Board of Trustees governs the Chabot-Las Positas Community College District and is responsible for all policy decisions. The Board meets twice a month.

ABOUT THE COLLEGE

Chabot-Las Positas Community College District

The Chabot-Las Positas Community College District has provided quality education to residents of the Bay Area for over forty-five years. The voters approved the formation of a “junior college district” on January 10, 1961 and the first board of trustees was elected on April 18, 1961.

Las Positas College is one of two separately accredited colleges in the Chabot-Las Positas Community College District. Las Positas College principally serves citizens from the communities of Dublin, Livermore, and Pleasanton, and several unincorporated areas including Sunol and north Livermore.

In addition to the traditional and career and technical curriculum offered at the Colleges, the District conducts an active outreach program in contract education to help business, industrial and public organizations develop training programs tailored to meet their needs.

Governance Structure

The California Community Colleges operate under the governance of the State Chancellor, the State Board of Governors appointed by the Governor, and local districts with their own locally elected governing boards. The California Community College’s System Office and Board of Governors oversee the distribution of funds apportioned by the State Legislature for use by the Community Colleges. California’s Community Colleges are organized into 72 community college districts. Each college within a district has a president or chancellor/superintendent, and each district has its own elected board of trustees who apportions funds and governs the colleges within its district.

Mission of the California Community Colleges

By law, the California Community Colleges shall admit any person who is a high school graduate or equivalent thereof, or who is eighteen years of age or older, and who can benefit from the instruction offered.

Primary missions of the colleges are to offer academic and career and technical education at the lower division level. Another primary mission is to advance California’s economic growth and global competitiveness through education, training, and services that contribute to continuous workforce improvement. Essential and important functions of the colleges include: basic skills instruction and in conjunction with the school districts, instruction in English as a Second Language, adult noncredit instruction, and support services which help students succeed at the postsecondary level. Community Education is designated as an authorized function.

The Board of Governors shall provide leadership and direction in the continuing development of the California Community Colleges as an integral and effective element in the structure of public higher education in the state.

Las Positas College

Las Positas College is located 40 miles southeast of San Francisco, amid one of California’s fastest growing regions for business, science, and technology. Gently rolling hills and picturesque vineyards provide the scenic background for the college’s 147-acre campus.

Las Positas College currently enrolls approximately 9,400 day and evening students. The College offers curriculum for students seeking career preparation, transfer to a four-year college or university, or personal enrichment. The College provides university transfer classes, retraining classes for those in need of employment or career advancement, a first-time educational opportunity for many adults, enrichment classes for those seeking a broader perspective, and career and technical training for those entering the technical and para-professional work force. Las Positas College excels in helping students transfer to the University of California system, the California State University system, and other four-year institutions.

Students who come to the College can choose any of 24 Occupational Associate Degrees, 17 Transfer Associate Degrees, and 44 Certificate Programs. In addition, the College offers community education courses geared toward personal development and cultural enrichment.

Academic rigor is maintained in a friendly, personal atmosphere. Las Positas College faculty and staff are distinguished by their energy, creativity, and commitment to making a difference in the lives of the students they serve.

Las Positas College is a learning-centered institution focused on excellence and student success, and is fully committed to supporting all Tri-Valley residents in their quest for education and advancement.

The campus is accessible from BART and Interstate 580. Students can take buses from the Pleasanton-Dublin BART station and from many locations in Livermore and Pleasanton. The College is proud of its exceptional safety record, which has made it one of the safest colleges in the Bay Area, and its commitment to sustainability, including LEED facilities, recycling and paper reduction practices, and photovoltaic (solar) parking structures generating one megawatt of energy.

History of the College

Las Positas College began as an extension center of Chabot College in 1963, offering 24 classes and enrolling 810 students at Livermore High School and two other sites. By 1965, the program had expanded and moved to Granada High School in Livermore. It subsequently grew to include Amador and Dublin High Schools as well. The District purchased the Livermore site that same year, intending to develop a comprehensive community college. On March 31, 1975, “Valley Campus” opened as the Livermore Education Center of Chabot College.

Las Positas College has since developed into a fully accredited comprehensive institution. In 1988, the College was designated by the Board of Governors to be an independent college. Las Positas College received full accreditation on January 7, 1991 from the Accrediting Commission for Community and Junior Colleges.

Institutional Planning

In order to address student and community needs, the College developed a comprehensive Educational Master Plan to guide its growth from 2003 to 2010. Included in this planning process was a Facilities Modernization Program which, together with funding from a Bond approved by local voters, provided the roadmap and resources for the College build-out. This expansion of the campus covered state-of-the-art facilities, including the now-completed Physical Education Complex; housing a gymnasium and instructional areas; the Multi-Disciplinary Building, providing more than 36,000-square-feet of classrooms; lecture hall, and lab space; the Aquatics Center, featuring two swimming pools for instruction, competition, and recreation; a multi-use athletic field; and a new parking lot, bringing 500 more parking spaces to campus. In addition, slated for completion in 2010 are the College Center for the Arts – with a 500-seat theater, 1,500-seat amphitheater, and classroom space – and Child Development Center, followed by a new Student Services and Administration Building and expansion of the Science Building.
ABOUT THE COLLEGE

As its enrollment continues to climb toward the estimated 12,000 students, Las Positas College once again embarked on the journey of writing its future history. This strategic planning process – involving faculty, staff, students, administrators, and community members – sets the foundation for future directions, as well as the development and assessment of programs, services, and facilities at the institution.

Mission Statement
Las Positas College is an inclusive, learning-centered institution providing educational opportunities that meet the academic, intellectual, career-technical, creative, and personal development goals of its diverse students. Students develop the knowledge, skills, values, and abilities to become engaged and contributing members of the community.

Vision Statement
Las Positas College meets our students and community where they are and creates experiences for them that build their capacity, speak to their potential, and transform their lives.

Values Statement
Las Positas College thrives as a teaching and learning community committed to integrity and excellence. To nourish this environment and the communities served, we:

• promote and celebrate lifelong learning;
• anticipate and meet the needs of the ever-changing workplace;
• demonstrate social and environmental responsibility;
• promote tolerance and mutual respect in a diverse community;
• foster a climate of discovery and creativity; and
• hold firm to the belief that each of us makes an astonishing difference.

Institutional Strategic Goals

1. Provide excellence in teaching, student learning, services to students, and scholarship by providing state of the art learning facilities, equipment, supplies and resources, and staffing. (Teaching and Learning)
2. Increase recognition of Las Positas College as a premier institution of innovative higher education that prepares talented, competent, and engaged members of the community. (Institutional Advancement)
3. Ensure the highest level of service to students and the community through continuous and purposeful evaluation of programs and services that situates student learning, community responsiveness, and employee engagement as the center of all we do. (Accountability)
4. Offer cutting edge educational opportunities designed to accelerate the economic development of the Tri-Valley region. (Economic Development)
5. Provide excellence in the stewardship of the community’s investment in Las Positas College and expand the institution’s capacity to apply resources to meet the needs of students, staff, and faculty through strategic assessment and resource allocation. (Resource Development and Allocation)
6. Commit to excellence in teaching, student learning, and scholarship by expanding professional development for all employees and nurturing the intellectualism within the campus culture. (Academic and Professional Excellence)
7. Serve a diverse college community by maintaining and expanding an environment of accessibility, equality, and social justice. (Diversity and Pluralism)
8. Craft a culture of collective responsibility through an enhancement of College processes and systems, reinforcing internal communication, integrating internal planning processes that promote coordination and accountability, and strengthening a sense of community and collaboration internally and within the District. (Communication and Infrastructure)
9. Serve as a catalyst for enhanced community life through outreach, partnerships, services, and significant contributions to quality arts, cultural, wellness and vitality experiences and activities in the Tri-Valley. (Community Life)
10. Engage in sustainable stewardship and community leadership as an institution through our use of products and technology, our practices and curriculum, our policies, and our philosophy as represented through institutional culture and leadership. (Sustainability)

Statement of the Objectives of the General Education Program
General education programs are accepted as a significant part of the program of studies in American colleges and universities. The term general education refers to a program of studies that introduces the student to areas of study that mature the mind, enrich family, and widen social and ethnic relationships. They develop skills and aptitudes that can aid the student in furthering personal and social usefulness, and in living in the environment as thinking and contributing citizens.

It is a program, furthermore, that activates the imagination, deepens the perspective of life, and gives life direction and purpose. The general education program is eminently well-suited to a democracy where every person is eligible to enjoy the cultural riches of the world and to become a useful citizen in dealing with local, national and world economics, and cultural, social and political problems.

Las Positas College General Education Philosophy
A philosophy of general education addresses both a present reality and a future hope. The reality encompasses the practical elements a well-educated student should grasp early in education. The future hope will serve as a foundation to achieve insights into ethical problems and engage in lifelong learning, the hallmarks of educational excellence.

GENERAL EDUCATION:

• Provides skills and proficiencies needed to succeed in an academic environment as well as in our continually changing world.
• Exposes students to core knowledge, concepts, and methodologies of the Arts, Humanities, and the Natural and Social Sciences.
• Develops students’ appreciation for the cultures and history of the United States and prepares them to participate in our democracy.
• Familiarizes students with a diversity of viewpoints by exposing them to the history and cultures of other countries.
• Advances students’ critical thinking skills, enabling them to access, examine, and assess issues and information.
• Hones students’ reading, speaking, and writing skills, enabling them to communicate clearly, effectively, and creatively.
• Promotes the development of students’ quantitative competencies, to strengthen analytical thinking, and gain the ability to evaluate and access informational technology.
ABOUT THE COLLEGE

• Increases students’ understanding of the physical and biological sciences, the scientific method, and the reliability and limitations of scientific knowledge.
• Deepens students’ awareness of wellness and teaches the methods for and importance of maintaining physical and mental health.
• Encourages students to cultivate new interests and develop their abilities to search for answers, recognizing that an educated person understands how much more there is to learn.

Accreditation
Las Positas College is a public, two-year community college accredited by the Accrediting Commission for Community and Junior Colleges of the Western Association of Schools and Colleges (3402 Mendocino Avenue, Santa Rosa CA 95404, 707.569.9177), an institutional accrediting body recognized by the Commission on Recognition of Postsecondary Accreditation and the U.S. Department of Education. The University of California, California State University, and private universities and colleges accept appropriate courses for transfer.

The College is approved for the training of veterans and for enrolling non-immigrant students.

Statement of Compliance
Las Positas College maintains an atmosphere that is welcoming to all students and conducive to their academic and personal success. The College provides an environment free of all forms of harassment, in which all students and employees are treated with dignity and respect.

Las Positas College does not discriminate on the basis of race, color, national origin, gender, physical ability, religious belief or age in any of its policies, procedures or practices. Las Positas College is in full compliance with:

• Title VI of the Civil Rights Act (1964)—pertaining to race, color and national origin;
• Title VII of the Civil Rights Act (1964)—pertaining to religion and gender;
• Title IX of the Educational Amendments (1972)—pertaining to gender;
• Sections 503 and 504 of the Rehabilitation Act (1973)—pertaining to disability;
• Age Discrimination in Employment Act (1974)—pertaining to age; and
• Americans with Disabilities Act (1990)—pertaining to disability.

Limited English skills are not a barrier to programs and services of the College.

No person shall be subjected to sexual overtures or conduct—verbal, visual or physical—which is intimidating, hostile, offensive or unwelcome. Such conduct by employees or students is unacceptable and will not be tolerated by the College.

Changes in Rules and Policies
Although every effort has been made to assure the accuracy of the information in this Catalog, students and others who use this Catalog should note that laws, rules, and policies change from time to time and that these changes may alter the information contained in this publication. Changes may come in the form of statutes enacted by the Legislature, rules and policies adopted by the Board of Trustees of the Chabot-Las Positas College District, or by the Chancellor or designee of the institution.

Internet Access
Access Las Positas College through the Internet at:
www.laspositascollege.edu
ADMISSION

Eligibility for Admission
Any person who is a high school graduate or equivalent thereof, or who is eighteen years of age or older and who can benefit from the instruction offered, is eligible to apply for admission to Las Positas College.

Ability to Benefit from Instruction
Under the provisions of the California State Education Code and Governing Board Policy of this District, a student’s ability to benefit from the instruction offered shall be determined by evidence of the individual’s:

- Ability to meet the demands of college instruction at Las Positas College;
- Ability to master, and proceed beyond, the minimum basic skill levels required for success in college education;
- Ability to show substantial progress in cognitive and affective learning in college courses; and
- Ability to show progress toward independent learning.

By this rule, the College shall determine whether a person is or is not capable of benefiting from college instruction. The determination of ability to benefit is a matter of composite professional judgment based upon available evidence. Additional information may be obtained from the Office of the Dean of Student Services, Building 700.

Admission Procedures Application
An applicant may apply for admission to the College by one of the following methods:

- Completing an application online at www.laspositascollege.edu
- Submitting a completed application at the Office of Admissions and Records, Building 700;
- Mailing a completed application to Las Positas College, Office of Admissions and Records, 3000 Campus Hill Drive Livermore, CA 94551-7623.

It is only necessary to submit one application per academic year. An academic year is summer through spring.

Official transcripts of previous academic work at other institutions are required to assist students in reaching their educational objectives at Las Positas College. Transcripts are also required for students who are candidates for special admissions programs and/or services such as financial aid and scholarships, veteran’s benefits, athletics, concurrent enrollment, and international student education.

Admission with Advanced Standing
Credits earned at other accredited colleges or universities may be applied toward an AA or AS degree from Las Positas College upon receipt of official transcripts. Accreditation must have been listed in the Accredited Institutions of Higher Education manual. Credit may also be allowed for college-level United States Air Force Institute courses and for formal courses taken at military service schools if such credit is recommended in the American Council on Education Guide.

Concurrent Enrollment—Educational Opportunities for High School Students
Las Positas College provides the opportunity for high school students to enroll in college-level courses. Students who desire to participate in concurrent enrollment must be recommended by their high school principal and have written parental permission. There are course restrictions for high school students. Information on the Concurrent Enrollment Policy is available at the student’s high school, and the Office of Admissions and Records, Building 700, or online at www.laspositascollege.edu/admissions/high_school.php.

The latest program information and deadlines for application and recommendation materials are available online at www.laspositascollege.edu, at the local high schools, and at Office of Admissions and Records, Building 700, or online at www.laspositascollege.edu/admissions/high_school.php. Students must complete the required enrollment materials each semester.

International Student Admission
Las Positas College is authorized under Federal Law to enroll non-immigrant alien students. International students (F-1 Visa) seeking admission to Las Positas College must first obtain an international student application packet from the International Student Program Office, Building 1500, Room 1502. The completed documents may then be mailed or faxed to the International Student Office. The application packet contains documents which upon completion:

- Provide evidence of having completed the equivalent of a United States high school education;
- TOEFL score of 45 or higher. International students will be required to enroll in the English as a Second Language (ESL) program if the TOEFL and the College assessment results indicate limited English proficiency;
- Show means of adequate financial support and medical care;
- Provide evidence, (by means of a physical examination) certifying freedom from active tuberculosis;
- Show adequate health insurance coverage.

The number of international students admitted is contingent upon the College’s ability to provide services as required. International students will be accepted for admission to Las Positas College at both the fall and spring semester of each academic year. Contact the International Student Program at 925-424-1540 for more information. For information on international student fees, refer to Catalog page 14, “Fees and Refunds,” or consult the current Class Schedule.

SEVIS – Electronic reporting system
SEVIS is a government database program, implemented on January 31, 2003, by the Student and Exchange Visitor Program (SEVP). The SEVIS program is a means by which the formerly part of the U.S. Immigration and Customs Enforcement Branch of the U.S. Department of Homeland Security can track certain non-immigrants such as F-1 or M-1 students based on SEVP data provided by colleges and universities. Las Positas College is a DHS certified institution and as such must provide data on F-1 or M-1 students and report any subsequent changes in status each semester to ensure the students full compliance with DHS and College regulations.

Residency Requirements for Admission
In determining tuition/enrollment fees, students fall under the following two categories:
I. Residents
Those who have legally resided in California for at least one year and a day prior to the first day of a new semester or session. State law requires that students give evidence of physical presence in California for one year and their intent to make California their home state for other than a temporary period. Non-citizens who meet residency requirements must provide documentation from the Bureau of Citizenship and Immigration Services (BCIS).

II. Non-residents (out-of-state and international students)
Those who do not meet the California residency requirements as previously outlined. Refer to Catalog, page 14, “Fees and Refunds.”

California Nonresident Tuition Exemption may be granted to certain non-resident students who meet the exemption requirements set forth in Assembly Bill 540. Contact the Office of Admissions and Records at 925.424.3500 for further information. All questions concerning residency status should be referred to the Office of Admissions and Records.

Transcripts from Other Colleges
Students enrolled at Las Positas College who desire academic credit for courses taken at other accredited colleges/universities must submit official transcripts of that work to the Office of Admissions and Records. It is the student’s responsibility to initiate a request to each institution asking that an official transcript of his/her work be sent directly to the Office of Admissions and Records, Las Positas College.

To be credited by Las Positas College, the course work must meet the following criteria:

• The course(s) must have been taken at an accredited college/university;
• The course(s) must be lower division;
• The course(s) must have been completed with a grade of “D” or higher. All transferred grades (including “F”s) will be used in the calculation of units attempted, units completed, and the grade point average;
• The content of the course(s) must be determined to be equivalent to the current Las Positas College course standards. The initial evaluation of course credit is done by the Records Evaluator under the supervision of the Dean of Enrollment Services, Registrar. The final responsibility for determining course equivalency is the discipline faculty.

Advanced Placement Program - College Entrance Examination Board (C.E.E.B.)
Las Positas College grants credit for successful completion of the Advanced Placement Program of the College Entrance Examination Board (C.E.E.B.). For further information regarding Advanced Placement policies and procedure, see Catalog page 32-34.

Concurrent Enrollment with University of California, Berkeley
Students who have completed 20 transferable units at Las Positas College or Chabot College with a 2.0 cumulative GPA may be eligible to cross-register with University of California, Berkeley while completing coursework at Las Positas College. Students must attend full-time and may enroll in one lower-division course (numbered 1-99 at UC Berkeley). Additional requirements apply. For further information contact the Career/Transfer/Employment Center, Building 900 or the Counseling Office, Building 700.

Cross Registration with California State University, East Bay
Students who have completed 20 transferable units at Las Positas College or Chabot College with a 2.0 cumulative GPA may be eligible to cross-register with California State University, East Bay while completing coursework at Las Positas College. Students who elect to “cross-register” may enroll in courses at CSU East Bay which are not offered at any time by Las Positas College (including upper division courses). Students must be enrolled in a minimum of 6 units at Las Positas College and 12 units between the two campuses. For further information, contact the Career/Transfer/Employment Center, Building 900 or the Counseling Office, Building 700.

Readmission from Dismissed Status.
Students on dismissed status from Las Positas College must submit a “Petition for Readmission from Dismissed Status” form. In order to enroll in classes, the Dean of Student Services and Dean of Enrollment Services or designee must approve readmission. Petition forms are available at the Counseling Center, Building 700.

MATRICULATION
Matriculation Process
Matriculation is a partnership between the student and the Chabot-Las Positas Community College District for the purpose of aiding students in obtaining their educational goals. This partnership identifies the responsibilities of both the College and the student and describes how to reach those goals through the established programs, policies, and requirements currently in place.

The Chabot-Las Positas Community College District agrees to provide “A Plan of Success” to each student which includes: an admissions process; an orientation to the College’s instructional programs, support services, and procedures; an assessment of basic educational skills and career goals; counseling/advising for course selection and for developing an individual educational plan; quality instruction; continuous follow-up on progress with referral to support services when needed; and institutional research and evaluation that monitors the effectiveness of all services provided.

The student agrees to express a broad educational intent upon admission and to declare a specific objective within a reasonable period of enrollment; attend classes and complete assigned work; confer with counselors/advisors to discuss choices; seek support services as needed to assist in completing course work; and maintain progress toward an educational goal according to standards set by the Chabot-Las Positas Community College District.

Exemptions
Students who enroll in credit courses at the Chabot-Las Positas Community College District may be exempted from the matriculation components as listed below:

I. Orientation
A. Non-matriculated students;
B. Students who have earned a previous college degree;
C. Students enrolling in only one performance course (i.e., acting, drawing) or activity course (i.e., physical education);
D. Returning students who have attended a Las Positas College orientation session within the last two years.
II. Assessment

A. Non-matriculated students are exempt with the exception of those students who plan to register in an English, mathematics, and/or chemistry course.

B. Matriculated students exempt from the assessment requirements include:

- Students who have earned a previous college degree;
- Students currently enrolled at a four-year college or university who are not enrolling in English or mathematics courses;
- Students enrolling in only one performance course (i.e., acting, drawing) or activity course (i.e., physical education);
- Returning students who have completed the Chabot or Las Positas College assessment process within the last two years.

C. English, mathematics, and chemistry assessment testing requirements will be waived for students who have:

- Completed an assessment process at another institution (within the past two years) and have assessment results/scores available for review;
- Completed previous college work in mathematics, English, and/or reading and have provided transcripts or grade reports;
- Been individually assessed and tested through Disabled Students Programs and Services.

III. Counseling/Program Advisement

A. Non-matriculated students;

B. Students who have earned a previous college degree;

C. Students enrolling in only one performance course (i.e., acting, drawing) or activity course (i.e., physical education);

D. Students who have completed a Student Education Plan (SEP).

Any student who believes s/he is eligible for exemption from any of the Matriculation components may obtain an Exemption Form from the Counseling Center, Building 700. Students who are exempt from one or more of the Matriculation components are encouraged to participate in this process to enhance their success while enrolled at the College. Please note: Exemptions are not a substitute/waiver for meeting course prerequisites. Students must present a transcript to the Counseling Center, Building 700, indicating prerequisites have been met through prior course completion.

Any student who believes s/he has been discriminated against in the Matriculation process (assessment, orientation, counseling advisement) may file a grievance with the Dean of Student Services, Building 700.

REGISTRATION

Registration Methods

Students may register for classes using the following methods:

- Via the Internet using CLASS Web or The ZONE at www.laspositascollege.edu.
- In person at the Office of Admissions and Records.
- For detailed information on registration procedures refer to the current Class Schedule.

Registration Information

I. New Students

Students who have never attended the Chabot-Las Positas Community College District will need to complete the following steps for registration:

A. Complete and submit an "Application for Admission" online at www.laspositascollege.edu, or in person at the Office of Admissions and Records, Bldg. 700.

B. Complete the assessment process and obtain an orientation schedule;

C. Attend an orientation session. Counseling services will be provided at each orientation session to assist students with program planning;

D. New students will not receive an individual registration appointment date. Registration date is based on the date of application. Allow two business days for application processing.

II. Returning Students

Students who have not attended the Chabot-Las Positas Community College District during the past academic year will need to complete the following steps for registration:

A. Complete and submit a new "Application for Admission" online at www.laspositascollege.edu, or in person at the Office of Admissions and Records, Bldg. 700.

B. Returning students on probation or dismissed status must obtain counselor advisement and approval before proceeding with registration.

C. Returning students in exempt status may not be required to obtain counselor approval prior to registration. Exempt status does not exempt students from prerequisite requirements; see page 13 for exemptions.

D. Returning students will not receive an individual registration appointment date. Registration date is based on the date of application. Allow two business days for application processing.

III. Continuing Students

Students who have attended the Chabot-Las Positas Community College District during at least one of the two most recent Fall/Spring semesters are considered continuing students. Registration appointment notices will automatically be mailed to all continuing students prior to the registration period.

Continuing students at Las Positas College will be assigned a registration priority number. The registration priority number is based on the following two factors:

A. The total number of units completed at the Chabot-Las Positas Community College District followed by a random digit.

B. The student’s priority within the following groups:

<table>
<thead>
<tr>
<th>Group</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Group 1</td>
<td>Those who have completed a Student Education Plan (SEP) (see page 10 for information on SEP), orientation, and the assessment components of the matriculation process;</td>
</tr>
<tr>
<td>Group 2</td>
<td>Those who have completed or are exempt from the matriculation process (assessment, orientation, counseling);</td>
</tr>
<tr>
<td>Group 3</td>
<td>Those who have completed 2 of the 3 matriculation components (assessment, orientation, counseling);</td>
</tr>
<tr>
<td>Group 4</td>
<td>Continuing students who do not fall under the previous three categories.</td>
</tr>
</tbody>
</table>
Payment Methods
Students have the option of paying fees by (1) credit card at the time of online registration; (2) mail; (3) bringing payment in person to the Office of Admissions and Records, Building 700; or (4) FACTS Payment Plan. Students who may be eligible for financial aid and/or an enrollment fee waiver should contact the Financial Aid Office, Building 1500, prior to registration.

Student Identification Card
All students are required to carry a valid photo identification card with current validation sticker. This card is essential for use of library, computer lab, bookstore and other campus services. Cards may be obtained at the Office of Admissions and Records, Building 700, and should be carried at all times. The first card is free. A replacement fee will be charged for lost or stolen cards.

Class Schedule
Before the beginning of each semester, a Class Schedule is published indicating courses to be offered—the time, the instructor, and the room assignment. Important instructions and information regarding admissions and registration are included in this publication. The Class Schedule is posted on the Las Positas College website and is available for purchase at the College Bookstore, Building 700.

Admissions Electronic Mail (e-mail)
Students and prospective students can contact Admissions to receive answers electronically from Admissions representatives at: LPC-admissions@laspositascollege.edu

REGISTRATION POLICIES

Open Enrollment
In accordance with District policy, all classes are open to enrollment and participation by any person who meets the academic prerequisites of the class and who is otherwise eligible for admission to Las Positas College.

Enrollment Limits
Students are cautioned that some classes and programs may prove to be so popular or so limited by physical facilities and/or availability of qualified instructors that all students who apply cannot be accommodated.

PREREQUISITES

Course Prerequisites
Students wanting to enroll in a course with a prerequisite must satisfactorily complete that prerequisite before they are allowed to register. A course has a prerequisite to ensure that a student has the appropriate body of knowledge to successfully take the course. Courses with a co-requisite require that a student either has taken the co-requisite before or is taking it at the same time as the courses.

Usually, a prerequisite is a course from a lower sequence of courses. For example: You may not enroll in Math 55 without first passing Math 65 with a “C” grade or better, or the equivalent. Usually, a co-requisite course is a lab or a course that provides supplemental instruction.

To see which courses have prerequisites and/or co-requisites refer to the individual course offerings in this Catalog or the LPC website at www.laspositascollege.edu.

Request for Course Substitution or Waiver of Program Requirement
Students who have had substantial prior experience related to the content of a college-level course, and who can present adequate evidence of their competence, may petition to have enrollment in that class waived without college credit for purposes of satisfying a program requirement. Courses considered for substitution must have been taken at an accredited institution. Petitions for course substitution or waiver of program requirements are available from the Counseling Center, Building 700. Approval of the request by the Dean of Student Services is required prior to completing registration. Approval shall be based on the following criteria:

A. Adequate evidence of competence as supported by transcripts, statements of employers, military or technical school certificates, etc.;

B. Statement from an instructor that the course reflects the appropriate subject matter and fulfills the necessary program requirements, and signature of the Division Dean to validate the course. Students shall be advised that courses waived receive neither unit nor grade credit and that other courses may be needed to satisfy the total number of units required to complete the program of study.

Classification of Students Based on Unit Load
The following classifications have been established based on unit load:

<table>
<thead>
<tr>
<th>Unit Load</th>
<th>Classification</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time student</td>
<td>Registered for 12 or more units</td>
</tr>
<tr>
<td>Three-quarter time student</td>
<td>Registered for 9.0 to 11.5 units</td>
</tr>
<tr>
<td>Half-time student</td>
<td>Registered for 6.0 to 8.5 units</td>
</tr>
</tbody>
</table>

Limitation on Unit Load
Eighteen (18) units per semester are considered to be a maximum load for a student. In order to take more than the maximum, approval must be obtained from a counselor.

Auditing
Auditing is permitted only for the following specific classes: Senior Community Choir, Community Choir, and Chamber Music Ensemble. The fee to audit is $15 per unit.

Course Conflict/Course Overlap
Students may not enroll in two classes that meet during any part of the same hour.

Adding Classes
During open week and until census, if a class has not been officially closed by an instructor, students may continue to register into open classes. If a class is closed and space is still available, a student may be added to a class with permission from the instructor. The instructor will issue an ADD CARD containing an individual add authorization number. A student’s add priority number is the total number of units completed at the Chabot-Las Positas Community College District followed by a random digit. Students with the highest priority number will receive an add authorization first. Refer to the current Class Schedule for add deadlines and procedures. Returning students will have their priority number activated for the add period only. See the current Class Schedule for additional information.
Withdrawing from Classes
Students are responsible for officially withdrawing from classes by the deadline date listed in the current Class Schedule. There is no automatic withdrawal process. Failure to follow the proper withdrawal procedures may result in a grade of “F”. Students may drop a course by CLASS Web or The ZONE, or in person at the Office of Admissions and Records, Building 700.

Requests to withdraw from a class that are received by the “NGR” (No-Grade-of-Record) deadline will not appear on a student’s academic transcript. If a student withdraws from a course after the “NGR” deadline but on or before the “W” (withdrawal) deadline, a “W” will appear on their transcript. A “W” notation will not affect the student’s grade point average; however, excessive “W” notations may affect (1) progress status, (2) status as a full-time student, (3) eligibility for financial aid and other benefits, or (4) athletic eligibility. Refer to the Class Schedule for important deadline dates.

Extenuating Circumstance Withdrawal
Class withdrawal after the twelfth week of instruction is permitted only on the grounds of verified extenuating circumstances (accident, illness, or other matters beyond the control of the student). A “W” will be granted only if the petition is approved and the class instructor verifies that the student is maintaining a passing grade of “D” or better (grade “P” in P/N courses). Those students whose request for withdrawal is denied may choose to continue current class enrollment. Extenuating Circumstance Petition forms are available at the Office of Admissions and Records, Building 700.

Military Withdrawal
If a student is called to active military duty after the No-Grade-of-Record (NGR) period, s/he is entitled to military withdrawal (MW). Servicemen and women should provide copies of their military orders to the Dean of Enrollment Services, Building 700.

Withdrawing from the College
Students who intend to withdraw from the College must initiate withdrawal procedures for each class in which they are enrolled. Students are held accountable for clearing all obligations with the College including fees, library books, equipment, and lockers. The deadline for withdrawal from classes with a guaranteed symbol “W” is Friday of the twelfth instructional week. Refer to the Class Schedule for deadlines.

Instructor’s Withdrawal Option
The instructor may drop students who miss the first meeting of a course. In addition, an instructor may initiate a drop if the student is absent for a total of four (4) consecutive or six (6) cumulative instructional hours and/or two (2) consecutive weeks of instruction.

Instructor’s Withdrawal Option: Distance Education
The instructor may drop students who miss the first meeting of a course. The first meeting of online or hybrid Distance Education courses is the first day of the class as specified in the Class Schedule listing. For these courses, instructor may drop students who do not log into their Blackboard course and/or complete indicated activities by the third day of classes.

Repeating a Course
The College recognizes that the most recent completion of a course should most accurately reflect a student’s academic progress. Therefore, students may repeat for credit those courses taken for which grades of D, F, or N were received. The most recent grade (A, B, C, D, F, P/N) received must be calculated into the GPA regardless of whether this grade is lower or higher than the original grade.

A student, by state law, is limited to ONE ATTEMPT to repeat a course for the purpose of raising a substandard grade (D, F, or N) except as provided in this Catalog for specific courses or in cases of extenuating circumstances.

Certain courses designated by the Office of Academic Services may be repeated up to a maximum of three times. Students should consult the College Catalog.

When a student has repeated a course and earned a passing grade of A, B, C, D, or P, he or she may petition the Dean of Enrollment Services to count; for grade point calculation only, the most recently earned grade. The “Petition For Use Of Most Recent Grade in a Repeated Class” is available at the office of Admissions and Records, building 700. Physical Education activity courses may not be repeated for a higher grade.

Students are advised that both the original and subsequent grade will remain on the transcript and that in transferring to another institution, they may be held responsible for all units attempted.

Course Repetition: Special Circumstances
Students may not repeat a course in which they received a passing grade of A, B, or C. However, under specific conditions, the Dean of Student Services or designee may permit the repetition of courses for which a grade of “C” or better has been received. These conditions are:
• When the student’s previous grade is, at least in part, the result of extenuating circumstances. Extenuating circumstances are verified cases of accident, illness or other circumstances beyond the control of the student;
• When a student should repeat a course because there has been a significant lapse of time since the student previously took the course;
• When it is necessary to meet a legally mandated training requirement as a condition of continued paid or volunteer employment.

California Education Code (Title V, Section 55763) states that grades awarded for courses repeated under these specific conditions shall not be counted in calculating a student’s grade point average.

College Transcripts
Students who desire transcripts of their academic record must submit a written request to the Office of Admissions and Records, Building 700, indicating the student’s name used while attending, SSN or W number, and the number of transcripts requested and name and address of the designated recipient. Transcripts are provided only in response to a written request from the student. Official transcripts will be mailed directly to the designated recipient.

Copies of transcripts received from other colleges and universities cannot be forwarded to a third party. Students desiring such transcripts must request them directly from the issuing institution.
FEES AND REFUNDS

Fees are Subject to Change
Enrollment fees are regulated by the State Legislature budget. The college reserves the right to collect enrollment fee increases approved by the State Legislature from all students including those who have paid fees prior to the implementation of new rates.

California Residents - Enrollment Fee
California residents, except those exempt by law, will be charged an enrollment fee of $26 per unit for classes at Las Positas College. Updates to fee information will be made available at www.laspositascollege.edu or by contacting the Office of Admissions and Records, Building 700.

Nonresident Tuition
Nonresidents of California are required to pay a tuition fee of $195 per unit in addition to the enrollment fee and other college fees. A California Nonresident Tuition Exemption may be granted to certain non-resident students who meet the exemption requirements set forth in Assembly Bill 540. Contact the Office of Admissions and Records for further information.

International Student Tuition
The tuition fee for international students, non-immigrant aliens and students on other types of visas is $195 per unit in addition to the enrollment fee and other College fees. International students (F-1 Visa) are required to enroll and maintain a minimum of 12 units per semester.

Payment of Fees
Enrollment each term is conditional upon full payment of fees/tuition. If fees are not paid, classes will be dropped according to the “Drop for Non-Payment” deadline dates listed in the Class Schedule and College web site.

Failure to Pay
College financial obligations may result in the withholding of grades, transcripts, diplomas or registration privileges from any student who has been provided with written notice that he or she has failed to pay a proper financial obligation due to the College. Any item withheld shall be released when the student pays the financial obligation.

Mailing Fee
An optional fee of $3.00 will be assessed each semester to cover the cost of various mailings that students receive throughout the term (registration mailer, grade report, etc.).

Health Services Fee
Las Positas College provides health services for students through a Student Health Center. In accordance with state community college regulations, all enrolled students will be charged a mandatory Health Service Fee of $14 per semester (except Summer Session). The only exceptions for this fee are as follows:

• Students taking classes held only on Saturday, at an off-campus site, or exclusively online;
• Students who rely only on prayer for healing in accordance with the teachings of a bona fide religious sect, denomination, or organization may see exemption from the fee and services. To apply for a waiver, students must provide a statement of such reliance from an official of the sect, denomination or organization.

Information on exemptions is available in the Office of Admissions and Records, Building 700.

Associated Students Activities Fee
An optional fee of $5.00 will be charged each semester. College clubs, scholarships, the Student Center, and other student-related services are supported in part by this fee.

Student Representation Fee
A fee of $1.00 will be assessed of all students each semester. This fee is used for any purpose related to representing students’ views with governmental bodies.

Parking
Parking at Las Positas College is by permit only. Parking regulations are enforced from the first day of class. A daily permit can be purchased from dispensers located in the parking lots. A full-term permit may be purchased online via CLASS Web. The fees are as follows:

<table>
<thead>
<tr>
<th>Permits</th>
<th>Fee</th>
</tr>
</thead>
<tbody>
<tr>
<td>Car</td>
<td>$30.00</td>
</tr>
<tr>
<td>Motorcycle</td>
<td>$15.00</td>
</tr>
<tr>
<td>Daily permits</td>
<td>$2.00</td>
</tr>
</tbody>
</table>

Parking fees for summer are different. Refer to the schedule of classes.

A reduced term parking fee of $20.00 is available for students who receive a Board of Governors Waiver (enrollment fee waiver through Financial Aid).

Print Fee Card
Use of a College computer lab requires the purchase of a Print Fee Card obtained from the Las Positas College Bookstore or vending machines. Discounted print cards can be purchased in the Bookstore.

REFUNDS

Enrollment Fee Refund
Students who officially withdraw from classes during the NGR (No-Grade of Record) period (see Class Schedule for deadlines) shall be entitled to a full refund less a $10 processing fee. Students must initiate a request for refund of enrollment fees for classes cancelled by the College. For cancelled classes, the $10 processing fee is not charged. The refund policy complies with, and is based on, California law and the Education Code.

A refund will not be issued to students who withdraw from classes after the NGR deadline.

Non-Resident Tuition Refunds
Refund of tuition by reason of program reductions or withdrawal from the College will be made in accordance with the schedule indicated below.

Withdrawal prior to the first day of instruction in a regular semester, term or session: 90% Refund
Withdrawal during the first two weeks of instruction for a regular semester, term or session: 75% Refund
FEES AND REFUNDS - FINANCIAL AID

Withdrawal after second week of instruction for a regular semester, term or session: No Refund

For further information concerning tuition charges and refunds, consult the current Class Schedule.

Tax Information

HOPE Scholarship and Lifetime Learning Credits

Students will receive from the Chabot-Las Positas Community College District a 1098T form noting all fees billed and scholarships awarded.

Information about Tax Benefits for Education including the HOPE and Lifetime Learning Credits, the American Opportunity Credit for Education, and guidance for appropriate tax treatment of educational expenses, financial aid funds and scholarships is available through www.irs.gov, Publication 970 or www.ed.gov. Interested parties with questions are directed to contact the IRS Office at 1.800.829.1040.

FINANCIAL AID

Financial aid is a means of assisting students in receiving a college education who would otherwise be unable to afford this opportunity. Selection of students to receive financial aid is based strictly on an analysis of family financial need, and is made without regard to age, sex, race, religion, national origin, or physical ability.

The Financial Aid Office, Building 1300, 925.424.1580, e-mail: lpcfinaid@laspositascollege.edu, administers financial aid in accordance with federal and state regulations and policies. A full range of financial aid programs is offered including registration fee waivers, federal Pell Grants, Supplemental Educational Opportunity Grants (SEOG), and Academic Competitiveness Grants (ACG); state Cal Grants B and C, federal Stafford subsidized and unsubsidized student loans, federal WorkStudy job positions, an on-campus scholarship program and referrals to outside scholarship resources.

Eligibility

To be eligible for most sources of financial aid, a student must be a U.S. citizen, permanent resident, or other eligible non-citizen; maintain satisfactory academic progress; register with Selective Service if required; demonstrate need; be working toward a declared approved major; have a high school diploma or GED, or pass an independently administered examination approved by the Department of Education or have successfully completed 6 academic units of college coursework; and must not be in default on any student loan nor owe a refund on any grant.

PRIORITY FILE COMPLETION DEADLINES

Las Positas has established the following financial aid processing deadlines. Pell grant recipients must have applied for financial aid and followed up by ‘completing their file’ (submitting all requested supporting documentation) by the following deadlines in order to ensure receipt of a Pell grant the first week of classes.

Fall: .......................................................................................... July 15
Spring: .................................................................................. December 20

How to Apply for Financial Aid

To apply for all federal and state sources of financial aid, students should complete the Free Application for Federal Student Aid (FAFSA). Students must apply online at www.fafsa.ed.gov. Las Positas College Title IV Code is 030357. A new FAFSA must be completed each school year. Students should apply as early as possible, preferably between January 1 and March 2 of the previous school year, for maximum aid consideration. Processing time from application to payment requires several weeks.

The federal government will e-mail or mail the student a ‘Student Aid Report,’ which indicates the application results. Once the College receives the student’s FAFSA results mailed or emailed electronically, students who qualify for a Pell Grant will be mailed a Missing Documentation letter, explaining what the student must do to complete their financial aid file in order to qualify for aid. Once a student has completed their file, they will be mailed or emailed an ‘Award Letter’ which indicates the amount of aid offered and expected disbursement dates. Students who have not received notification from the Financial Aid Office are encouraged to follow up to determine the status of their aid application and an explanation of the results.

The Financial Aid Handbook is posted online at www.laspositascollege.edu/financialaid.

How Financial Need is Determined

The FAFSA allows the government to determine the Expected Family Contribution (EFC) for each student. The EFC is based on an impartial analysis of the student’s total available resources. Financial need is determined by comparing the College’s cost of attendance, available from the Financial Aid Office, with the student’s Expected Family Contribution. Funds are distributed to students who indicate financial need through this process.

Registration Fee Waivers

California’s Board of Governors Waiver (BOGW) Program waives enrollment fees for qualified residents of California for the entire school year. Students may receive a waiver for any number of units, with no minimum. All students with some financial need qualify in addition to those who receive Aid to Families with Dependent Children or Temporary Assistance to Needy Families (AFDC/TANF), Supplemental Security Income or General Assistance. Students must submit a FAFSA for processing in order to establish eligibility, or current documentation of receipt of TANF/CalWORKs, SSI or General Assistance.

How Grants are Determined

Grants are “gift aid” from the federal or state government that do not require repayment. Eligibility is determined from the results of the FAFSA in accordance with federal and state guidelines.

Federal Pell, SEOG and ACG Grants

Federal Pell Grant award amounts vary depending on the Expected Family Contribution and the student’s enrollment status. Currently awards range from $1,176 - $5,550/year. Priority for Federal SEOG grants ($600/year) are given to full-time students with 0000 Expected Family Contribution who complete their files prior to June 1.

Students who are Pell-eligible and who document that they completed a rigorous academic program in high school are eligible to receive an ACG Grant.
**FINANCIAL AID**

**Cal Grants**
Students should file their FAFSA prior to March 2nd in order to qualify for a Cal Grant. Community college students who missed the March 2nd deadline may still apply by filing a FAFSA prior to September 2nd, and will be able to compete for remaining grants for community college students. In addition, each student must ensure that a verification of grade point average be sent to the California Student Aid Commission. All students who have completed 16 units (not including ESL or basic skills courses) as of the end of the previous semester at Las Positas College will have their GPA automatically sent electronically. All other students should contact the Financial Aid Office, Building 1500, for assistance in determining which school or college is required to complete GPA verification for that individual. Students will be notified directly by the California Student Aid Commission if they have been awarded a Cal Grant or can monitor their status at [https://mygrantinfo.csac.ca.gov/](https://mygrantinfo.csac.ca.gov/). Students who receive a California Aid Report (CAR) form should submit it to the Financial Aid Office.

**Federal Workstudy**
Students with unmet financial need who are enrolled in at least 6 units may receive a grant to work on campus, or off campus in a community service position, as part of their financial aid package under the federal Workstudy program. Students should inquire about available positions at the Career/Transfer/Employment Center, Building 900.

**Stafford Student Loans Subsidized and Unsubsidized**
Once financial need has been established, students enrolled at least half-time may apply for student loans. Students must maintain half-time enrollment in order to remain eligible for loans. Those with unmet financial need may receive subsidized loans (government pays interest while in school); those without need may receive unsubsidized loans (student pays interest while in school). Loan limits are federally established and may never exceed a student’s cost of attendance. Student loans do not need to be repaid until beginning six months after graduating or dropping below half-time. An entrance and exit counseling session or orientation is required for all loan students so that terms of the promissory note, avoidance and consequences of default, and student notification and responsibilities are very clearly understood. Contact the Financial Aid Office for further information.

**Satisfactory Academic Progress Policy**
In order to remain eligible for continued federal and state grants and loans a recipient is required to maintain certain standards of progress known as a Financial Aid Satisfactory Academic Progress Policy. This policy addresses a minimum semester and cumulative grade point average (GPA) requirement, maximum time frame allowed to receive aid, percent of academic progress which must be made each semester relative to units attempted, consequences of not meeting the minimum requirements, reinstatement of financial aid eligibility, and appeal procedures.

The full policy is mailed or emailed to each student along with his or her financial aid award letter. It is each recipient’s responsibility to read this policy and be responsible to understand it and ask for further clarification, if needed. All students must have a minimum 2.0 cumulative GPA after four (4) terms of attendance to be eligible to receive financial aid regardless of whether financial aid was previously received or not.

**Complete Withdrawal From Classes After Receiving Aid**
Federal law requires students to repay a portion of the funds received if they completely withdraw before the 60% point of the term as measured in calendar days, not school days. Note: if a student withdraws after s/he has earned 60% of his/her grant, the student does not owe any repayment. The 60% dates for each semester are indicated on the academic calendar. Students who complete ‘0’ units in a term with a ‘0’ GPA are subject to the same repayment regulations unless the student can document that s/he remained in class past the 60% date.

Students who are considering withdrawing from the College are highly encouraged to visit the Financial Aid Office, Building 1500, prior to withdrawal to discuss the situation and to receive advice about their potential repayment.

Once the College notifies the withdrawn student of the Return to Title IV amount due, the student will have 45 calendar days to repay any Federal amount due to the College, which will then be returned to the federal government. If not repaid within 45 days, a national ‘HOLD’ will be placed on the student’s federal financial aid record. The student will lose eligibility for all federal aid nation-wide, until satisfactory repayment arrangements are made with the federal government or until the debt is repaid in full. At the end of the school year, the account is referred to the Federal Government for collection.

Additionally, the College must pay the government directly some of the unearned portion of financial aid funds received by the student based on the amount of the registration fees which would have been assessed (even if the student received a waiver). The amount of institutional funds the College pays the federal government on the student’s behalf will be posted immediately on the student’s account and a College hold will be placed. The hold will be lifted only upon full repayment, or upon contracting a repayment agreement with the Financial Aid Office. The hold will be reinstated if the repayment terms of the contract are not upheld. Any portion of the institutional portion of repayment due directly to the College which is unpaid at the end of the school year may be referred to the state COTOP collection program, which repays the debt (in addition to a 25% collection fee) by retaining funds from the student’s state income tax refund.

**Financial Aid Handbook**
A Financial Aid Handbook is posted on the Financial Aid webpage at [www.laspositascollege.edu/financialaid](http://www.laspositascollege.edu/financialaid). The handbook is a reference that states general and specific financial aid program information, and Financial Aid Office policies and procedures. It also includes Las Positas College’s Satisfactory Academic Progress Requirements for students receiving financial aid. All financial aid recipients are highly encouraged to read the handbook carefully and become familiar with its contents.

**Other Sources of Funds**
Scholarships are funds generally made available by sources other than the government (such as private businesses, organizations, clubs, colleges, etc.) for students to help with the costs of their education. Generally, students must compete for scholarships. Awards have many different criteria.
The Las Positas Scholarship Program

The Las Positas College Scholarship Program is advertised during the first week in February each year. Students may begin to apply for a variety of awards available only to College students. Applications must be downloaded from the College’s Financial Aid website, www.laspositascollege.edu/financialaid. The Scholarship Program Deadline is mid-March. Scholarship recipients are invited to attend the College’s Annual Student Recognition Ceremony held in May.

Outside Scholarship List

A list of current “outside scholarships” is posted in the Financial Aid area and on the Financial Aid Website, www.laspositascollege.edu/financialaid, and is updated frequently. These are scholarships often from local, statewide and national organizations or foundations, which are not specifically for Las Positas students, but which may be of particular interest to LPC students. Deadlines vary greatly, so students should check the list frequently for updated information.

Other Scholarship Opportunities

Thousands of scholarship opportunities are available. The best source of scholarship information is through the World Wide Web. Students can search huge databases to seek scholarships for which they meet the qualifications, or take advantage of several FREE on-line scholarship searches, which do the searching for the student based on an application the student completes. Las Positas recommends several excellent free searches on our web site.

VETERANS EDUCATIONAL BENEFITS/VETERANS FIRST
PROGRAM

The Veterans Office at Las Positas College is designed to assist veterans and their dependents in reaching their educational goals. The LPC Veterans Office staff are your liaisons to the United States Department of Veterans’ Affairs, and they will make every effort to provide speedy educational benefit payment with a minimal amount of difficulty.

Las Positas College is approved to offer instruction to service persons, reservists, and other eligible persons under Title 38, U.S. Code and Department of Veterans Affairs (V. A.) regulations. Eligibility for benefits under any of these programs is determined by the appropriate federal or state agency, and not by the College. In addition, we provide other resources and contacts, such as the ones listed below:

- Student Veteran Organization
- Veterans First Program Coordinator
Courses will NOT be certified for benefits after the second semester unless the Veterans Evaluation is complete. Only courses that meet requirements or their prerequisites for the major and degree objective as indicated on the evaluation will be certified for payment. If the academic objective is changed, the student must complete a new evaluation accordingly. The College can only certify for Certificate, AA, or AS majors listed in the Las Positas College Catalog, or for transfer majors for which official articulation has been completed between Las Positas College and the intended transfer college and program.

Veterans will be permitted to enroll into work experience courses but must do so under the Parallel Plan as practical training for their major.

These are individual academic programs and courses listed in the Catalog that may not meet V.A. approval for educational benefits. Contact the College Veterans Office, Building 1300, Room 317, to determine if your intended program is approved for benefits. Note: Programs previously approved are subject to change as determined by the Department of Veterans Affairs.

Eligibility

Eligibility for VA educational benefits can be extended to veterans, reservists, and children of service-connected deceased or disabled veterans under the following programs:

The Montgomery GI Bill (Chapter 30)

Enlistment after July 1, 1985 is required. The serviceperson must have participated in the pay reduction program. The monthly payment rate will vary with the length and type of service. Monthly “self-certification” is required to insure benefit payments.

U.S. Department of Veterans Affairs Vocational Rehabilitation Program (Chapter 31)

This program is available to certain veterans who have a service-connected disability of 20 percent or greater. It provides a monthly stipend and also covers the cost of tuition, books, supplies, and tutorial or special assistance. Although the date of entry to active service is not considered, students should use this benefit within twelve years of the date of discharge. Eligibility is determined on a case-by-case basis.

Post-9/11 GI Bill (Chapter 33)

A new education benefit program for individuals who served on active duty on or after September 11, 2001. Eligibility is determined by length of service and entitles the veteran to a percentage of the following: Cost of tuition and fees, monthly housing allowance, and a yearly stipend for books and supplies up to $1,000.

Dependents’ GI Bill (Chapter 35)

A child or spouse of a service-connected deceased or 100-percent permanently disabled veteran may be eligible for VA educational assistance. The marital status of a dependent child is not a factor in determining eligibility. Benefits may be used until the dependent has reached the age of twenty-six or for eight years from the date that eligibility is determined, whichever is later.

Reservists Montgomery GI Bill (Chapter 1606)  

Enlistment or extension for six years of reserve duty after July 1, 1985 is required. This program does not require a contribution by the service member, but the reservist must be actively drilling.

Reserve Educational Assistance Program (Chapter 1607)-REAP

A Department of Defense education benefit designed to provide educational assistance to members of the Reserve components (who serves on active duty on or after Sept. 11, 2001 at least 90 consecutive days or more) called or ordered to active duty in response to a
war or national emergency (contingency operation) as declared by the President or Congress. The Department of Defense and the Department of Homeland Security will determine who is eligible for this program. The Department of Veterans Affairs will administer the program and pay benefits from funds contributed by the Department of Defense.

Library (Learning Resources Center, LRC)
The Library at Las Positas College is located in Building 2000. The mission of the Library is to provide the information services and resources required to meet the needs of the educational programs of the College. It exists to facilitate and improve learning by supporting and expanding the instructional capabilities of the College and providing students with the opportunity to develop information competency skills for lifelong learning. The Library offers reference and instructional services to meet the needs of students, faculty, and staff. The Library encompasses all types of print, non-print, and online resources including a wide variety of books, audiovisual materials, magazines and newspapers, and full-text periodical databases. The Library maintains an extensive website that provides access to the Chabot-Las Positas College Libraries online catalog, online databases, and research and instructional guides. The Library facilities include computer labs, study carrels, group and soundproof study rooms, and listening and viewing stations. Currently registered students, faculty, and staff may check out books and materials from both the Las Positas College and Chabot College Libraries. A current College ID is required.

Integrated Learning Center (ILC)
The Integrated Learning Center in Building 600 houses the Math X Lab, English as a Second Language, and English 1A Lab.

Math X
Math X is a Mastery Learning Program in Mathematics using programmed materials with instructor supervision. Math X is designed for students to work at their own pace, for those who need more time to take tests, and to reduce math anxiety. Credit may be earned in Mathematics 55, 65, 71, and 107.

Open Writing Center
Students can visit the Open Writing Center to work one-on-one on any writing assignment for any class.

English as a Second Language
ESL students can take advantage of the following services:
- Computer-assisted learning opportunities, including grammar and vocabulary activities
- Complete their 1 hour lab assignment for each course
- Work with study groups and instructors

Computer Laboratories
Las Positas College has computer laboratories on campus for student use. PC and Macintosh computers are loaded with a variety of software programs to assist students in completing course assignments and projects. In addition to the computers available in the LRC, the Computer Center, Building 800, and the English Laboratory, Building 400, have computers open to students on a first-come, first-served basis at various times during the day. Consult the lab staff for available hours.

Use of a College computer lab requires the purchase of a Print Fee Card obtained from the Bookstore or vending machines. Discounted print cards are available and can be purchased in the Bookstore.
Distance Education

Distance Education classes are designed to accommodate the busy lifestyles and various learning styles of students. Las Positas College typically offers Distance Education classes in two formats: online, which are conducted over the Internet. To take classes online, you must have experience using a web browser (Internet Explorer preferred), access to a computer with an internet connection, and an e-mail address.

Las Positas College continues to expand its offerings of Distance Education. Current offerings can be found in the Class Schedule, on the CLASS Web website, and on the Las Positas College Online Learning website. Links for the above websites can be found on the College’s home page at www.laspositascollege.edu. For further information, call 925.424.1142.

SPECIAL ACADEMIC PROGRAMS

Honors Transfer Program

The Honors Transfer Program has transfer agreements with several colleges and universities throughout California. Members of the Honors Transfer Program (HTP) have the option to participate in honors academic activities (honors courses, honors contracts, and honors colloquia) designed specifically to encourage independent and creative learning. Honors academic activities are designated with an “H” (for Honors) on the student’s transcript. At graduation, honors students receive special recognition and an honors seal affixed to their diploma.

Eligibility requirements for applying for membership in the Honors Transfer Program are:

• Cumulative GPA of 3.5;
• 12 units at Las Positas College;
• Eligibility for English 1A.

For additional information, contact the Honors Program Coordinator at 925.424.1266 or www.laspositascollege.edu/honors

Independent Study

Independent study courses are open to all students and may be offered under any subject area contained within the Catalog using the number 29. Independent study must be contracted through an instructor for research, field experience or skill development. Check with the Counseling Center, Building 700, concerning transferability of these courses to four-year institutions.

LaPTech5-Business, Electronics/CIS

Las Positas Technical Support (LaPTech5) is an innovative entrepreneurial venture offering technical support services to the campus community. Within a work based learning model, students get hands-on training in a workplace environment. Students practice hardware and software installations, computer repair, assessment, maintenance and troubleshooting techniques. Business applications include data and information collections, storage and retrieval, document preparation, customer service, verbal and non-verbal communications, and job skills preparation. LaPTech5 creates opportunities to learn all aspects of business operations, technical support, and the development of interpersonal skills. For additional information call 925.424.1236.

Speech and Debate Program

The Speech and Debate Program, otherwise known as “Forensics” or “The Talk Hawks” provides students with an intensive focus on enhancing research, writing and performance skills. Forensics students compete on an intercollegiate basis at tournaments in the areas of Public Speaking, Oral Interpretation, and Debate. Besides traveling to competitions, students in the nationally renowned program also host two on-campus tournaments a year and a Speech Performance night. With this opportunity, students experience accelerated growth in their communication skills and self-esteem. For more information see page 150.

Internships

Internship opportunities are available at the College. Interested students who meet qualifications are placed in carefully structured work environments with local employers. Internships provide opportunities to apply knowledge gained in the classroom in a real world setting and can be an important part of career development for students. Students must concurrently enroll in the Internship Seminar course. Placements are contingent upon the availability of an appropriate internship site, employer criterion and student qualifications, and are at the discretion of the employer. Students and employers should contact the Work-Based Learning Coordinator at 925.424.1255.

Occupational Work Experience Education

The Occupational Work Experience Program incorporates participants from business, industry, and all levels of governmental agencies. The program enables students to apply their classroom instruction to related career employment for training and experience. The program increases the practicality of students’ class-work by giving them the opportunity to examine and utilize the latest techniques, procedures, and equipment in a business setting. Close coordination and supervision by the College ensures that the Work Experience Program becomes a real learning opportunity related to the student’s area of study.

Las Positas College offers two Occupational Work Experience Programs. The Alternate Plan allows students to concurrently enroll in College courses while working. The Alternate Plan permits students to study full-time one semester and work full time the following semester. Refer to Catalog page 164 for course descriptions.

Work Experience education is a requirement for graduation in many of the occupational programs at the College. Students majoring in programs requiring Work Experience should enroll in that program’s Work Experience course. Other students seeking elective or transferable credit also may enroll in the Occupational Work Experience Program.

Regulations governing the operation of Work Experience education programs may be found on Catalog page 164.

Community Education

Community Education classes are designed to provide personal development, cultural enrichment, and job training to people of all ages. These classes are fee-based and not for credit. At present, Community Education offers classes in fitness and health, human development, home and garden, computers, business, arts and letters, financing, and college preparatory skills. For information regarding Community Education classes at Las Positas College or to suggest a Community Education class, telephone 925.424.967.

Distance Education

Distance Education classes are designed to accommodate the busy lifestyles and various learning styles of students. Las Positas College typically offers Distance Education classes in two formats: online, which are conducted over the Internet. To take classes online, you must have experience using a web browser (Internet Explorer preferred), access to a computer with an Internet connection, and an e-mail address.

At present, Community Education offers classes in fitness and health, human development, home and garden, computers, business, arts and letters, financing, and college preparatory skills. For information regarding Community Education classes at Las Positas College or to suggest a Community Education class, telephone 925.424.967.
Continuing Education

Continuing education classes are designed to provide in-service education for persons who must maintain a professional license by periodic training and upgrading of their skills. Typically, such classes are required in the nursing, dental hygiene, real estate, and accounting professions. Organizations or individuals who desire information regarding continuing education opportunities, or who wish to suggest a needed continuing education class, should telephone 925.485.5212.

Contract Education

Las Positas College contract education classes are offered through the District Office through contracts for educational services with public or private agencies, corporations, associations, or individuals. An active outreach program in contract education is conducted by the District Office to help business, industrial and public organizations develop training programs tailored to meet their needs. Examples include Business Communications, Supervision, CPR and First Aid, English as a Second Language, Commercial Law, Word Processing and Computer Skills, Pre-Retirement Planning, Radiation Technology, Technical Writing, and certificate or degree programs in technical and general education. Courses can be offered “on-site” (at the employer facility) or on campus. Organizations or persons desiring information on how the District can provide educational training programs to meet specific training needs should telephone 925.485.5212.

QUEST (Expanding Education for Mature Adults)

College age lasts a lifetime, especially for those who are eager to learn. The QUEST program is designed to meet the educational needs of adults, 55 years and older. Classes are offered in a variety of disciplines such as art, English (writing), and physical fitness. Classes are held in senior and community centers throughout the Valley.

Tech Prep (Technical Preparation Programs)

Tech Prep establishes a balance between academic instruction, technical/vocational training, and career development for students. The Tri-Valley Educational Collaborative (TEC) is comprised of representatives from the Tri-Valley Regional Occupational Program (ROP), Las Positas College, local school districts, CSU-East Bay, local business and community partners. Faculty, administrators, and business representatives work together to build seamless career pathways designed to prepare students for careers from high school through college. For further information, contact the Dean of Academic Services, 925.424.1324.

High School Articulation

Las Positas College recognizes the value of coursework previously completed at the secondary level through local high schools or ROP's (Regional Occupational Programs). On an ongoing basis, articulation agreements between Las Positas College and these secondary schools are established when deemed appropriate by the College faculty in the discipline. These agreements provide high school (or ROP) students the ability to apply prior work towards Las Positas College requirements. There are two levels of articulation agreements:

Noncredit Articulated Courses, and Credit-by-Examination Articulated Courses. In both instances, in order for the student to receive recognition of their work once they reach the College, the articulation agreement between the high school and the College must have been in place at the time the student completed the work at the high school.

The College home page, www.laspositascollege.edu, provides a detailed discussion of High School Articulation, along with directions and application forms for students, high schools/ROPs and College staff. This website also lists current Articulation Agreements between the College and high schools and ROPs. Forms, directions and a listing of current articulation agreements are available online: www.laspositascollege.edu.

Select: Classes and Programs > High School ROP Articulation

Noncredit Articulated High School Courses

High schools and ROPs may request noncredit articulation* status for a course offered at the secondary level. The course will be accepted for articulation status if the College faculty determine that the course offered at the secondary level is comparable to a specific community college course. (Course agreements which had previously been identified as “2+2” fall into this definition.)

Noncredit articulated high school courses can be applied to Las Positas College requirements, but cannot be granted College credit, unless the student or course has also qualified under the Credit-by-Examination process (see discussion below). There are several advantages to pursuing articulated courses at the high school level. Students moving from high school to LPC will be much better prepared if the expectations of the College faculty are met through the preparation provided by high school teachers. Articulated courses can also meet certificate and major requirements for some degrees (primarily occupational) at LPC. This enables students to go directly into the more advanced courses when they reach the College. (Students still need to meet full unit requirements for these certificates and degrees.)

*Noncredit Articulation of High School (Secondary) coursework is offered under the provisions of the California Administrative Code, Title 5 and the process is included in the CLPCCD Administrative Rules and Procedures. (High School [Secondary] Articulation).

Credit-by-Examination Articulated High School Courses

This second level of high school course articulation** at Las Positas College can also provide students with college credit for certain courses completed at the High School or ROP. In addition to agreeing that the course content is comparable, the College faculty also must design or approve the final exam given for the course by the high school or ROP, or in some instances may require that the final be taken at the College. The College faculty members who normally teach the College course must determine the nature and content of the exam. Such credit may be granted only to a student who is registered at the College and in good standing, and only for a course listed in the Catalog. The student’s transcript will be noted to show that credit was earned by examination. The amount of credit to be granted cannot be greater than that listed for the course in the Catalog. Units will not count toward the 12-credit residency requirement of the College.

**Credit-by-Examination is offered under the provisions of the California Administrative Code, Title 5 and the process is included in the Administrative Rules and Procedures. (Course-wide Credit-by-Examination)

In order for students to receive credit for a course with a Credit-by-Examination Articulation agreement, they need only to provide proof of completion at the high school level, after they begin a course of study at the College. Refer to the LasPositas College website for forms and directions. Individual students may also petition College instructors for Credit-by-Examination for College courses for which there are no Articulation Agreements. See Credit-by-Examination (Individual Student Application). Catalog page 12.
STUDENT PROGRAMS AND SERVICES

COUNSELING SERVICES
Counseling services, located in Building 700, are central to student success at Las Positas College. Counselors provide academic, career and personal counseling services. They orient new students and teach psychology-counseling courses in career or human services selection, orientation to the College experience, study skills, peer support training, re-entry support and interpersonal relationships. Each student meets with a counselor to select courses based upon the student’s skills and interests and develops a Student Education Plan (SEP) to meet career, and/or college or university transfer requirements. Assessment scores are interpreted for the student by the counselor, and articulation agreements with four-year colleges and universities are used to construct accurate student plans for transfer. Counselors remain available to students throughout their college career to discuss concerns that may be affecting their academic progress. The Counseling program is organized under the major services explained below.

Academic Counseling
Counselors assist students with selection of courses in which they can succeed and that lead them toward their goals. Courses considered are based upon the student’s assessed skills, their selected career and/or the institution to which they plan to transfer.

Career Counseling
Counselors are available to assist students in self-assessment and career selection processes. Students will be encouraged to examine their skills, interests and aspirations and to research career possibilities that offer opportunities for utilizing their unique skills and personal qualities.

Personal Counseling
Counselors hold graduate degrees in counseling psychology and are fully qualified to provide individual and group personal counseling. Short-term confidential personal counseling is available to help students discuss ways to remove personal barriers to their academic progress. Referral to community resources is available for those requiring long-term personal counseling.

Career/Transfer/Employment Center
It is the mission of the Center to meet the academic needs of our students by providing accurate educational and career information that matches their future goals through coordinated resources, activities and services.

Transfer Services
Transfer services include: individual appointments with LPC Counselors and meetings with four-year university representatives, referrals to appropriate faculty and services, assistance with technology in the articulation of coursework [ASSIST] and college applications, workshops, a college fair, and a resource library. Las Positas has guaranteed admission with UC, CSU, and private universities and concurrent/cross registration with UC Berkeley and CSU East Bay.

Career and Employment Services
Career planning is an integral part of the educational process. The Center staff assists students in researching majors and occupations through books, technology (EUREKA – computer software program), workshops and referrals to experiential opportunities such as internships and job shadowing. Psychology-Counseling 10, Career and Educational Planning, provides career assessments, in-depth career exploration, and guidance in educational planning for transfer.

The College also partners with the Tri-Valley One Stop Career Center that provides career and employment services to our community members.

Employment Services
Employment services are available for students who qualify for Federal Work Study on campus employment opportunities. Resume and interview assistance is available for students looking for both full time and part time off campus employment. An annual Employment Fair is held in spring.

Assessment
The assessment process is a vital part of the College’s counseling service. New students, unless exempt, are assessed in English, English as a Second Language (ESL), mathematics, and chemistry skills. Counselors utilize this information, along with other measures, in helping students to select courses in which they will succeed. The Assessment Center, Building 1000, also provides both career interest and aptitude assessments that will help students to make informed career selection decisions. Counselors assign these assessments and interpret results to students in the career counseling process.

Multiple Measures Philosophy Statement
The mission of the Chabot-Las Positas Community College District is to provide quality educational opportunities to all students who seek to increase their knowledge and to improve their skills by enrolling in general education, career and transfer education, continuing education and basic skills courses. While it is recognized that the final responsibility for the selection of proper courses rests with the student, the College offers a variety of programs and services prior to enrollment to help advise students about how to match their individual educational needs with specific college resources. Past practice and legal mandates both indicate that any single assessment instrument will be inadequate for successfully advising students as to appropriate course enrollment. Multiple measures assessment must, therefore, be the process for all recommended course enrollments, including advice given by counselors, instructors, administrators and classified staff.

Multiple measures assessment is broad in scope. No list of factors that may be included in a multiple measures assessment is exhaustive; however, some general categories and examples can be outlined. Student factors may include cognitive skills, which may be inferred from test scores, GPA and transcripts; emotional well-being, motivational level and educational goals which may be elicited in an interview or self-reported; social factors, such as life experience, family responsibilities and social support for educational effort; economic factors, such as job demands and financial resources; and physical factors. Factors associated with the instructor, the institution and the community can often interact with student factors to further indicate the potential for success in a given course.

NEW STUDENT ORIENTATION
Program Planning Session
Students new to Las Positas College and who are without previous college experience are required to attend a scheduled orientation session prior to registering for classes. The session, which includes counselor interpretation of the results of the student’s English, English as a Second Language (ESL), mathematics, and chemistry assessments, is scheduled AFTER the assessment session. In this orientation session, counselors give new students vital information for making informed decisions about their college career, and help them select their first semester courses.
EXPO – Orientation Program
In addition, new students are encouraged to attend an EXPO LPC course scheduled for the week prior to the beginning of the Fall term. This student orientation program provides important College information as well as opportunities to meet other new students, student leaders, faculty, counselors and administrators.

Counseling Electronic Mail (e-mail)
Students and prospective students can contact the Counseling area to receive answers electronically from Counseling representatives at counseling@laspositascollege.edu.

Tutoring Program
The Tutoring Program, located in the Reading Room in the Multidisciplinary Building, 2400, Room 2401, is dedicated to providing the support and assistance students need to be successful in their course work. Free individual and small group tutoring is provided in specific content areas as well as study skills assistance. Student tutors are recommended by faculty members for their positions and can receive course credit for tutoring as well as classes in tutor training. Positions as paid tutors are also available. Students are invited to request tutoring or to seek positions as tutors.

Disabled Students Programs and Services (DSPS)
Disabled Students Programs and Services, is committed to excellence and accessibility for all students. DSPS offers support services for students with physical, communication, learning and psychological disabilities. Support services include priority registration, academic, career and disability-related counseling, new student orientation, interpreters, tutors, note takers, test-taking facilitation and community referrals. Students with verifiable disabilities are eligible for accommodations related to those disabilities. Credentialed, certified or licensed professionals must verify the disability. DSPS is located in Building 1500. Students may make appointments by calling 925.424.1528; the DSPS Coordinator can be reached at 925.424.1528.

High Tech Center
DSPS has a dedicated technology center in Building 1500 for students with disabilities. PC computers are available along with other adaptive hardware and software to assist students in the areas of reading, writing, spelling and computation skills.

Learning Skills Program
The Learning Skills Program is designed specifically to assist the learning disabled student who has the potential to succeed in a community college environment. The program includes an initial diagnostic assessment and evaluation to determine eligibility for learning disabilities lab classes, individualized instruction, academic advising, and open access to the High Tech Center instructional lab. The Learning Skills Program is located in Building 1500; the Learning Skills Specialist can be reached at 925.424.1524.

Web Accessibility
Las Positas College is committed to providing web pages that meet Section 508 guidelines for web accessibility. Toward that end, each of the top-level pages on the website and all other pages managed by the College’s Webmaster have been or are being modified to meet accessibility guidelines. In addition, DSPS and the Web team are educating faculty and staff on accessibility concerns including information about Section 508 compliance for web page content. Students who experience difficulties accessing a web page should contact DSPS at 925.424.1524.

Extended Opportunity Programs and Services
Extended Opportunity Programs and Services (EOPS) provides financial assistance and support services for low-income students with unique and special needs created by language, social, and economic situations. A variety of programs, services, and activities have been directed to the identification, recruitment, retention, and transition of EOPS students to the four-year college/university and/or career placement. Included services are: financial grants and book certificates; academic, career, and personal counseling; new student orientation and readiness programs; special assistance in tutoring and peer advising; transfer counseling; field trips and cultural enrichment activities; and information and referral services.

Program eligibility is based on a history of low income and demonstrated financial need. All candidates must be full-time students and complete required application forms. Information and assistance may be obtained at the EOPS Office, Building 1500, or call 925.424.1590.

Cooperative Agencies Resources for Education (CARE)
The CARE Program provides a variety of services and activities to assist single parent students in achieving educational goals. They receive special counseling, support groups, child care, stipends, book certificates, transportation expense reimbursements, automotive repair and maintenance service, job search assistance, tutoring and peer advising. To be eligible for CARE, students must be attending college full-time, receiving Temporary Assistance to Needy Families (TANF), have a child who is under fourteen years of age, and be determined eligible for Extended Opportunity Programs and Services (EOPS). The CARE office is located in Building 1500. For additional information call 925.424.1593.

CalWORKs Program
The Tri-Valley CalWORKs (California Work Opportunities and Responsibility to Kids) Program serves parents who are attending school as part of their Welfare-to-Work plan with the county. The program offers career counseling, academic advising, coordination with county welfare offices, transitional child-care funding, and on-campus and off-campus job placement. In addition, eligible students may apply for the Tri-Valley Housing Scholarship through the CalWORKs Program. For more information contact the CalWORKs Coordinator, Building 900, or call 925.424.1432.

Student Employment Services
Employment services are available for students who qualify for Federal Work Study on campus employment opportunities. A listing of current part- and full-time job opportunities is posted in the Student Center Building, 1700. An annual Employment Fair is held in spring. Resume and interview assistance is available in the Career/Transfer/Employment Center Building, 1700. An annual Employment Fair is held in spring.

Housing
Las Positas College does not provide dormitories or other types of College-sponsored housing. Listings of rentals in the area are posted on the bulletin board in the Student Center, Building 1700.

Public Transportation
Transportation to and from the College is an individual responsibility. WHEELS is a service of the Livermore-Amador Valley Transit Authority (LAVTA) and provides public transportation to and from the College. Route schedules are available in Building 1700. For more information contact WHEELS at 925.453.7500 or at www.wheelsbus.com.
Bookstore, Textbooks and Supplies

All students are required to furnish their own textbooks and supplies that are available at the Bookstore or online via www.efollett.com. Typical costs for books and supplies average $400 to $600 per semester for students pursuing a full-time program. Students financially unable to buy their own books and supplies should consult the Office of Financial Aid. Bookstore hours are posted outside the Bookstore, Building 1300. Bookstore information is on the College website, www.laspositascollege.edu

Student Health Center

The Student Health Center is staffed by a registered nurse practitioner and is located in the Student Center, Building 1700. Services include evaluation, treatment for minor illnesses and injuries, prescriptions, health education information and materials, birth control information, and health care referrals. Also available are mental health services and referrals. For more information, contact the Health Center at 925.424.1380. For information on the mandatory health service fee, refer to Catalog page 14, “Fees and Refunds.”

Students who have a health condition that may require sudden emergency care are asked to advise and alert each of their instructors as well as the Nurse Practitioner in the Student Health Center to this condition at the beginning of each term.

Student Health and Accident Insurance

Students are responsible for providing their own health and accident insurance. For those students who do not have such coverage, health, accident, and dental policies may be obtained from the Student Health Center, Building 1700.

First Aid

First aid stations are located in the Security Office, Building 1600, and the Student Health Center located in the Student Center, Building 1700.

Medical Emergencies on Campus

For emergency assistance, dial *16 from campus pay phones or 1699 from campus office phones. All cases of personal injury or medical emergency should be reported to the Security Office, Building 1600. The Student Health Center, located in the Student Center, Building 1700, can accommodate students with minor injuries and illnesses.

Security Services

Safety and Security Services are located in Building 1600. Security officers are responsible for providing the following services: information, assistance, escort service, security of personnel, security of facilities, emergency assistance, supervision of the College parking lots, investigation of crime on campus, and lost and found. Requests for service and reports of hazards and other problems should be directed to the Security Office, Building 1600, or call 925.424.1690.

Lost and Found

Lost and Found is located in the Security Office, Building 1600. Articles deposited with Lost and Found are held for six months. After this period, unclaimed items are disposed.

Escort Service

The College provides an escort service for students each evening from 6:00 p.m. to 11:00 p.m. Escort service can be obtained by contacting the Security Office, Building 1600 or call 925.424.1690.

Parking

Parking on campus is a privilege extended by the Board of Trustees to College faculty, staff, students and guests. To ensure safety and the efficient use of available parking space, rules and regulations for vehicle registration and parking are established. Drivers of vehicles using College parking lots shall comply with the Board approved rules and regulations. Drivers who do not comply may be cited and their vehicles may be towed away and impounded at the owner’s expense. Repeated violations of the College rules and regulations may also cause a student to be subject to disciplinary action and may lead to the removal of the parking privilege.

Parking Permits

Parking at Las Positas College is by permit only. Student Parking Permits for each instructional term can be purchased online or at Admission & Records, Building 700. Daily Parking Permits can be purchased from dispensers located in the parking lots. Parking Permits do not guarantee a parking space. They do authorize parking in available spaces. Refer to this catalog, page 14, for parking fee information. Students who have a DMV disabled placard may park in the handicapped designated areas of student lots. Disabled students must have, in addition to their disabled placard, a Las Positas College Parking Permit. NOTE: There is no grace period for permits. You must display a Parking Permit each day you are parked on campus.

Visitor Parking

A 30-minute visitor parking zone is provided at the entrance to the College. Long-term visitor parking is available in each student lot when a daily Parking Permit is purchased from a ticket dispenser and displayed on the dashboard of the driver’s side. Visitors with a DMV disabled placard may park in the Visitor parking lot without purchasing a daily Parking Permit from the ticket dispensers in the lot, pursuant to the Vehicle Code.

Associated Students of Las Positas College (ASLPC)

The Associated Students of Las Positas College is the campus student government, providing opportunities for students to participate in the governance of the College on both local and statewide levels. Elections of ASLPC officers and senators are held each spring. ASLPC representatives have the opportunity to serve on numerous College committees.
STUDENT ORGANIZATION AND ACTIVITIES/
STUDENT RIGHTS AND RESPONSIBILITIES

The ASLPC is organized in two bodies: the Executive Council (composed of the elected officers) and the Student Senate (composed of members who have obtained a specific number of student signatures). All ASLPC officers and senators must be registered in at least 6.0 units at the College and are required to maintain a minimum 2.0 GPA.

Through ASLPC, special services are provided for students. These include social and cultural events, information on clubs and community services, and many other services that vary as opportunities develop.

The ASLPC office is located in Building 1700 and may be contacted at 925.424.1490. For more information go to www.laspositascollege.edu/aslpc/index.php.

Student Clubs and Inter-Club Council (ICC)

Students also have the opportunity to form clubs relating to common social, recreational, or other interests. Each club must have a College faculty advisor recruited and nominated by the club members.

The Inter-Club Council is the representative body that coordinates interclub activities and funds, promotes communication and cooperation among clubs on campus. The ICC is composed of a voting representative from each club, representing cultural, educational, honorary, philanthropic, and social interests. For Student Clubs and ICC information, go to www.laspositascollege.edu/studentclubs/index.php.

Alpha Gamma Sigma

Alpha Gamma Sigma (AGS) is the official Las Positas College Honor Society. AGS membership will be noted on students transcripts when they graduate or transfer from Las Positas College. Membership eligibility and information are available from the club officers, the Office of Associated Students, Building 1700, or the Office of the Vice President of Student Services, Building 700. For more information on AGS, refer to www.lpcags.com.

Social Activities

Numerous social activities are offered at Las Positas College each semester through ASLPC. Students interested in working on social activities and entertainment should contact the Office of the Associated Students, Building 1700.

The Express Newspaper

The Express College newspaper is produced by mass communications students and published weekly. Students learn various aspects of newspaper production, including research, interviewing, reporting, writing, editing, proofreading, meeting deadlines, electronic typesetting, graphic design, advertising design, and page production using Adobe InDesign and Photoshop. To join the team, come to Room 305, Building 300, call 925.424.1240, or e-mail LPCExpress@laspositascollege.edu.

Radio LPC

Radio LPC provides an opportunity for students to learn about radio production, managing station operations, preparing commercial radio programming, selling ads, creating and maintaining audio streams, podcasts and direct feeds. Students can listen to Radio LPC at www.radiolaspositas.com.

Naked Magazine

Las Positas College launched it's first mass communications magazine in Fall 2008 via the Magazine and Feature Writing course. This course enables a student to engage in feature writing, freelance journalism, photojournalism, graphic arts and more.

Performing Arts

A wide range of opportunities is available to Las Positas College students in performing arts. The theater program presents a fall semester play, spring semester musical, and summer outdoor Shakespeare production, plus touring children’s theater show and student directed one acts. The Music Department’s program includes choirs, vocal jazz ensembles, and an instrumental jazz ensemble, plus opportunities to perform at recitals held each semester. The Dance Production class presents two dance programs a year, featuring dances choreographed by students and faculty. Forensics Team events include reader’s theater, oral interpretation and debate.

Intercollegiate Athletics

Opportunities to participate in intercollegiate athletics are available to all students of Las Positas College who meet eligibility requirements. Check out their college website at www.laspositascollege.edu/Athletics.

Las Positas College is a member of the Coast Conference. Men and women’s athletic teams engage in intercollegiate competition with other Northern California teams in cross-country, soccer, and basketball.

Students who participate in intercollegiate athletics must meet the requirements of the Athletic Code of the California Community Colleges Commission on Athletics and the Coast Conference that relates to legal residence, academic standing and previous seasons of college competition. The nature of these requirements is very exacting, and athletes are advised to become thoroughly familiar with them in order to avoid loss of eligibility. Information on these requirements should be obtained by interested students from the appropriate coach of the athletic team at the beginning of the school year.

Sports Activities

At Las Positas College, students are also encouraged to become involved in intercollegiate club sports programs which include bowling, fencing, handball, taekwondo, and ultimate frisbee. Contact the Physical Education/Athletic Office at Las Positas College for more information, 925.424.1290.

STUDENT RIGHTS AND RESPONSIBILITIES

Student Grievance Policy

The Chabot-Las Positas Community College District encourages all students to pursue academic studies and other College-sponsored activities. In pursuit of these goals, the student should be free of unfair or improper action from any member of the academic community. The Chabot-Las Positas Community College District accords every student the right of protection. Students, however, must also be aware that they are responsible for complying with all College regulations and for meeting the appropriate College requirements.
StUDENT RIGhTS AND RESPONSIBILITIES

Student Grievance procedures have been developed by Las Positas College to provide students with a prompt and equitable means of seeking an appropriate remedy for any alleged violation of rights and to insure that each student is fully accorded due process. Both the Student Grievance Procedures and the Student Conduct and Due Process Procedures outline the process for seeking resolution, and develop the procedure for filing and processing complaints, including time lines and decision-making authority.

The general provisions and specific procedures related to this policy are available from the Office of the Vice President of Student Services, or the Dean of Student Service Offices Building 700, and the Office of the Associated Students, Building 1700. You may also find this information online at www.laspositascollege.edu.

STUDENT CONDUCT AND DUE PROCESS

In joining the academic community, the student enjoys the right of freedom to learn and shares the responsibility in exercising that freedom with other members of the academic community. It is the policy of the District not to impose student discipline for acts occurring away from the College and not connected with College activities unless the student’s conduct affects the functions of the College. Procedures within this section are based upon Title 5, California Administrative Code (sec. 41301 through 41304), and the California Education Code (sec. 76030-37).

When a student is charged with misconduct, such as: cheating, plagiarism, forgery, disruption, physical abuse or theft, the charge shall be processed in accordance with the policy and procedures in order to protect the student’s rights and the College’s interest. A student may be expelled, suspended, placed on probation or given a lesser sanction, as deemed appropriate, for one or more of the causes occurring on College/District premises.

The general provisions and specific procedures related to this policy are available from the Office of the Vice President of Student Services, or the Dean of Student Services Offices, and the Office of the Associated Students.

ACADEMIC HONESTY

Academic honesty is a fundamental and guiding principle for Las Positas College. The College will not tolerate academic cheating, plagiarism, and duplicate use of written work. Any violation will be processed in accordance with the College policy on student misconduct. Actions can be taken to suspend, expel or impose other sanctions as appropriate. The actions will also be noted in the student’s file in the case of repeated, flagrant or serious incidents. Information regarding this Policy is available in the Vice President of Student Services Office, Building 700.

ACADEMIC HONESTY DEFINITIONS

Cheating

Cheating is defined as the act of obtaining or attempting to obtain credit for academic work through the use of any dishonest, deceptive, or fraudulent means including forgery. It also includes giving or attempting to give aid that is not authorized by the instructor.

Plagiarism

Plagiarism is defined as taking the words or substance of another and either copying or paraphrasing the work without giving credit to the source (through footnotes, quotation marks, or reference citations) and submitting it to fulfill academic requirements.

Duplicate Use of Written Work

This form of academic dishonesty includes: multiple students submitting identical or substantially similar work for academic credit or a student submitting identical or substantially similar work to multiple courses without the permission of the instructors.

Faculty members will report suspected instances of academic dishonesty to the Dean of Student Services.

Harassment/Sexual Harassment

In accordance with Title VII and Title IX of the Education Amendments of 1972, the Chabot-Las Positas Community College District provides a school and working environment free from all forms of harassment, including sexual harassment. The District also maintains an environment in which all students and employees model this behavior and are treated with dignity and respect.

No person shall be subjected to sexual overtures or conduct either verbal, visual or physical, which are intimidating, hostile, offensive, or unwelcome. Such conduct by employees or students is deemed unacceptable behavior and will not be tolerated by the District.

The Board of Trustees considers harassment a serious offense. Violation of this Policy will constitute cause for disciplinary action. Specific disciplinary action shall be related to the severity of the incident, and/or the degree to which repeated incidents have occurred. Such disciplinary actions for employees may include, but are not limited to, verbal warnings, letters of reprimand, suspension with or without pay and dismissal. Such disciplinary actions for students may range from counseling to suspension and/or expulsion.

Las Positas College has designated a responsible officer, outlined procedures for seeking resolution, and developed procedures for filing and processing complaints, including timelines and decision-making authority. Las Positas College has established procedures that provide a person accused of harassment the opportunity to respond to allegations. These procedures ensure adequate communication of the Policy to all students and employees.

Sexual harassment may include, but is not limited to:

I. Sending suggestive or obscene letters, notes, invitations; making derogatory comments, slurs, jokes, epithets, assaults; touching, impeding or blocking movement; leering, gesturing, displaying sexually suggestive objects, pictures or cartoons;

II. Continuing to express sexual interest after being informed that the interest is unwelcome;

III. Implying or withholding support for an appointment, promotion, or change of assignment; suggesting a poor performance report will be prepared; or suggesting probation will be failed; within the educational environment, implying or actually withholding grades earned or deserved; suggesting a poor performance evaluation will be prepared; or suggesting a recommendation or college application will be denied;

IV. Engaging in coercive sexual behavior to control, influence, or affect the career, salary, and/or work environment of another employee; within the educational environment, engaging in coercive sexual behavior to control, influence, or affect the educational opportunities, grades and/or learning environment of a student;

V. Engaging in offering favors of educational or employment benefits, such as grades or promotions, favorable performance evaluations, favorable assignments, favorable duties or shifts, recommendations, reclassification etc., in exchange for sexual favors.
STUDENT RIGHTS AND RESPONSIBILITIES

For general provisions, specific procedures, and inquiries regarding the application of Sexual Harassment Policies contact:

Dr. Amber Machamer
Director of Research and Planning
925.424.1027

Americans with Disabilities Act

In accordance with the 1990 Americans with Disabilities Act (ADA), the Chabot-Las Positas Community College District prohibits discrimination against students and employees with physical or mental disabilities that substantially limit activities such as working, walking, talking, seeing, hearing, or caring for themselves. People who have a record of such impairment, and those regarded as having an impairment, are also protected.

The District ensures that students and employees with disabilities will not be unlawfully subjected to discrimination or excluded from participating in or benefitting from programs, services or activities. Students and employees are accorded due process as outlined in the specific complaint procedures developed by the Colleges. Las Positas College has designated the responsible officer, outlined the process for seeking resolution, and developed the procedures for filing and processing complaints, including timelines for decision-making authority.

Las Positas College has on file, as required by ADA, a Self-Evaluation to ascertain information pertaining to access and accommodations of the instructional programs, services and activities, including plans or alternatives to correct any noted deficiencies.

Las Positas College has also on file a Transition Plan which evaluates accessibility of facilities and delineates timelines for the removal of physical and structural barriers that exist in facilities, programs, and services.

The general provisions and specific procedures related to this policy are available from the Office of the Vice President of Student Services, the Office of Disabled Students Programs and Services and the Counseling Center.

Section 508 of the Rehabilitation Act

Las Positas College is committed to providing access to its programs and services to all qualified individuals as mandated by Section 508 of the Rehabilitation Act. Students who have disabilities will have access to and use of technology information and services that is comparable to the access and use available to non-disabled students according to Section 508.

For more information, contact the Disability Resource Center at 925.424.1524 or 925.424.1510

Alcohol, Narcotics and Dangerous Drugs

Persons possessing or being under the influence of alcohol, narcotics or dangerous drugs on campus are in violation of state law and College regulations.

Smoking Policy

In an effort to prevent the serious health risks associated with exposure to smoking and environmental tobacco smoke, faculty, staff, students and visitors at Las Positas College, who choose to use tobacco products, may do so in parking lots and designated areas only. Smoking is not permitted in any College-owned vehicle.

Drug-Free Workplace

Chabot-Las Positas Community College District is committed to maintaining a drug-free work/learning place in accordance with the requirements of the U.S. Drug-Free Workplace Act of 1988. The District certifies that it will provide a drug-free work/learning place by taking the actions required by the Drug-Free Workplace Act.

It is the intent of the District to make a good faith effort to continue to maintain a drug-free work/learning place through implementation of this policy. For further information, see the Vice President of Student Services.

Visitors

Visitors to Las Positas College must register with the receptionist in the Administration Building, Building 100. Visits to the classrooms are by permit only. Non-students, including children, must have a permit issued from the Office of the Vice President of Student Services, Building 700. Prior permission from the instructor is required. Permission to enter upon the property of the District, either stated or implied in other policies or practices, is subject to the District policy of time, place and manner.

Pets

No animals and/or pets of any kind or description are allowed within the boundaries of the College. This restriction also applies to animals and/or pets confined in any vehicle parked within the College boundaries.

This policy does not apply to the use of a guide dog, signal dog, or service dog specially trained for assisting a totally or partially blind person, deaf person, hearing-impaired person, or person with physical disabilities.

Non-Discrimination Policy

AGE

Las Positas College complies with the Age Discrimination in Employment Act of 1974 which prohibits discrimination in employment on the basis of age.

DISABILITY

Las Positas College does not discriminate on the basis of disability in admission or access to, or treatment or employment in, its programs and activities. Sections 503 and 504 of the Rehabilitation Act of 1973, as amended, and the regulation adopted thereunder prohibit such discrimination.

RACE, COLOR OR NATIONAL ORIGIN

Las Positas College complies with the requirements of Title VI of the Civil Rights Act of 1964 and the regulations adopted thereunder. No person shall on the grounds of race, color, or national origin be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under any program of the College. Las Positas College complies with Title VII of the Act, which includes nondiscrimination on the basis of religion and sex. Limited language skills are not a barrier to occupational programs and services of the College.

GENDER

Las Positas College does not discriminate on the basis of gender in the educational programs or activities it conducts. Title IX of the Educational Amendments of 1972, as amended, and the administrative regulations adopted thereunder prohibit discrimination on the basis of gender in education programs and activities operated by the College. Such programs and activities include admission of students and employment.
STUDENT RIGHTS AND RESPONSIBILITIES

DECLARACIÓN DE NO DISCRIMINACIÓN
Las Positas College, de acuerdo con las leyes civiles, declara que no discrimina hacia ninguna persona a base de su raza, color, nacionalidad, ascendencia, religión, creencia, sexo, edad o incapacidad, en sus programas y políticas de empleo y educación. El conocimiento limitado del idioma no limita acceso a programas y servicios ocupacionales. Cualquier pregunta sobre la aplicación de esta declaración puede dirigirse a Sylvia Rodriguez, Assistant Dean of Admissions and Records, teléfono 925.424-1524; / 925-424-1510 o al Regional Director of the Office of Civil Rights, Old Federal Building, 50 United Nations Plaza, Room 239, San Francisco, CA 94102, teléfono 415.437.7700.

Privacy Rights of Students

Each student and alumnus of Las Positas College has a right to (1) review the official educational records, files, documents, and other materials that contain information directly related to him or her; and (2) challenge such records that are inaccurate, misleading, or otherwise inappropriate.

It is also the policy of the College that, unless excluded by state or federal law, no record, files, documents, materials, or personally identifiable information contained therein shall be released to any individual, agency, or organization without the express written consent of the student.

Any student desiring to review his or her official educational records should contact the Office of the Assistant Dean of Admissions and Records, to determine procedures for such review.

Any student desiring to challenge the content of his or her official educational records should contact the Office of the Vice President of Student Services.

While the College does not provide general directory services, it may (by law under special circumstances) release the following information about a student: name, address, telephone number, date and place of birth, major field of study, class schedule, participation in officially recognized activities and sports, weight and height of members of athletic teams, dates of attendance, degree and awards received, and the most recent previous public or private school of attendance. Any student who does not wish such information to be released about his/her participation or status should notify the Admissions and Records Office in writing at the beginning of each semester or session of attendance.

For further details, refer to the brochure titled “Student’s Rights, Duties and Responsibilities,” that is available in Building 700.

Posting of Materials

The Vice President of Student Services or Division Deans must approve posting of fliers and posters.

Only posters related to activities, events or classes sponsored by Las Positas College or Chabot College will be approved for general display. Other announcements will be considered for approval for posting in the Student Center, Building 1700, only.

Hazing

Section 32050 of the Education Code makes participation in any kind of hazing a misdemeanor. Hazing is defined as “any method of initiation into a student organization or any pastime or amusement engaged in with respect to such an organization which degrades or disgraces or which causes bodily harm . . . to any student . . . attending any college or school . . . in California.”

Secret Organizations

Membership in secret fraternities, sororities, and organizations, as described by the California Education Code (Section 76035), is prohibited. Las Positas College students who participate in such groups shall be subject to the penalties outlined in the Education Code.

Free Speech

Procedures regarding time, place and manner shall govern the exercise of free speech and related activities on the campus. The responsibility for maintaining conduct within the bounds of the law and compliance with the policies of the Board of Trustees shall be assumed by individuals, organizations, and the sponsoring organization’s officers and student organizations, advisors and all organizational members. Restrictions on speech content shall extend no further than to restrain speech that is obscene, libelous, or presents a clear and present danger.

Student Rights

Inquiries regarding application of Nondiscrimination Policies, Sexual Harassment, Disability Issues, and, Student Concerns and Grievances may be referred to the following individuals:

For inquiries regarding the application of non-discrimination policies contact:
Sylvia Rodriguez
Dean of Enrollment Services
925.424.1542 or email srodriguez@laspositascollege.edu

For inquiries regarding the application of Sexual Harassment policies contact:
Dr. Amber Machamer
Director of Research and Planning
925.424.1027 or email amachamer@laspositascollege.edu

For inquiries regarding the application of Disability Issues and Student Concerns and Grievances contact:
Dr. Pamela Luster
Vice President of Student Services
925.424.1405 or email pluster@laspositascollege.edu

Inquiries may also be addressed to the United States Department of Education, Office of Civil Rights, Old Federal Building, 50 United Nations Plaza, Room 239, San Francisco, CA 94102. 415.437.7700.
ACADEMIC REGULATIONS

Academic Standards
It is the policy of the Las Positas College Academic Senate that all academic courses be taught at a post-secondary level, particularly courses for which Las Positas College has articulation agreements with four-year institutions. When a course is articulated, it assures that students completing the course have attained certain levels of academic skill and knowledge comparable with the equivalent course at a four-year institution.

It is understood that students enter Las Positas College with varying levels of scholarship and achievement. Because of this, some students will need to take extra measures (tutoring, basic skills work, etc.) to master their college coursework. It is the student's responsibility to take appropriate action to ensure his/her success; faculty are not expected to alter course content below the college-level so that students enrolled in the class will pass. Course content and objectives are reflected in the course outline on file with the Office of Academic Services, 100B, and are based on the academic foundation students are expected to have upon entering the course.

Faculty Office Hours
All members of the full-time faculty schedule office hours each week. This schedule is posted outside each instructor’s office. Students are encouraged to take advantage of this opportunity, the benefits of which include:

• Assistance in understanding and achieving specific course expectations
• Development of concepts and understanding beyond the course expectations
• Insight into career opportunities within the instructor’s area of expertise
• Encouragement, assistance, and direction in meeting both educational and personal needs
• Continuing association with a member of the academic community.

Attendance Requirements
It is assumed that each student will consider class attendance an absolute requirement. It is the student’s responsibility to attend every class the scheduled length of time. Excessive absences, tardiness, and leaving class early may be taken into consideration by instructors in assigning grades.

Excessive Absence
A student absent for a total of four consecutive, or six cumulative, instructional hours and/or two consecutive weeks of instruction may be dropped from that class by the instructor. This action constitutes an official termination of class enrollment and will be recorded as specified on Catalog, page 13.

Reporting Absence
Absences should be cleared personally with instructors. Messages may be left directly on the instructor’s voice-mail.

Examinations and Evaluations
Students will be expected to take examinations and to complete and submit reports and/or projects. The instructor will determine the scheduling of exams and due dates of reports and projects. Unless the student and instructor have made prior arrangements, the instructor is under no obligation to reschedule missed exams or to extend deadlines for reports and/or projects.

Removal of Disruptive Students
Instructors may remove disruptive students from the classroom for the duration of a class period (Governing Board Policy No. 5512), but may not terminate their enrollment for disciplinary reasons. The Vice President of Student Services or designee may recommend suspension of a student for due cause. Only the Board of Trustees can expel a student from the College.

Use of Electronic Recorders
Students are not permitted to make recordings in class or in any campus meetings without the approval of the instructors involved. Exceptions shall be made for students with disabilities who have permission from Disabled Student Programs and Services.

Grades
Grades are a means of communicating student achievement within courses of instruction. College grades are defined as follows:

<table>
<thead>
<tr>
<th>GRADE</th>
<th>MEANING</th>
<th>GRADE VALUE</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Excellent</td>
<td>4 grade points per unit</td>
</tr>
<tr>
<td>B</td>
<td>Above Average</td>
<td>3 grade points per unit</td>
</tr>
<tr>
<td>C</td>
<td>Average</td>
<td>2 grade points per unit</td>
</tr>
<tr>
<td>D</td>
<td>Barely Passing</td>
<td>1 grade point per unit</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
<td>0 grade points/units attempted with no units earned. May negatively affect progress, See page 32.</td>
</tr>
<tr>
<td>P</td>
<td>Pass</td>
<td>0 grade points/units earned with no units attempted.</td>
</tr>
<tr>
<td>N</td>
<td>No Pass</td>
<td>0 grade points/no units earned and no units attempted. May negatively affect progress, See page 32.</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
<td>0 grade points/no units earned and no units attempted. May negatively affect progress, See page 32.</td>
</tr>
</tbody>
</table>

Pass/No Pass Grades
(UNIT LIMITATIONS MAY EXIST AT TRANSFER INSTITUTIONS)
In accordance with the Education Code and the Administrative Code, Las Positas College has established a grading policy which adds the “P” (pass) and “N” (no pass) grades to the standard letter grades (A, B, C, D, F) used in colleges and universities. Courses in which a “P” (pass) grade is earned will apply toward the 60 units required for graduation, but will not affect the student’s grade point average. A maximum of 12 units of “P” (pass) may be attempted and applied toward the Associate in Arts or Associate in Science Degree.
ACADEMIC REGULATIONS

(Additional units may be applied provided the student secures prior approval of the Division of Dean of Counseling.) A course in which a "N" (no pass) grade is earned will not apply toward graduation and will not affect the student’s grade point average. An excess of number of "N" (no pass) grades will affect the student's academic progress ratio, resulting in a low figure.

Offering courses for pass/no pass grades provides the student with the opportunity to explore areas outside his/her current interest field without undue concern for his/her grade point average. This policy allows the student to take coursework outside his/her major without the fear of a substandard grade, namely a "D" or "F." Students are expected to complete the course and comply with College attendance requirements and other expectancies of the course. Should they fail to do so, their enrollment in the class may be terminated; and the work may be graded on the basis of a standard letter grade.

LAS POSITAS COLLEGE OFFERS:
1. Some courses solely for a pass/no pass (P or N) grade.
2. Some courses solely for a standard letter grade.
3. Some courses in which the student may choose to complete the course for either a pass/no pass grade OR for a standard letter grade.

On or before the last day of the fifth week of the semester, the student shall inform the Admissions and Records Office, by petition, of his/her intention to complete a course for a pass/no pass grade and the instructor shall report to the Dean of Enrollment Services a final grade of "P" (pass) or "N" (no pass) for students who so petition. The student's decision to opt for pass/no pass grade may not be reversed by either the student or the instructor at a later date.

The "P" (pass) grade will be given to indicate completion of a course with "C" or better work.

A student may repeat a course in which a grade of "D," "F" or "N" (no pass) is earned.

Administrative Symbols “IP”, “RD” and “I”

ADMINISTRATIVE SYMBOL “IP” IN PROGRESS
The administrative symbol "IP" is established to indicate coursework “in progress.” The symbol "IP" is not a grade; therefore, it has no value in calculating unit credit or grade point average. The required coursework to remove the “IP” must be completed by the end of the term following the date the “IP” was granted. If a student is assigned an “IP” at the end of a term and does not complete the course during the subsequent term, the appropriate faculty member will assign an evaluative symbol (grade) to be recorded on the student’s permanent record.

ADMINISTRATIVE SYMBOL “RD”, REPORT DELAYED
Only the Assistant Dean of Admissions and Records can assign the administrative symbol “RD.” It is to be used when there is a delay in reporting a grade due to extenuating circumstances. It is a temporary notation to be replaced by a permanent grade/symbol, as soon as possible. “RD” shall not be used in calculating grade point averages.

ADMINISTRATIVE SYMBOL “I”, INCOMPLETE
Incomplete academic work for unforeseeable emergency and justifiable reasons at the end of the term may result in an “I” symbol being entered by the instructor on the student’s permanent record. The student may complete the course work by the end of the following term or semester and receive an appropriate letter grade. If the student does not complete the course work before this deadline, the right of the student to make up the work is forfeited. The student may petition to extend the deadline date because of extenuating circumstances, but this will require the approval of the Assistant Dean of Admissions and Records of Las Positas College, or designee, and the instructor of record. The “I” will be replaced with the alternate letter grade assigned by the instructor at the time the incomplete was assigned.

A “grade change card” will contain the following documentation and shall be maintained by the Assistant Dean of Admissions and Records.

- The condition(s) stated by the instructor for removal of the “I”;
- The letter grade to be assigned if the work has not been completed within the designated time limit;
- The letter grade assigned when the stipulated work has been completed; and
- The signature of the student.

The “I” symbol shall not be used in calculating units attempted or for grade points.

Academic Grade Point Average
The Academic Grade Point Average (GPA) is an index of the quality of a student's work.

To enable the calculation of the GPA, eligibility for honors and recognition, and other scholastic status, letter grades are converted to numerical form using the grade value as previously defined.

Grades earned in non-degree applicable courses (numbered 100-299) will not be used when calculating a student's degree applicable grade point average. Courses below the English 1A requirement are not degree applicable.

The GPA is calculated by dividing total grade points by total units attempted. Points are determined as follows:

Grade Points
A = 4 points per unit
B = 3 points per unit
C = 2 points per unit
D = 1 points per unit
F = 0 points per unit

Example

<table>
<thead>
<tr>
<th>Course</th>
<th>Grade Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>HISTORY 1</td>
<td>3 units x 3 grade points (B) = 09 grade points</td>
</tr>
<tr>
<td>MATH 1</td>
<td>5 units x 2 grade points (C) = 10 grade points</td>
</tr>
<tr>
<td>P.E. 1</td>
<td>.5 unit x 4 grade points (A) = 02 grade points</td>
</tr>
<tr>
<td>TOTAL</td>
<td>8.5 units = 21 grade points</td>
</tr>
</tbody>
</table>

21 DIVIDED BY 8.5 = 2.47 OR C

Scholastic Honors
Students who complete at least 6 units of work each semester with grades yielding a semester GPA of 3.25 or better are recognized for academic distinction by placement on the Academic Honors List and by a notation on the semester grade report and transcript.

Students who graduate with “Highest Honors” (GPA of 3.50 or better) and those who graduate with “Honors” (GPA of 3.25 or better) are recognized at graduation.

The Sigma Theta Chapter of Alpha Gamma Sigma (AGS) is a California Community College Honor Scholarship Society that recognizes academic achievement. Membership eligibility and other information are available or through the AGS advisor.
Grade Change Deadline Period

Awarding grades to students is the responsibility of the instructor of the course in which the student is registered. The determination of the student's grade by the instructor shall be final in the absence of mistake, fraud, bad faith, or incompetence.

When a student believes that an error has been made in the assignment of a grade, he or she should discuss the problem with the instructor. To correct an erroneous grade, a special "Request for Grade Change" form must be completed and presented to the Office of Admissions and Records by the instructor. The Office of Admissions and Records will forward the form to the Dean of Enrollment Services.

Requests for a grade change must be made during the semester immediately following the semester/session for which the grade was assigned. Responsibility for monitoring personal academic records rests with the student.

Grade changes will not be made after the established deadline except in cases with extenuating circumstances. These are acute medical, family or other personal problems that cause the student to be unable to meet the deadline. Requests for a grade change under this exception shall be made to the Dean of Enrollment Services (or designee) who may, upon verification of the circumstance(s), authorize the initiation of a grade change to "NGR" or "W". The student must present evidence of the extenuating circumstance(s).

Original copies of the instructor grade reports will be retired to microfilm after a five-year retention period. Grade changes shall not be made after that time.

Academic Renewal

Academic Renewal, in accordance with the California Education Code Sections 55764 and 55765, is a process that permits the alleviation of substandard (D's, F's) academic coursework not reflective of the student's current scholastic ability. Grades alleviated by this process will be disregarded in computing the student's grade point average. Only courses taken at the Chabot-Las Positas Community College District will apply. Work completed at other institutions may be considered for graduation eligibility only.

For students to be eligible for academic renewal they must be currently enrolled at Chabot and/or Las Positas College, and a period of at least two (2) years must have elapsed since completion of the coursework to be disregarded. The student may petition the Assistant Dean of Admissions and Records at Las Positas College or the Director of Admissions and Records at Chabot College for academic renewal upon completion of the following:

- A minimum of 12 units taken consecutively at Las Positas and/or Chabot with a grade point average of 2.5 or better; or
- A minimum of 20 units with at least a 2.0 grade point average.

Upon approval, the student's permanent record shall be annotated in such a manner that all courses disregarded shall remain legible on the transcript, indicating a true and accurate history of the student's record.

Students may petition for academic renewal only once. Once the academic renewal process has been completed, it cannot be reversed. A maximum of 24 units of work may be renewed.

Academic renewal at Chabot and Las Positas College does not guarantee that other colleges will accept this action. Acceptance of academic renewal is at the discretion of the receiving institution.

Catalog Requirements and Continuous Attendance

A student in continuous attendance in regular semesters may, for the purpose of meeting degree or certificate requirements, elect to meet the requirements in effect at any time during their period of continuous attendance at the Chabot-Las Positas Community College District.

Graduation requirements are listed in the Catalog. If a break in attendance occurs before graduation requirements have been met, the graduation requirements that apply to the student are those listed in the Catalog in force at the time continuous studies are resumed.

Continuous attendance is defined as enrollment in at least one semester during the academic year excluding summer session. Any academic record symbol (A-F, P/N, I, IP, RD, W) shall constitute enrollment. A student who drops out for one academic year or more is considered to be a returning student.

The Las Positas College Catalog Requirements and Continuous Attendance Policy do not necessarily apply to requirements in effect at transfer institutions. Courses applicable toward major and general education requirements may change. Students who are planning to transfer are advised to consult the catalog of the university to which they will transfer.

Notice of Unsatisfactory Work (Early Alert)

Instructors may notify students of unsatisfactory work at any time during the semester. Such notices are given to the student in person or mailed to the student at his/her home address. Excessive absences, academic deficiency, and failure to submit assignments constitute reasons for notices of unsatisfactory work. A student who receives such notices, or any student who experiences difficulty with academic achievement, is encouraged to consult with his/her instructor and counselor for assistance.

Scholastic Standards

The Academic Standards Policy of Las Positas College is established to assist students in making appropriate educational plans. There are two indices to academic standards: Academic Status and Academic Progress.

Academic Probation and Dismissal

A student who has attempted at least 12 semester units of college courses and has a cumulative grade point average of less than 2.0 will be placed on Academic Probation I.

A student on Academic Probation I who does not raise his/her cumulative grade point average to 2.0 or higher in the following semester will be placed on Academic Probation II.

Veterans lose certification for Veterans Benefits after two semesters of academic probation; refer to the Office of Veterans Affairs, Building 1300.

A student on Academic Probation II who does not raise his/her cumulative grade point average to 2.0 or higher in the following semester of attendance will be dismissed. The first time a student is dismissed, he or she may apply for readmission after one semester, summer session not included, of non-attendance. In the case of a second dismissal, the student may apply for readmission after 5 years of non-attendance or upon appeal to the Vice President of Student Services. Summer session does not count as a semester in determining academic status.
Removal of Poor Academic Status

Once a student on academic probation raises his or her overall (cumulative) grade point average to a 2.0 (“C”) or higher, s/he will be taken off Academic Probation status and will become a “student in good standing.”

Progress Probation and Dismissal

Progress Probation is determined by the percentage of cumulative units with grades of W, N, or I (Poor Progress Grades). A student who has attempted 12 cumulative semester units of College course work will be placed on Progress Probation I if 50% or more of the cumulative units attempted resulted in Poor Progress grades.

A student on Progress Probation I who does not reduce his/her percentage of cumulative poor progress units to below 50% will be placed on Progress Probation II.

If a student on Progress Probation II continues to have 50% or more of his/her cumulative units made up of Poor Progress grades in the following semester, s/he will be dismissed. The first time a student is dismissed he or she may apply for readmission after one semester (summer session not included) of non-attendance. In the case of a second dismissal, the student may apply for readmission after 5 years of non-attendance or upon appeal to the Vice President of Student Services. Summer session does not count as a semester in determining progress status.

Removal of Poor Progress Status

In order to reverse poor progress status and become a student in good standing, a student must reduce the cumulative units of W, N or I grades to less than 50% of his/her total units attempted. Summer session does not count as a semester in determining progress status.

Appeal Process

Under extenuating circumstances beyond the student’s control or ability to foresee, exceptions to these policies are granted by the Vice President of Student Services or designee. Students should see a counselor to discuss their progress or academic status and for details associated with the academic standards policy.

Credit-by-Examination (Individual Student Application)

Chabot-Las Positas Community College District supports the general proposition that the full value of classroom learning experience cannot be measured by any examination. Students who have achieved elsewhere an equivalent knowledge, understanding and experience to that required by regular college courses may receive units of credit based on successful completion of a comprehensive and searching course examination approved by the College discipline faculty. Students may apply individually for Credit-by-Examination for any course offered in the Catalog. In addition, the Credit-by-Examination process may also be used to provide credit for completion of certain coursework at the high school level, where deemed appropriate by the majority of faculty in the discipline. (See High School Articulation, Catalog page 21.)

I. ELIGIBILITY

Any student applying for Credit-by-Examination will be expected to have had extensive experiences which have prepared the person in the subject matter and for which the individual can provide acceptable evidence of those experiences at the time of application. The student must be registered at the College and in good academic standing.

II. APPLICATION AND ADMINISTRATION

A student may apply for Credit-by-Examination through the petition process for courses listed in the Catalog. The petition must be approved by the appropriate discipline faculty and by the Division Dean. Applicable fees/and or tuition must be paid at the Office of Admissions and Records. Arrangements for completing the examination and the actual administration will be made between the student and the instructor after the petition is approved. The examination itself may take a variety of forms, including written, oral, demonstration or a combination of methods.

III. AWARDING OF CREDIT

Upon completion of the examination, the administering instructor will verify the course and number of units to be received and will assign an appropriate grade. Students shall be offered a credit/no-credit option if that option is normally available for the course. The student must achieve a grade of “C” or better to be awarded credit under CBE policy.

IV. LIMITATIONS

Credit-by-Examination coursework may not be counted as part of the 12-unit residency requirement necessary for graduation from the College. The amount of credit which may be earned and counted toward graduation at the College is normally limited to 10 semester units. Under certain circumstances, advanced placement credit may be awarded to a diploma graduate in nursing which may include up to 30 semester units (one year) of academic credit.

Advanced Placement Examinations

Las Positas College grants academic credit for successful completion of examinations of the Advanced Placement (AP) Program of the College Entrance Examination Board (C.E.E.B.). Credit awarded based on passing AP scores (3, 4, or 5) may be applied differently for the AA/AS degree and for transfer; therefore, students are advised to consult with a counselor for information on how their AP scores will be applied based on their educational goals. Courses deemed equivalent to AP exams as determined by LPC faculty (see chart on pages 33-34) may be used to clear pre-requisites as appropriate – see a counselor for details. Students may not receive duplicate credit for AP exams and the equivalent courses taken at the college.

The AP Chart on pages 33-34 displays how credit is awarded for the following:

- Las Positas College AA/AS degree – units and course equivalency
- CSU General Education Breadth pattern and units toward CSU transfer admission
- IGETC (Intersegmental General Education Transfer Curriculum) – GE pattern for CSU and/or UC

In order to receive academic credit toward the AA/AS degree and/ or CSU GE Breadth/IGETC certification for AP exams, students must submit the official AP score report from the C.E.E.B. to the Admissions and Records Office and request the score report to be scanned into their student records. The scanning request may be initiated by meeting with a counselor (Counseling Office, Building 700). In cases where the AP exams are not listed on the AP Chart or do not earn credit, students may petition the academic discipline for consideration of credit.
Credit may be earned for the College Entrance Examination Board (CEEB) Advanced Placement (AP) Exams with scores of 3, 4, or 5 as listed below. Course credit and units granted at Las Positas College may differ from course credit and units granted by a transfer institution.

The chart below lists how International Baccalaureate (IB) exams may be applied toward the California State University General Education (CSU GE) pattern and Intersegmental General Education Transfer Curriculum (IGETC). The GE areas referenced in the chart may be found on pages 43-45.

**CSU GE:** 3 semester units are applied toward CSU GE certification if exams are passed with required scores indicated below.

**IGETC:** To earn credit toward IGETC & UC transfer, a score of 5, 6, or 7 on Higher Level exam is required. 3 semester units are applied toward IGETC certification. Students who have earned credit from an IB exam should not take a comparable college course because transfer credit will not be granted for both.

*The IB curriculum offers language at various levels for native and non-native speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.
Las Positas College is authorized by the Board of Governors of the California Community Colleges to confer the Associate in Arts Degree, Associate in Science Degree, and Certificate of Achievement upon students who complete the necessary requirements.

### Associate Degrees

The Associate in Arts (AA) and Associate in Science (AS) Degrees offered by Las Positas College include Transfer Programs and Occupational Programs. Within each AA and AS Degree, there is a required general education component (see General Education Requirements, pages 38-39). General Education courses are grouped into several broad areas and are designed to cultivate intellect and imagination and to broaden awareness of the relationship and interdependence of ideas and disciplines.

### Associate in Arts Degree

The Associate in Arts Degree is conferred upon those students who complete the minimum of 60 semester units with a grade-point average of 2.0 or better and meet the graduation requirements as set forth on page 38.

### Associate in Science Degree

The Associate in Science Degree is conferred upon those students who complete the minimum of 60 semester units with a grade-point average of 2.0 or better and meet the graduation requirements as set forth on page 39.

### Transfer with an Associate Degree

Las Positas College provides the freshman and sophomore years of a four-year college or university program. Students intending to transfer to four-year colleges and universities may complete lower division general education requirements and major field preparatory courses at Las Positas College. Students may also earn an associate degree while preparing for transfer. Meet with a counselor to develop an individualized plan.

### AA/AS Occupational Programs

The courses of study within these programs prepare for direct job entry, and can normally be completed in a two-year period by a full-time student (carrying at least 15 units per semester). For a list of AA/AS Programs see page 47. Students may also develop with a counselor an Individual Occupational Major which must be approved by the Dean of Student Services.

### Degree Requirements

#### Associate in Arts and Associate in Science

A student is eligible for graduation with the Associate in Arts Degree and the Associate in Science Degree after satisfactorily completing:

- The minimum of 60 degree applicable, semester units (12 of which must be completed in residence at Las Positas College) with a grade-point average of 2.0 or higher;
- All requirements for the major plus electives to total 60 semester units (of these at least 18 must be in the major per Title V CCR:TS 55806);

The General Education Requirements for the Associate in Arts Degree, see page 38, or the General Education Requirements for the Associate in Science Degree, see Catalog, page 39.

Official transcripts from other colleges must be submitted to the Office of Admissions and Records. For coursework to be considered in meeting graduation requirements at Las Positas College. For graduation purposes only, total attempted and completed units transferred from other colleges will be included in determining a student's overall cumulative grade-point average (GPA).

#### General Education Reciprocity Program with Community Colleges

The Chabot-Las Positas Community College District has entered into a mutual agreement with eight other local community colleges to accept the General Education and graduation proficiency of these colleges as completed for Chabot College and Las Positas College. The other participating colleges are:

- DeAnza College (Cupertino), Evergreen Valley College (San Jose), Foothill College (Los Altos Hills), Gavilan College (Gilroy), Mission College (Santa Clara), Olhone College (Fremont), San Jose City College (San Jose), West Valley College (Saratoga).

Effective Fall 2007, students who obtain an official General Education Reciprocity Program Certification (which verifies completion of Associate Degree General Education and graduation proficiency) or complete an associate degree at any one of the participating colleges will have both their General Education course work and graduation proficiency accepted as completing Chabot College’s and Las Positas College’s General Education and graduation proficiency for the Associate of Arts and/or the Associate of Science Degree. No additional general education course work will be required if the certification is officially presented. Students will still be required to complete all courses and prerequisites needed for a major. The agreement also means that the other participating colleges will accept the General Education and graduation proficiency pattern of Chabot College and Las Positas College if an official General Education Reciprocity Program Certification is presented at any of the member colleges. Students must request certification in the Counseling Office in. This agreement will be reviewed periodically.
Certificate of Achievement

The courses of study within these programs prepare for direct job entry. Many certificate programs can be completed in one year in daytime classes, while others are designed to be completed over a longer period in evening classes. Students are advised to consult a counselor for more information about time frames for completion of certificate programs. For a list of Certificate Programs see page 47. Students may also develop an Individual Occupational Major with a counselor, for approval by the Dean of Student Services.

The Certificate of Achievement is awarded upon successful completion of required courses for the certificate with a grade point average of 2.0 or higher.

A student must complete at least eighty percent (80%) of the required program at Las Positas College or Chabot College, including the last three (3) units. Grades earned in non-degree applicable courses (numbered 100-200) will not be used in calculating a student’s degree applicable grade point average. No courses below the English 1A requirement are degree applicable.

Career Certificate

These certificates are not transcripted. This group of courses provides industry-based professional development. Individual courses will appear on transcript. For a list of Career Programs see page 47. See a counselor for further information.

Petition to Graduate

• At least one semester before the scheduled graduation ceremony, students should schedule an appointment with a counselor to check their progress in fulfilling the graduation requirements and arrange to complete the appropriate application for graduation.

• All transcripts from other colleges must be submitted to the Office of Admissions and Records before a graduation evaluation can be made.

Students may receive degrees or certificates at the end of any semester or the end of summer session. Students should petition no later than the tenth instructional week of the semester in which they plan to complete the requirements. Deadline dates are listed in the College Calendar [printed in the Class Schedule]. “Petition to Graduate” forms are available at the Office of Admissions and Records.

Commencement Exercises are held in late May or early June. All students receiving degrees and/or certificates are cordially invited to participate.

**LAS POSITAS COLLEGE ASSOCIATE IN SCIENCE DEGREE GRADUATION REQUIREMENTS**

1. Minimum of 60 units with a grade point average of 2.0 or better (12 units must be completed at Las Positas College).
2. All requirements for the Major (minimum of 18 units) plus electives to total 60 units.
3. General Education Requirements for the Associate in Science Degree listed above.
TRANSFER TO A FOUR-YEAR COLLEGE/UNIVERSITY

Las Positas College provides the freshman and sophomore years of a four-year college or university program. Students intending to transfer to four-year colleges and universities may complete their lower division general education requirements and major field preparatory courses at Las Positas College. The Counseling Office, Building 700, and the Career/Transfer/Employment Center, Building 900, provide the most current transfer information in addition to individual counseling appointments.

Students are advised to meet early and regularly with a counselor to ensure a smooth transition to the transfer institution. Counselors work with students to develop Student Educational Plans (SEPs) that map out the courses needed for successful transfer.

Transfer Preparation

The main components of a typical transfer plan are listed below:

I. GENERAL EDUCATION REQUIREMENTS

To earn a bachelor’s degree from the University of California (UC) or the California State University (CSU), students must complete a program of general education. The pattern for the CSU system is called CSU General Education Breadth Requirements, see pages 44-45. The Intersegmental General Education Transfer Curriculum (IGETC) is a pattern valid for both the UC and CSU systems, see page 43. Some high-unit majors and certain UC campuses may have different requirements - consult a counselor for details.

II. LOWER-DIVISION MAJOR REQUIREMENTS

Students should take specific lower-division courses required for their chosen majors (also called major preparatory courses). Impacted majors (those that are competitive for admission) may require all or most major preparatory courses to be complete before transfer. ASSIST* (www.assist.org) lists the articulation agreements of these major preparatory courses for the UC and CSU campuses. The lower-division major requirements may differ depending on the institution; therefore, it is important for students to review the agreements for each university considered. *See ASSIST information that follows.

III. ELECTIVES

Electives are additional transferable courses completed in order to meet the total number of units required to transfer.

Transferability of Courses

Students may transfer a maximum of 70 community college semester units to most California public four-year colleges or universities. Courses in excess of 70 units may still be used to meet transfer requirements. Many baccalaureate level courses offered at Las Positas College have been articulated with the University of California (UC), California State University (CSU), and a number of private institutions. Current UC and CSU transfer flyers are available in the Career/Transfer Center and Counseling Office. ASSIST.org also provides the most up-to-date lists of transferable courses. Students should review these transfer flyers at the beginning of each academic year to obtain updated information.

ASSIST

ASSIST (www.assist.org) is the official repository of articulation information for California public postsecondary educational institutions. ASSIST includes reports of how course credits earned at a California Community College may be applied when transferring to a public California university. Students are advised to meet with a counselor to learn how to use the information posted on ASSIST.

CALIFORNIA STATE UNIVERSITY (CSU)

Admission Requirements for Transfer to CSU

To be minimally eligible for junior-level transfer to a CSU campus, students must:

• Complete 60 CSU transferable units;
• Earn a college grade point average of 2.0 or better in all transferable courses;
• Be in good standing at the last college or university attended;
• Complete at least 30 semester units of general education requirements, see pages 38-39 with grades of “C” or better. The 30 units must include all of the general education requirements in communication in the English language (English composition, oral communication, and critical thinking) and at least one course of at least 3 semester units in transferable mathematics.

Note: Some competitive campuses and/or majors have additional requirements. Consult a counselor for details.

Some CSU campuses may consider students who have completed fewer than 60 units if they meet the following requirements:

• Earn a grade point average of 2.0 or better in all transferable college units completed;
• Are in good standing at the last college or university attended; Meet the admission requirements for a first-time freshman or have successfully completed necessary courses to make up high school deficiencies;
• Meet the eligibility index required of a freshman.

CSU General Education Requirements

Las Positas College offers two general education patterns which enable students to meet all of the lower-division general education requirements.

Students may complete one of the following patterns:

• Intersegmental General Education Transfer Curriculum (IGETC), page 43;
• CSU General Education Breadth Requirements, pages 44-45.

Priority Application Filing Dates for CSU

<table>

<td>June 1 - 30 of previous year</td>
</tr>
<tr>
<td>Spring Semester or Quarter</td>
<td>Aug. 1 - 31 of previous year</td>
</tr>
</tbody>
</table>

NOTE: Not all campuses admit students every semester/quarter

CSU Resources

CSU Mentor – www.csumentor.edu – provides information regarding admission requirements, application deadlines, and specific CSU campuses.
UNIVERSITY OF CALIFORNIA (UC)

Admission Requirements for Transfer to UC

To be minimally eligible for junior-level transfer to a UC campus, students must:

- Complete 60 UC transferable units with a GPA of at least 2.4; no more than 14 units may be taken Pass/No Pass.
- Complete the following seven-course pattern, earning a grade of C or better in each class:
  
  **ENGLISH COMPOSITION**—two transferable college courses (3 semester units each);
  
  **MATHEMATICAL CONCEPTS AND QUANTITATIVE REASONING**—one transferable college course (3 semester units);
  
  **ARTS AND HUMANITIES, SOCIAL AND BEHAVIORAL SCIENCES, AND/OR PHYSICAL AND BIOLOGICAL SCIENCES**—four transferable college courses (3 semester units each) chosen from at least two of these subject areas.

Note: Completion of IGETC will satisfy the above seven-course pattern for UC admission, but not the 60 unit requirement. Some competitive campuses and/or majors have additional requirements. Consult a counselor for details.

UC General Education Requirements

Students may complete one of the following:

- Intersegmental General Education Transfer Curriculum (IGETC)*, page 43.
- General education requirements of the receiving UC campus

*UC San Diego’s Eleanor Roosevelt and Revelle Colleges and UC Berkeley Haas School of Business will NOT accept IGETC.

*IGETC is not advisable for some high unit majors. Consult a counselor to determine the best option.

Priority Application Filing Dates for UC

- Fall Semester or Quarter: Nov. 1 - 30 of previous year
- Winter Quarter/ Spring Semester: July 1 - 31 of previous year

NOTE: Not all campuses admit students every semester/quarter

UC Resources

The website www.universityofcalifornia.edu/admissions provides up-to-date UC transfer admissions and application information.

Certification of General Education for Transfer to UC and CSU

IGETC and CSU GE Breadth certification is the process by which the community college verifies that a student has completed all the required coursework for the IGETC or CSU GE Breadth pattern. Students who transfer without certification may have to meet the general education requirements of the destination campus. Certification is not automatic and must be requested after acceptance to the university. This request should be made in the Counseling Office. The certification will be sent after final grades are posted.

Private/Independent and Out-of-State Colleges and Universities

Transfer requirements for private and out-of-state colleges and universities vary. Students should consult the transfer institution’s catalog or website. Las Positas College counselors can also advise students on independent college and university requirements and preparation.

TRANSFER SERVICES

Career/Transfer/Employment Center (Building 900)

The Transfer Center, 925.424.1423, provides educational and career information through coordinated resources and activities. Transfer services include:

- Individual appointments with college and university representatives;
- Access to library of college and university catalogs, both in print and online;
- Coordination of Transfer Admission Guarantee programs (see below);
- Transfer events, including Transfer Day and the President’s Transfer Reception;
- Workshops that assist with transfer planning, the application process, and the personal statement.

Counseling Office

The Counseling Office, 925.424.1400, provides educational plans for students intending to transfer, assistance with career and major selection, and other transfer-related services. For more information, see page 22.

Transfer Admission Guarantees

A Transfer Admission Guarantee (TAG) is a contract that guarantees admission to the participating university. This contract includes all courses a student must complete, as well as required GPA, in order to guarantee transfer admission. Students must also apply for admission to the university during the appropriate filing period. The following four-year institutions participate in a TAG program with Las Positas College: CSU East Bay, CSU Monterey Bay, UC Davis, UC Merced, UC Santa Cruz, UC Riverside, UC Irvine, UC Santa Barbara, UC San Diego, Saint Mary’s College, and University of the Pacific. To begin the process, students must consult with a counselor at least one year prior to transfer.
UNIVERSITY TRANSFER CERTIFICATES

Certificate of Achievement
University Transfer - CSU General Education Breadth

Students transferring to the California State University have the opportunity to complete their lower division general education requirements at Las Positas College. This pattern of general education requires a minimum of 39 semester units to be completed. The Certificate of Achievement in University Transfer - CSU General Education Breadth will officially acknowledge a significant educational achievement the student has completed at Las Positas College. The list of approved courses may be found on pages 44-45. Counselor assistance is advised.

*Courses may be also be applied to Area D

Earning this Certificate of Achievement WILL NOT replace the “CSU GE Certification” document. The “Certification of CSU General Education Breadth” is a SEPARATE PROCESS. The student must request CSU GE Certification in the Counseling Office after admission to the transfer institution.

Certificate of Achievement
University Transfer - IGETC (Intersegmental General Education Transfer Curriculum)

Students transferring to University of California or California State University have the opportunity to complete their lower division general education requirements at Las Positas College. This pattern of general education requires a minimum of 34 semester units to be completed. The Certificate of Achievement in University Transfer - IGETC will officially acknowledge a significant educational achievement the student has completed at Las Positas College. The list of approved courses may be found on page 43. Counselor assistance is advised.

Anatomy 1
Anthropology 1*, 1L
Biology 1, 3, 10, 20, 31, 50
Botany 1
Ecology 10
Microbiology 1
Physiology 1
Psychology 4*
Zoology 1

AREA 6: LANGUAGE OTHER THAN ENGLISH - UC REQUIREMENT ONLY
Proficiency in a language other than English may be met in one of the ways listed below

1. Complete 1 of the following courses or a higher level: ASL 1A, French 1A, Italian 1A, Spanish 1A.
2. Complete 2 years of high school study in the same language, completed with a grade of ‘C’ or higher.
3. Demonstrating equivalent proficiency prior to transfer may also satisfy this requirement. See counselor for details.

AMERICAN INSTITUTIONS REQUIREMENT - CSU GRADUATION REQUIREMENT ONLY
Complete 1 of the combinations below. These courses may also be applied to Area 4.

Group 1: History 7 and History 8

Group 2: Political Science 7 and one of the following: History 7, 8, 25, 32

PLEASE NOTE THIS IMPORTANT INFORMATION
1. For a course to meet an IGETC requirement, the course must be on the IGETC list during the academic year it is taken.
2. All courses taken to meet IGETC requirements must be completed with a grade of ‘C’ or better.
3. Students are encouraged to meet with a counselor to discuss the various requirements for transfer and to make a Student Education Plan (SEP).
# CSU GE BREADTH REQUIREMENTS

## California State University General Education (GE) Breadth Requirements

Las Positas College 2009-2010 (Effective Fall 2009)

Chart below is effective Fall 2009-Spring 2010. To view updates for Fall 2010-Spring 2011, see [www.assist.org](http://www.assist.org), the LPC web site, or the Counseling Office (Bldg. 700).

### USE THE BOXES ON THE RIGHT TO RECORD YOUR PROGRESS:

- **N** = NEED
- **IP** = IN PROGRESS
- **C** = COMPLETED

<table>
<thead>
<tr>
<th>AREA A: ENGLISH LANGUAGE COMMUNICATION AND CRITICAL THINKING</th>
</tr>
</thead>
<tbody>
<tr>
<td>Select at least 1 course from each Group below, total 9 units required; must be completed with a grade of C or better.</td>
</tr>
<tr>
<td><strong>A1:</strong> Oral Communication</td>
</tr>
<tr>
<td><strong>A2:</strong> Written Communication</td>
</tr>
<tr>
<td><strong>A3:</strong> Critical Thinking</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th><strong>B1:</strong> Physical Science</th>
</tr>
</thead>
<tbody>
<tr>
<td>Astronomy 1, 10, 20, 30</td>
</tr>
<tr>
<td>Chemistry 1A, 1B, 10A, 30B, 31</td>
</tr>
<tr>
<td>Geography 1L, 8</td>
</tr>
<tr>
<td>Geology 1L, 3L, 12L</td>
</tr>
<tr>
<td>Physics 2A, 2B, 8A, 8B, 10, 10L</td>
</tr>
</tbody>
</table>

### USE THE BOXES ON THE RIGHT TO RECORD YOUR PROGRESS:

<table>
<thead>
<tr>
<th><strong>B2:</strong> Life Science</th>

(Continued on the next page)
## California State University General Education (GE) Breadth Requirements (continued)

Las Positas College 2009 - 2010 (Effective Fall 2009)

### AREA E: LIFELONG LEARNING AND SELF DEVELOPMENT

Select 3 units from below

- Health 1, 2, 55
- Nutrition 1
- Physical Education 24
- Physical Education Activity* AAQE, AB, AQA, AQQD, ASA, AWT, BA, BC, BD, BK, BKL, BKP, BL, BRD, BX, CL, CP, CSVB, CW, DBS, DE, DRJ, DS, DT, FB, FC, FD, FFL, FL, FNB, FNI, FS, FSC, FW, GBW, GF, GSR, HHA, ID, JDB, JDJ, JW, LDF, LDFI, OF, PM, QF, QYI, QYO, RB, SC, SCF, SD, SI, SS, SWB, SWF, TCC, TCT, TK, TN, TS, TT, TTT, UF, VB, WMB, WT, WTW, YO, YOF
- Psychology 10, 12**, 24
- Psychology-Counseling 7***, 10, 11
- Sociology 7
- Speech 10

* Limit 2 units.
** Also listed in Area D but can only be used in one area.
*** For Area E credit, course must be taken once for 3 units.

### AMERICAN INSTITUTIONS REQUIREMENT

Complete 1 of the groups below

Completion of the United States History, Constitution, and American Ideals Requirement is required for graduation from any CSU Campus. All CSUs will allow up to 6 of the units taken to meet this requirement to be credited toward satisfying the General Education Breadth Requirements in Area D.

**GROUP 1** – History 7 + History 8

**GROUP 2** – Political Science 7 + History 7, 8, 25, or 32

### PLEASE NOTE THIS IMPORTANT INFORMATION:

1. For a course to meet a CSU GE requirement, the course must be on the CSU GE list during the academic year it is taken.
2. The CSU GE Breadth pattern is not an admission requirement. If appropriate for the major, students may complete the minimum eligibility requirements for CSU – see a counselor for details and advisement.
3. Advanced Placement (AP) exams with passing scores may be applied to the CSU GE pattern. For details, see the AP chart on pages 33-34.
4. Request a CSU GE Certification in the Counseling Office or Admission and Records Office at the end of the last semester before transferring. The certification is the process by which the community college verifies that a student has completed all the required coursework for the CSU GE pattern (partial completion is possible), which is sent directly to the transfer institution. If CSU GE is not certified, students may be subject to the lower-division general education requirements of the campus to which they transfer.
5. Students are encouraged to meet with a counselor to discuss the various requirements for transfer and to make a Student Education Plan (SEP).

** Key:**
- * Transfer Preparation Programs designed for transfer, and do not confer a degree.
- ** Occupational Programs designed for direct job entry; however, many courses in these programs are transferable to many 4-year institutions. Students should consult a counselor for information.
- † Approval by State Chancellor’s Office is pending.

**Career Certificate:**
- § These certificates are not transcripted. This group of courses provides industry-based professional development. Individual courses will appear on transcript. See a counselor for further information.
Key to Course Information

Course Scheduling
Information regarding the days, hours, instructors, and rooms in which classes will be held in each semester and summer session is contained in the Class Schedule, available in the Bookstore prior to the start of each semester and summer session, and on CLASS Web, accessible at www.laspositascollege.edu.

Registration
To receive credit, students must register in a course within the officially designated time. Auditing of specific classes is allowed (see page 12).

Semester Units
All courses in this Catalog are described in semester units.

Prerequisites
Many courses offered by the College require the completion of prerequisite courses. Students are advised to consult the course descriptions found in this Catalog for the identification of the prerequisites for a course. Courses with prerequisites are also designated in the current Class Schedule. See page 12 for prerequisite definitions and additional information.

Numbering System
Courses numbered 1-99 are generally transferable. Courses numbered 100-149 are basic skills courses and are not for AA Degree, AS Degree or transfer credit. Courses numbered 150-199 (Continuing Education) may be applied for graduation credit (limit 6 units).

9............ Colloquia
29............ Independent Study (Transfer)
49............ Contemporary Studies
99............ Special Studies
100-149..... Basic Skills*
150-199..... Continuing Education Studies
200-299..... Community Interest Studies (Non-Credit)

*Students may not receive more than 30 semester units for pre-collegiate basic skills courses. English as a Second Language and learning disabled students are exempt.

Course Notation
The courses in this Catalog have been annotated with the abbreviations used on the College transcript, e.g., Administration of Justice (AJ).

Course Description Annotations
The courses in this Catalog have been annotated with codes to identify:

- Grading Option
- Transfer status to baccalaureate-degree institutions;

The following information explains how to interpret these codes.

The grading option for a course is indicated as follows:

<table>
<thead>
<tr>
<th>Grading Option</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>OP</td>
<td>May be taken for a letter grade or pass/no pass</td>
</tr>
<tr>
<td>GR</td>
<td>Must be taken for a letter grade only</td>
</tr>
<tr>
<td>P/N</td>
<td>Must be taken for pass/no pass only</td>
</tr>
</tbody>
</table>

Transfer credit is indicated as follows:

<table>
<thead>
<tr>
<th>Transfer Source</th>
<th>Institution</th>
</tr>
</thead>
<tbody>
<tr>
<td>UC</td>
<td>University of California</td>
</tr>
<tr>
<td>CSU</td>
<td>California State University</td>
</tr>
</tbody>

ADMINISTRATION OF JUSTICE

DEGREE

CONTACT: Dr Neal Ely, Dean ........................................... 925.424.1182

About the Program

The Las Positas College Administration of Justice program offers courses that lead to an Associate in Arts degree and a Basic Peace Officer Academy for students seeking full-time employment in law enforcement. The degree program prepares students for transfer to a four-year college or university while the Basic Peace Officer Academy program prepares students for direct job entry with a California law enforcement agency. Students interested in Forensics are directed toward the Las Positas College Computer Networking Technology Certificate in Computer Forensics.

 Degrees/Certificates

• Degree:
  • AA – Administration of Justice
  • A California Peace Officer's Standards and Training Basic Academy Certificate is awarded upon successful completion of the Alameda County Sheriff's POST Academy.

 Careers and Opportunities

Career opportunities in AJ include: Municipal or Special District Police Officer, County Deputy Sheriff, FBI Agent*, DEA Agent*, Game Warden, Highway Patrol Officer, State Narcotics Agent, Lawyer*, Forensic Specialist*, Probation Officer*, Parole Agent*, and a host of other careers and jobs. (* Denotes a four-year degree requirement for that position).

 Transferability

The Administration of Justice degree includes the lower-division degree requirements typical of four-year institutions. While units in this program are transferable to many institutions, students should consult a counselor for transfer information. General education requirements should be selected carefully based on the intended transfer institution.

AA – Administration of Justice

Freshman Year
Administration of Justice 50 (Introduction to Administration of Justice) .................................................. 3
Administration of Justice 54 (Investigative Reporting) ................................................................. 3
Administration of Justice 60 (Criminal Law) ................................................................. 3
Administration of Justice 61 (Evidence) ................................................................. 3
Electives* ................................................................. 0-6
General Education Courses

Sophomore Year
Administration of Justice 63 (Criminal Investigations) .................................................. 3
Administration of Justice 68 (Police Ethics and Leadership) .................................................. 3
Administration of Justice 70 (Community Relations) .................................................. 3
Emergency Medical Services 61 (First Responder) .................................................. 2.5
Electives* ................................................................. 0-6
General Education Courses

Total units required ................................................................. 60

*Electives
Select from the following for a minimum of 6 units:

• Administration of Justice 55 (Introduction to Correctional Science)
• Administration of Justice 56 (Fundamentals of Crime and Delinquency)
• Administration of Justice 59 (Child Abuse in the Community)
• Administration of Justice 62 (The Justice System)
• Administration of Justice 64 (Patrol Procedures)
• Administration of Justice 66 (Juvenile Procedures)
• Administration of Justice 69 (Sex Crime Investigation)
• Administration of Justice 71 (Narcotics and Drug Enforcement)
• Administration of Justice 74 (Gangs and Drugs)
• Administration of Justice 79 (Homicide Investigation)
• Administration of Justice 89 (Family Violence)
• Anthropology 13 (Introduction to Forensic Anthropology)
• Computer Network Technology 68 (Introduction to Computer Forensics)
• Computer Network Technology 70 (Computer Forensics II)
• Psychology 6 (Abnormal Psychology)
• Psychology 12 (Life-Span Psychology)
• Sociology 1 (Principles of Sociology)
• Sociology 6 (Social Problems)

ADMINISTRATION OF JUSTICE (AJ)

AJ 50 INTRODUCTION TO ADMINISTRATION OF JUSTICE 3 UNITS
(Included in CORE curriculum of baccalaureate degree-granting institutions.)
History and philosophy of administration of justice in America; recapitulation of the system; identifying the various subsystems, role expectations, and their interrelationships; theories of crime, punishment, and rehabilitation; ethics, education and training for professionalism in the system. 3 hours lecture. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

AJ 54 INVESTIGATIVE REPORTING 3 UNITS
Investigative reports with emphasis upon accuracy and details necessary. Includes arrest reports, incident reports, and miscellaneous field reports. Techniques and methods used to cover information; how to analyze and present information in a clear and concise report. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

AJ 55 INTRODUCTION TO CORRECTIONAL SCIENCE 3 UNITS
Aspects of modern correctional process as utilized in rehabilitation of adult and juvenile offenders. Emphasis on custody, rehabilitation and treatment programs as recognized by modern penology. Exploration of career opportunities. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

AJ 56 FUNDAMENTALS OF CRIME AND DELINQUENCY 2 UNITS
Survey of the sociological and psychological theories pertaining to the causation of crime and delinquency. Includes ethnic considerations and their relationships. 2 hours lecture. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

AJ 59 CHILD ABUSE IN THE COMMUNITY 2 UNITS
Dynamics of the battered child syndrome. Focus on the abusive caretaker, patterns of abuse, and means necessary for effective intervention and treatment including effective legal and social action to control child abuse in the community. 2 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

AJ 60 CRIMINAL LAW 3 UNITS
(Included in CORE curriculum of baccalaureate degree-granting institutions)
Historical development, philosophy of law and constitutional provisions; definitions, classification of crime, and their application to the system of administration of justice; frequently used Penal Code and other code sections; case law, methodology, and concepts of law as a social force. 3 hours lecture. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: GR
### ADMINISTRATION OF JUSTICE

ADMINISTRATIVE MEDICAL ASSISTANT

CONTACT: Dr Janice Noble, Dean ....................... 925.424.1324

About the Program
The Administrative Medical Assistant Certificate Program provides students with the required knowledge to work in healthcare providers offices such as physicians' offices, ancillary healthcare providers such as physical therapy, laboratory, radiology, and a wide variety of other supportive healthcare agencies. Courses in this comprehensive program provide a broad foundation of computer skills, healthcare terminology, and medical office skills designed to acquaint students with the roles and responsibilities related to the healthcare field, medical office procedures, healthcare finance and insurance issues, and actual practice in the healthcare arena.

AMERICAN SIGN LANGUAGE

CONTACT: Dr Philip Manwell, Dean ......................... 925.424.1382

About the Program
The American Sign Language (ASL) program provides an introduction to the language of the Deaf, the Deaf Community, and Deaf Culture. The ASL classes emphasize conversational skills in functional situations and provide students an opportunity to explore, in a relaxed atmosphere, the language and culture of deafness.

AMERICAN SIGN LANGUAGE (ASL)

ASL 1A AMERICAN SIGN LANGUAGE I 3 UNITS
Introduction to American Sign Language (ASL), including expressive and receptive skills, the manual alphabet, facial expression, and body gestures. Emphasis on conversational skills in functional situations, knowledge of Deaf culture and the Deaf community. 3 hours lecture. AA/AS GE. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: GR

ASL 1B AMERICAN SIGN LANGUAGE II 3 UNITS
Continued development of American Sign Language (ASL) receptive/expressive skills and knowledge learned in American Sign Language 1A. Emphasis on conversational skills in functional situations, continued vocabulary and sentence structure expansion, and knowledge of Deaf culture and the Deaf community. Prerequisite: American Sign Language 1A [completed with a grade of “C” or higher]. 3 hours lecture. AA/AS GE. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: GR

ASL 2A AMERICAN SIGN LANGUAGE III 3 UNITS
Further development of American Sign Language (ASL) receptive/expressive skills and knowledge learned in American Sign Language 1B. Emphasis on conversational skills in functional situations, continued vocabulary expansion and knowledge of Deaf culture and the Deaf community. Prerequisite: American Sign Language 1B [completed with a grade of “C” or higher]. 3 hours lecture. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

ASL 2B AMERICAN SIGN LANGUAGE IV 3 UNITS
Further development of American Sign Language (ASL) receptive/expressive skills and knowledge learned in American Sign Language 2A. Emphasis on conversational skills in functional situations, continued expansion of vocabulary and knowledge of Deaf culture and the Deaf community. Prerequisite: American Sign Language 2A [completed with a grade of “C” or higher]. 3 hours lecture. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

ANATOMY (ANAT)

CONTACT: Dr Neal Ely, Dean ....................... 925.424.1324

Anatomy 1 is one of many courses offered by the Biology Department. It fulfills various degree, certificate, transfer, and/or career requirements. For more details about how Anatomy 1 fits into different pathways, please see “Biology” in the catalog, page 61.

ANAT 1 GENERAL HUMAN ANATOMY 5 UNITS
Structure and function of the human body with emphasis on microscopic, gross, and developmental anatomy. Microscopic examination of normal and pathological tissues, and dissection, supplemented by use of charts, models, and computer assisted instruction. Prerequisite: Biology 31 (completed with a grade of “C” or higher). Strongly recommended: Eligibility for English 1A. 3 hours lecture, 6 hours laboratory. AA/AS GE. Transfer: CSU, UC*, CSU GE: B2 & B3; IGETC: SB & Lab; *Combined with BIOL 50 & PHSI 1: max credit, 2 courses.
About the Program

Anthropology studies human beings from a holistic and cross-cultural perspective. Encompassing every aspect of human existence, the subject matter of anthropology is traditionally divided into four fields: physical or biological anthropology, social or cultural anthropology, linguistics, and archaeology. A comparative science, its concerns include human genetic, cultural, and linguistic variation. Anthropologists uncover the prehistory of humanity as they help us to understand the problems of today. They are advocates for multiculturalism because they appreciate cultural diversity, an attribute which prepares them well for navigating the complexities of the 21st century world.

Career Opportunities

As modern technology and business practices dissolve borders across the globe, the demand for anthropologists grows. Anthropologists inform public policy, manage development projects and work in the Foreign Service. They carry out market research, conduct public relations and become journalists, urban planners, medical researchers and park rangers. Anthropologists reveal the story of the past through genetic and archaeological research; they also use forensic science to determine the truths of today. Their skill set is applicable across a diverse set of research, development and policy-making opportunities throughout the corporate, non-profit, government and military sectors.

TRANSFERABILITY

Las Positas College offers classes in the four sub-fields of anthropology to prepare students for third year entry into BA and BS programs. All courses articulate as lower-division units to CSU and UC. Some variation in requirements exists; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult an academic counselor while preparing for transfer.

ANTHROPOLOGY (ANTH)

ANTH 1 BIOLOGICAL/PHYSICAL ANTHROPOLOGY 3 UNITS
Humans as a biological species through an examination of the fossil evidence for human evolution, behavior of nonhuman primates, and human evolutionary biology and genetics. Emphasis on uniquely human biological and behavioral characteristics, as well as those shared with other animals. Current anthropological issues such as the biological meaning of race, genetic diseases, and the influence of evolution on human behavior. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: B2 or D1; IGETC: 4A or 5B Lab
Degree Applicable, Credit Grading Option: OP

ANTH 1L BIOLOGICAL/PHYSICAL ANTHROPOLOGY LABORATORY 1 UNIT
Laboratory exercises developed as an adjunct to Anthropology 1 (Introduction to Physical/Biological Anthropology) including the identification of fossils through examination of fossil casts, the study of human artifacts, observation of primate behavior and structure, and problem solving in case studies of human genetics. Prerequisite: Anthropology 1 [may be taken concurrently]. 3 hours laboratory. AA/AS GE Transfer: CSU, UC; CSU GE : B3; IGETC: 5B Lab
Degree Applicable, Credit Grading Option: OP

ANTH 2 INTRODUCTION TO ARCHAEOLOGY: PREHISTORY AND CULTURE GROWTH 3 UNITS
Prehistoric development of human culture through studies of stone tools and other remains of the earliest human lifeways up to the growth of technologically advanced civilizations. Emphasis on modern archaeological theories and techniques for understanding cultural adaptation to different ecological conditions in the past. Review of important archaeological case studies. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: D1; IGETC: 4A Degree Applicable, Credit Grading Option: OP

ANTH 3 SOCIAL AND CULTURAL ANTHROPOLOGY 3 UNITS
How human beings in different cultures meet basic biological, social and cultural needs, including kinship and marriage practices, political and social organization, economic institutions, religious and childrearing practices, social change, as well as other aspects of cultural behavior. Emphasis on understanding other cultures on their own terms. Includes the many subcultures making up North American populations. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D1; IGETC: 4A Degree Applicable, Credit Grading Option: OP

ANTH 4 LANGUAGE AND CULTURE 3 UNITS
The course is an introduction to the core concepts of linguistic anthropology and the study of language in culture and society, including how language perpetuates the identity of individuals through their social interactions and their culture in everyday speech events. Topics such as identity, social status, gender, race, and institutional power, are examined in contemporary language use. The course includes traditional study of the methods of linguistic anthropologists as well as the study of biological basis of communication and speech, the structure of language, language origins, language through time, language variation, the ethnography of communication, sociolinguistics, nonverbal communication and writing, and how cultural context sets meaning. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D1; IGETC: 4A Degree Applicable, Credit Grading Option: OP

ANTH 5 CULTURES OF THE U.S. IN GLOBAL PERSPECTIVE 3 UNITS
Issues relevant to understanding race, class, gender and ethnicity within the American setting. Historical, as well as contemporary situation of the following groups: 1) African Americans; 2) Native Americans; 3) Hispanic Americans; 4) European Americans; and, 5) Asian Americans, among other groups. Emphasis on analyzing the way that public understandings of culture and biology are translated into social policy. Contemporary social issues such as race relations, multiculturalism, affirmative action, bilingual education, and the use and abuse of I.Q. testing. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D1; IGETC: 4A Degree Applicable, Credit Grading Option: OP

ANTH 12 MAGIC, RELIGION, WITCHCRAFT, AND HEALING 3 UNITS
Cross-cultural perspectives on spirituality, religious practice, myth, ancestor beliefs, witchcraft and the variety of religious rituals and practitioners found in the cultures of the world. Examination of the cosmologies of different cultures through the anthropological perspective. Emphasis is placed on how knowledge of the religious practices and beliefs of others can help us to understand the multicultural world in which we live. Comparison of the ways in which diverse cultures confront the large and fundamental questions of existence: those dealing with the meaning of life, birth and death, and with the relationship of humans to each other and to the universe. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D1; IGETC: 4A Degree Applicable, Credit Grading Option: OP
ANTHROPOLOGY - APPRENTICESHIP - ART

ANTH 13 INTRODUCTION TO FORENSIC ANTHROPOLOGY 3 UNITS
An introductory course in the application of physical anthropology to the medico-legal process with an emphasis on the identification of human skeletal remains. Includes basic human osteology and odontology, assessment of age at time of death, sex, ancestry, trauma analysis, pathology, and general physical characteristics including height and weight based upon minimal skeletal remains. Estimation of time since death, crime scene analysis, animal scavenging, and identification procedures. 3 hours lecture. AA/AS GE. Transfer: CSU, UC.
Degree Applicable, Credit Grading Option: OP

APPRENTICESHIP
CONTACT: Dr Janice Noble, Dean .......................... 925.424.1324

About the Program
Las Positas College Apprenticeship Program provides students related classroom instruction for those who are interested in trade apprenticeship. This partnership between the college and employers provides applied job skills and job training while taking quality courses. Some apprenticeship programs are also designed to assist students who desire to earn a certificate or degree (Associate in Arts or Associate in Science).

Current apprenticeships include:
• Automotive (APAU)
• Carpentry (APCA)
• Millwrights (APMW)
• Pile Drivers (APPD)

ART

CONTACT: Dr Philip Manwell, Dean .............. 925.424.1382

About the Program
Students who elect to major in the field of art have a variety of opportunities open to them. Choices include careers in teaching, art criticism, or work as practicing artists in painting and drawing.
See also: Photography, Visual Communications

Degrees/Certificates
• Degree:
  • AA – Art (Emphasis in Painting)

Career Opportunities
The Art (Painting) major offered by Las Positas College provides a secure foundation for the student. Courses in the Art department are designed to fulfill the needs of Art majors, as well as those whose interest is avocational or recreational.

Transferability
This program fulfills typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

AA – Art – Emphasis in Painting

Freshman Year
Art 2A (Introduction to Drawing) .......................................................... 3
Art 2B (Drawing, Color and Composition) ................................. 3
Art 12A (Oil/Acrylic Painting- Beginning I) ................................. 3
Art 12B (Oil/Acrylic Painting- Beginning II) ................................. 3
Art 3A (Figure and Composition I) .................................................. 3
Art 1 (Introduction to Art) ................................................................. 3

General Education Courses

Sophomore Year
Art 4 (Art History: Ancient) .......................................................... 3
Art 5 (Art History: Renaissance to Modern) .................................. 3
Art 12C (Oil/Acrylic Painting- Advanced I) ................................. 3
Art 12D (Oil/Acrylic Painting- Advanced II) ................................. 3
Art 3B (Figure and Composition II) ................................................. 3
Art 3C (Figure and Composition III) .............................................. 3

General Education Courses

Total units required ................................................................. 60

ART (ARTS)

ARTS 2A INTRODUCTION TO DRAWING 3 UNITS
Skills development in light and shade composition, perspective, and other basics. The use of pencil, charcoal, and/or ink. 2 hours lecture, 4 hours studio. AA/AS GE. Transfer: CSU, UC; CSU GE: C1
Degree Applicable, Credit Grading Option: OP

ARTS 2B DRAWING AND COMPOSITION 3 UNITS
Development of knowledge and skills introduced in Art 2A, emphasizing media and composition and introducing the use of color. Prerequisite: Art 2A (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

ARTS 3A FIGURE AND COMPOSITION I 3 UNITS
Skill development drawing the figure with charcoal, conte or pastel, pencil, and ink with emphasis on composition. Strongly recommended: Art 2A. 2 hours lecture, 4 hours studio. AA/AS GE. Transfer: CSU, UC; CSU GE: C1
Degree Applicable, Credit Grading Option: OP

ARTS 3B FIGURE AND COMPOSITION II 3 UNITS
Development of knowledge and skills introduced in Art 3A, emphasis on composition and color. Prerequisite: Art 3A (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

ARTS 3C FIGURE AND COMPOSITION III 3 UNITS
Development of knowledge and skills introduced in Art 3B, emphasis on composition and color. Prerequisite: Art 3B (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP
ART HISTORY

ARTS 3D  FIGURE AND COMPOSITION IV  3 UNITS
Development of knowledge and skills introduced in Art 3C. Drawing the figure with charcoal, conte, graphite, ink, watercolor, pastels, tempera and oils with emphasis on composition and color. Prerequisite: Art 3C (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 7A  INTRODUCTION TO WATERCOLOR PAINTING  3 UNITS
Materials, methods, and techniques of transparent watercolor painting, including its effects and possibilities. Strongly Recommended: Art 2A and Art 2B. 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 7B  WATERCOLOR PAINTING  3 UNITS
Development of knowledge and skills introduced in Art 7A. Emphasis on experimenting with the watercolor medium leading to development of individual methods of expression. Prerequisite: Art 7A (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 7C  ADVANCED WATERCOLOR: PAINTING I  3 UNITS
Development of knowledge and skills introduced in Art 7B directed toward individualized needs. Prerequisite: Art 7B (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 7D  ADVANCED WATERCOLOR PAINTING II  3 UNITS
Development of knowledge and skills introduced in Art 7C directed toward individualized needs. Prerequisite: Art 7C (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 10  DESIGN AND MATERIALS  3 UNITS
Introduction to the basic elements of design: line, texture, value, shape, color, light, and spatial concepts. Experimentation with paper, cardboard, cloth, etc. Emphasis on two-dimensional design. 2 hours lecture, 4 hours studio. AA/AS GE. Transfer: CSU, UC; CSU GE: CI
Degree Applicable, Credit  Grading Option: OP

ARTS 11  DESIGN, MATERIALS, AND COLOR  3 UNITS
Color theory as it applies to two and three dimensional design. 2 hours lecture, 4 hours studio. Transfer: CSU, UC; CSU GE: CI
Degree Applicable, Credit  Grading Option: OP

ARTS 12A  OIL/ACRYLIC PAINTING: BEGINNING I  3 UNITS
Beginning projects in oil painting with an emphasis on fundamental painting techniques and approaches. Strongly Recommended: Art 2A. 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 12B  OIL/ACRYLIC PAINTING: BEGINNING II  3 UNITS
Projects in oil or acrylic painting with an emphasis on fundamental painting techniques and approaches. Prerequisite: Art 12A (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 12C  OIL/ACRYLIC PAINTING: ADVANCED I  3 UNITS
Advanced projects in oil or acrylic painting with emphasis on individual creative work and development of personal ideas and style. Prerequisite: Art 12B (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 12D  OIL/ACRYLIC PAINTING: ADVANCED II  3 UNITS
Advanced projects in oil or acrylic painting with emphasis on individual creative work and development of personal ideas and style. Prerequisite: Art 12C (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 13A  ACRYLIC PAINTING: BEGINNING I  3 UNITS
Projects in acrylic painting with an emphasis on fundamental painting techniques. Strongly Recommended: Art 2A. 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 13B  ACRYLIC PAINTING: BEGINNING II  3 UNITS
Projects in acrylic painting with an emphasis on fundamental painting techniques. Prerequisite: Art 13A (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 13C  ACRYLIC PAINTING: ADVANCED I  3 UNITS
Advanced projects in acrylic painting with emphasis on individual creative work and development of personal ideas and style. Prerequisite: Art 13B (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ARTS 13D  ACRYLIC PAINTING: ADVANCED II  3 UNITS
Advanced projects in acrylic painting with emphasis on individual creative work and development of personal ideas and style. Prerequisite: Art 13C (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

ART HISTORY (ARHS)

ARHS 1  INTRODUCTION TO ART  3 UNITS
Architecture, sculpture, painting, photography and design in relation to human inventiveness in providing for material and aesthetic needs; orientation to contemporary and historic art forms and principles. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: CI; IGETC: Area 3A
Degree Applicable, Credit  Grading Option: OP

ARHS 4  ART HISTORY: ANCIENT  3 UNITS
History of Western art from prehistoric times through Egyptian, Mesopotamian, Aegean, Greek, Etruscan, Roman, Early Christian, Byzantine, Medieval, Romanesque, and Gothic civilizations. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: CI; IGETC: 3A
Degree Applicable, Credit  Grading Option: OP

ARHS 5  ART HISTORY: RENAISSANCE TO MODERN  3 UNITS
History of Western art from Early Renaissance, High Renaissance, Mannerism, Baroque, Neoclassicism, Romanticism, Realism, Impressionism, Post-Impressionism, 20th Century developments of American art. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: CI; IGETC: 3A
Degree Applicable, Credit  Grading Option: OP

ARHS 6  MUSEUM AND GALLERY TECHNIQUES  3 UNITS
An examination of the methodology and technique of displaying visual art within a museum/gallery space. Opportunities to meet artists from the Bay Area and beyond, learn the meaning behind their artwork, and gain hands-on practice in a range of activities covering the presentation, handling, and security of original artwork in the LPC Center for the Arts Gallery. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP
ASTRONOMY

CONTACT: Dr Neal Ely, Dean .......................... 925.424.1182

About the Program
The Astronomy program offers introductory courses for students wishing to satisfy the Natural sciences requirement for an Associate degree and/or transfer to a four year institution. Course offerings include two separate lecture classes. One is on the origin, evolution, and composition of the solar system, with special emphasis on the earth in relation to other celestial bodies. The other class centers on stars, galaxies, and Cosmology, focusing on the relationship of the Solar System to the grand scale of the Universe. The history of Astronomy, astronomical tools and technology, and the search for extrasolar planets and life beyond the Earth are also part of the astronomy curriculum. A laboratory course familiarizing students with the night sky, use of telescopes, digital imaging, and spectroscopy is also offered.

Career Opportunities

Transferability
All astronomy lecture courses are fully transferable to four-year universities and meet physical and natural science requirements. In addition, a 1-unit laboratory course meets the physical science laboratory requirement for both transfer and the Associate degree at Las Positas College.

ASTRONOMY (ASTR)

ASTR 1 PRINCIPLES OF ASTRONOMY AND ASTRONOMY 3 UNITS
Includes planets, their motions, the sun and stars, stellar structure and evolution, black holes, galaxies, and cosmology. A companion science laboratory, Astronomy 30 is available. Strongly Recommended: Mathematics 36 or Mathematics 38 and Physics 2A, 8A or 10. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: B1; IGETC: 5A. *No UC credit for ASTR 10 or 20 if taken after ASTR 1.
Degree Applicable, Credit Grading Option: OP

ASTR 10 INTRODUCTION TO ASTRONOMY: THE SOLAR SYSTEM 3 UNITS
Introduction to history and physical principles of astronomy, focusing on our Solar System. Includes view of heavens, historical development of scientific models of the sky, telescopes, formation and evolution of the solar system, and the possibilities for life in space. Designed for non-majors in mathematics or physical science. A companion science laboratory, Astronomy 30, is also available. 3 hours lecture. AA/AS GE. Transfer: CSU, UC*, CSU GE: B1; IGETC: 5A. *No UC credit for ASTR 10 or 20 if taken after ASTR 1.
Degree Applicable, Credit Grading Option: OP

ASTR 30 INTRODUCTION TO ASTRONOMY LABORATORY 1 UNIT
Introduction to laboratory principles and techniques in astronomy. Includes telescope operation and measuring stellar magnitudes, spectral lines, motions of the sun, moon and planets. Prerequisite: Astronomy 1, 10, or 20 (May be taken concurrently). 2-3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: B3; IGETC: 5A Lab
Degree Applicable, Credit Grading Option: OP

AUTOMOTIVE TECHNOLOGY

DEGREE

CONTACT: Dr Janice Noble, Dean .......................... 925.424.1324

About the Program
Automotive technicians are in high demand in California and throughout the U.S. but there is a lack of trained professionals to meet this demand. This shortage of well-trained technicians has been caused by advances in computerized engine controls, evolving emissions regulations, and development of alternative technologies driven by the ever-escalating cost of fuel. The Las Positas College Automotive Technology program can provide the skills necessary to qualify as trained entry-level technicians, as well as for career advancement. Students work side by side and hands-on with industry professionals in a fully equipped and up-to-date facility.

Degrees/Certificates
• Degrees:
  • AS – Automotive Electronics Technology
• Certificates:
  • Automotive Service Technician
  • Automotive Technician
  • California Smog Program

Career Opportunities
Las Positas College offers both the Associate degree and Certificate programs designed for direct job entry, which will give the student a thorough and complete knowledge of the basics of the modern automobile. These programs are for technical career majors. The Las Positas College Automotive program also provides training and services in a variety of programs in addition to regular classes: industry-standard training for General Motors, AC Delco and other manufacturers; Automotive Apprenticeship; Smog Certification; Alternative Fuels; State of California Bureau of Automotive Repair Smog Inspection Referee Program. These additional programs provide our students with numerous opportunities for industry exposure. Career opportunities include Teaching, Automotive Technician, Automotive Parts Personnel.

Transferability
While units in this program are transferable to many institutions, students should consult a counselor for information. Students desiring to complete the Associate in Science degree in Automotive Technology within a two-year time-frame should plan ahead because not all classes are offered every semester.
### AUTOMOTIVE TECHNOLOGY (AUTO)

**AS - Automotive Electronics Technology**

**Freshman Year**
- Automotive Technology 55 (Automotive Service) ........................................... 3.5
- Automotive Technology 61A (Fuel Induction, Emission and Computer Control Systems I) ................................................................. 4
- Automotive Technology 61B (Fuel Induction, Emission and Computer Control Systems II) ............................................................ 4
- Automotive Technology 56A (Automotive Electrical/Electronics I) .................. 4
- Automotive Technology 56B (Automotive Electrical/Electronics II) ...................... 4
- Automotive Technology 62 (Automotive Air Conditioning, Cooling and Heating Systems) ................................................................. 3
- General Education Courses .......................... 3

**Sophomore Year**
- Automotive Technology 67A (Advanced Diagnosis and Troubleshooting of Automotive Systems) ......................................................... 4
- Automotive Technology 67B (Advanced Diagnosis and Troubleshooting of Automotive Systems) ......................................................... 4
- Automotive Technology 65 (Automotive Brake and Safety) ........................... 3
- Automotive Technology 66 (Automotive Steering and Suspension Systems) .......... 3
- General Education Courses .......................... 3

Total units required .............................................. 60

### Recommended Electives
- Welding Technology 70
- Computer Information Systems 43
- Business 43
- Speech 10 (meets a General Education requirement)

#### Certificate of Achievement
**Automotive Service Technician**

- Automotive Technology 55 (Automotive Service) ........................................... 3.5
- Automotive Technology 56A (Automotive Electrical/Electronics I) .................. 4
- Automotive Technology 56B (Automotive Electrical/Electronics II) ...................... 4
- Automotive Technology 61A (Fuel Induction, Emission and Computer Control Systems I) ................................................................. 4
- Automotive Technology 61B (Fuel Induction, Emission and Computer Control Systems II) ............................................................ 4
- Automotive Technology 73 (Reading Automotive Service Manuals) .................... 3

Total units required .............................................. 22.5

#### Certificate of Achievement
**Automotive Technician**

- Automotive Technology 55 (Automotive Service) ........................................... 3.5
- Automotive Technology 56A (Automotive Electrical/Electronics I) .................. 4
- Automotive Technology 56B (Automotive Electrical/Electronics II) ...................... 4
- Automotive Technology 61A (Fuel Induction, Emission and Computer Control Systems I) ................................................................. 4
- Automotive Technology 61B (Fuel Induction, Emission and Computer Control Systems II) ............................................................ 4
- Automotive Technology 62 (Automotive Air Conditioning, Cooling and Heating Systems) ................................................................. 3
- Automotive Technology 65 (Automotive Brake and Safety) ........................... 3
- Automotive Technology 66 (Automotive Steering and Suspension Systems) .......... 3
- Automotive Technology 67A (Advanced Diagnosis and Troubleshooting of Automotive Systems) ......................................................... 4
- Automotive Technology 67B (Advanced Diagnosis and Troubleshooting of Automotive Systems) ......................................................... 4

Total units required .............................................. 36.5

### Career Certificate

#### California Smog Program
- Automotive Technology 70A (Basic Clean Air Course) ....................................... 3.5
- Automotive Technology 70B (Enhanced Clean Air Car Course) .......................... 1.5
- Automotive Technology 71A (Automotive Electrical and Electronic Systems) .......... 1.5
- Automotive Technology 71B (Engine Performance Systems) ............................ 1.5
- Automotive Technology 71C (Advanced Engine Performance Systems) ............... 1.5
- Automotive Technology 9970 (Current Smog Update Class) ............................ 5

Total units required .............................................. 14.5

$1This certificate is not transcripted. This group of courses provides industry-based professional development. Individual courses will appear on transcript. See a counselor for further information.

### AUTOMOTIVE LABORATORY

**AUTO 55 AUTOMOTIVE SERVICE**

- Bumper to Bumper Automotive Knowledge. Starting with hazardous waste handling, tool identification, maintenance and lubrication, moving into engine mechanical, emissions controls, suspension systems, air conditioning, airbags and safety, transmissions, axles, and finishing off with the future of the automotive industry. This is an introductory class for people who want to know more about their vehicle or who are planning an automotive career. 2.5 hours lecture, 3 hours laboratory. Transfer CSU (May be taken 4 times)
- Degree Applicable, Credit

**AUTO 56 AUTOMOTIVE LABORATORY**

- Automotive Lab is an open laboratory class for basic and advanced automotive students. This class is for students desiring to expand their hands-on experience using their own vehicle. Instructor will provide technical and supervisory support to guide students in completion of their self-initiated projects. Service information via computer service manuals will be available for students to use for vehicle information and research. Prerequisite: Automotive Technology 55 (may be taken concurrently). 6 hours laboratory. (May be taken 4 times)
- Degree Applicable, Credit

**AUTO 60A AUTOMOTIVE ELECTRICS/ELECTRONICS I**

- Automotive electrical/electronic systems, including electrical circuits, ohms law, battery, starting, charging, ignition, fuel, accessories, and wiring systems. Emphasis on diagnosis of electrical troubles, assembly, and repair of components and diagnostic equipment usage. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (May be taken concurrently). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
- Degree Applicable, Credit

**AUTO 60B AUTOMOTIVE ELECTRONICS**

- Continuation of Automotive Technology 60A with emphasis on diagnosis and repair of electrical/electronic components including computer controlled circuits/systems using schematics, diagnostic procedures, and equipment; and repair. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 60A (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
- Degree Applicable, Credit
AUTOMOTIVE TECHNOLOGY

AUTO 61A  AUTOMOTIVE FUEL INDUCTION, EMISSION COMPUTER CONTROL SYSTEMS I  4 UNITS
Principles of automotive fuel induction, ignition and emission control systems, including inspection, diagnosis and repair of fuel and emission control systems/components governed by federal and state laws and standards. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (May be taken concurrently). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 61B  AUTOMOTIVE FUEL INDUCTION, EMISSION COMPUTER CONTROL SYSTEMS II  4 UNITS
Continuation of Automotive Technology 61A with emphasis on emission control, fuel injection and computer control systems. Includes software/hardware concepts and applications, sensors and control circuits, diagnosis and repair of systems and components. Strong 5 gas analysis will be studied. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 61A (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 62  AUTOMOTIVE AIR CONDITIONING, COOLING AND HEAT SYSTEMS HVAC  3 UNITS
Diagnosing, evaluation, testing, adjustment, and repair of heating, ventilation and air conditioning (HVAC). Includes heat and energy, psychrometrics, air flow, refrigerant recycling, equipment and controls. Student will be prepared to pass a nationally recognized HVAC certificate program, required by all California HVAC repair shops. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (May be taken concurrently). 2 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 64  ALTERNATIVE FUEL SYSTEMS  4 UNITS
A study in the history, current and future of alternative fuels in the automotive industry. Emphasis on shop safety, hazardous waste handling, high voltage electrical precautions, basic engine construction of hybrids, battery storage systems, fuel storage systems, compressed natural gas, liquid propane gas, bio-diesel and hydrogen cell technology. A term paper will be required for completion of the class. Students are strongly recommended to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (May be taken concurrently). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 65  AUTOMOTIVE BRAKE AND SAFETY INSPECTION  3 UNITS
Diagnosis, evaluation, inspection, adjustment, and repair of safety equipment, braking and antilock braking systems and related devices. Class will involve California State law regarding brake and safety inspections. Includes the material on the California Brake Adjuster’s Licensing Examination. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (May be taken concurrently). 2 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 66  AUTOMOTIVE STEERING AND SUSPENSION  3 UNITS
Diagnosis, evaluation, testing, adjustment, and repair of steering and suspension systems. Including all common automotive steering and suspension systems both car and truck. Future systems will also be covered. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (May be taken concurrently). 2 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 67A  ADVANCED DIAGNOSIS AND TROUBLESHOOTING OF AUTOMOTIVE SYSTEMS  4 UNITS
Continuation of Automotive Technology 60B and 61B with an emphasis on diagnosis of electronic problems including computer controlled circuits/systems using schematics, diagnostic procedures and equipment. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisites: Automotive Technology 60B and Automotive Technology 61B (both completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 67B  SPECIAL ADVANCED DIAGNOSIS AND TROUBLESHOOTING OF AUTOMOTIVE SYSTEMS  4 UNITS
Continuation of Automotive Technology 67A and 67B with an emphasis on diagnosis of complex electronic problems in computer controlled systems. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 67A. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 69  AUTOMOTIVE TESTING AND DIAGNOSIS  4 UNITS
Inspection, diagnosis and repair of connected and related components, and malfunctioning parts; replacing and adjusting components for maximum efficiency and emission standards. Students are strongly recommended to enroll in Automotive Lab concurrently. Prerequisites: Automotive 60B and 61B (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

AUTO 70A  BASIC CLEAN AIR CAR COURSE  3.5 UNITS
This course covers the basic understanding of vehicle emissions systems including their computers and how to identify and diagnose them effectively. This course will also cover advanced diagnostic and repair procedures on 2nd Generation On Board Diagnostic (OBD II vehicles using the latest electronic interface diagnostic equipment as well as rules and regulations in the revision of the Smog Check Manual. This course is a combination of the previous Basic Clean Air Car Course, the 2003 Update Course, and the OBD II Update Course. Industry Advisory: In order to be eligible to take the State Licensing Exam at completion of the course/program, students must also have one-year trade experience in engine performance/ emissions, or 9 semester units (13 quarter units) in Automotive Technology, or 180 hours at an accredited automotive school. 2.5 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP
AUTO 70B  ENHANCED CLEAN AIR CAR COURSE  1.5 UNITS
This course covers the operating procedures of the BAR-97 dynamometer smog testing equipment and procedures as well as advanced diagnostic and repair procedures to repair vehicles that fail the loaded mode emission test. Industry Advisory: Successful completion of the Basic Clean Air Course is required to enroll in this class. In order to be eligible to take the State Licensing Exam at completion of the course/program, students must also have one-year trade experience in engine performance/emissions, or 9 semester units (13 quarter units) in Automotive Technology, or 180 hours at an accredited automotive school. 1 hour lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 71A  AUTOMOTIVE ELECTRICAL AND ELECTRONIC SYSTEMS  1.5 UNITS
This is a Bureau of Automotive Repair approved alternative to the ASE A-6 certification required for obtaining and maintaining smog technician licenses. This course focuses on diagnosis and repair of automotive electrical and electronic systems. The course is designed to help the student understand how electricity works in today’s modern automobile. Industry Advisory: Students entering the course are expected to have a firm background in automotive engine theory and operation. In order to be eligible to take the State Licensing Exam at completion of the course/program, they must also have one year trade experience in engine performance/emissions, or 9 semester units (13 quarter units) in Automotive Technology, or 180 hours at an accredited automotive school. 1 hour lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 71B  ENGINE PERFORMANCE SYSTEMS  1.5 UNITS
This is a Bureau of Automotive Repair approved alternative to the ASE A-8 certification required for obtaining and maintaining smog technician licenses. This course focuses on basic engine theory and testing, smog cause and effect, fuel systems, emission control systems, computerized engine control systems, ignition systems, and diagnostics. Industry Advisory: Students entering the course are expected to have a firm background in automotive engine theory and operation. In order to be eligible to take the State Licensing Exam at completion of the course/program, they must also have one year trade experience in engine performance/emissions, or 9 semester units (13 quarter units) in Automotive Technology, or 180 hours at an accredited automotive school. 1 hour lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 71C  ADVANCED ENGINE PERFORMANCE SYSTEMS  1.5 UNITS
This is a Bureau of Automotive Repair approved alternative to the ASE L-1 certification required for obtaining and maintaining smog technician licenses. This course focuses on systematic diagnosis and repair of drivability and emissions problems. Students will gain an in-depth understanding of compression, ignition, fuel, air, and vacuum as well as a good working knowledge of diagnostic procedures involved in diagnosing and repairing computer controlled engines. Industry Advisory: Successful completion of the Basic Clean Air Car Course is required to enroll in this class. In order to be eligible to take the State Licensing Exam at completion of the course/program, students must also have one-year trade experience in engine performance/emissions, or 9 semester units (13 quarter units) in Automotive Technology, or 180 hours at an accredited automotive school. 1.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 72A  POWERTRAINS: ENGINES AND TRANSMISSIONS  4 UNITS
Part one of an in-depth study of engine, transmission, rear axle, front axle, and transfer cases: mechanical, measurement, and assembly. An in-depth study of the above mentioned components including theory, teardown, evaluate, qualifying, and rebuilding. Class emphasis is on engines and transmissions. Students are encouraged to enroll in Automotive Lab concurrently. Prerequisite: Automotive Technology 55 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 72B  POWERTRAINS: TRANSFER CASE, FRONT AND REAR AXLES  4 UNITS
Part two of an in-depth study of engine, transmission, rear axle, front axle, and transfer cases: mechanical, measurement, and assembly. An in-depth study of the above mentioned components including theory, teardown, qualifying, and rebuilding. Class emphasis is on rear axles, front axles and transfer cases. Students are encouraged to enroll in Automotive Laboratory concurrently. Prerequisite: Automotive Technology 55 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 72C  POWERTRAINS: MODIFICATION FOR PERFORMANCE  4 UNITS
An in-depth study of engine and transmission modification in order to gain performance. This class will explain the differences in laws governing fifty state vehicles and those registered in California. How to gain performance legally and the penalties of breaking the law is also covered. Students will know the benefit versus cost of bolt-on performance products and major engine or transmission modification. NOTE: Some modifications are intended for off-road applications only. Students are encouraged to enroll in Automotive Laboratory concurrently. Prerequisite: Automotive Technology 55 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

AUTO 99  SELECTED TOPICS IN AUTOMOTIVE TECHNOLOGY  0-3-3 UNITS
Designed to explore special interest subjects drawn from the field of Automotive Technology. Emphasis will be on topics of practical use to automotive technicians as well as for persons employed in the automotive industry. Prerequisite may vary for specific topics. 3-9 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP
About the Program

The Biology Program provides a diverse array of options to meet the needs of our community. Program tracks are available for students seeking transfer, an AA degree, a pre-nursing and pre-dental hygiene pathway, pre-professional pathways (e.g., medicine, radiology, optometry, paramedic, veterinary), courses toward other AA/AS degrees and certificates (e.g., Horticulture, Physical Education, Psychology, Viticulture/Enology), and general education courses. Biologists study the origin and evolution, development, anatomy and physiology, biochemistry and molecular biology, genetics, ecology, behavior, and other basic principles of plants, animals, and other living organisms. The course work and the AA degree in Biology help students understand these concepts, while the degree in Biology with the emphasis in allied health provides students with the basic understanding of the physical and physiological interrelationships which exist between organs, tissues, and cells and how microorganisms can be beneficial and sometimes harmful to humans.

Degrees/Certificates

- Degrees:
  - AA – Biology
  - AA – Biology (Emphasis in Allied Health)*
  *Pending approval by State Chancellor’s Office

Career Opportunities

Various areas of specialization are available to biologists in academic and industrial research, manufacturing, teaching, health care, natural resource management, public policy, consulting, administration, and organizations such as zoos, aquaria, museums, and parks. Biologists are usually classified according to specialty, e.g., microbiologists, ecologists, physiologists, molecular biologists, biochemists, naturalists, and geneticists. Preparation for some entry-level jobs in these and other areas generally requires a bachelor’s degree in biology. The AA with the emphasis in Allied Health provides students the science background needed to understand the physical and physiological interrelationships which exist between organs, tissues, and cells and how microorganisms can be beneficial and sometimes harmful to humans in preparation for entry into allied health careers, such as nursing, dental hygiene, and surgical technician programs.

Transferability

The AA Biology degree is designed to prepare students for transfer; however, completion of this AA degree also provides entry-level opportunities for laboratory technicians in industry and the academic environment. This program fulfills typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student also refer to the catalog of the prospective transfer institution and consult a counselor.
BIOLOGY - BOTANY - BUSINESS

BIO 31  INTRODUCTION TO COLLEGE BIOLOGY   4 UNITS
Basic principles of biology. Cell structure and function, cell division, cell metabolism, reproduction, genetics, taxonomy, origin of life, and evolution. Laboratory emphasis on developing various laboratory skills, using the metric system, collecting data, graphing, interpreting data, and preparing for and taking laboratory exams. Designed to prepare the necessary concepts and laboratory skills and experience that are needed to succeed in more advanced courses in biology. Strongly recommended: Math 65 or 65B or 65Y and eligibility for English 1A. 3 hours lecture, 3 hours laboratory. AA/AS GE. Transfer: CSU, UC*, CSU GE: B2, B3; IGETC: SB & Lab. "Biol 10 and 31 combined: max UC credit, one course
Degree Applicable, Credit  Grading Option: GR

BIO 40  FIELD BIOLOGY   3 UNITS
California ecosystems and living vertebrates, their behavior, evolution and ecology, and their interactions with humans. 2 hours lecture, 3 hours laboratory. Transfer: CSU, UC GE: B2, B3
Degree Applicable, Credit  Grading Option: OP

BIO 50  ANATOMY AND PHYSIOLOGY   4 UNITS
Structure and function of the human body is studied. Emphasis on human anatomy and physiological principles at the cellular and systemic level. Designed primarily for majors in paramedic and medical assisting programs and pre-medical students who wish to explore the realm of anatomy and physiology. 3 hours lecture, 3 hours laboratory, AA/AS GE. Transfer: CSU, UC*, CSU GE: B2, B3; IGETC: SB & Lab. "Biol 50 combined with ANAT 1 and PHSI 1: max UC credit, 2 courses
Degree Applicable, Credit  Grading Option: GR

BOTANY (BOTN)

CONTACT: Dr. Neal Ely, Dean................................. 925.424.1182

Botany 1 is one of many courses offered by the Biology Department. It fulfills various degree, certificate, transfer, and/or career requirements. For more details about how Botany 1 fits into different pathways, please see “Biology” in the catalog, page 61.

BOTN 1  GENERAL BOTANY   5 UNITS
Plant structure and function, with emphasis on anatomy, morphology, and physiology of higher (flowering) plants. Includes evolutionary sequence of plant forms and basic principles of ecology. Prerequisite: Math 55 or 55B or 55Y or an appropriate skill level demonstrated through the mathematics assessment process. Strongly recommended: Biology 31. 3 hours lecture, 6 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: B2, B3; IGETC: SB & Lab
Degree Applicable, Credit  Grading Option: GR

BUSINESS

DEGREE  CERTIFICATE

CONTACT: Dr. Janice Noble, Dean ................... 925.424.1324

About the Program

The Business area of study is designed to prepare students for a wide range of careers and to assist students in upgrading existing work knowledge and skills. The areas of specialization available at Las Positas College reflect the current and projected needs of the ever changing, dynamic business environment. It is critical that students work closely with business faculty and counselors to determine what degrees or certificates are most consistent with their individual career and/or transfer goals. Students may pursue programs that:

• Upgrade skills
• Prepare them for work
• Continue their education with a transfer pattern of study

Degrees/Certificates

• Degrees:
  • AS — Business Administration (Transfer Preparation)
  • AA — Business Entrepreneurship

• Certificates:
  • Business Entrepreneurship
  • Accounting Technician
  • Business Workforce Proficiency
  • Retail Management
  • Supervisory Management

Career Opportunities

Career opportunities include, but are not limited to: entry, level-one analyst and assistant positions in marketing, human resources, distribution, logistics, human resources, product research, and finance; and entry-level supervisory positions in all business and non-profit entities.

Transferability

A majority of the Business courses transfer to four-year universities and may fulfill typical lower division major requirements for business related majors. Variation in requirements may exist at particular four-year universities; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

AA — Administrative Assistant

BUSN 88 HUMAN RESOURCES MANAGEMENT 3 UNITS
Introduction to the management of human resources with an emphasis on understanding the impact and accountability to the organization in terms of human resource decisions and activities. Focus on best strategies and practices in recruitment and selection, performance management, compensation and benefits, employee relations, and workplace health, safety and security. Strongly recommended: Business 56. 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: OP
BUSINESS - CERTIFIED NURSING ASSISTANT - CHEMISTRY

BUSN 91  WORK FORCE DEVELOPMENT SEMINAR  1 UNIT
LaPTECHS (Las Positas Technical Support) is an on-campus business that provides on-the-job training in technical and business applications. Assessment of job-related skills, goal setting, time planning and prioritizing, improvement of listening and nonverbal communication strategies, development of critical thinking abilities in working with data, materials and people. Assessment, analysis and improvement of characteristics, values, attitudes and guide transition into the workplace. Corequisite: Business 92. 1 hour lecture. (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

BUSN 92  WORK FORCE DEVELOPMENT LABORATORY  1-2 UNITS
LaPTECHS (Las Positas Technical Support), an on-campus, on-the-job training laboratory simulating a workplace environment wherein students perform typical workplace functions in either business or technical applications. Technical applications include: hardware and operating system support, job shadowing LPC tech support team, job skills preparation. Business applications include: data and information collections, storage and retrieval, document preparation, customer service, verbal and nonverbal communication, job skills preparation. Corequisite: Business 91. 4 or 8 hours laboratory/week/unit. (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

BUSN 95  BUSINESS WORK EXPERIENCE  1-3 UNITS
Earn college credit while working. College supervised part-time or full-time employment. Through the cooperation of the work supervisor, students contract to accomplish new learning objectives and broaden their experiences at work. Corequisite: Concurrent enrollment in Business 96. 5-15 hours of employment per week. Maximum units for all work experience courses, combined (95, 96 and 98) total of 16 units. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: GR

BUSN 96  BUSINESS WORK EXPERIENCE SEMINAR  1 UNIT
Earn college credit while working. Focal point for the coordination of college supervised part-time or full-time employment. With an emphasis on building strong working relationships with supervisors, subordinates and co-workers, seminar topics include: effective communication skills, career exploration, resume writing, job interviewing and case studies. Corequisite: Business Work Experience 95. Maximum units for all work experience courses, combined (95, 96 and 98) total of 16 units. Transfer: CSU (May be taken four times)
Degree Applicable, Credit  Grading Option: GR

BUSN 105A  BUSINESS ARITHMETIC  2 UNITS
Self-paced, individualized, mastery learning course covering decimals and fractions. Application of these arithmetic skills to common business problems such as: bank statement reconciliation, payrolls, insurance, measurement. 3 hours laboratory/lecture combination. (May be taken 2 times)
Nondegree Applicable, Credit  Grading Option: GR

BUSN 105B  BUSINESS ARITHMETIC  2 UNITS
Self-paced, individualized, mastery learning course covering percents, proportions, equations. Application of these arithmetic skills to common business problems such as: discounts, interest, prorating, solving for unknowns, linear equations. Prerequisite: Business 105A (completed with a grade of “C” or higher). 3 hours laboratory/lecture combination. (May be taken 2 times)
Nondegree Applicable, Credit  Grading Option: GR

BUSN 107  BUSINESS ARITHMETIC APPLICATIONS  3 UNITS
Application of decimals, fractions, percents, ratios, proportions and equations to common business problems including, but not limited to, bank statement reconciliation, payrolls, purchase orders, invoices, sales. 2 hours lecture, 3 hours laboratory.
Nondegree Applicable, Credit  Grading Option: OP

CERTIFIED NURSING ASSISTANT

CONTACT:  Dr Janice Noble, Dean .......................... 925.424.1324

CNA 50  NURSING ASSISTANT FUNDAMENTALS  5 UNITS
This course covers communication and interpersonal skills, infection control, safety and emergency procedures, promoting resident independence, respecting resident rights, basic nursing skills, personal care skills, mental health and social services needs, care of the cognitively impaired resident, basic restorative care, resident rights, dementia, and cultural awareness. During the program HIPAA, CPR for the healthcare provider, HIV/AIDS, will be integrated into the program. Upon completion, student will be eligible to take the State of California Certification Examination to become a Certified Nursing Assistant qualified for employment in community and long-term health care facilities. 3 hours Lecture, 6 hours laboratory.
Transfer: CSU (May be taken four times)
Degree Applicable, Credit  Grading Option: GR

CHEMISTRY

• DEGREE

CONTACT:  Dr Neal Ely, Dean .......................... 925.424.1182

About the Program
The Chemistry Program offers various courses that fulfill many academic requirements including general education requirement in the area of Natural Sciences; prerequisite courses for entry into allied health fields including nursing and dental hygiene; and majors courses for transfer to four-year institutions for continued study in the areas of chemistry, biology, physics, engineering, and other related fields or for pre-professional studies in medicine, dentistry, or pharmacy.

Degrees/Certificates
• Degree:
  • AS – Chemistry (Transfer Preparation)

Career Opportunities
There are many career options for chemistry majors. The AS Chemistry degree provides entry-level opportunities as chemical or general laboratory technicians in industry and academia. Bachelor’s degree opportunities include careers in pharmaceuticals, materials, petrochemicals, food science, environmental science, business requiring technical management, service and sales, science writing or teaching; and entry into professional studies in medicine, dentistry, pharmacy, and others. Chemistry majors interested in teaching at the college level and/or pursuing research careers will continue on to pursue post-graduate degrees.
Transferability

This AS Chemistry degree fulfills the lower-division requirements recommended by the American Chemical Society for a chemistry transfer major and is typical of requirements at four-year transfer institutions. The program also satisfies lower-division requirements in chemistry for engineering and biology transfer majors or for pre-professional studies in medicine, dentistry, or pharmacy. General education requirements should be selected carefully based on the intended transfer institution, so students should also refer to the catalog of the prospective transfer institution and consult a counselor.

AS – Chemistry (Transfer Preparation)

Freshman Year
Chemistry 1A* (General College Chemistry) ........................................5
Chemistry 1B (General College Chemistry) ...........................................5
Math 1 (Analytical Geometry and Calculus I) ...........................................5
Math 2 (Analytical Geometry and Calculus II) .......................................5
Physics 8A (General Physics I) .............................................................5
Recommended Electives* General Education Courses1

Sophomore Year
Chemistry 12A (Organic Chemistry) .................................................5
Chemistry 12B (Organic Chemistry) ....................................................5
Math 3 (Multivariable Calculus) ............................................................5
Physics 8B (General Physics II) or Physics 8C (General Physics III) ........5
Recommended Electives* General Education Courses1

1 Program-based General Education requirement (may be taken either freshman or sophomore year).

Ecology 10 or Biology 1 or Computer Science 1

Total units required ..............................................................................60

*Recommended Electives:
Physics 8B (General Physics II) or Physics 8C (General Physics III)*
Physics 8D (General Physics IV)
Mathematics 5 (Differential Equations with Computer Applications)
Mathematics 7 (Elementary Linear Algebra with Computer Applications)
Computer Science 1 (Computing Fundamentals I)

*Physics 8B and Physics 8C may be used either to fulfill program core requirements or recommended electives, but may not be double-counted for both areas.

**Fulfils the Natural Science requirement for the AS degree.

To remain in a chemistry class a student must demonstrate competency in chemistry lab safety procedures by receiving a satisfactory score on the safety quiz administered during the NGR period.

CHEMISTRY (CHEM)

CHEM 1A  GENERAL COLLEGE CHEMISTRY  5 UNITS
Introduction to atomic structure, bonding, stoichiometry, thermochemistry, gases, matter and energy, oxidation-reduction, chemical equations, liquids and solids, solutions, chemical energetics and equilibrium concepts. Laboratory includes both quantitative and qualitative experiments. Prerequisites: Mathematics 55 or 55B or 55Y and Chemistry 31 (completed with a grade of “C” or higher). 3 hours lecture, 6 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: B1, B3; IGETC: 5A & Lab. *CHEM 1A and 30A combined: max UC credit; one course
Degree Applicable, Credit Grading Option: GR

CHEM 1B  GENERAL COLLEGE CHEMISTRY  5 UNITS
Continuation of Chemistry 1A. Includes chemical energetics and equilibria, solutions and ionic equilibria, acid-base chemistry, electrochemistry, coordination chemistry, kinetics, nuclear chemistry, organic chemistry, and the chemistry of family groups of the periodic table. Laboratory emphasizes quantitative techniques, including instrumentation, and qualitative analysis. Prerequisite: Chemistry 1A (completed with grade of “C” or higher). 3 hours lecture, 6 hours laboratory. Transfer: CSU, UC; CSU GE: B1, B3; IGETC: 5A & Lab. *CHEM 1B and 30B combined: max UC credit; one course
Degree Applicable, Credit Grading Option: GR

CHEM 12A  ORGANIC CHEMISTRY  5 UNITS
Hydrocarbons, alkyl halides, alcohols, ethers, and an introduction to aromatic hydrocarbons. Structure, bonding, stereochemistry, conformational analysis, nomenclature, and physical properties in relation to these particular groups of compounds. Emphasis on reactivity and reaction mechanisms. Laboratory work includes microscale, macroscale, spectroscopic, and chromatographic techniques. Chemistry 12A is the first semester in a year-long course in organic chemistry designed for students majoring in chemistry and related disciplines. Prerequisite: Chemistry 1B (completed with a grade of “C” or higher). 3 hours lecture, 6 hours laboratory. Transfer: CSU, UC; IGETC: 5A & Lab
Degree Applicable, Credit Grading Option: GR

CHEM 12B  ORGANIC CHEMISTRY  5 UNITS
Continuation of Chemistry 12A with an introduction to the chemistry of aromatics, amines, enols and enolate ions, carboxylic acids, aldehydes, ketones and biochemical topics focusing on structure, synthesis and mechanisms of reaction. Laboratory work in basic techniques, synthetic methods, qualitative, spectroscopic, and chromatographic analysis techniques. Designed for students whose interests require a full year in-depth study of organic chemistry. Prerequisite: Chemistry 12A (completed with a grade of “C” or higher). 3 hours lecture, 6 hours laboratory. Transfer: CSU, UC; IGETC: 5A & Lab
Degree Applicable, Credit Grading Option: GR

CHEM 30A  INTRODUCTORY AND APPLIED CHEMISTRY  4 UNITS
Chemistry of inorganic compounds, atomic theory, bonding, equations, gas laws, solutions, acid-base theory and oxidation-reduction. Designed to meet the requirements of certain programs in allied health and technological fields and for general education. Prerequisite: Mathematics 65 or 65B or 65Y (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: B1, B3; IGETC: 5A & Lab. *CHEM 1A and 30A combined: max UC credit; one course
Degree Applicable, Credit Grading Option: GR

CHEM 30B  INTRODUCTORY AND APPLIED CHEMISTRY  4 UNITS
Continuation of Chemistry 30A with emphasis on organic and biochemical concepts related to human physiological systems. Prerequisite: Chemistry 30A (completed with a grade of “C” or better). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC; CSU GE: B1, B3; IGETC: 5A & Lab. *CHEM 1B and 30B combined: max UC credit; one course
Degree Applicable, Credit Grading Option: GR

CHEM 31  INTRODUCTION TO COLLEGE CHEMISTRY  4 UNITS
Elementary concepts of chemistry with emphasis on mathematical calculations; includes nomenclature, stoichiometry, atomic structure, gas laws, and acids and bases. Designed for majors in science and engineering. Prerequisites: Mathematics 55 or 55B or 55Y (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: B1, B3; IGETC: 5A & Lab. *No UC credit if taken after CHEM 1A or 30A
Degree Applicable, Credit Grading Option: OP
COLLOQUIUM

A colloquium is a discussion course which is regularly scheduled to cover material generally not covered in other lower-division, community college courses. Colloquia may include more in-depth discussion and/or presentations and/or focus on methods of analysis or problem-solving specific to certain areas of study and/or field-based activities. The purpose is to stimulate serious thought through discussion and analysis. A student is limited to one colloquium each semester. A colloquium may be offered under any subject area contained in the Catalog, using the number 9. Open to all students in good standing. 2 hours. Transfer: CSU (May be taken 4 times)

Degree Applicable, Credit Grading Option: Varies by department

UC credit may be granted only after review of course outline by specific UC campus after transfer.

COMMUNITY INTEREST STUDIES

About the Program
Community interest courses are non-credit and include both full-term and short-term courses in a wide variety of course patterns, field studies, seminars, workshops, and other educational activities that will meet the educational needs of the College community. May be offered under any course title contained in the Catalog, using the numbers 200 through 299.

COMPUTER INFORMATION SYSTEMS

° DEGREE ° CERTIFICATE

CONTACT: Dr Janice Noble, Dean ....................... 925.424.1324

About the Program
Computer Information Systems (CIS) degree and certificate programs are for the business professional with an emphasis on a variety of computer subjects applicable to the “real business world.” The types of jobs held by computer professionals fall into several general categories, including computer design and manufacturing, computer sales and service, system development and programming, and computer operations.

The Computer Information Systems (CIS) program is designed to:
• Introduce all students to basic computer literacy skills;
• Build a solid foundation of knowledge to transfer to a four-year institution;
• Enhance, improve, and upgrade current computer skills; and
• Provide classes necessary to acquire computer industry certifications.

Degrees/Certificates

• Degree:
  • AA – Computer Information Systems
• Certificate of Achievement:
  • Computer Applications Software (Microcomputers)
• Career Certificates:
  • Web Development
  • Project Management

Career Opportunities

Include, but are not limited to: administrative assistant, office manager, customer service representative, project manager, event planner, database administrator, help desk specialist, receptionist, technical support specialist, and web site designer/webmaster.

Transferability

A majority of the Computer Information Systems courses transfer to four-year universities and may fulfill some lower division major requirements. The course content will prepare students for further study at the upper division level in majors such as Information Technology, Management Information Systems, and Networking and Data Communications. Variation in requirements may exist at particular four-year universities; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

AA – Computer Information Systems

Freshman Year
Computer Information Systems 50
(Introduction to Computing and Information Technology) .............................. 3
Computer Information Systems 65
(Introduction to Desktop Operating Systems) ..................................................... 2
Computer Information Systems 55 (Integrating Office Applications) .................. 4
Computer Information Systems 88A
(Introduction to Microsoft Word for Windows).............................................. 15
Computer Information Systems 88B
(Advanced Microsoft Word for Windows) ......................................................... 15
Computer Information Systems 54
(Excel: Introduction to Spreadsheets) .................................................................. 4
General Education Courses

Sophomore Year
Computer Information Systems 43 (Professional Communications) ................ 4
Computer Information Systems 66 (Networking Fundamentals) ....................... 3
Computer Information Systems 57 (Access: Introduction to Databases) ............ 4
Systems Analysis and Project Management Options* ...................................... 5
Programming and Web Design Options * .................................................. 6
General Education Courses

Total Units.................................................................................................................. 60

System Analysis and Project Management Options
Select from the following for a minimum of 5 units
Computer Information Systems 60 (Systems Analysis and Design)
Computer Information Systems 62 (Project Management)
Computer Information Systems 70 (Project Management Tools)

Programming and Web Design Options
Select from the following for a minimum of 6 units:
Computer Information Systems 80
(Introduction to Programming: Visual Basic)
Computer Information Systems 68
(Using Visual Basic for Microsoft Office Applications)
Computer Information Systems 59A
(Web Development: HTML/XHTML)
Computer Information Systems 59B
(Web Development: DHTML, CSS, JavaScript)
Computer Information Systems 69
(Web Development: Web Design Technologies and Tools)
Computer Information System 46 (Game Programming: 2D and 3D)
Computer Information Systems 59C (JavaScript and Ajax)
Note: Other classes may be substituted to meet the Programming requirement. Please consult Discipline Coordinator, 925.424.1194

Certificate of Achievement
Computer Applications Software (Microcomputers)

Computer Information Systems 50 (Introduction to Computing and Information Technology) .................................................. 3
Computer Information Systems 65 (Introduction to Desktop Operating Systems) or
Computer Information Systems 84 (Windows) ........................................... 1-2
Computer Information Systems 55 (Integrating Office Applications)........ 4
Computer Information Systems 75 (Office Technology/Communications) ............................................................. 1
Computer Information Systems 43 (Professional Communications) or
Computer Information Systems 88A (Introduction to Microsoft Word for Windows) .................................................. 1.5
Computer Information Systems 89A (Desktop Presentation) ................. 1
Computer Information Systems 89B (Desktop Publishing) ..................... 2
Computer Information Systems 54 (Excel: Introduction to Spreadsheets) ................................................................. 4
Computer Information Systems 57 (Access: Introduction to Databases) ............................................................... 4

COMPUTER INFORMATION SYSTEMS (CIS)

CIS 8 ESSENTIAL COMPUTING SKILLS 2 UNITS

What everyone needs to know. Fundamental computer competency course designed to develop the basic computer skills and knowledge required in today's technological world. Basic computer competency is no longer a nicety, but rather a necessity. Topics include: essentials of computing, hardware and software concepts, the internet, ethical, security, and information protection. Practical hands-on applications will introduce students to the fundamentals of word processing, spreadsheets, presentation software, and email communication. Use of the technology to identify, gather, and analyze information and for communication, and understanding the legal, ethical, and societal implications of technology. No previous experience with computers is required. 15 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

CIS 43 PROFESSIONAL COMMUNICATIONS 4 UNITS

This course is designed to help students develop and refine written and oral communication skills necessary to communicate effectively in a business environment. This will be accomplished through the planning, composing, and evaluating of written communication; report writing; and oral presentations. Additional focus will be placed on developing interpersonal skills, team participation skills, and professionalism. Students who have completed or are enrolled in Business 43, Computer Networking Technology 43, Computer Science 43, English 43, or Speech 43 may not receive credit. Strongly recommended: Eligibility for English 1A. 4 hours lecture. Transfer: CSU (Degree Applicable, Credit Grading Option: OP

CIS 46 GAME PROGRMING: 2D AND 3D 3 UNITS

Want to Play? You have played plenty of games. Now it is time to create your own! Design, develop and test small 2D and 3D computer games using game development software tools such as Scratch, Alice, or similar programming development programs. This first programming course will provide the student with an understanding of the principles of game design, genre-specific design issues, storytelling,
image manipulation, and development teams. Programming experience is not required to get started. Although this course has a programming focus, other topics briefly covered will include the history of computer/video game technology, game genres and design principles, and the social impact of games. Students may enroll in Computer Information Systems 46 and/or CS 46 for a total of 2 times. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CIS 48 INTRODUCTION TO GAME PROGRAMMING CONCEPTS 3 UNITS
Want to Play? You have played plenty of games. Now it is time to create your own! You are interested in programming games, but you don’t know where to begin. This course covers the basics of game programming with an emphasis on hands-on development of games using a Rapid Application Development prototyping tool such as Dark Basic or BlitzPlus. These tools, based on the Basic language, feature powerful graphics engines, and make it possible to demonstrate high-level subjects using a minimum amount of code. This first programming course provides experience and skills writing every element of your first video game—from graphics and animation to sound and music. Programming experience is not required to get started. Although this course has a programming focus, other topics briefly covered will include the history of computer/video game technology, game genres and design principles, and the social impact of games. Students may enroll in CIS 48 and/or CS 48 for a total of 2 times. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU, UC (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CIS 50 INTRODUCTION TO COMPUTING AND INFORMATION TECHNOLOGY 3 UNITS
A comprehensive introductory overview of computers and information technology. Topics include: basic computer concepts and terminology, hardware, software, data and procedures, data communications, Internet, computer programming concepts, the system development process and new emerging technologies. Students will interactively solve applied problems utilizing software productivity tools such as: word processors, spreadsheets, databases, Email, WWW, and programming languages such as Visual Basic or HTML. Introduce the analytical, written and oral communication skills necessary to communicate effectively in a computing environment. 3 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU, UC Degree Applicable, Credit Grading Option: OP

CIS 54 EXCEL: INTRODUCTION TO SPREADSHEETS 4 UNITS
Introductory level spreadsheet class using Microsoft Excel to create a variety of spreadsheets with emphasis on business application programs. Identification of an Excel worksheet, adding numbers and text to a worksheet, calculations using functions and formulas, modify, change and format cell entries, save, retrieve and print a worksheet. Includes functions, templates, data query, charts, and macros. Strongly recommended: Computer Information Systems 50. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CIS 55 INTEGRATING OFFICE APPLICATIONS 4 UNITS
Develop a beginning/intermediate level of skills using the Microsoft Office features of Word, Excel, Access, and PowerPoint to design, produce and integrate: documents, worksheets, databases and professional presentations. The use of Object Linking and Embedding (OLE) to create integrated office documents that promote information sharing and collaboration are covered along with how to create simple integrated office documents on the Web. This course emphasizes workplace communications and information processing skills and standards. Students will complete integrated projects that apply technology to business tasks and represent what is required in an actual business environment using the components of Microsoft Office (Word, Excel, PowerPoint, Access. Strongly recommended: Computer Information Systems 50. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CIS 55B ADVANCED MS OFFICE SKILLS 3 UNITS
Provide students an opportunity for advanced study using the MS Office software suite. Portions of the course will be devoted to an overview of advanced topics in Word, Excel, PowerPoint and Access. Extends the fundamental knowledge of MS Office to incorporate and emphasize the integration capabilities among the individual applications. This class offers a case-based, problem-solving approach to learning the essentials of how to use the components of the Office suite together to build a portfolio of documents for a company that demonstrate your ability to use and integrate Word, Excel, PowerPoint and Access. This may include business cards, letterhead, brochures, spreadsheets, databases, invoices, presentation reports, web pages and more. Strongly recommended: Computer Information System 55. 2 hours lecture and 3 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

CIS 57 ACCESS: INTRODUCTION TO DATABASES 4 UNITS
Introduction to Database Management Systems, a computer program that is used to organize, store, and retrieve information. Understanding of data, file and database concepts using Microsoft Access with emphasis on business applications. Identify and evaluate client needs/requirements and translate those needs into a working database application model. Integrate Access data with other Microsoft applications, such as Word and Excel. Strongly recommended: Computer Information Systems 50 and 55. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CIS 59A WEB DEVELOPMENT: HTML/XHTML 2 UNITS
Introduction to publishing on the World Wide Web (WWW). Topics include: creating Web pages with markup languages, including HTML/XHTML, file management for the Web, and uploading files via File Transfer Protocol (FTP) to a web server. This course includes coding with mark up languages, cascading style sheets, and introduction to scripting (JavaScript), the use of images and other media (audio, video) on the Web, and interactive tools like forms and image maps. This course prepares apprentice Web designers and developers to identify the information needs of a client, design appropriate WWW solutions, and implement them. Strongly recommended: Computer Information System 50. 2 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CIS 59B WEB DEVELOPMENT: DHTML/XHTML, CSS, JAVASCRIPT 2 UNITS
An expansion of HTML web authoring capabilities that includes Dynamic HTML/XHTML, cascading style sheets, and JavaScript. This course is designed to offer students a case-oriented, problem-solving approach to learning beyond the basics of HTML/XHTML. Students will quickly review all the most important topics of HTML/XHTML, from the basics of creating Web pages with graphics and links, using tables, and controlling page layout with frames, to study more advanced topics, including cascading style sheets, programming with JavaScript and JavaScript objects and events, creating a multimedia Web page, creating a Web page with forms, working with dynamic content and layout, controlling mouse and keyboard events, and creating new frames and windows. Strongly recommended: Computer Information Systems 59A. 2 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP
CIS 59C  WEB PROGRAMMING - JAVASCRIPT AND AJAX  4 UNITS
Develop client-side, interactive webpages using JavaScript and asynchronous JavaScript and XML (AJAX) scripting languages. Write JavaScript scripts that manipulate with the JavaScript Document Object Model (DOM), control program flow, validate forms, animate images, target frames, and create cookies. Implement AJAX techniques that uses JavaScript-based objects to retrieve responses from a web server in a dynamic way, allowing for instant, on page updating, a key element in Web 2.0. Strongly Recommended: Computer Information Systems 50. 3 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable: Credit  Grading Option: OP

CIS 60  SYSTEMS ANALYSIS AND DESIGN  3 UNITS
Principles of system analysis, techniques of analysis and design. This course will explore systems analysis and design from the early days of second generation systems development up to and including graphical user interface design and development (GUI). Exercises and case projects to develop knowledgeable use of the entire system development life cycle. Data gathering, problem solving, data flow diagrams, decision tables, pseudocode, database design and implementation, program coding and the use of Computer-Aided Software Engineering (CASE) tools. Strongly recommended: Computer Information Systems 50. 3 hours lecture, 1 hour laboratory. Transfer: CSU Degree Applicable: Credit  Grading Option: OP

CIS 62  PROJECT MANAGEMENT  3 UNITS
Using the Project Management Institute’s (PMI) Guide to the Project Management Body of Knowledge (PMBOK), learn the basic characteristics of projects and project management, with emphasis on the five PMBOK project process groups of initiating, planning, executing, controlling, and closing. Explore the nine knowledge areas of project integration, scope, time, cost, quality, human resources, communication, and risk and procurement management. This introductory course covers the terminology you will need to know, how all the project management processes are linked together, the key areas of expertise you need to know to manage projects successfully. Review objectives of industry certifications including: Project+®, CAPM, PMP. This course focuses on developing and applying management and business skills in typical technical and business environments and provides an introduction to the field of project management. Strongly recommended: Computer Information Systems 60. 3 hours lecture. Transfer: CSU (May be taken 2 times)
Degree Applicable: Credit  Grading Option: OP

CIS 65  INTRODUCTION TO DESKTOP OPERATING SYSTEMS  2 UNITS
Students in this class will gain an understanding of desktop operating systems including DOS, Windows, Unix, and Macintosh. The role of hardware, application software and the operating system, and how it interacts with each will be explored. Students will install, configure, and update the operating system on a microcomputer system. Students who have completed or are enrolled in Computer Networking Technology 50 may not receive credit. Strongly recommended: Computer Information Systems 50. 2 hours lecture, 1 hour laboratory. Transfer: CSU Degree Applicable: Credit  Grading Option: OP

CIS 66  NETWORKING FUNDAMENTALS  3 UNITS
This course is a foundation course that explains and describes how computer networks are designed, installed, and administrated. Introduction to communications concepts, data communications, networking, and Internetworking. Review of major network components: hardware, software, protocols (TCP/IP, IPX/SPX, NETBEUI), topologies, and cabling. Overview of LAN administration, setup, and installation. Preparation for the Network+ certification exam. Students may receive credit for either Computer Information Systems 66 or Computer Networking Technology 52, but are limited to a total of two times in any combination. Strongly recommended: Computer Information Systems 50. 3 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable: Credit  Grading Option: OP

CIS 68  USING VISUAL BASIC FOR MICROSOFT OFFICE APPLICATIONS  2 UNITS
Visual Basic for Applications, a programming language provided with Microsoft Office Suite, provides a common programming language for customizing Microsoft Office applications. With VBA, students will develop customized applications built around the standard Office applications of Word, Excel, PowerPoint, and Access for specific business needs. In this class students will learn how the Microsoft Office suite is related to Visual Basic for Applications (VBA). They will also become acquainted with the Visual Basic for Applications Integrated Development Environment (VBA IDE). They will learn to open the VBA IDE in multiple different Office applications. They will also create some simple programs into the VBA IDE and learn how to run those programs. Finally, students will learn how to create and run a macro and view the code created by the macro. Strongly recommended: Computer Information Systems 55. 2 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable: Credit  Grading Option: OP

CIS 69  WEB DEVELOPMENT: WEB DESIGN TECHNOLOGIES AND TOOLS  2 UNITS
A survey of the languages and tools used to author Web pages. Introduction to the basics of HTML/XHTML and Cascading Style Sheets (CSS) and explains how to develop basic Web pages using Dreamweaver authoring tool. Learn how to create and manipulate images and animation with Adobe Photoshop, ImageReady, Fireworks, and Flash. Add interactivity to your Web pages using JavaScript and DHTML. Students will create many different applications ranging from simple Web pages that link to other Web pages, animations that run within a Web page, and JavaScript programs that interact with visitors to a Web site. Strongly recommended: Computer Information Systems 59A. 2 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable: Credit  Grading Option: OP

CIS 70  PROJECT MANAGEMENT TOOLS  2 UNITS
Microsoft Project, Visio, and more. Hands-on overview of various types of project management software applications that help manage and track projects and tasks, visually draw network and process flow diagrams and create diagrams of relationships between ideas or other pieces of information. Software to include desktop and/or web-based versions of proprietary and/or open source software such as Microsoft Project/Open Workbench, Visio, Mind Mapping software. 15 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable: Credit  Grading Option: OP

CIS 71A  KEYBOARDING (THE ALPHABET)  1 UNIT
Introduction to the alphabet letter keys on the computer keyboard for touch-typing. Learn basic keyboarding techniques for accuracy and speed. Develop skill in using the mouse for windows and software applications. This course is the first in a series of sequential courses in Keyboarding instruction. Students are advised to take these courses in sequence for best training results. 42 total hours. (May be taken 3 times)
Degree Applicable: Credit  Grading Option: OP

CIS 71B  KEYBOARDING (NUMBERS AND SYMBOLS)  1 UNIT
Introduction to the numbers and symbol keys on the computer keyboard for touch typing. Learn basic keyboarding techniques for building accuracy and speed. Develop skill in using the mouse for windows desktop use. Strongly recommended: CIS 71A (*Note: If you have had no previous keyboard training, you should take CIS 71A before attempting this course) 42 total hours. (May be taken 3 times)
Degree Applicable: Credit  Grading Option: OP
CIS 71C  SKILLS DEVELOPMENT  1 UNIT
Development of keyboarding skill for those students who have learned
the location of the keys on the keyboard by touch and are ready
to increase speed. The keyboarding software analyzes participant's
typing technique and suggests practice that will help to type faster.
Skill progress is measured by keying text within specified time limits.
(*Note: This course is the third module in a series of
beginning keyboarding instruction. Students should know the location
of the keys on the keyboard before attempting this course. A typing
speed of at least 25 wpm is also important to completing this course
successfully.) Strongly recommended: Computer Information Systems
71B competency. 42 total hours. (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

CIS 71D  SPEED AND ACCURACY IMPROVEMENT  1 UNIT
This course continues the speed and accuracy progress achieved in
CIS 71C. This is a course for all students working towards speed and
accuracy development. Program software analyzes technique problems
and assigns practices to improve speed and accuracy. Skill progress is
measured by keying text within specified time limits. (*Note: This course
is the first of two advanced modules in speed building. Students should
have successfully completed a beginning course. A typing speed of at
least 35 wpm is required. Strongly recommended: Computer Information Systems
71C competency. 42 total hours. (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

CIS 71E  KEYBOARDING CONTROL
AND DEVELOPMENT  1 UNIT
The second advanced module in keyboarding speed and accuracy
building. Practice keyboarding control of speed and accuracy on
straight copy, rough draft copy, handwritten copy and copy with
numbers, symbols, and tabulation. Progress measured through timed
writings on various types of copy at specified time limits. Strongly
recommended: Computer Information Systems 71D competency.
42 total hours. (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

CIS 72A  DATA MANAGEMENT
1 UNIT
Individualized theory and practice of alphabetic, numeric, geographic,
and subject filing. Basic principles of filing and effective records
management for both paper and electronic filing systems. Introduction
to database functions, such as enter, edit, find, and delete records;
create queries; and print reports. 42 total hours. Transfer: CSU (May be
taken 2 times)
Degree Applicable, Credit  Grading Option: OP

CIS 72B  SPREADSHEET INTEGRATION
WITH WORD PROCESSING  1 UNIT
Individualized instruction in the basic usage of spreadsheet software in
document reporting and presentation. Integration of spreadsheets with
other software for business communication. Strongly recommended:
Computer Information Systems 50 and Computer Information Systems
88A or word processing equivalency. 42 total hours. Transfer: CSU (May be
taken 2 times)
Degree Applicable, Credit  Grading Option: OP

CIS 73A  TEN-KEY SKILL DEVELOPMENT  1 UNIT
Individualized mastery learning program in ten-key skill development
on the numeric keypad, using spreadsheets and electronic calculators.
30 total hours. (May be taken 2 times)
Degree Applicable, Credit  Grading Option: OP

CIS 75  OFFICE TECHNOLOGY/COMMUNICATIONS  1 UNIT
Overview of various technologies (such as bulletin boards,
teleconferencing, shared resources, voice-messaging systems, and
online services) used for communicating internally and externally
with microcomputers. Hands-on practice with electronic mail,
the Internet, MS Outlook, and integrating the MS Office Suite to
perform administrative tasks and functions for managing the office.
Strongly recommended: Eligibility for English 1A and Computer
Typing at 30 wpm. 0.5 hour lecture, 1.5 hours laboratory.
Degree Applicable, Credit  Grading Option: OP

CIS 77  VIRTUAL OFFICE/SOHO TECHNOLOGIES  2 UNITS
Examine from a practical viewpoint the technologies, technical
terminology, installation, and operation of a small office/home office
(SOHO) or virtual office. Explores steps in creating a virtual
office, setting up a home office using technology to support a
business, and other topics related to communication and business
operations. Hardware, software, tools and gadgets for the virtual,
computer-based small office/home office business are evaluated.
Strongly recommended: Computer Information Systems 50. 2 hours
lecture, 1 hour laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CIS 78  BECOMING A VIRTUAL PROFESSIONAL  3 UNITS
A Virtual Professional is an independent entrepreneur that provides
their services on a contractual basis using today's advanced
technology from their own office or remote location. Services
offered by each Virtual Professional differ according to their own
skills. Students will explore the career opportunities available to
administrative support personnel or "virtual assistants" or other
professionals offering their services in a virtual environment. This
course provides information and guidance in creating a virtual
office. Topics include: marketing your abilities, setting up an in
home office, using technology to support your business, coping
with working alone, electronic communication, and professional
networking. Strongly recommended: Computer Information Systems 50. 3 hours lecture, 1 hour laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CIS 79  MEDICAL OFFICE PROCEDURES  3 UNITS
Medical office principles and procedures to include
telecommunications, scheduling appointments, office equipment,
medical documents and word processing, managing medical
records, banking, payroll, expense reports, petty cash, billing,
recordkeeping, postal services, health insurance, coding, and
utilizing the Internet for online financial services and resources.
The importance of medical ethics in application of professional
office behavior. Overview of medical law and careers in medical
office environment. Strongly recommended: Computer Information Systems 8 and Computer Information Systems 88A. 2 hours lecture,
3 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CIS 80  INTRODUCTION TO PROGRAMMING:
VISUAL BASIC  4 UNITS
Introduction to fundamental programming concepts and logic
using Visual Basic.NET to emphasize problem-solving techniques
using structured design and development. Extensive coverage of
the Visual Basic programming language using the Microsoft.Net and
Visual Studio IDE environment. Students will construct forms and
applications that deploy on multiple platforms such as Windows OS,
Office applications, Web pages, cell phones, and handheld computers.
Strongly Recommended: Computer Information Systems 50. 3 hours
lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit  Grading Option: OP
CIS 81 DIGITAL MEDIA SKILLS IN THE WORKPLACE I 2 UNITS
Increased workplace demand for digital media skills – planning, designing, creating, maintaining and managing effective communications using different forms of digital media: photo imaging capture and manipulation, video/audio production, web site/blog/podcast publishing. Via instructor-led tutorials and media-intensive projects, students will learn introductory hands-on techniques for producing beginning-level self-running presentations, multimedia web sites, digital images, and streaming audio and video. 1.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

CIS 84 WINDOWS 1 UNIT
Self-paced, hands-on class introducing Microsoft Windows operations. Participants will become familiar with the windows environment. Learn techniques to manage files and folders, use Microsoft Windows’ accessories programs, such as WordPad, Calculator, and Paint, and share data between programs. 0.5 hours lecture, 1.5 hours laboratory.
Degree Applicable, Credit Grading Option: OP

CIS 85A WEB DEVELOPMENT: DREAMWEAVER I 2 UNIT
This course is an introductory course primarily for new or prospective Web designers who want to develop Web pages/sites using Dreamweaver Web authoring software. Topics include: planning, designing, creating, editing, and publishing Web pages with emphasis on hyperlinks, formatting text with CSS, graphics, lists, tables, frames, and basic rollovers. Students will learn to plan, build, organize, upload and manage Web pages as a Web site. Strongly recommended: Computer Information Systems 84. 2 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

CIS 85B WEB DEVELOPMENT: DREAMWEAVER II 2 UNIT
In this course, you’ll learn and demonstrate intermediate web page and site design skills using Dreamweaver web authoring software. Some powerful features lie just below the surface in Dreamweaver, including precision positioning through layers, expanded interactivity, and even the ability to create JavaScript and Cascading Style Sheets without wading through reams of code. Students will learn to plan, build, organize, upload and manage Web pages as a Web site. Strongly recommended: Computer Information Systems 85A. 2 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit Grading Option: OP

CIS 86 OVERCOMING COMPUTER ANXIETY 1 UNIT
Introduction to computers for users with reservations and anxiety about getting started. Course will be combining keyboard training with operating systems commands, fundamental features of word processing, database, spreadsheet and graphics software programs. 0.5 hours lecture, 1.5 hours laboratory.
Degree Applicable, Credit Grading Option: OP

CIS 88A INTRODUCTION TO MICROSOFT WORD 1.5 UNITS
Develop the skills needed in the workplace to produce common business documents. Topics include document creation and editing; use of Microsoft Word features to apply character and paragraph formatting; creating and formatting tables, enhancing visual appeal by incorporating graphics elements, and printing documents. Strongly recommended: Computer Information Systems 71A. 1 lecture hour; 1.5 laboratory hours. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

CIS 88B ADVANCED MICROSOFT WORD FOR WINDOWS 1.5 UNITS
Advanced word processing techniques such as multiple columns, mail merge, styles, macros, and templates, to produce complex business documents. Incorporate graphics features to create flyers, and newsletters. Strongly recommended: Computer Information Systems 88A. 1 hour lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

CIS 89A DESKTOP PRESENTATION 1 UNIT
Desktop presentation design techniques and enhancements. Application using current desktop presentation software. Hands-on experience creating, saving, printing slide shows. 6 week class. 5 hours lecture. 1.5 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

CIS 89B DESKTOP PUBLISHING 2 UNITS
Introduction to the concepts and techniques used in desktop publishing. Hands-on computer experience using desktop publishing software to combine text and graphics, worksheets and charts, and other program features to create publications. In the planning, designing, publishing process, problem solving/critical thinking techniques emphasized. 1 hour lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

CIS 90 TODAY’S TECHNOLOGY TOOLS 2 UNITS
Technology is always changing; this fun, fast-paced, dynamic class is a hands-on exploration of today’s hot new technologies. Students will identify today’s new technology trends, understand how and why to appropriately incorporate these technology tools into school/workplace activities. Today, with student input, topics could include: new web tools (instant messaging, podcasting, blogs, wikis, social networking sites, virtual worlds), new websites, collaboration software, tech gadgets, and more. Tomorrow? to be determined 1.5 hours lecture/1.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

CIS 91 INTEGRATING SOFT SKILLS WITH TECHNICAL PROFICIENCY 0.5 - 2 UNITS
“Soft Skills” or Workplace Readiness Skills result in effective job performance or college success. Soft skills complement hard skills, which are the technical requirements of a job. Combine technical proficiency with soft skills employability and foundation skills such as verbal and written communication, problem-solving and decision marking, and teamwork. Students enroll in one or more of four 8-hour seminars that focus on these soft skills: 1) effective written communication; 2) effective verbal/non-verbal communication; 3) problem solving and decision marking; or 4) technology proficiency assessment. These skills have been identified as critical to the success of all IT professionals. 8 hours lecture/1 hour laboratory for each of the four above seminars. 0.5 unit each seminar. Transfer: CSU (May be taken 4 times - one time per module)
Degree Applicable, Credit Grading Option: OP

CIS 95 DIRECTED WORK EXPERIENCE PRACTICUM 1-3 UNITS
Earn college credit for learning while working. Occupational Work Experience is college-supervised employment of students that extends classroom learning to the workplace and relates to the students’ educational occupational goals. Students must have a job (paid, volunteer, or internship) in a licensed business that directly relates to their goals. Through a set of individualized learning objectives established by the student, supervisor, and instructor, each student will work with and learn from professionals in their field of study. These experiences will enable students to improve job skills, analyze career opportunities and requirements, and apply knowledge and skills gained in the traditional classroom in a work-site situation. Corequisite: Computer Information Systems 96. 5-15 hours or more of paid employment per week or 4-12 hours of volunteer work per week. May be repeated to a total of 16 units, including CIS/CNT/CIS 96.
Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP
COMPUTER INFORMATION SYSTEMS - COMPUTER NETWORKING TECHNOLOGY

CIS 96  DIRECTED WORK EXPERIENCE SEMINAR  1 UNIT
Earn college credit for learning while working. Focal point for the coordination of the student’s program of study with college-supervised part-time or full-time employment in the student’s major field. Case studies, job-related problems, student cases and presentations, and material related to employment, organizations and management are discussed; emphasis on building strong working relationships with supervisors, subordinates, and co-workers. Course content will serve as a guideline as you go through the employment cycle of setting goals, researching careers, applying for and getting a job, and dealing with workplace issues. Corequisite: Computer Information Systems 95. May be repeated to a total of 16 units, including CIS/CNT/CIS 95. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

CIS 99  SPECIAL STUDIES  3-3 UNITS
Special studies in a specialized technical-vocational major. Typically offered for a particular occupation or skill. Courses may be offered under any course title contained in the Catalog, using the number 99. 0.3 - 9 hours. Refer to the Schedule of Classes under Computer Information Systems 99, Special Studies, for a list of the current offerings. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

REQUEST FOR COURSE SUBSTITUTION-SPECIAL STUDIES (CIS 99)
Students who wish to fulfill a degree or certificate program requirement with a Special Studies (CIS 99) course should complete a Request for Course Substitution or Waiver form. This form (available from the Division Offices and Counseling) should be completed by students in consultation with academic faculty in order for Special Studies to be accepted in fulfillment of the degree and certificate requirements.

AS – Network Security and Administration

Degree Applicable, Credit  Grading Option: OP

About the Program
The Computer Networking Technology program prepares students for a variety of career opportunities including the networking field. CNT classes prepare students for Cisco CCNA and CCNP certification tests, Microsoft MCSE and MCSA tests, and CompTIA Net+, Security+ and A+ tests. Constantly evolving and modernizing classes include targeted skills training in Emerging Technologies like Wireless, VoIP, VFN, Computer Forensics, Incident Response, Network Security and OS Hardening. Many of these subjects have become basic required knowledge even in other career fields. Students in Business, the Sciences, Arts and Administration of Justice will all need skills in network technologies to excel in their fields. The Certifications for Achievement and Career Certifications provide quick paths to validate training in today’s important tech knowledge areas. The program also includes an AS degree in Network Security Administration. This degree incorporates the latest in Emerging Technologies and skills employers are seeking.

Degrees/Certificates
- Degrees:
  - AS – Network Security and Administration

- Certificates of Achievement:
  - Cisco Network Associate
  - Cisco Network Professional

- Career Certificates:
  - Computer Desktop OS Security
  - Computer Forensics Examiner
  - Computer Network Administration (Microsoft)
  - Computer Network Technician
  - Emerging Technologies
  - Network and Wireless Security
  - TCP/IP Network Analysis

Career Opportunities
Include but are not limited to: computer technician, customer service representative, help desk specialist, network administrator, and technical support specialist.

Transferability
A majority of the Computer Networking Technology courses transfer to four-year universities as elective units. The course content will prepare students for further study at the upper division level in majors such as Information Technology, Management Information Systems, and Networking and Data Communications. Variation in requirements may exist at particular four-year universities; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

Electives Tracks* .............................................................. 6-9
General Education Courses1

Sophomore Year
Computer Networking Technology 62B (Cisco Networking Academy CCNA 3-4) ................................................................. 4
Computer Networking Technology 43 (Professional Communications) ................................................................. 4
Electives Tracks* .............................................................. 6-9
General Education Courses1

Total Units Required .................................................................................................. 60

1 Program-based General Education 3 unit requirement. See a counselor.

*Electives Tracks
Select from the following tracks for 12-18 units:

CCNP Track
CNT 63 (Cisco CCNP Semester 5 – Advanced Routing) ................................................................. 4
CNT 64 (Cisco CCNP Semester 6 – Remote Access) ................................................................. 4
CNT 65 (Cisco CCNP Semester 7 – Multilayer Switching) ................................................................. 4
CNT 66 (Cisco CCNP Semester 9 – Internetworking Troubleshooting) ................................................................. 4

Network and Wireless Security Track
CNT 67 (Wireless Networks and Security CWNA) ................................................................. 4
CNT 68 (Introduction to Computer Forensics) ................................................................. 4
CNT 69 (Network Security Sec+) ................................................................. 4

Network Administration Track
CNT 55 (Windows Server) ................................................................. 4
CNT 56 (Implementing Windows Network Infrastructure) ................................................................. 4
CNT 57 (Implementing Windows Active Directory Services) ................................................................. 4

Freshman Year
Computer Networking Technology 50 (Introduction to Desktop Operating Systems) or Computer Information Systems 65 (Introduction to Desktop Operating Systems) ................................................................. 2
Computer Networking Technology 51A (A+ Hardware Fundamentals) ................................................................. 2
Computer Networking Technology 51B (A+ Operating System Fundamentals) ................................................................. 2
Computer Networking Technology 52 (Networking Fundamentals) ................................................................. 3
Computer Networking Technology 62A (Cisco Networking Academy CCNA 1&2) ................................................................. 4
Electives Tracks* .............................................................. 6-9

This certificate is not transcripted. This group of courses provides industry-based professional development. Individual courses will appear on transcript. See a counselor for further information.
access and troubleshooting. In hands-on exercises, students will install Windows operating systems, manage Windows devices, use the FDISK utility, perform backups, manage system files, configure networks, configure Internet access, and troubleshoot operating system errors. Prepares students for the A+ Operating system Technologies portion of the CompTIA A+ Certification exam. Strongly recommended: Computer Networking Technology 51A. (May be taken 2 times). 2 hours lecture, 1 hour laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

CNT 52 NETWORKING FUNDAMENTALS 3 UNITS
This course is a foundation course that explains and describes how computer networks are designed, installed, and administered. Introduction to communications concepts, data communications, networking, and Internetworking. Review of major network components: hardware, software, protocols (TCP/IP, IPX/SPX, NETBEUI), topologies, and cabling. Overview of LAN administration, setup, and installation. Preparation for the Network+ certification exam. Students may receive credit for either Computer Information Systems 66 or Computer Networking Technology 52, but are limited to a total of two times in any combination. Strongly recommended: Computer Information Systems 50. (May be taken 2 times). 3 hours lecture, 1 hour laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

CNT 54 WINDOWS PROFESSIONAL 3 UNITS
Installation and configuration of Windows Professional operating system. Preparation for the Microsoft Certified System Engineer (MCSE) exam. Students will learn to install and configure Microsoft Windows Professional on stand-alone computers and on client computers that are part of a workgroup or a domain. Creation of user and group accounts, group policies, administering access to shared resources, configuration of hardware devices, monitoring of system resources, troubleshooting, and ensuring data integrity and security. Strongly recommended: Computer Networking Technology 51 and Computer Networking Technology 52. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CNT 55 WINDOWS SERVER 2003 3 UNITS
Installation and configuration of Windows Server operating system. Preparation for the Microsoft Certified Engineer (MCSE) exam. Students will learn to install, Microsoft Windows Server 2003 in Networking fundamentals and protocols with emphasis on the TCP/IP suite. Mixed environment networking, data security server models, network directory administration, troubleshooting, and user and group accounts, group policies, administering access to shared resources, configuration of hardware devices, monitoring of system resources, troubleshooting, and ensuring data integrity and security in a domain environment. Strongly recommended: Computer Networking Technology 51 and Computer Networking Technology 52. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CNT 56 IMPLEMENTING WINDOWS NETWORK INFRASTRUCTURE 3 UNITS
This course will enable students to install, configure, manage, and support a network infrastructure that uses the Microsoft Windows Server products. The course focuses heavily on TCP/IP and related services including DHCP server, DNS server, WINS, network security protocols, Public Key Infrastructure (PKI), Internet Protocol Security (IPSec), and remote access. This course also enables a student to configure Windows as a network router, configure Internet access for a network, configure a Web server, and manage a Windows deployment using Remote Installation Service (RIS). The student will also learn to enable network connectivity between NetWare, Macintosh, and UNIX networks. Strongly recommended: Computer Networking Technology 54 and Computer Networking Technology 55. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CNT 57 IMPLEMENTING WINDOWS ACTIVE DIRECTORY SERVICES 3 UNITS
Students will learn to install, configure, and administer Microsoft Windows Active Directory services. This course focuses on implementing Group Policy and understanding the Group Policy tasks required to centrally manage users and computers. Students will use Group Policy to configure and manage the user desktop environment, to configure and manage software and implement and manage security settings. Students will install and manage Windows domains and domain controllers through Active Directory. Strongly recommended: Computer Networking Technology 54 and Computer Networking Technology 55. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CNT 62A CISCO NETWORKING ACADEMY CCNA 1 & 2 4 UNITS
This course covers the first 2 parts in the Cisco Certified Network Associate (CCNA) curriculum, and the objectives of the CCNA 640-811 INTRO certification exam. This course will cover the fundamental of networking, including the OSI model and industry standards, concepts, network topologies, cabling, network hardware, basic network design, LANs, and network configuration and troubleshooting. It includes router and routing concepts and terminology including RIP, EIGRP, and IGRP routing protocols, distance vector and link state routing, routing loop issues, routing theory, TCP/IP basics, IP addressing, subnetting, router IOS and configuration, switching concepts, CDP and SCMA-CD. Students will get hands-on experience configuring Cisco routers and switches. Students should have basic computer skills and knowledge of Internet use. Strongly recommended: Computer Information Systems 50. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CNT 62B CISCO NETWORKING ACADEMY CCNA 3-4 4 UNITS
This course covers the third and fourth parts of the Cisco Certified Network Associate (CCNA) curriculum, and the objectives of the CCNA 640-811 ICND exam. It covers internetwork topology and design, configuring LAN switches, STP, VLANs and trunking, TCP/IP suite, VLSM / CIDR IP addressing and subnetting, advanced routing concepts and configuration for RIP, EIGRP, and IGRP routing protocols, distance vector and link state routing, routing loop issues, routing theory, TCP/IP basics, IP addressing, subnetting, router IOS and configuration, switching concepts, CDP and SCMA-CD. Students will get hands-on experience configuring Cisco routers and switches. Prerequisite: Computer Networking Technology 62A (completed with a grade of “C” or higher) or completion of Cisco Networking Academy 1 & 2 at a Cisco Academy. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

CNT 63 CISCO CCNP SEMESTER 5 - ADVANCED ROUTING 4 UNITS
This course is the first course in the Cisco Certified Network Professional (CCNP) curriculum. This course will cover the configuration of Cisco routers for operating in large or growing multiprotocol internetworks. This course includes lectures and laboratory exercises that focus primarily on scalaboratorye networks and the Cisco IOS software that is most useful in building large or growing internetworks. These features include scallaboratorye routing protocols, such as OSPF, EIGRP, and BGP, queuing, VLSM, route distribution, route summarization, and NAT. Recommend students take classes in order and only one CCNP course at a time. Prerequisite: Computer Networking Technology 62 (completed with a grade of “C” or higher) or have a CCNA certificate. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP
**COMPUTER NETWORKING TECHNOLOGY**

**CNT 64  CISCO CCNP SEMESTER 6 - REMOTE ACCESS  4 UNITS**
This is one of the four courses in the Certified Cisco Network Professional (CCNP) curriculum. This course is designed to provide students a combination of both lectures and laboratory experience in current and emerging networking technology. This will prepare them for the Cisco Certified Networking Professional (CCNP) exam: Building Cisco Remote Access Networks. Instruction includes ISDN, DDR, ODR, dialup networking, Cisco 700 series routers, Frame Relay, and AAA. Recommend students take classes in order and only one CCNP course at a time.

Prerequisite: Computer Network Technology 62 (completed with a grade of “C” or higher) or have a CCNA certificate. 3 hours lecture; 3 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 65  CISCO CCNP SEMESTER 7 - MULTILAYER SWITCHING  4 UNITS**
This is one of the four courses in the Certified Cisco Network Professional (CCNP) curriculum. This course is designed to provide students a combination of both lectures and laboratory experience in current and emerging networking technology. This will prepare them for the Cisco Certified Networking Professional (CCNP) exam: Building Cisco MultiLayer Switching Networks. Instruction includes both routing and switching concepts, covering both Layer 2 and Layer 3 technologies. This course includes topics in LAN design, media types, VLANs, VLAN Trunking Protocol, ISL, 802.1Q, Spanning Tree, Inter-VLAN routing, Multilayer Switching, Flow Masks, HSRP, Multicastrouting, IGMP, and CGMP. Recommend students take classes in order and only one CCNP course at a time.

Prerequisite: Computer Network Technology 62 (completed with a grade of “C” or higher) or have a CCNA certificate. 3 hours lecture; 3 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 66  CISCO CCNP SEMESTER 8 - INTERNET WORKING TROUBLESHOOTING  4 UNITS**
This is one of the four courses in the Certified Cisco Network Professional (CCNP) curriculum. This course is designed to provide students a combination of both lectures and laboratory experience in current and emerging networking technology. This will prepare them for the Cisco Certified Networking Professional (CCNP) exam: Internetworking Troubleshooting and Support Exam. This advanced course provides networking professionals with the troubleshooting processes on Cisco Routers and Catalyst Switches. Students are taught how to baseline and troubleshoot an environment using Cisco routers and switches for multi-protocol client hosts and servers connected with: Ethernet, Fast Ethernet, Token Ring, Serial, Frame Relay, and ISDN BRI. Recommend students take classes in order and only one CCNP course at a time.

Prerequisite: Computer Network Technology 62 (completed with a grade of “C” or higher) or have a CCNA certificate and have completed Computer Network Technology 63, 64 and 65 or industry equivalent experience. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 67  WIFI, WIRELESS, HOTSPOT NETWORKS AND SECURITY CWNA  3 UNITS**
This course will prepare students to plan, purchase, and install a small to medium-sized wireless or WiFi HotSpot network and secure it, and meets the needs of small businesses, SOHO (Small Office, Home Office) workers, telecommuters, and home wireless networks. Subjects covered include: wireless network access, modems, routers, firewalls, war-driving, security, compatibility, site survey and network planning, basic network administration, basic network troubleshooting, and objectives of the CWNA wireless networking exam. Strongly recommended: Computer Information Systems 50, Computer Networking Technology 55, or similar hands-on experience. 2.5 hours lecture; 1.5 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 68  INTRODUCTION TO COMPUTER FORENSICS  3 UNITS**
A survey course in the detection, prevention and investigation of incidents involving computers and digital information, including cyber attacks and the use of computers to investigate crimes. The program will include introduction to computer forensics, incident response, methods of investigation, tracking persons and data, the secure analysis of hard drives and storage mediums, and IT security utilizing court-approved forensic software and tools. Strongly recommended: Computer Information Systems 50 or similar hands-on experience. 3 hours lecture. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 69  NETWORK SECURITY SEC+  3 UNITS**
Following the Sec+ certification objectives, an introduction to the concepts and practices of secure network design and management using desktop and network operating systems, router and switch operating systems, hardware and software Firewall and VPN technology for wired and wireless systems. The program will include authentication methods and devices, protocol analysis and IP network troubleshooting, strategies for identifying and countering vulnerabilities, network media and topologies in a secure network, intrusion detection and forensic incident response. Strongly recommended: Computer Networking Technology 62B, CCNA certification or equivalent. 2.5 hours lecture; 1.5 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 70  COMPUTER FORENSICS II  3 UNITS**
A practical course in the detection and investigation of incidents involving computers and digital information. Case oriented, following the objectives for the CFE Computer Forensics Examiner certification exam, the class includes understanding and practice in basic computer forensics, methods of investigation, analysis of hard drives, storage mediums, and network logs, and investigation reporting utilizing court-approved forensic software and tools. Strongly recommended: Computer Information Systems 50 or similar hands-on experience. (May be taken 2 times). 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: OP

**CNT 72  CCNA BOOTCAMP CERTIFICATION PREPARATION  3 UNITS**
This course covers preparation for the CCNA - Cisco Certified Networking Associate exam. All Cisco certification exam objectives are covered conceptually, practically and specifically as they relate to the exam. Effective troubleshooting and Cisco recommended methods and nomenclature are reviewed and practiced. Topics include: basic characteristics of ethernet networks, LANS and WANs, Cisco router and switch configuration and IOS, RIP, OSPF, IGRP and EIGRP routing protocols, PPP, ISDN and Frame Relay concepts and configuration, IP network addressing, Switching, VLANs, VLSM, CIDR and network troubleshooting using Cisco methods and router and switch commands, and certification test methods, practice and preparation. Strongly Recommended: CNT62A, CNT62B (completed with a grade of “C” or higher) or the equivalent industry experience. 3 hours lecture, 1 hour laboratory Transfer: CSU
Degree Applicable, Credit Grading Option: OP

**CNT 72.10 (7210)  CCNP BOOTCAMP CERTIFICATION PREP  4 UNITS**
This accelerated bootcamp course covers preparation for the CCNP—Cisco Certified Networking Professional exams. All Cisco certification exam objectives are covered conceptually, practically, and specifically as they relate to the exams. Effective troubleshooting and Cisco-recommended methods and nomenclature are reviewed and practiced. Topics include: EIGRP, OSPF, IS-IS, and BGP Optimizing routing, IP multicast, IPv6, VLANs, Spanning Tree, Inter-VLAN routing, Layer 3 redundancy, Wireless LANs, VoIP in-campus networks, Campus network security, Frame-mode MPLS, IPv6, Cisco device hardening,
Cisco IOS® threat defenses, Cisco VoIP, QoS and AutoQoS, Wireless scalability. This course can be used to prepare for one or more of the following CCNP exams: 642-892 Composite BCMSN, 642-901 BSCI, 642-812 BCMSN, 642-825 ISCW, 642-845 QNT. Strongly recommended: Computer Networking Technology 62B, current CCNA certification or the equivalent industry experience. 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit  Grading Option: OP

CNT 73.1 [7301] VOIP: CISCO AND ASTERISK IP PHONES  4 UNITS
VoIP (Voice over Internet Protocol) offers a cost-effective alternative to plain old telephone service. What is it, how does it work and what does it mean? This class is for all business, SOHO and computer users interested in using this technology, and will provide a guide for selecting, setting up and using IP phone services. It will serve as a practical hands-on guide to the purchase and setup of hardware and software for Internet phones and the broadband Internet services required to support them, providing basic need-to-know information about getting the most out of VoIP services. Strongly recommended: Computer Information Systems 50. 3 hours lecture; 3 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit  Grading Option: OP

CNT 75.2 [7502] WIRESHARK, TCP/IP ANALYSIS AND NETWORK TROUBLESHOOTING  4 UNITS
Course is geared to teach solid network management skills using the WiresharkTM network analyzer. The class provides a logical troubleshooting approach to capturing and analyzing data frames. Armed with this knowledge, students can effectively troubleshoot, maintain, optimize and monitor network traffic and keep your network operating at its peak performance. Strongly recommended: Computer Information Systems 50. 3 hours lecture; 3 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit  Grading Option: OP

CNT 75.1 WHITEHAT HACKER  4 UNITS
WhiteHat and Pen testing training covers the concepts, use and appropriate application of Penetration Testing software and utilities in Ethernet networks. Students will explore the ethical use of security tools and countermeasures. Students are required to sign the “White Hat Oath” agreement of Ethical and Professional Conduct. The course will include: Hacking methods, tools, their use and detection; penetration testing and countermeasures; exploits, vulnerability assessment in computers and networks, hands-on practice in a sandbox environment. Tools used include Wireshark, Whitehat/ Pentest tools for Windows, OSX, Linux. Strongly Recommended: One of the following courses: CNT 67, CNT 69, CNT 62A, CNT 57, CNT 55 (completed with a grade of “C” or higher), 3 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit  Grading Option: OP

CNT 77.1 VMWARE, MICROSOFT AND XEN VIRTUAL MACHINES  4 UNITS
VMWare, Microsoft Virtual Server, Virtual PC and XEN are virtualization software’s, more common every day. Using virtual machines gives huge savings in time, money, energy and resources for individuals and companies. Every power user and sysadmin needs to understand virtualization and the implications for the future of desktops and servers. This class covers Virtual Machine basics, concepts, and use. Strongly recommender: Computer Information Systems 50. 3 hours lecture; 3 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit  Grading Option: OP

CNT 79 DIRECTED WORK EXPERIENCE PRACTICUM  1-3 UNITS
Earn college credit for learning while working. Occupational Work Experience is college-supervised employment of students that extends classroom learning to the workplace and relates to the students’ educational occupational goals. Students must have a job (paid, volunteer, or internship) in a licensed business that directly relates to their goals. Through a set of individualized learning objectives established by the student, supervisor, and instructor, each student will work with and learn from professionals in their field of study. These experiences will enable students to improve job skills, analyze career opportunities and requirements, and apply knowledge and skills gained in the traditional classroom in a work-site situation. Corequisite: Computer Networking Technology 96. 5-15 hours or more of paid employment per week or 4-12 hours of volunteer work per week. May be repeated to a total of 16 units, including CIS/CS/CNT 96. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP
Computer Networking Technology - Computer Science

CNT 96 Directed Work Experience Seminar 1 UNIT
Earn college credit for learning while working. Focal point for the coordination of the student’s program of study with college-supervised part-time or full-time employment in the student’s major field. Case studies, job-related problems, student cases and presentations, and material related to employment, organizations and management are discussed; emphasis on building strong working relationships with supervisors, subordinates, and co-workers. Course content will serve as a guideline as you go through the employment cycle of setting goals, researching careers, applying for and getting a job, and dealing with workplace issues. Corequisite: Computer Networking Technology 95. May be repeated to a total of 16 units, including CIS/CNT/CIS 95. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

CNT 99 Special Studies 3-3 UNITS
Special studies in a specialized technical-vocational major. Typically offered for a particular occupation or skill. Courses may be offered under any course title contained in the Catalog, using the number 99. 0.3 - 9 hours. Refer to the Schedule of Classes under Computer Networking Technology 99, Special Studies, for a list of the current offerings. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

Request for Course Substitution-Special Studies (CNT 99)
Students who wish to fulfill a degree or certificate program requirement with a Special Studies (CNT 99) course should complete a Request for Course Substitution or Waiver form. This form (available upon request) requires that the student also refer to the catalog of the prospective transfer institution and consult a counselor.

Career Opportunities
Include but are not limited to: Programmer, Programmer/Analyst, Business Analyst, Systems Analyst, Computer Scientist, Information Technologist, Information Systems Professional, Information Technology Professional, Programming Professional, Software Developer, or Software Engineer.

Transferability
This program fulfills typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student also refer to the catalog of the prospective transfer institution and consult a counselor.

AS - Computer Science

Freshman Year
Computer Science 1 (Computing Fundamentals I) .................. 4
Computer Science 2 (Computing Fundamentals II) .................. 4
Computer Science 41 (Introduction to UNIX) ........................ 2
Mathematics 1 (Analytical Geometry and Calculus I) ............. 5
Mathematics 2 (Analytical Geometry and Calculus II) .......... 5
General Education Courses

Sophomore Year
Computer Science 20 (Advanced Programming Methods with Data Structures Using C++) .............................. 4
Computer Science 21 (Computer Organization and Assembly Language Programming) .................. 4
Mathematics 7 (Elementary Linear Algebra with Computer Applications) or Mathematics 41 (Statistics for Business Majors or Mathematics 42A (Introduction to Probability and Statistics) or Mathematics 44 (Statistics and Probability)) ........... 3-5

Computer Science 47 [Capstone Project] ............................................................ 3
Total Units ............................................................................................................ 34

CS 1  COMPUTING FUNDAMENTALS I  4 UNITS
Introduction to programming and problem-solving using C++. Problem solving techniques and algorithms; program design, development, style, testing and debugging. C++ syntax covered includes: variables; data types; operators and expressions; control structures; library and user-defined functions; basic input/output; arrays; user-defined data structures. Strongly Recommended: Mathematics 107 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. AA/AS GE.
Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

CS 2  COMPUTING FUNDAMENTALS II  4 UNITS
Object-oriented programming methods applied to intermediate-level problems using C++. Pointers and dynamic allocation; classes; encapsulation; inheritance and polymorphism; object and function overloading; recursive algorithms; introduction to searching and sorting; introduction to abstract data types. Strongly Recommended: Computer Science 1. 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

CS 7  INTRODUCTION TO COMPUTER PROGRAMMING CONCEPTS  3 UNITS
An introductory course in computer programming for non-science majors and for students requiring additional preparation before taking Computer Science 1. Hardware, system software basics, the history of computing, computing, computer ethics, basic computer operations, assembly language, operating system and higher level language interface. Data representation, instruction representation and execution, addressing techniques and use of macros. Space and time efficiency issues; Input/output including video modes. Procedures including parameter passing and linkage to higher level languages. Prerequisite: Computer Science 1 (completed with a grade of “C” or higher). 2.5 hours lecture, 1.5 hours laboratory.
Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

CS 20  ADVANCED PROGRAMMING METHODS WITH DATA STRUCTURES USING C++  4 UNITS
Design and implementation of larger programs in C++ using software engineering principles. Emphasis on definition and use of data structures. Includes specification of abstract data types, recursion, dynamic memory allocation, stacks, linked lists, queues, binary trees, random access files, and use of hash codes. Prerequisite: Computer Science 2 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

CS 21  COMPUTER ORGANIZATION AND ASSEMBLY LANGUAGE PROGRAMMING  4 UNITS
Basics of machine architecture, machine language, assembly language, operating system and higher level language interface. Data representation, instruction representation and execution, addressing techniques and use of macros. Space and time efficiency issues; Input/output including video modes. Procedures including parameter passing and linkage to higher level languages. Prerequisite: Computer Science 1 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP
CS 30  C++ PROGRAMMING  4 UNITS
Applications programming in C++ for the student already familiar with the concepts of programming. The following concepts are introduced: Object-oriented programming, encapsulation, inheritance and polymorphism; introduction to data abstraction and structures; pointer; file I/O. Prerequisite: Computer Science 1 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Note: This course will not be offered at this time. Students are advised to take CS 1 instead. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 31  JAVA PROGRAMMING  4 UNITS
Applications programming in Java for students already familiar with the concepts of programming. Topics will include Applets and Swing, multimedia, presenting data files over the web, elementary data structures (queues, linked list, stacks) and vectors, binary searching, sorting, JDBC (Java Data Base Connectivity), Remote Method Invocation (RMI), and Java Beans. Prerequisites: Computer Science 1 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 32  VISUAL BASIC PROGRAMMING  4 UNITS
Applications programming in Visual Basic to create Windows oriented applications for student already familiar with the concepts of programming. Emphasis on algorithms, I/O, multimedia capabilities, data file I/O, loops, decision-making, string processing, functions, control objects (such as sliders, combination boxes, radio buttons), ActiveX controls, Object Linking and Embedding (OLE), use of the grammar and syntax for a foundation for VBScript and Visual Basic for Applications. Prerequisite: Computer Science 1 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 33  ADVANCED C++ PROGRAMMING  4 UNITS
This is an advanced course in C++ programming. Advanced topics will be covered which will build on the skills acquired in earlier courses. Topics include advanced OOP, class libraries, STL, templates, Input and Output, graphics, files, multimedia, database, prototyping, interface design. Prerequisite: Computer Science 30 or Computer Science 2 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Note: This course will not be offered at this time. Students are advised to take CS 2 instead. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 34  ADVANCED JAVA PROGRAMMING  4 UNITS
This is an advanced course in Java programming. Contents include advanced topics that will build on the skills acquired in earlier courses. It will cover advanced topics in Java: design and implementation of graphical user interfaces, exception handling, multithreading, database connectivity (JDBC), Servlets, networking, data structures, utility packages, collections, and JavaBeans. Prerequisite: Computer Science 31 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 35  ADVANCED VISUAL BASIC PROGRAMMING  4 UNITS
This is an advanced course in Visual Basic programming. The contents will build on the skills acquired in earlier courses. Topics include advanced OOP, class libraries, Input and Output, graphics, files, multimedia, database, prototyping, interface design. Prerequisite: Computer Science 32 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 36  WINDOWS AND MFC PROGRAMMING  4 UNITS
This is an advanced course in Windows programming using C++. Teaches Applied Windows Programming in C++. This course presents a comprehensive introduction to the Windows C++ programming and its role in the Internet and database programming. A variety of OOP topics covered will include building basic Windows applications including menus, dialog boxes, main window, buttons, MFC Wizards, ODBC, OLE-DB/ADO, DHTML, and ActiveX. Prerequisite: Computer Science 30 or Computer Science 2 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CS 37  WEB PROGRAMMING  4 UNITS
The objective of this course is to develop skills and understanding in designing Web Pages using “static” and “dynamic” HTML tags for page layouts, hypertext links, site navigation, multimedia presentations, and audiovisual special effects. To enhanced web site appearance and functionality, JavaScript will also be introduced. Participants will learn to use various web programming tools such as HTML editors, graphic image editors, graphic animators, and image map makers. Participants will also learn proper web design principles and develop web pages based upon current mainstream browser capabilities and limitations. Prerequisite: Computer Science 1 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CS 38  PERL AND CGI PROGRAMMING  2 UNITS
Introductory course in Programming Evaluation and Reporting Language (PERL) and its use in elementary Common Gateway Interface on a UNIX server. Topics include basic PERL grammar and syntax, creating CGI scripts and HTML calls. Prerequisite: Computer Science 1 (completed with a grade of “C” or higher). Strongly recommended: Computer Science 41, Computer Science 37. 1.5 hours lecture, 1.5 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

CS 39  JAVA SERVLETS AND JSP  2 UNITS
Introduction to basic Java Servlet capabilities as an alternative to Common Gateway Interface (CGI) to create interactive web pages including secure access to the web site, database interactivity, generate dynamic web pages and maintain client session data (i.e., cookies). Prerequisites: Computer Science 31 and Computer Science 37 (both completed with a grade of “C” or higher). 1.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CS 40  VBSCRIPT, ASP, ACTIVE X  2 UNITS
Introductory coding of ActiveX Controls, VBScript and ASP capabilities in web applications designed to run primarily under Microsoft Internet Explorer. Demonstration and use of user interface ActiveX objects, the VBScript that allows these controls to operate and event driven applications with the potential capability to access data over the web. Prerequisite: Computer Science 32 (completed with a grade of “C” or higher). 1.5 hours lecture. 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

CS 41  INTRO TO LINUX/UNIX, LINUX+  4 UNITS
This course provides hands-on training covering basic installation, management, configuration, security, documentation and hardware topics for the Linux/UNIX operating system on workstations in a LAN environment. The objectives for basic technician certifications such as RHCT, CompTIA Linux+ are covered. Topics include desktop security objectives and major types of security vulnerabilities, physical security,
file protection, basic system and network configuration, account security, logging, backups, Linux/UNIX desktop security features and useful utilities, detecting and preventing DOS attacks, hacking, authentication and data recovery. Students may enroll in Computer Science 41 and/or Computer Networking Technology 74.1 (7401) for a total of two times for credit. Strongly recommended Computer Information Systems 50. 3 hours lecture; 3 hours laboratory. Transfer: CSU (May be taken two times)

Degree Applicable, Credit  Grading Option: OP

CS 43 PROFESSIONAL COMMUNICATIONS  4 UNITS
This course is designed to help students develop and refine the written and oral communication skills necessary to communicate effectively in a business environment. This will be accomplished through the planning, composing, and evaluating of written communication; report writing; and oral presentations. Additional focus will be placed on developing interpersonal skills, team participation skills, and professionalism. Students who have completed or are enrolled in Business 43, Computer Information Systems 43, Computer Networking Technology 43, English 43, or Speech 43 may not receive credit. Strongly recommended: Eligibility for English 1A. 4 hours. Transfer: CSU

Degree Applicable, Credit  Grading Option: OP

CS 44 ADVANCED WEB PROGRAMMING  4 UNITS
The objective of this course is to develop skills and understanding in designing eCommerce websites. This is a programming course that goes beyond mere "formatting" of web pages found with HyperText Markup Language (HTML). This course extends web page "functionality" with interactivity, multimedia, security, and database capability using prior knowledge of a scripting language (HTML, Javascript, etc.). The participant will learn about database sorting and filtering capabilities of eXtensible Markup Language (XML) that identifies data fields (e.g., <automfg> to refer to auto manufacturers). The participant will also learn eXtensible Stylesheet Language (XSL) – which specifies the presentation of a class of XML documents by describing how an instance of the class is transformed into an XML document that uses the formatting vocabulary. SXL is based on and extends the Document Style Semantics and Specification Language (DOMS and the Cascading Style Sheet, level 1 (CSS1) standards. Additional topics include good design principles, examples of scripts (JavaScript, ASP, ActiveX, VBScript, Servlets, JSP, Perl or CGI), discussion of security (SET, SSL, etc.), and examples of "good, bad, ugly" eCommerce websites. Prerequisite: Computer Science 37 (completed with a grade of “C” of higher). 3 hours lecture. 3 hours laboratory. Transfer: CSU

Degree Applicable, Credit  Grading Option: OP

CS 45 DATABASE PROGRAMMING  4 UNITS
This is a programming course that goes beyond mere "desktop" database management. Participants explore dynamic applications that interact with a database using client-side scripts, server-side scripts, and compiled server programs. Learn database concepts, relational database principles, and Structured Query Language (SQL). Prerequisite: Computer Science 2 or Computer Science 30 or Computer Science 31 or Computer Science 32 (completed with a grade of “C” or higher). 3 hours lecture. 3 hours laboratory. Transfer: CSU

Degree Applicable, Credit  Grading Option: OP

CS 46 GAME PROGRAMMING: 2D AND 3D  3 UNITS
Want to Play? You have played plenty of games. Now it is time to create your own! Design, develop and test small 2D and 3D computer games using game development software tools such as Scratch, Alice, or similar programming development programs. This first programming course will provide the student with an understanding of the principles of game design, genre-specific design issues, storytelling, image manipulation, and development teams. Programming experience is not required to get started. Although this course has a programming focus, other topics briefly covered will include the history of computer/video game technology, game genres and design principles, and the social impact of games. Students may enroll in Computer Information Systems 46 and/or CS 46 for a total of 2 times. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU (May be taken two times)

Degree Applicable, Credit  Grading Option: OP

CS 47 CAPSTONE PROJECT  3 UNITS
This is the last course in the Computer Programming (CP) degree or certificate sequence. Students will work in teams and write a client-driven work-like project requiring planning, writing, execution and presentation. The project will require the development of a large application selected by each team. According to client specifications, each team will define their project and break it down into parts. Each member of the team will write one of the parts. The team will prepare a written and oral report to present their project. This course will require the use of all of the programming and systems analysis skills developed in previous courses and will serve as a means of demonstration of mastery of program competencies. Prerequisites: Computer Information Systems 60 and Computer Science 43 and either Computer Science 20 or Computer Science 33 or Computer Science 34 or Computer Science 35 or Computer Science 36 or Computer Science 44 (completed with a grade of “C” or higher). Strongly recommended: Computer Science 45. 1 hour lecture, 6 hours laboratory. Transfer: CSU

Degree Applicable, Credit  Grading Option: OP

CS 48 INTRODUCTION TO GAME PROGRAMMING CONCEPTS  3 UNITS
Want to Play? You have played plenty of games. Now it is time to create your own! You are interested in programming games, but you don’t know where to begin. This course covers the basics of game programming with an emphasis on hands-on development of games using a Rapid Application Development prototyping tool such as Dark Basic or BlitzPlus. These tools, based on the Basic language, feature powerful graphics engines, and make it possible to demonstrate high-level subjects using a minimum amount of code. This first programming course provides experience and skills writing every element of your first video game—from graphics and animation to sound and music. Programming experience is not required to get started. Although this course has a programming focus, other topics briefly covered will include the history of computer/video game technology, game genres and design principles, and the social impact of games. Students may enroll in CS 48 and/or CIS 48 for a total of two times. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU, UC

Degree Applicable, Credit  Grading Option: OP

CS 49 DIRECTED WORK EXPERIENCE PRACTICUM  1-3 UNITS
Earn college credit for learning while working. Occupational Work Experience is college-supervised employment of students that extends classroom learning to the workplace and relates to the students’ educational occupational goals. Students must have a job (paid, volunteer, or internship) in a licensed business that directly relates to their goals. Through a set of individualized learning objectives established by the student, supervisor, and instructor, each student will work with and learn from professionals in their field of study. These experiences will enable students to improve job skills, analyze career opportunities and requirements, and apply knowledge and skills gained in the traditional classroom in a work-site situation. Corequisite: Computer Science 96. 5-15 hours or more of paid employment per week or 4-12 hours of volunteer work per week. May be repeated to a total of 16 units, including CIS/CS/CNT 96.

Transfer: CSU (May be taken 4 times)

Degree Applicable, Credit  Grading Option: OP
CONTINUING EDUCATION STUDIES

About the Program
Continuing education courses include both full-term and short-term courses in a wide variety of course patterns, field studies, seminars, workshops, and other educational activities that will meet the educational needs of the College community. May be offered under any course title contained in the Catalog, using the numbers 150 through 199. Continuing Education studies may be repeated; however, graduation credit is limited to 6 units. 1-12 hours.

DANCE

CONTACT: Dr. Philip Manwell, Dean .................... 925.424.1382

About the Program
Dance classes at Las Positas are offered in a state-of-the-art dance studio. From Introduction to Dance, Ballet, and Jazz Dance to Salsa and Ballroom, Physical Education offerings provide learning opportunities to the novice and experienced dancer alike. See page 187 in this Catalog and the current Class Schedule. The Performing Arts area offers a highly popular class in Dance Production/Choreography that includes Afro-American dance, ballet, disco/ballroom dance, folk dance, jazz dance, modern dance, square dance, and tap dance (see Physical Education). 2 hours. AA/AS GE. Transfer: CSU, UC. May be taken 4 times.

Degree Applicable, Credit Grading Option: OP

DANCE (DANC)

DANC 1 DANCE TECHNIQUE .5 UNIT
Movement skills, rhythmic structure of dance, qualities of movement, special design and appreciation of dance. Emphasis on creation of individual and group compositions. Includes Afro-American dance, ballet, disco/ballroom dance, folk dance, jazz dance, modern dance, square dance, and tap dance (see Physical Education). 2 hours. AA/AS GE. Transfer: CSU, UC. May be taken 4 times.

Degree Applicable, Credit Grading Option: OP

DANC 5 DANCE WORKSHOP 1.5 UNITS
Dance techniques, choreographic principles and stage presentation. Includes classical ballet, modern ballet, modern dance, polyrhythmic jazz, improvisation, Broadway musical, ethnic and folk dance. 1 hour lecture, 2 hours laboratory. Transfer: CSU, UC. May be taken 4 times.

Degree Applicable, Credit Grading Option: OP

DANC 6 DANCE PRODUCTION: CHOREOGRAPHY 1-3 UNITS
Choreographic principles of dance composition and stage presentation. Participation in dance production with the creation of new works directed toward large groups, trios, duets and solos, possibly leading to scheduled performances. Minimal participation in technical and business aspects of production. 3-9 hours laboratory. Transfer: CSU, UC. May be taken 4 times.

Degree Applicable, Credit Grading Option: OP

DESIGN TECHNOLOGY

CONTACT:  Dr. Neal Ely, Dean ........................... 925.424.1182

Courses in Design Technology are not currently being offered.

DESIGN TECHNOLOGY (DSNT)

DSNT 51A TECHNICAL ILLUSTRATION I 3 UNITS
Development of skills and knowledge involved in constructing three-dimensional drawings. Shading techniques and rendering in black and white and pastels. Application and consideration of materials and equipment pertinent to technical illustration. Inking and lettering devices. Prerequisite: Drafting Technology 50 (completed with a grade of “C” or higher) or equivalent. 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

Degree Applicable, Credit Grading Option: GR

DSNT 51B TECHNICAL ILLUSTRATION II 3 UNITS
Development of skills and knowledge involved in axonometric projection. Applications and consideration of materials and equipment pertinent to technical illustration. Rendering conceptual drawings, specification of type styles and human factors. Prerequisite: Drafting Technology 51A (completed with a grade of “C” or higher). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

Degree Applicable, Credit Grading Option: GR

### DNST 52 Technical Graphics (3 units)
A general approach to graphical communication and technical problem solving using sketches, traditional tools, and Computer-Aided Drafting (CAD). Introduction to the concepts and skills needed to graphically represent technical design data. Emphasis is on the development of visualization techniques and understanding design process as the foundation of the Design Technology sequence. 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 54 Manufacturing Processes (2 units)
Overview of machine shop procedure, welding, and general manufacturing processes, practice in the use of hand tools, basic machine tools, and welding equipment; understanding the relationship between manufacturing processes and design. 1 hour lecture, 3 hours laboratory. Transfer: CSU

### DNST 55 Blue Print Reading and Sketching (2 units)
Orthographic projection (or equivalent), principles of sectioning, functional drawing practices, dimensioning; sketching, using orthographic and isometric principles; familiarity with specifications; reading of blueprints; interpretation of various symbols commonly used; interpretation of materials lists and bills of materials; making of takeoffs. 1 hour lecture, 3 hours laboratory. Transfer: CSU

### DNST 57 Electrical Systems (2 units)
Introduction to electrical systems, components for electrical systems and circuits, basic electrical theorem, magnetism, and electrostatics for application to design process. Strongly recommended: Mathematics 36 or Mathematics 38. 1 hour lecture, 1.5 hours laboratory. Transfer: CSU

### DNST 61 Electronic Design (3 units)
Preparation of electrical and electronic drawings using standard graphical symbols and annotation currently utilized in industry, including wiring, cable, interconnecting, logic, and schematic diagrams. Introduction to printed circuit board layout and design using CAD and surface mounting technology. Prerequisite: Design Technology 62A (may be taken concurrently). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 62A Computer-Aided Drafting (CAD) (3 units)
Drafting, with emphasis on user terminology and exposure to various types of CAD systems, hardware, and associated software. How to set up drawings, create geometric shapes and constructions to form multiviews, and use special editing operations that increase productivity. Prerequisite: Design Technology 52 (may be taken concurrently). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 62B Computer-Aided Design (CAD) (3 units)
Continuation of the knowledge and skills learned in Design Technology 62A, focusing on the design processes to complete and present drawings and accompanying documentation effectively using CAD; dimensioning, tolerancing, and crosshatching to facilitate creation of multiview layouts, managing symbol libraries to streamline pictorial assemblies, and plotting/presentation techniques to captivate. Prerequisite: Design Technology 62A (completed with a grade of "C" or higher). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 62C Three-Dimensional Modeling (3 units)
This course develops skills in visualizing and drawing three-dimensional shapes for modeling, testing, analysis, manufacturing, assembly, and marketing, as well as form the basis of computer animations and virtual worlds. A variety of skills and techniques for drawing, designing, editing, and display of 3-D wireframes, surfaces, and solids will be studied. Prerequisite: Design Technology 62B (completed with a grade of "C" or higher). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 65 Electronic Design Drafting (3 units)
Preparation of logic diagrams with the use of logic symbols. Introduction to printed circuit design. Analog and digital printed circuit layout and taping techniques. Printed circuit documentation and parts list. Strongly Recommended: Drafting Technology 61 (or equivalent) or Engineering 20 (or equivalent). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 66A Mechanical Design Concepts (3 units)
Continued refinement of the principles of Mechanical Design Technology through original design and analysis, application of descriptive geometry, auxiliary views and revolutions to mechanical detail drawings, and geometric tolerancing applied to complete design assemblies. Prerequisite: Design Technology 52 (completed with a grade of "C" or higher). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 66B Electro-Mechanical Design (3 units)
Continuation of mechanical design principles with the addition of electronic/electrical concepts. Part design with concentration on the flow and interaction between manufacturing and design, documentation, revision systems, Engineering change orders and requests, complex drawing and notation of entire systems. Also includes résumé, portfolio, and interview preparation, career opportunities, skills and attitudes necessary to succeed in industry. Prerequisites: Design Technology 61 and 66A (both completed with a grade of "C" or higher). 1.5 hours lecture, 4.5 hours laboratory. Transfer: CSU

### DNST 69 Structural Design Concepts (4 units)
Introduction to technical statics, including resolution of forces and basic coplanar force systems. Emphasis on graphical analysis. Prerequisite: Mathematics 36 or Mathematics 38 (completed with a grade of "C" or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU

### DNST 70 Manufacturing and Design Using Pro/Engineer (3 units)
Fundamentals of computer-aided design and drafting using Pro/Engineer software, a 3-D solid modeler. Application of operating system, software, hardware, and peripherals in creating manufacturing models. Prerequisite: Engineering 20 or Design Technology 52 (completed with a grade of "C" or higher) or equivalent. Strongly recommended: Design Technology 66A. 2 hours lecture, 3 hours laboratory. Transfer: CSU

### DNST 71 Assembly and Design Using Pro/Engineer (3 units)
Continuation class in a series for developing fundamentals of computer-aided design using Pro/ENGINEER software, a 3-D solid modeler. Application of the Pro/ENGINEER CAD System in assembling manufacturing models and creating drawings. Prerequisite: Design Technology 70 (completed with a grade of "C" or higher). Strongly recommended: Design Technology 66B. 2 hours lecture, 3 hours laboratory. Transfer: CSU
EARLY CHILDHOOD DEVELOPMENT

DEGREE  CERTIFICATE

CONTACT: Dr Janice Noble, Dean ....................... 925.424.1324

About the Program
The care and education of young children demands a high level of personal and professional commitment, integrity, education, and enthusiasm. The Early Childhood Program provides students with a fundamental understanding of the principles of child growth and development as well as experience in the application of these principles.

The ECD program is designed to prepare students to:
- Create enriching educational environments for young children
- Embrace family-focused practices
- Develop skills to support young children’s understanding of diversity and inclusion
- Support children’s social-emotional well-being
- Develop a disposition toward self-reflective practice and critical thinking
- Apply theories of child development and educational pedagogy into direct work with children and families

Degrees/Certificates
- Degrees:
  - AA – Early Childhood Development
  - AA – Early Childhood Intervention
- Certificates of Achievement:
  - Associate Teacher
  - Basic Teacher
  - Early Childhood Intervention
  - Family Child Care

Career Opportunities
The ECD program prepares students to work in a variety of settings with young children and their families:
- Early childhood centers and home-based programs
- Elementary schools
- After-school programs
- Special education and early intervention
- Early childhood mental health

Transferability
Students will be prepared to pursue a baccalaureate major in early childhood education, multi-subject credentialing programs, elementary education, and early childhood mental health, special education or early intervention. Many ECD units are transferable to four-year institutions for elective credit, but a counselor should be consulted for specific transfer information.

The Early Childhood Department is a participant of the Curriculum Alignment Project (CAP). A key effort of the Curriculum Alignment Project is to facilitate the transfer of the courses below as an integrated course of study promoting access to ongoing education and degree attainment. These courses will ease the transfer between many community colleges and may be accepted by many California State Universities. The CAP courses include: ECD 50, ECD 51, ECD 52, ECD 54, ECD 62, ECD 63, ECD 69, ECD 79 and ECD 90.

AA – Early Childhood Intervention

Freshman Year
Early Childhood Development 50 (Early Childhood Principles and Practices).................................................................3
Early Childhood Development 51 (Prenatal to Early Childhood)........3
Early Childhood Development 54 (Child Health, Safety, and Nutrition).................................................................3
Early Childhood Development 62 (Child, Family and Community).....3
Early Childhood Development 63 (Early Childhood Curriculum)......4

General Education Courses
EARLY CHILDHOOD DEVELOPMENT

Sophomore Year
Early Childhood Development 40 (Social and Emotional Foundations for Early Learning) ................................................. 3
Early Childhood Development 60 (Introduction to the Young Child with Exceptional Needs) ...................................................... 3
Early Childhood Development 67 (Infant and Toddler Development) ....................................................................................... 3
Early Childhood Development 90 (Practicum—Supervised Experience) .................................................................................. 4
Early Childhood Development 91 (Adaptable Curriculum for Children with Exceptional Needs) .............................................. 3
General Education Courses

Required in addition to the above:
Early Childhood Development 69 (Child Study Through Observation) ................................................................................... 3
Early Childhood Development 79 (Teaching in a Diverse Society) ......................................................................................... 3
Total units required ........................................................................................................................................................................ 60
Suggested ECD Electives:
Early Childhood Development 83 (Adult Supervision)
Early Childhood Development 95 (Work Experience)
Early Childhood Development 95 (Work Experience Seminar)

Recommended General Education Courses:
Psychology 4 (Brain, Mind, and Behavior)
Psychology 15 (Problems of Childhood)

Certificate of Achievement
Associate Teacher
Early Childhood Development 50 (Early Childhood Education and Care) .................................................................................. 3
Early Childhood Development 51 (Prenatal to Early Childhood) ................................................................................................. 3
Early Childhood Development 62 (Child, Family and Community) ............................................................................................ 3
Early Childhood Development 63 (Early Childhood Curriculum) ................................................................................................. 4
Total Units Required ........................................................................................................................................................................... 13

Certificate of Achievement
Basic Teacher
Early Childhood Development 50 (Early Childhood Education and Care) .................................................................................. 3
Early Childhood Development 51 (Prenatal to Early Childhood) ................................................................................................. 3
Early Childhood Development 62 (Child, Family and Community) ............................................................................................ 3
Early Childhood Development 63 (Early Childhood Curriculum) ................................................................................................. 4
Early Childhood Development 60 (Introduction to the Young Child with Exceptional Needs) ...................................................... 3
Early Childhood Development 40 (Social and Emotional Foundations for Early Learning) (Child Health, Safety, and Nutrition) ..................................................................................................................... 3
Early Childhood Development 69 (Child Study through Observation) or Early Childhood Development 79 (Teaching in a Diverse Society) ......................................................................................... 3
Early Childhood Development 95*** (Work Experience) ............................................................................................................. 1
Early Childhood Development 96*** (Work Experience Seminar) ................................................................................................. 1
Early Childhood Development 90 (Practicum—Supervised Experience) ..................................................................................... 4
Total units required ............................................................................................................................................................................. 25

**See page 164 for enrollment requirements

Certificate of Achievement
Early Childhood Intervention Assistant

Early Childhood Development 40 (Social and Emotional Foundations for Early Learning) ...................................................... 3
Early Childhood Development 50 (Early Childhood Education and Care) .................................................................................. 3
Early Childhood Development 51 (Prenatal to Early Childhood) ................................................................................................. 3
Early Childhood Development 54 (Child Health, Safety, and Nutrition) ..................................................................................... 3
Early Childhood Development 60 (Introduction to the Young Child with Exceptional Needs) ...................................................... 3
Early Childhood Development 62 (Child, Family and Community) ............................................................................................ 3
Early Childhood Development 63 (Early Childhood Curriculum) ................................................................................................. 4
Early Childhood Development 67 (Infant and Toddler Development) ........................................................................................ 3

Early Childhood Development 91 (Adaptable Curriculum for Children with Exceptional Needs) .............................................. 3
Total units required ............................................................................................................................................................................. 33

It is strongly recommended that students complete an additional Early Childhood Development course listed below. With this additional course and the required education courses, a student would be eligible for the Master Teacher Permit on the Child Development Permit Matrix.

Early Childhood Development 83 (Adult Supervision) ................................................................................................................ 3

Certificate of Achievement
Family Child Care

Early Childhood Development 50 (Early Childhood Education and Care) .................................................................................. 3
Early Childhood Development 51 (Prenatal to Early Childhood) ................................................................................................. 3
Early Childhood Development 62 (Child, Family and Community) ............................................................................................ 3
Early Childhood Development 70 (Family Child Care Profession) ................................................................................................. 2
Early Childhood Development 95 (Work Experience) ................................................................................................................. 1-3
Early Childhood Development 96 (Work Experience Seminar) ................................................................................................. 1
Electives* ......................................................................................................................................................................................... 7
Total units required ........................................................................................................................................................................... 20-22

*Electives
Select from the following for a minimum of 7 units:
Early Childhood Development 15 (Problems of Childhood)
Early Childhood Development 60 (Teaching Special Needs Infants and Toddlers)
Early Childhood Development 73 (Family Child Care Provider Advanced Enrichment Course)
Early Childhood Development 74 (Discipline Strategies)

EARLY CHILDHOOD DEVELOPMENT (ECD)

These courses are designed to satisfy the recommendations of the Department of Social Services, Title 22, regarding child care personnel and the higher standards required by the Commission on Teacher Credentialing and Licensing for the Child Development Permit, Title 22.

ECD 15 PROBLEMS OF CHILDHOOD 3 UNITS
An exploration of the emotional, cognitive, developmental, and behavioral problems of childhood and adolescence. Topics include: common stresses and problems of adjustment; the effects of stress, abuse, and trauma on development; mental retardation, autism and other developmental disabilities; normal and abnormal problems of attention, conduct, mood anxiety, sleep, eating, sex, learning and speech. Examination of theories of cause of mental health problems in
children and adolescents and approaches to treatment. Examination of information and theory for practical application. Students who have completed or are enrolled in Psychology 15 may not receive credit. 3 hours lecture. AA/AS GE. Transfer: CSU; CSU GE: D9
Degree Applicable, Credit Grading Option: OP

ECD 40 SOCIAL AND EMOTIONAL FOUNDATIONS FOR EARLY LEARNING 3 UNITS
This course will focus on the healthy social and emotional development of young children as the foundation for children’s early learning. Students will become aware of the role of the teacher in establishing an environment that promotes the healthy social and emotional development of young children. Strongly recommended: Early Childhood Development 51, and Early Childhood Development 52. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 50 EARLY CHILDHOOD PRINCIPLES AND PRACTICES 3 UNITS
Historical and contemporary systems of Early Childhood group care, career opportunities, licensing requirements, professional qualifications, differing orientations to early childhood education, developmental stages of young children as related to quality programs that have developmentally appropriate and inclusive curriculum. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 51 PRENATAL TO EARLY CHILDHOOD 3 UNITS
Development of the child from prenatal life to early childhood; developmental characteristics, influences affecting development in prenatal life and infancy; individual differences; physical, emotional, intellectual, and social development. Emphasis on scientific method, research strategies, historical overview, social and cultural context, methods of observing children, and theories. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D7; IGETC: 4G
Degree Applicable, Credit Grading Option: GR

ECD 52 CHILDHOOD AND ADOLESCENCE 3 UNITS
Concentrating on the portions of the lifespan from middle childhood continuing through adolescence and addressing both typical and atypical children. Biological changes such as puberty, brain, cognitive development, changes in family and peer relationships and identity development. Includes an understanding of the various contexts in which this age group develop, such as family, peer groups, school, and work. Emphasis on the continuity, observation, scientific methods, and stages of development. 3 hours lecture. AA/AS GE. Transfer: CSU, UC. Degree Applicable, Credit Grading Option: GR

ECD 54 CHILD HEALTH, SAFETY AND NUTRITION 3 UNITS
Aspects of nutrition, health and safety that promote and maintains the health and well-being of all children and adults who work with young children. Topics include health and nutritional guidelines, maintaining safe and healthy learning environments, state regulations, policies and procedures, common childhood illness, infectious diseases, school-family collaboration, emergency preparedness, First Aid and injury prevention. 3 hours lecture. CSU Transfer. Degree Applicable, Credit Grading Option: GR

ECD 55 THE PROFESSIONAL CAREGIVER 2 UNITS
Analysis of motives, goals, qualifications, competencies and attitudes of the successful professional and relationships with clients: includes individual assessments and strategies for career success. Strongly recommended: Early Childhood Development 50. 2 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 60 INTRODUCTION TO THE YOUNG CHILD WITH EXCEPTIONAL NEEDS 3 UNITS
Introduction to educational philosophies for educating infants and children with exceptional needs. Typical and atypical developmental characteristics and abilities in infants and preschoolers. Assessments, interventions, and learning environments for the infant and preschooler with exceptional needs. Prerequisite: Early Childhood Development 51 (completed with a grade of “C” or higher). 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 61 LITERATURE FOR THE YOUNG CHILD 3 UNITS
An introduction to young children’s literature, the development of speech and language and the exploration of teaching techniques which promote language, literacy and literature for the young child. Selection, evaluation and use of fiction, non-fiction, prose and poetry from existing written and/or recorded children’s literature in the early childhood classroom. Approaches to reading books, storytelling, story writing, and use of puppets, flannel boards and props to facilitate children’s language and appreciation of literature. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 62 CHILD, FAMILY, AND COMMUNITY 3 UNITS
Patterns of family living in contemporary society including the varying roles and interactions of family members; demographic, socio-cultural, racial, economic and developmental factors affecting family life and their implications; relationship of the family to early care and education and to community resources. 3 hours lecture. AA/AS GE. Transfer: CSU; CSU GE D7
Degree Applicable, Credit Grading Option: GR

ECD 63 EARLY CHILDHOOD CURRICULUM 4 UNITS
Professional application of the principles of human growth and development in: the study of play based inclusive curriculum, the physical environment and learning experiences including program content, the use of materials, the facilitation and guidance of all children’s experiences based on developmentally appropriate principles, the methods used to meet all children’s physical, social, emotional, cognitive and creative needs within cultural context. Prerequisite: Early Childhood Development 50 and Early Childhood Development 51 (both completed with a grade of “C” or higher). 4 hours lecture or 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 64 PLAY: MATERIALS AND ENVIRONMENTS 3 UNITS
Application of principles of human growth and development in the consideration of play materials and environments for children from birth through early elementary. The selection and development of play materials and environments that are developmentally, culturally, and age-appropriate. Prerequisite: Early Childhood Development 51 (completed with a grade of “C” or higher). 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECD 65 ADMINISTRATION 3 UNITS
An overview of administrative principles and practices of Early Care and Education facilities; program planning, organizational structures, financial management; personnel policies, records; nutrition program and food purchasing; relationships with families, community, and regulatory agencies; requirements of State and Federal programs; legal and ethical issues. Prerequisite: Early Childhood Development 62 and Early Childhood Development 63 (both completed with a grade of “C” or higher). 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR
<table>
<thead>
<tr>
<th>Course Code</th>
<th>Course Title</th>
<th>Units</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>ECD 67</td>
<td>INFANT AND TODDLER DEVELOPMENT AND CARE GIVING</td>
<td>3</td>
<td>Analysis of infant and toddler development and care, birth through 36 months. Study of current caregiving practices in infant/toddler centers and family day care homes. Examination of best practices, responsive caregiving techniques, environments, infant/toddler learning foundations, health, safety, and licensing requirements. Prerequisite: Early Childhood Development 51 (completed with a “C” or higher). 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 68</td>
<td>PROGRAM SUPERVISION</td>
<td>3</td>
<td>Management of Early Care and Education programs which includes: Strategic planning, group dynamics, supervision of staff and volunteers, development of motivation and morale, leadership skills, functions of personnel, interviewing techniques, interpersonal and group conflicts, staff evaluations, and working effectively with families and advisory boards. Designed to provide knowledge of methods and principles of working with adults in a supervisory capacity in Early Care and Education settings. Prerequisite: Early Childhood Development 62 and Early Childhood Development 63 (both completed with a grade of “C” or higher) 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 69</td>
<td>CHILD STUDY THROUGH OBSERVATION</td>
<td>3</td>
<td>Current approaches for observing and recording the behavior of infants and young children using various scientific techniques. Effective observations that builds on respecting and fostering all children’s competence striving for objectivity and individualizing programs to meet individual children’s learning and developmental assessment. Direct observational experience and application of methods is required weekly. Prerequisite: Early Childhood Development 51 (completed with a grade of “C” or higher), 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 70</td>
<td>FAMILY CHILD CARE PROFESSION</td>
<td>2</td>
<td>This course will focus on all aspects of setting up and operating a family child care home business. The course explores creation of an optimum child care environment, relationships with the child’s parents, the impact of child care on the provider’s family, and the relationship between family child care homes and centers. 2 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 73</td>
<td>THE FAMILY CHILD CARE PROVIDER ADVANCED ENRICHMENT COURSE</td>
<td>2</td>
<td>This course of instruction is designed to assist the family child care provider in developing new and advanced knowledge and skills that will enhance the provider’s career and self-esteem. It examines the blending of the business and the nurturing sides of family child care and offers creative coping solutions aimed at promoting provider longevity, credibility, professionalism, ultimately resulting in his/her home/business providing quality child care. 2 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 74</td>
<td>CHILD GUIDANCE</td>
<td>2</td>
<td>This course introduces practical principles and techniques for developmentally and culturally appropriate guidance. Emphasis is on encouraging self-esteem and cultural awareness, effective communication skills, and direct and indirect guidance techniques and strategies. Upon completion of the course, students should be able to demonstrate strategies which encourage positive social interactions, promote conflict resolution and develop self-control, self-motivation and self-esteem in children. 2 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 78</td>
<td>LANGUAGE DEVELOPMENT</td>
<td>3</td>
<td>Principles of language development of young children. Skills involved in communication. Facilitating acquisition and use of communication skills. Prerequisite: ECD 51 (completed with a grade of “C” or higher). 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 79</td>
<td>TEACHING IN A DIVERSE SOCIETY</td>
<td>3</td>
<td>Critical examination of societal and personal attitudes and beliefs, values, assumptions and biases about culture, race, language, identity, family structures, ability, socio-economic status and other issues influenced by systemic oppression. Recognize and confront barriers that interfere with one’s ability to work effectively with diverse populations of children and families. Enhance teacher skills for educating children in a pluralistic society. 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 80</td>
<td>ADVANCED TOPICS IN CHILDHOOD DEVELOPMENT</td>
<td>1-3</td>
<td>Development and presentation of advanced topics in Early Childhood Development. Emphasis on creative arts, math and science, music and movement. Prerequisite: Early Childhood Development 63 completed with a grade of “C” or higher. 1-3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: OP (May be taken 4 times)</td>
</tr>
<tr>
<td>ECD 81</td>
<td>PLANNING CURRICULUM FOR THE SCHOOL-AGE CHILD</td>
<td>3</td>
<td>Fundamentals of planning, implementing and evaluating curriculum for before and after school care of school-age children (K-6). Emphasis on developmental levels, age-appropriate activities and developing an integrated curriculum. 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 82</td>
<td>COMMUNICATING EFFECTIVELY WITH THE SCHOOL-AGE CHILD</td>
<td>3</td>
<td>Communication skills that promote self-discipline, techniques for resolving conflicts with the school-age child and effective interactions with parents. Consideration of: environment, appropriateness of program, materials, games and equipment; developmental age of children as instrumental to behavior management; development of pro-social behavior, multicultural awareness, diversity issues, and anti-bias curriculum. 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 83</td>
<td>ADULT SUPERVISION</td>
<td>2</td>
<td>Methods and principles of mentoring and supervising adults in early care and education settings. Emphasis on the role of experienced classroom teachers who function as mentors to new teachers while simultaneously addressing the needs of children, families and other staff. Prerequisite: Early Childhood Development 62 and Early Childhood Development 63 (both completed with a grade of “C” or higher). 2 hours. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 90</td>
<td>PRACTICUM: SUPERVISED EXPERIENCE</td>
<td>4</td>
<td>Direct practicum experience working with young children. Observation and evaluation of individual children, group activities and roles of adults in the program. Planning appropriate learning experiences, developing educational plans, planning family conferences, and discussion of on-site experiences. Prerequisite: Early Childhood Development 63 (completed with a grade of “C” or higher). 2 hours lecture, 6 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: GR</td>
</tr>
<tr>
<td>ECD 91</td>
<td>ADAPTIVE CURRICULUM FOR CHILDREN WITH EXCEPTIONAL NEEDS</td>
<td>3</td>
<td>Direct experience working with young children in special day classes or inclusive settings: application of best practices of both the fields of early childhood development and special education in adapting...</td>
</tr>
</tbody>
</table>
EARLY CHILDHOOD DEVELOPMENT - ECOLOGY - ECONOMICS

curriculum to meet the individual needs of children within an inclusive classroom setting. Observation of the assessment process by the special education team and assisting in the implementation of the educational plan. Prerequisite: Early Childhood Development 60 and Early Childhood Development 90 (both completed with a grade of “C” or higher). 2 hours lecture 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ECOL 10 HUMANS AND THE ENVIRONMENT 3 UNITS
Identification of problems created by humans' modification of their environment by focusing on ecological interactions involving the human species; investigating the life processes of organisms as they relate to specific environments. 3 hours lecture. AA/AS GE. Transfer: CSU, UC*, CSU GE: B2; IGETC: SB
Degree Applicable, Credit Grading Option: OP

ECOL 100 SUPPORT FOR EARLY CHILDHOOD SUCCESS 1 UNIT
This is a one-semester course for students concurrently enrolled in one of four Early Childhood Development (ECD) core courses. The core courses include: ECD 50 Principles and Practice, ECD 51 Prenatal to Early Childhood, ECD 62 Child Family and Community, and ECD 63 Early Childhood Curriculum. The course is designed to assist both English Language Learning students and students needing Basic Skills for academic success including understanding ECD requirements, critical thinking, time management, team building and project management. 1 hour lecture. (May be taken three times)
Non-degree Applicable, Non-credit Grading Option: P/N

ECOLOGY

CONTACT: Dr. Neal Ely, Dean .....................................925.424.1182

Ecology 10 is one of many courses offered by the Biology Department. It fulfills various degree, certificate, transfer, and/or career requirements. For more details about how Ecology 10 fits into different pathways, please see “Biology” in the catalog, page 61.
ECONOMICS - ELECTRONICS TECHNOLOGY

AS – Electronics Telecommunications Systems

**Freshman Year**
- Electronics Technology 50 (Fundamentals of Electronics) or Electronics Technology 85.1, 85.2, 85.3, 85.4
- Electronics Technology 53** (Fabrication and Repair Techniques)
- Computer Networking Technology 51 (A+ Computer Fundamentals) or Electronics Technology 85.5, 85.6
- General Education Courses

**Sophomore Year**
- Electronics Technology 56A* (Radio Communications I)
- Electronics Technology 56B* (Radio Communications II)
- General Education Courses

Total units required: 19-20

*This program is offered in alternate years: ET 56A-56B offered every other year.
**Electronics Technology 53 offered Summer Session only.

Certificate of Achievement
Electronics Telecommunications Systems

Electronics Technology 50 (Fundamentals of Electronics) or Electronics Technology 85.1, 85.2, 85.3, 85.4
- Electronics Technology 53** (Fabrication and Repair Techniques)
- Computer Networking Technology 51 (A+ Computer Fundamentals) or Electronics Technology 85.5, 85.6
- General Education Courses

Total units required: 60

ELECTRONICS TECHNOLOGY

DEGREE CERTIFICATE

CONTACT: Dr. Janice Noble, Dean 925.424.1324

About the Program
The Electronics programs are designed to prepare students for a variety of career opportunities in the fields of electronics, computers, and related technologies. Students may prepare for direct job entry as technicians in computer sales, installation and repair. The Electronics Telecommunications Systems AS and Certificate programs prepare students for entry-level employment as technicians in the Electronics Communications (Telecommunications) field. While units in the program are transferable to many institutions, students should consult a counselor for information.

Degrees/Certificates
- AS – Electronics Telecommunications Systems
- Career Certifications: Electronics Telecommunications Systems

LaPTechS - Business/Electronics
Las Positas College Technical Support (LaPTechS) is an innovative entrepreneurial venture offering technical support services to the campus community. Within a work-based learning model, students get hands-on training in a workplace environment. Electronics and computer applications include troubleshooting, repair (hardware and software), configuration, help desk, customer service and job skills preparation. LaPTechS creates opportunities to learn all aspects of business operations, technical support, and the development of interpersonal skills.

See also: Computer Networking Technology
ELECTRONICS TECHNOLOGY

ELEC 55 TELECOMMUNICATION EXAMINATION PREPARATIONS 3 UNITS
Designed to aid in passing the F.C.C. General Radiotelephone Operator License examination. Includes electronic theory, radiotelephone operations, and radiotelephone rules and regulations. Prerequisite: Electronics Technology 50 (completed with a grade of “C” or higher). 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ELEC 56A RADIO COMMUNICATIONS I 4 UNITS
Basic modulation techniques, radio transmitters, radio receivers, and the associated circuits employed by each. Includes AM, FM, PM, and SSB modulators and detectors, RF amplifiers, oscillators, and PLL circuits. Prerequisite: Electronics Technology 50 or Electronics Technology 56A (completed with a grade of “C” or higher). 2 hours lecture, 6 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

ELEC 56B RADIO COMMUNICATIONS II 4 UNITS
A continuation of Electronics Technology 56A with emphasis on advanced circuits, total systems, and new technology. Includes transmission line theory, wave propagation, antenna theory, control systems, digital modulation techniques, transmitter and receiver combining, and electromagnetic interference control. Prerequisite: Electronics Technology 56A or Electronics Technology 56B (completed with a grade of “C” or higher). 2 hours lecture, 6 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

F.A.C.E.T. COURSES
The F.A.C.E.T. (Fault Assisted Circuits for Electronics Training) program is an independent, self-paced, interactive computer-based training program in the field of electronics. This course of study allows students to earn college credit in electronics. Enrollment in the F.A.C.E.T. program is open-ended throughout the semester. Courses numbered 85, 86, and 87 are F.A.C.E.T. courses.

ELEC 85.1 DC FUNDAMENTALS 1.5 UNITS
Self-paced individualized course using interactive computer instruction on DC circuits with resistors connected in series, parallel, and series-parallel. The use of Ohm’s Law, DC power, and use of the digital multimeter. 4.5 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

ELEC 85.2 AC1 FUNDAMENTALS 1.5 UNITS
Self-paced individualized course using interactive computer instruction on AC circuit measurements, use of the oscilloscope, transformers, RC & RL circuits. Prerequisite: Electronics Technology 85.1 (completed with a grade of “C” or higher). 4.5 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

ELEC 85.3 AC2 FUNDAMENTALS 1.5 UNITS
Self-paced individualized course using interactive computer instruction on electronic filters and resonant circuits. Prerequisite: Electronics Technology 85.2 (completed with a grade of “C” or higher). 4.5 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

ELEC 85.4 SEMICONDUCTOR DEVICES 1.5 UNITS
Self-paced individualized course using interactive computer instruction on diodes, diode rectification, zener diode voltage regulation, and transistor fundamentals. Prerequisite: Electronics Technology 85.3 (completed with a grade of “C” or higher). 4.5 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

ELEC 85.5 DIGITAL LOGIC FUNDAMENTALS 1.5 UNITS
Self-paced individualized course using interactive computer instruction on the fundamentals of digital logic gates and flip-flops. Prerequisite: Electronics Technology 85.4 (completed with a grade of “C” or higher or 70% minimum test score on pretest). 4.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

ELEC 85.6 DIGITAL CIRCUITS 1 1.5 UNITS
Self-paced individualized course using interactive computer instruction on digital counters, shift registers, and arithmetic circuits. Prerequisite: Electronics Technology 85.5 (completed with a grade of “C” or higher or 70% minimum test score on pretest). 4.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

ELEC 85.7 DIGITAL CIRCUITS 2 2 UNITS
Self-paced individualized course using interactive computer instruction on decoders, encoders, multiplexers, parity generator/ checker, and troubleshooting MSI circuits. Prerequisite: Electronics Technology 85.6 (completed with a grade of “C” or higher). 6 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

ELEC 86.1 OPERATIONAL AMPLIFIER FUNDAMENTALS 1.5 UNITS
Self-paced individualized course using interactive computer instruction on the fundamentals of operational amplifiers. Prerequisite: Electronics Technology 85.4 (completed with a grade of “C” or higher). 4.5 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP

ELEC 86.2 OPERATIONAL AMPLIFIER APPLICATIONS 1.5 UNITS
Self-paced individualized course using computer instruction on operational amplifier applications, such as filters and integrators. Prerequisite: Electronics Technology 86.1 (completed with a grade of “C” or higher). 4.5 hours laboratory. Transfer: CSU (May be taken 3 times)
Degree Applicable, Credit Grading Option: OP
EMERGENCY MEDICAL SERVICES

About the Program
The Emergency Medical Services (EMS) program prepares students to achieve certification and licensure to enter into several EMS career paths. Students may begin their training by completing the first career related courses within the program. EMS 61, “Emergency Medical Responder” with “First Responder” certification provided through the American Safety and Health Institute (ASHI), and EMS 81, “Emergency Medical Technician” with certification provided through the National Registry of Emergency Medical Technicians.

The program also includes the curriculum necessary to prepare students to become a Nationally Registered Emergency Medical Technician-Paramedic (NREMTP). Students who complete the program are eligible to participate in the National Registry Examination Process, and successful students will be eligible for licensure as an Emergency Medical Technician – Paramedic (EMT-P) in the State of California. The course of study within the EMT and Paramedic Programs is accredited by the Committee on Accreditation of Educational Programs for the Emergency Medical Services Professions (CoAEMSP) and approved by the Alameda County EMS Agency.

Additional courses are available in Community Cardiopulmonary Resuscitation leading to certification designed to prepare students to respond as “Citizen Responders” to emergencies in both the home and workplace environments. This course is ideal for students in Early Childhood Development programs. A course in Basic Life Support for the Health Care Provider is also offered for all students in other health science programs as training necessary for maintaining employment within their fields.

Degrees/Certificates
- Degree:
  - AS – Emergency Medical Services (EMS) – EMT Paramedic
- Certificate of Achievement:
  - Emergency Medical Services (EMS) – EMT Paramedic

Career Opportunities
Health Science is one of the most promising growth career areas in the United States. The EMT and the EMT-Paramedic get jobs in the public sector as an employee of a Fire Department or Health Department, or in the private sector of an Emergency Department, Trauma Center, Emergency Medical Health Clinic or responding under contract with a county emergency ambulance service. Many fire departments offer emergency medical services as a significant component of their duties and responsibilities. The EMS 61 and EMS 81 courses are also ideal for students whose ambition is to work in the fields of Public Safety, as Police Officers, Correctional Officers and/or Specialized Rescuers (i.e., Lifeguards, Ski Patrol, Water Craft Rescue Personnel and Air Medical - Helicopter and Fixed Wing Flight Crews).

Transferability
The EMS degree does not include the lower division requirements typical for four year institutions. General education requirements should be selected carefully based on the intended transfer institution. Very few four year EMS programs exist in the United
States, and the ones that do may accept the classes from Las Positas as lower division requirements. The entire current EMS curriculum, except for the field training, is transferable to the CSU System as elective units.

AS - Emergency Medical Services (EMS) - EMT Paramedic

EMERGENCY MEDICAL SERVICES - ENGINEERING

Exposure to emergency, cardiac, surgical, obstetric, and pediatric patients with a clinical preceptor. Prerequisite: Emergency Medical Services 55 (completed with a grade of "C" or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: P/N

EMS 57 EMT-P SPECIAL PATIENT POPULATIONS 4 UNITS
Overview with an emphasis on evaluation and in hospital management of patients presenting with behavioral emergencies. Emphasis on the special medical needs of the geriatric patient. Focus on ambulance operations to include hazardous incidents, mass casualty incidents and mass casualty incidents caused by weapons of mass destruction or acts of terrorism. Supervised clinical sessions at a hospital emergency department, labor and delivery suite, pediatric clinic, to include exposure to emergency, cardiac, surgical, obstetric, and pediatric patients with a clinical preceptor. Prerequisite: Emergency Medical Services 56 (completed with a grade of "C" or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

EMS 58 EMT-P PARAMEDIC FIELD TRAINING 9-11 UNITS
Clinical internship and field phase of paramedic training with demonstration of advanced life support skills in a variety of emergency situations. Emphasis on clinical evaluation and intervention in the pre-hospital setting, Emergency Department, Psychiatric Emergency Services, Cardiac Intensive Care Unit, Labor and Delivery Trauma, Operating Room Anesthesia and Pediatric Clinic. Prerequisite: Emergency Medical Services 57 (completed with a grade of "C" or higher). 480 to 600 total laboratory hours.
Degree Applicable, Credit Grading Option: OP

EMS 61 FIRST RESPONDER 2.5 UNITS
Development of knowledge and skills necessary for recognizing and caring for emergency situations, including cardiopulmonary resuscitation, prevention of disease transmission, and automated external defibrillation. Designed for first responders in an emergency. Successful completion of the knowledge and skills tests qualifies for a National Safety Certificate and Professional Rescuer CPR card. 2 hours lecture and 2 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

EMS 70A COMMUNITY CARDIOPULMONARY RESUSCITATION .5 UNIT
Development of the knowledge, skill and personal judgment necessary to initiate and perform basic life support techniques in cardiopulmonary resuscitation. Designed for citizens in the community. Successful completion of the knowledge and skills test qualifies for American Red Cross Community CPR or American Heart Association Adult and Pediatric Heart Saver Certificate. 6 total hours lecture, 6 total hours laboratory. 2 total hours. Transfer: CSU (May be repeated 3 times)
Degree Applicable, Credit Grading Option: P/N

EMS 70B PROFESSIONAL CARDIOPULMONARY RESUSCITATION - CPR .5 UNITS
Development of knowledge, skills and personal judgment necessary to initiate and perform basic life support techniques as a health care professional. Successful completion of the knowledge and skills tests qualifies for an American Red Cross Professional Rescuer or an American heart Association Basic Life Support Health Care Provider Certificate. Prerequisite: Health 70A (completed with a grade of "C" or higher) or equivalent. 4 total hours lecture, 5 total hours laboratory.
Transfer: CSU
Degree Applicable, Credit Grading Option: P/N

EMS 81 EMERGENCY MEDICAL TECHNICIAN 6.5 UNITS
Provides training in the foundation skills and knowledge required of the EMT scope of practice. The EMT certification is the minimum requirement for ambulance attendants and most entry level firefighter positions. EMT certification is also required for entry into paramedic training. This training program is accredited by the Alameda County Emergency Medical Services District. Prerequisite: Emergency Medical Services 61 (completed with a grade of "B" or higher or current Emergency Medical Responder certification and Basic Life Support CPR Recognition with AED). 5 hours lecture, 4.5 hours laboratory.
转移: CSU
Degree Applicable, Credit Grading Option: OP

ENGINEERING

CONTACT: Dr. Neal Ely, Dean.................................925.424.1182

About the Program
The Engineering Transfer program at Las Positas College is designed to prepare students to transfer into the Junior class of an engineering major at a four-year institution. The transfer program includes rigorous coursework from several different departments, including Engineering, Mathematics, Physics, Chemistry and Computer Science. Although students are considered general engineering majors at Las Positas, students will transfer to specific engineering departments at four-year institutions. Students interested in majoring in engineering should discuss their course planning with a counselor to ensure they are following the guidelines for transferring to a four-year college.

Degrees/Certificates
Transfer Preparation

Career Opportunities
Engineers are responsible for developing a range of projects and designs from “simple” everyday items (cell phones, appliances) to complex (satellites, medical imagery instrumentation) systems. A career in engineering offers many options in disciplines that include Aerospace, Biomedical, Chemical, Civil, Computer, Electrical, Environmental, Industrial, Materials and Mechanical Engineering, plus others.

Transferability
The Engineering Transfer Program includes the required lower division courses similar to, if not identical to, the same courses offered in the first two years at four year institutions. In general, and unlike most other majors, Engineering Transfer students do not complete all of their General Education courses before transfer. Selection of optional General Education courses should be determined carefully, with the assistance of a counselor or advisor. Note that most four-year institutions want students to begin as freshmen straight from high school, or as juniors after completing the lower-division equivalent of the first two years of college.
Engineering Requirements (Transfer Preparation)

Freshman Year
Chemistry 1A* (General College Chemistry) ............................................. 5
Engineering 10 (Introduction to Engineering) .............................................. 2
Engineering 22 (Engineering Design Graphics) ........................................... 3
Mathematics 1 (Analytic Geometry and Calculus I) ..................................... 5
Mathematics 2 (Analytic Geometry and Calculus II) .................................... 5
Physics 8A (General Physics I) ................................................................. 5
Physics 8B (General Physics II) .............................................................. 5
Computer Science I (Computing Fundamentals I) ..................................... 4-5

Sophomore Year
English 1A (Critical Reading and Composition) ........................................... 3
Engineering 35 (Statics) ........................................................................... 3
Engineering 44 (Introduction to Circuit Analysis) ....................................... 4
Engineering 46 (Materials of Engineering) ............................................... 3
Mathematics 3 (Multivariable Calculus) ..................................................... 5
Mathematics 5 (Differential Equations with Computer Applications) ........... 3.5
Mathematics 7*** (Elementary Linear Algebra with Computer Applications) .............................................................. 3.5
Mathematics 10*** (Discrete Mathematics) ............................................... 4
Physics 8C (General Physics III) ............................................................... 5
Physics 8D** (General Physics IV) ............................................................ 3
Speech 1 (Fundamentals of Speech Communication) .................................. 3

*Chemical Engineering and Materials Engineering majors should also take Chemistry 1B
**Physics 8D may not be required by some universities for specific engineering majors
***Mathematics 7 and 10 may not be required by some universities for specific engineering majors.

ENGINEERING (ENGR)

ENGR 10 INTRODUCTION TO ENGINEERING 2 UNITS
Introduction to careers, activities, and topics related to the field of engineering, including computer applications to design and problem solving. Strongly Recommended: Eligibility for English 1A or 52A. 2 hours. Transfer: CSU, UC. ENGR 10 and 15 combined: max UC credit; one course Degree Applicable, Credit Grading Option: OP

ENGR 15 INTRODUCTION TO OPTICAL SCIENCE AND ENGINEERING 4 UNITS
An introduction to the field of optical science and engineering. Basic concepts of the manipulation of light. Discussion of the opportunities and professional practice in the field including: application of engineering principles, ethics, and responsibilities. 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC. ENGR 10 and 15 combined: max UC credit; one course Degree Applicable, Credit Grading Option: GR

ENGR 22 ENGINEERING DESIGN GRAPHICS 3 UNITS
Introduction to the engineering-design process and to technical graphic communications tools used by engineers. Conceptual design of products. Development of spatial reasoning skills. Orthographic and axonometric projection-drawing techniques. Tolerance analysis for fabrication. Documentation of designs through engineering working drawings. Use AutoCAD Computer-Assisted Drawing software as a design tool. Basic CAD 3-Dimensional solid-modeling. Strongly recommended: Mathematics 38 or Mathematics 36Y and English 1A or English 52A. 2 hours lecture, 3 hours laboratory. Transfer: CSU, UC Degree Applicable, Credit Grading Option: GR

ENGR 25 COMPUTATIONAL METHODS FOR ENGINEERS AND SCIENTISTS 3 UNITS
Methodology and techniques for solving engineering/science problems using numerical-analysis computer-application programs. MATLAB and EXCEL. Technical computing and visualization using MATLAB. Examples and applications from applied-mathematics, physical-mechanics, electrical circuits, biology, thermal systems, fluid systems, and other branches of science and engineering. Prerequisite: Mathematics 1 (completed with a grade of “C” or higher). Strongly recommended: Computer Science 7. 2 hours lecture, 3 hours laboratory. Transfer: CSU, UC Degree Applicable, Credit Grading Option: GR

ENGR 35 STATICS 3 UNITS
Force systems under equilibrium condition, rigid body structures; vector; graphical and algebraic solution of problems. Prerequisite: Physics 8A and Mathematics 2 and Engineering 22 (all completed with a grade of “C” or higher). Transfer: CSU, UC Degree Applicable, Credit Grading Option: GR

ENGR 44 INTRODUCTION TO CIRCUIT ANALYSIS 4 UNITS
Analysis of introductory engineering AC and DC circuits. Natural, forced, and complete circuit response. Prerequisite: Physics 8A (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU, UC Degree Applicable, Credit Grading Option: GR

ENGR 46 MATERIALS OF ENGINEERING 3 UNITS
Application of principles of chemistry and physics to the properties of engineering materials; the relation of microstructure to mechanical, electrical, thermal, and corrosion properties of metals; ceramics and polymers. Prerequisites: Physics 8A and Chemistry 1A (both completed with a grade of “C” or higher). 2 hours lecture, 3 hours laboratory. Transfer: CSU, UC Degree Applicable, Credit Grading Option: GR

ENGLISH

DEGREE
CONTACT: Dr. Philip Manwell, Dean ............... 925.424.1382

About the Program
This degree provides the essential lower-division courses necessary for transfer to English programs at four-year institutions and prepares students for professional and academic careers. In addition, this degree is useful preparation for other liberal arts degrees and will offer students an enriched background toward professional preparation in fields ranging from education to law. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student also refer to the catalog of the prospective transfer institution and consult a counselor.

A detailed handout explaining elective options and transferability is available from the English Department; interested students are advised to ask any counselor or English faculty member for this handout. This handout is also available on the English Department website: [www.laspositascollege.edu/ENG/index.php](http://www.laspositascollege.edu/ENG/index.php)

Electives** ................................................................................... 6
General Education Courses

Total units required........................................................................... 60

**Select from the courses below for a minimum of 6 units (courses may not count as both a requirement and an elective):

- English 3 (Composition and Analysis of Literature)
- English 4 (Critical Thinking and Writing about Literature)
- English 11 (Introduction to Creative Writing)
- English 12 (The Craft of Writing Fiction)
- English 13 (The Craft of Writing Poetry)
- English 19 (Literary Magazine)
- English 32 (U.S. Women's Literature)
- English 44 (Literature of the American West)
- ESL 24 (Advanced Reading and Composition)
- ESL 25 (Advanced Reading and Composition)
- ESL 26 (Advanced Editing)
- Humanities 1 (Philosophy, the Sciences, Epic Poetry)
- Humanities 28 (Classic Myths)
- Humanities 35 (Greek Tragedy)
- Mass Communications 1 (Journalism: News Writing and Information Gathering)
- Mass Communications 2 (Journalism: Investigative News Writing)
- Mass Communications 3 (Journalism: Magazine and Newspaper Feature Writing)
- Speech 2A (Oral Interpretation of Literature I)
- Speech 2B (Oral Interpretation of Literature II)
- Speech 5 (Readers Theater)
- Theater Arts 4 (American Cultures in Theater)
- Theater Arts 10 (Introduction to Dramatic Arts)
- Theater Arts 11 (Stage to Film)
- Theater Arts 12 (Film as Art and Communications)
- Theater Arts 14 (Bay Area Theater)

ENGLISH (ENG)

ENG 1A CRITICAL READING AND COMPOSITION 3 UNITS
Integrated approach to reading, writing, and critical thinking intended to develop ability to read and write complex, college-level prose. Examination of ideas in relation to individual’s worldview and contexts from which these ideas arise. Some research required. Prerequisite: English 100B or 104 or 102 with a “Pass” or ESL 25 (completed with a “C” or higher) or equivalent course or appropriate skill level demonstrated through the English assessment process 3 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU/UC; CSU GE: A2; IGETC: Area 1A
Degree Applicable, Credit
Grading Option: GR

ENG 3 COMPOSITION AND ANALYSIS OF LITERATURE 3 UNITS
Continues instruction in the composing and revision process. Develops critical and analytical reading and writing skills based on the study of fiction, drama and poetry; emphasizes characteristics of both the genre and the individual work; explores the variety of literary approaches to human experience. Prerequisite: English 1A completed with a grade of “C” or higher. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit
Grading Option: OP

ENG 4 CRITICAL THINKING AND WRITING ABOUT LITERATURE 3 UNITS
Develops critical thinking, reading, and writing skills as they apply to the analysis of fiction, poetry and drama; literary criticism; and related non-fiction from diverse cultural sources and perspectives. Emphasis on the techniques and principles of effective written argument as they apply to literature. Some research required. Prerequisite: English 1A (completed with a grade of “C” or higher). 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: A3; IGETC: 1B
Degree Applicable, Credit
Grading Option: GR

ENG 7 CRITICAL THINKING AND WRITING ACROSS DISCIPLINES 3 UNITS
Develops critical thinking, reading, and writing skills as they apply to the textual analysis of primary and secondary book-length works from a range of academic and cultural contexts. Emphasis on the techniques and principles of effective written argument in research-based writing across disciplines. Prerequisite: English 1A (with a grade of “C” or higher). 3 hours. A/A/AS GE. Transfer: CSU, UC; CSU GE: A3; IGETC: 1B
Degree Applicable, Credit
Grading Option: OP

ENG 11 INTRODUCTION TO CREATIVE WRITING 3 UNITS
Elements of creative writing, including narrative, verse and dialogue, using materials drawn from individual’s own work and selected texts. Strongly recommended: Eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU GE: C2
Degree Applicable, Credit
Grading Option: OP

ENG 12 THE CRAFT OF WRITING FICTION 3 UNITS
Practice in writing fiction. Developing internal and external sources for stories and novels; biographical sources, characterization, plot, points-of-view, narrative techniques; analysis and criticism of published writing and individual’s own work. Strongly recommended: English 11 and Eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU GE: C2. (May be taken 3 times)
Degree Applicable, Credit
Grading Option: GR

ENG 13 THE CRAFT OF WRITING POETRY 3 UNITS
Practice in writing poetry, using materials drawn from published poetry and individual’s own work for analysis and criticism, with a focus on techniques of revision. Strongly recommended: English 11 and Eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU GE: C2. (May be taken 3 times)
Degree Applicable, Credit
Grading Option: OP

ENG 19 LITERARY MAGAZINE 2 UNITS
Creation of a literary-style student magazine. Practical training in the managing, editing, formatting, and printing of a literary supplement and/or magazine. Enrollment constitutes the staff of the magazine. The number of laboratory units will be agreed upon and scheduled by instructor and student based on the student’s job description and availability to participate. English 19 and/or Mass Communications 19 may be taken for a total of four times for credit. 1 hour lecture, 3 or 6 hours laboratory. Transfer: CSU (May be taken four times)
Degree Applicable, Credit
Grading Option: OP

ENG 20 STUDIES IN SHAKESPEARE 3 UNITS
Readings of the sonnets and representative comedies, histories, tragedies, and romances of William Shakespeare, with attention to the early, middle and late phases of his art and to the Age of Elizabeth. Prerequisite: English 1A (completed with a grade of “C” or higher). 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit
Grading Option: OP

</thead>
</table>
| ENG 32      | U.S. WOMEN'S LITERATURE                           | 3     | Chronicles the expression of U.S. women authors through readings in a variety of genres such as fiction, poetry, drama, and the essay. Study of the works of at least three of the following groups: African Americans, Asian Americans, European Americans, Hispanic Americans, and Native Americans, with a particular focus on the 20th century. Prerequisite: English 1A (completed with a grade of “C” or higher). 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B  
Degree Applicable, Credit Grading Option: OP |
| ENG 33      | PROFESSIONAL COMMUNICATIONS                        | 4     | This course is designed to help students develop and refine the written and oral communication skills necessary to communicate effectively in a business environment. This will be accomplished through the planning, composing, and evaluating of written communication; report writing; and oral presentations. Additional focus will be placed on developing interpersonal skills, team participation skills, and professionalism. Students who have completed or are enrolled in Business 43, Computer Networking Technology 43, Computer Information Systems 43, Computer Science 43, or Speech 43 may not receive credit. Strongly recommended: Eligibility for English 1A. 4 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: OP |
| ENG 43      | LITERATURE OF THE AMERICAN WEST                   | 3     | Critical analysis of the cultural and historical experiences of diverse people of the American West as expressed in their literatures, including the novel, short story, poetry, autobiography, memoirs, as-told-to-narratives, and secondary works. Exploration of interrelationships among peoples and cultures of the West, considering place and community, gender, and ethnicity as given voice in literature. Study of the works of at least three of the following groups: African Americans, Asian Americans, European Americans, Hispanic Americans, Native Americans. Emphasis upon techniques of critical review of and response to literary works, including gaining understanding of one’s identity as a Westerner and an American. Prerequisite: English 1A (completed with a grade of “C” or higher). 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B  
Degree Applicable, Credit Grading Option: OP |
| ENG 44      | STUDIES IN FICTION                                | 3     | Form, development, and cultural insights of the novel and short story; exploration of particular themes or periods as reflected in works of fiction. Prerequisite: English 1A (completed with a grade of “C” or higher). 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B  
(May be taken 4 times). Degree Applicable, Credit Grading Option: OP |
| ENG 100A    | READING: REASONING, AND WRITING I                | 4     | Preparation in English for success in college. Integrates reading, critical thinking, and writing assignments, using materials that present a variety of perspectives from across the curriculum. Strongly recommended: Appropriate skill level demonstrated through the English assessment process. 3 hours lecture, 3 hours laboratory. Nondegree Applicable, Credit Grading Option: P/N |
| ENG 100B    | READING: REASONING, AND WRITING II               | 4     | Continues preparation in English for success in college. Integrates reading, critical thinking, and writing assignments, using materials that present a variety of perspectives from across the curriculum. Prerequisite: English 100A (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Nondegree Applicable, Credit Grading Option: P/N |
| ENG 102     | PRE-COLLEGE CRITICAL READING AND WRITING         | 4     | Emphasis in the development and integration of reading, critical thinking, and writing skills necessary for success in courses across the curriculum. Designed for those requiring one semester of preparation for entering English 1A with a minimum of one-on-one support. Prerequisite: Appropriate skill level demonstrated through the English assessment process. 3 hours lecture, 3 hours laboratory. Nondegree Applicable, Credit Grading Option: P/N |
| ENG 104     | READING: REASONING, AND WRITING I AND II         | 4     | An accelerated one-semester preparation in English for success in college. Integrates reading, critical thinking and writing assignments, using materials that present a variety of perspectives from across the curriculum. Strongly recommended: Appropriate skill level demonstrated through the English assessment process. 3 hours lecture, 3 hours laboratory. Nondegree Applicable, Credit Grading Option: P/N |
| ESL 23      | COLLEGE GRAMMAR                                  | 3     | This is a one semester advanced grammar course for academic purposes designed to enable students to use linguistic forms accurately, meaningfully and appropriately in both oral and written expression. The course includes 1) verbs in discourse, 2) adverb, adjective, and noun clauses, 3) modals, 4) subjunctive verbs 5) gerunds and infinitives, 6) grammar in discourse. Prerequisite: ESL 120B and 121B (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the ESL assessment process. Three hours lecture, 1 hour laboratory. Transfer: CSU (May be taken two times)  
Degree Applicable, Credit Grading Option: OP |
| ESL 24      | ADVANCED ESL READING AND COMPOSITION             | 6     | This is the first semester of a one-year advanced reading and writing course for academic purposes. Emphasis is on critical reading techniques and writing expository essays as well as on grammar and vocabulary development. Prerequisites: ESL 120B and 121B or an appropriate skill level demonstrated through the ESL assessment process. 6 hours lecture, 1 hour laboratory. Transfer: CSU UC*.  
*ESL 24 & 25 combined, max UC credit, 8 units (May be taken two times)  
Degree Applicable, Credit Grading Option: OP |
| ESL 25      | ADVANCED READING AND COMPOSITION                 | 6     | This is the second semester of a one-year reading and writing course for academic purposes. Emphasis is on critical reading and techniques of exposition, analysis, and argumentation. Prerequisite: ESL 24 or an appropriate skill level demonstrated through the ESL assessment process. 6 hours lecture, 1 hour laboratory. Transfer: CSU UC*.  
*ESL 24 & 25 combined, max UC credit, 8 units (May be taken two times)  
Degree Applicable, Credit Grading Option: OP |
| ESL 26      | ADVANCED EDITING                                 | 3     | This course is designed to increase students’ awareness of their own use of written language, strengthen their linguistic monitors and give them practice in editing strategies which will enable them to use linguistic forms accurately, meaningfully and appropriately in written expression. Prerequisite: ESL 120B and 121B or an appropriate skill level demonstrated through the ESL assessment process. 3 hours lecture, 1 hour laboratory. Transfer: CSU (May be taken two times)  
Degree Applicable, Credit Grading Option: OP |
ENGLISH AS A SECOND LANGUAGE

ESL 120A INTERMEDIATE GRAMMAR FOR WRITING AND READING I 2 UNITS
This is the first semester of a one-year course in intermediate grammar for academic writing and reading designed to enable students to use linguistic forms accurately, meaningfully and appropriately in written expression. The course focuses on compound and complex sentences, verb tense and form, and modals. This course also emphasizes grammar analysis, detecting and correcting grammatical errors, and self-editing skills. Prerequisite: ESL 130B or appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 120A and 121A. 2 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 120B INTERMEDIATE GRAMMAR FOR WRITING AND READING II 2 UNITS
This is the second semester of a one-year course in intermediate grammar for academic writing and reading designed to enable students to use linguistic forms accurately, meaningfully and appropriately in written expression. The course focuses on compound and complex sentences and short paragraphs, overview of the verb tense system in English, verb forms with gerunds and infinitives, verb forms in modifying phrases, and modals. This course also emphasizes analyzing grammar and meaning, detecting and correcting grammatical errors, and self-editing skills. Prerequisite: ESL 120A or appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 120B and 121B. 2 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 121A INTERMEDIATE WRITING AND READING I 6 UNITS
This is the first semester of a one-year course in intermediate academic writing and reading. The course is designed to enable students to use and interpret linguistic forms accurately, meaningfully, and appropriately in written expression. Classes will focus on writing sentences, paragraphs and compositions, developing strategies for reading comprehension and flexibility, on interactive reading, and on academic vocabulary development. Students will develop cultural understanding, vocabulary, and fluency through a variety of academic writing and reading tasks. Prerequisite: ESL 131B or appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 121A and 121B. 6 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 121B INTERMEDIATE WRITING AND READING II 6 UNITS
This is the second semester of a one-year course in intermediate academic writing and reading. The course is designed to enable students to use and interpret linguistic forms accurately, meaningfully, and appropriately in written expression. Classes will focus on writing sentences, paragraphs and compositions, developing strategies for reading comprehension and flexibility, on interactive reading, and on academic vocabulary development. Students will develop cultural understanding and fluency through a variety of academic writing and reading tasks. Prerequisite: ESL 121A or appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 121B and 121B. 6 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 123 INTERMEDIATE ORAL COMMUNICATION 2 UNITS
This is an intermediate-level oral communication course. This course will enable students to use linguistic forms accurately, meaningfully and appropriately, emphasizing academic listening and speaking skills: listening and speaking in small groups, listening to short lectures on academic topics, learning academic vocabulary and expressions, making presentations on new topics. Prerequisite: Eligibility for ESL 120A and 121A or an appropriate skill level demonstrated through the ESL assessment process. 2 hours lecture, 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 126 PRONUNCIATION OF ENGLISH 2 UNITS
Intensive practice in recognizing and pronouncing the sounds of American English with emphasis on words and phrases: stress, intonation, phrasing, reduction. attention to individual, as well as, group priorities. Prerequisite: Eligibility for ESL 120A and 121A or an appropriate skill level demonstrated through the ESL assessment process. 2 hours lecture, 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 130A BEGINNING GRAMMAR FOR WRITING AND READING I 2 UNITS
This is the first semester of a one-year course in beginning grammar for academic purposes designed to enable students to identify and use linguistic forms accurately, meaningfully and appropriately in written expression. The course focuses on simple and compound sentences, questions, modifiers, phrases, and verb tenses, especially simple present, simple past, and present progressive. Strongly recommended: appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 130A, 131A, and 133. 2 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 130B BEGINNING GRAMMAR FOR WRITING AND READING II 2 UNITS
This is the second semester of a one-year course in beginning grammar for academic purposes designed to enable students to identify and use linguistic forms accurately, meaningfully and appropriately in written expression. The course focuses on simple and compound sentences, questions, modifiers, phrases, and verb tenses, especially simple present, past, and future as well as present and past progressive. Prerequisite: ESL 130A or appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 130B, 131B, and 133. 2 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 131A BEGINNING WRITING AND READING I 6 UNITS
This is the first semester of a one-year course in beginning academic writing and reading. The course is designed to enable students to use and interpret linguistic forms accurately, meaningfully, and appropriately in written expression. Classes will focus on writing simple and compound sentences in short paragraphs, on developing strategies for increasing reading comprehension and flexibility, on interactive reading, and on developing academic vocabulary. Students will develop cultural understanding and fluency through a variety of writing and reading tasks. Strongly recommended: appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 130A, 131A, and 133. 6 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N

ESL 131B BEGINNING WRITING AND READING II 6 UNITS
This is the second semester of a one-year course in beginning academic writing and reading. The course is designed to enable students to use and interpret linguistic forms accurately, meaningfully, and appropriately in written expression. Classes will focus on writing simple, compound, and complex sentences, on developing academic purposes designed to enable students to identify and use linguistic forms accurately, meaningfully and appropriately in written expression. The course focuses on simple and compound sentences, questions, modifiers, phrases, and verb tenses, especially simple present, past, and future as well as present and past progressive. Prerequisite: ESL 130A or appropriate skill level demonstrated through the ESL assessment process. Students are advised to enroll concurrently in ESL 130B, 131B, and 133. 6 hours lecture, 0 - 1 hour laboratory. (May be taken two times) Nondegree Applicable, Credit Grading Option: P/N
ENVIRONMENTAL STUDIES

DEGREE

CONTACT: Dr. Neal Ely, Dean ........................................925.424.1182

About the Program

The AA Degree program in Environmental Studies is a multi-disciplinary program which provides students the academic foundation for understanding the scientific and technological basis of energy technology, as well as the political, environmental, and economic factors that underlie the energy policy choices, at both the national and global levels, our students will make throughout their professional careers and also as informed citizens. This transferable program provides a well-rounded foundation by featuring a diverse array of classes in the degree pattern from the natural and physical sciences in such associated disciplines as geology, geography, ecology, biology, chemistry, statistics, philosophy, and economics. Students can further expand this foundation by selecting electives from other disciplines such as anthropology and political science.

Degrees/Certificates

• Degree:
  • AA – (Transfer Preparation)

Career Opportunities

Career opportunities include Environmental Planners, Environmental Consultants, and Greenhouse Gas Emissions Permitting Consultants. Graduates will also have the potential to specialize in related areas such as water, air, and forestry resource management, finance, energy, and transportation analysis, waste management, low impact construction, and environmental remediation.

Transferability

All of the program courses are transferable to most 4 year colleges in the state.

AA – Environmental Studies'

Freshman Year

Biology 31 (Introduction to College Biology) ................................................. 4
Chemistry 31 (Introduction to College Chemistry) ........................................... 4
Geology 1 (Physical Geology) ................................................................. 3
Geography 1 (Introduction to Physical Geography) ......................................... 3

Internship

General Education courses

Electives

Select from the following courses for a minimum of 6 units:

Anthropology 1 (Physical Anthropology)
Anthropology 2 (Introduction to Archaeology: Prehistory and Culture Growth)
Anthropology 3 (Social and Cultural Anthropology)
Biology 40 (Field Biology)
Geography 15 (Introduction to Geographic Information Systems)
Geology 3 (Historical Geology)
Geology 7 (Environmental Geology: Resources, Use Impact & Pollution)
Geology 12 (Introduction to Oceanography)
Humanities 6 (Nature and Culture)
Political Science 7 (Introduction to American Government)
Political Science 12 (Introduction to California State and Local Government)
Sociology 5 (Global Change)

* Approval by State Chancellor’s Office is pending

ENVIRONMENTAL STUDIES (EVST)

EVST 5 ENERGY AND SUSTAINABILITY 3 UNITS

Introduction and exploration of Energy production, utilization, management, and the effects on society, and the environment. This course will also compare and contrast current and future renewable and non renewable methods of energy generation, auditing, and conservation. Strongly recommended: Eligibility for English 1A. 3 hours lecture. AA/AS GE. Transfer: CSU.

FIRE SERVICE TECHNOLOGY

DEGREE  CERTIFICATE

CONTACT: Dr. Neal Ely, Dean ......................................................925.424.1182

About the Program

The Fire Service Technology program prepares the student for a career in the Fire Service, through the provision of highly specialized curriculum which involves both cognitive and psychomotor applications of education and training. The necessary knowledge and skills sets of a desired educational background for an opportunity of employment or advancement into several different fire service career paths may be achieved through the successful completion of the different Fire Service Technology courses provided for in the program. The program includes curriculum normally recognized as the Firefighter I Academy, as well as curriculum leading to a variety of certifications often required for recognition for entry or advancement within these different fire service career paths. Some of these certifications include CAL Fire “67 Hour Wildland Firefighter I Basic Academy” Certificate along with the National Wildland Coordinating
FIRE SERVICE TECHNOLOGY

Group (NWC2) Certificates of S-130 (Firefighting Training), S-131 (Advanced Firefighting Training), and S-190 (Introduction to Wildland Fire Behavior), certifications from the California State Training Institute (CSTI) in “Hazmat First Responder Operations” (HAZMAT FRO) and “Emergency Decon” along with certification in “Incident Command Basic ICS-200” from California State Fire Training and issued through Fire Service Training and Education Programs (FSTEP). Still other curriculum in the program serves as part of the California State Fire Training (CFSTES) “Fire Officer” Certification training series, which provides the student the necessary breadth of Cognitive knowledge and skill sets necessary for recognition as a Certified “Company Officer” in California.

Degrees/Certificates

• Degree:  
  AS – Fire Service Technology

• Certificate of Achievement:  
  Fire Service Technology

Career Opportunities

Career opportunities provided through the Fire Service Technology Program include Volunteer / Reserve Firefighter, Seasonal Wildland Firefighter, Full Time Professional Firefighter, Firefighter / EMT, Firefighter / Paramedic, Fire Inspector or Code Enforcement Officer, Fire Cause and Origin Investigator and State Certified “Fire Officer” which is desired for promotion to a “Company Officer” in most Fire Service Agencies. Students in the Fire Service Technology Program have been very successful in finding employment in the Fire Service as “Professional Firefighters” throughout the United States due to their extensive training and knowledge that they have achieved here in comparison to the local competition of available candidates in many other states.

Transferability

The Fire Service Technology degree does not include the lower division requirements typical of four year institutions. General education requirements should be selected carefully based on the intended transfer institution. There are a limited number of four year institutions with specific degrees in the fields of Fire Service Technologies and many of them accept the classes from Las Positas and for transfer as degree or as electives.

Select from the following for a minimum of 2 units:

Fire Service Technology 65 (First Responder Hazardous Materials/Incident Command ICS 200)
Fire Service Technology 76A (Fire Investigation 1A)
Fire Service Technology 86 (Wildland Interface Fire Fighting)

**Fulfills the Fire Fighter I Certification requirements and required for entry into the Fire Service Technology 90A, 90B, and 90C courses (Fire Fighter I Certification Preparation)

FIRE SERVICE TECHNOLOGY (FST)

Fire Service Technology courses may be scheduled alternating years. Students may be required to take day and evening classes to complete the Associate Degree.

FST 50  FIRE PROTECTION ORGANIZATION  3 UNITS

Introduction to fire protection; career opportunities in fire protection and related fields; philosophy and history of fire protection; fire loss analysis; organization and function of public and private fire protection services; fire departments as part of local government; laws and regulations affecting the fire service; fire service nomenclature; specific fire protection functions; basic fire chemistry and physics; introduction to fire protection systems; introduction to fire strategy and tactics. Cultural Diversity, including discrimination and harassment laws and regulation. Course complies with State Board of Fire Services requirements (1999). 3 hours lecture plus a total of 12 hours laboratory for the semester. Transfer: CSU

Degree Applicable, Credit Grading Option: GR
FIRE SERVICE TECHNOLOGY

FST 51 FIRE SERVICE OPERATIONS 3 UNITS
Fundamentals of fire department organization, management and resources; fire company organization; resources to control various emergencies; multi-agency coordinating systems; support and regulatory agencies; strategy and tactics applied to structural fire fighting; wildland fire fighting and hazardous material emergencies; and safety conditions to be considered. Prerequisite: Fire Service Technology 50 (completed with a grade of “C” or higher). 3 hours lecture, plus a total of 12 hours laboratory for the semester. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 52 FIRE FIGHTER SAFETY AND PUBLIC EDUCATION 3 UNITS
Assessing fire dangers and handling common fire situations in the home and in the workplace; risk abatement and personal preparation for unforeseen fire emergencies; roles and responsibilities in educating the public on fire safety. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 53 FIRE BEHAVIOR AND COMBUSTION 3 UNITS
Theory and fundamentals of why fires start, spread, and are controlled. An in depth study of fire chemistry and physics fire characteristics of materials, extinguishing agents, and fire control techniques. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 54 FIRE PREVENTION TECHNOLOGY 3 UNITS
Provides fundamental information regarding the history and philosophy of fire prevention, organization and operation of a fire prevention bureau, use of fire codes, identification and correction of fire hazards, and the relationships of fire prevention with built-in fire protection systems, fire investigation and fire safety education. Provides skills necessary for California Fire Service Training and Education System, Certified Firefighter I and Fire Inspector I. Prerequisite: Fire Service Technology 50 (completed with a grade of “C” or higher). 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 55 FIRE PROTECTION EQUIPMENT AND SYSTEMS 3 UNITS
History and development of the Uniform Fire Code; features, design, and operations of fire alarm systems and smoke detection systems; means and adequacy of required exiting systems; installation and maintenance of automatic, manual, and other private fire extinguishing equipment; heat and smoke control systems, water or sprinkler supply, water supply for fire protection and portable fire extinguishers. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 56 FUNDAMENTALS OF BUILDING CONSTRUCTION FOR FIRE PROTECTION 3 UNITS
Study of the components of building construction that relate to fire/ life safety. Elements of construction and design of structures are shown to be key factors when inspecting buildings, preplanning fire operations, and operating at fires/collapse emergencies. Development and evolution of building and fire codes will be studied in relationship to past fire/collapses in residential, commercial, and industrial occupancies. Prerequisite: Fire Service Technology 50 (completed with a grade of “C” or higher). 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

FST 65 FIRST RESPONDER HAZARDOUS MATERIALS/INCIDENT COMMAND ICS 200 3 UNITS
Degree Applicable, Credit Grading Option: GR

FST 70A BASIC RESCUE PRACTICES 2 UNITS
Fire incident search and evacuation principles. Implementation of auto incident safety, access, first aid, extrication and removal operations. Wildland incident search procedures, knot tying and slope evacuation skills. Simulated automobile incident rescue exercises. Strongly Recommended: Fire Service Technology 90A and 90B (Fire Fighter-I) or active member of paid or volunteer fire department. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 70B ADVANCED RESCUE PRACTICES 2 UNITS
Continuation of skills and knowledge from Fire Service Technology 70A. Application of triage principles. Implementation of multicasualty incident safety; access, first aid, extrication and removal operations. Advanced wildland incident vertical slope lowering and hoisting skills. Structure collapse shoring, debris tunneling and trench collapse patient recovery techniques. Includes simulated structure collapse rescue and incident command exercises. Prerequisite: Fire Service Technology 70A (completed with a grade of “C” or higher). 1 hour lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 71A FIRE COMMAND 1A - COMMAND PRINCIPLES FOR COMPANY OFFICERS 2 UNITS
Provides company officers with information and experience in command and control techniques, Instruction and simulation time pertaining to the initial decision and action processes at a working fire. Topics include the fire officer and their acts of commanding and authority of command, fire behavior, fire ground resources, operations, and management. Prerequisite: Fire Service Technology 65 (completed with a grade of “C” or higher) or ICS 200 Basic ICS – Incident Command System Certification from NIMS – FEMA, FSTEP or NWCG. This is a State of California Fire Marshal, State Fire Training, CFSTES (California State Fire Service Training and Education System) course approved by the California State Fire Board. A certificate will be issued upon successful completion of the course. The course satisfies one of the component requirements for the certification track of Company Officer. 40 total hours for the course. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 71B FIRE COMMAND 1B 2 UNITS
Provides company officers with information and experience in command and control techniques. Emphasis on decision making and appropriate use of resources for the first arriving company officer at hazardous material incidents. Satisfies part of the requirements for the State Fire Officer I Certification. 40 total hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

FST 71C FIRE COMMAND 1C - 1-ZONE FIRE FIGHTING FOR COMPANY OFFICERS 2 UNITS
Designed for firefighters, company officers, and Chief Officers with limited wildland experience. This course is designed around the responsibilities of the Company Officer at a Wildland/urban interface incident. It will bring the structural Company Officer out of the city and into the urban/ interface, in other words, from his or her comfort zone into an area that could very well be quite unfamiliar. This is a State of California Fire Marshal, CFSTES (California State Fire Service Training and Education System) course approved by the California

FIRE SERVICE TECHNOLOGY - FRENCH - GENERAL STUDIES

FST 90B  FIRE FIGHTER-I CERTIFICATION PREPARATION  2 UNITS
Continuation of skills and basic knowledge necessary to perform the functions of a fire fighter, engineer and captain within a fire attack team. Practice in donning breathing apparatus, knot tying, placing ladders, pulling hose, making water supply connections and using the incident command system. Prerequisite: Fire Service Technology 90A (completed with a grade of “C” or higher). 24 total lecture hours, 40 total hours laboratory.
Degree Applicable, Credit  Grading Option: GR

FST 90C  FIRE FIGHTER-I CERTIFICATION PREPARATION  2 UNITS
Continuation of skills and basic knowledge necessary to perform the functions of a fire attack team, in multiple company exercises, which include: hose and ladder evolutions; salvage and overhaul techniques; fire attack, control and extinguishment techniques for various situations. Fire fighter-1 Graduation Certificate awarded upon successful completion. Students with six months paid experience or 12 months volunteer/work experience may apply for the State Certificate, with proof of current completion of a valid Emergency Medical Technician Program. Prerequisite: Fire Service Technology 90B (completed with a grade of “C” or higher). 24 total hours lecture, 40 total hours laboratory.
Degree Applicable, Credit  Grading Option: GR

FST 92  FIRE FIGHTER-II CERTIFICATION PREPARATION  4 UNITS
Manipulative and technical training in fire protection water supply, self-contained breathing apparatus, fire service equipment inspection and maintenance, advanced hose and ladder operations, fire attack and control procedures, and radiological monitoring. Designed to develop the abilities of the employed or volunteer fire fighter to perform the objectives stated in the Fire Fighter II Certification guidelines. Academy Certificate, EMT Certificate. Prerequisite: Fire Service Technology 54, 55, 70B (all completed with Grade of “C” or higher) and proof of eligibility for/or possession of a State of California Fire Fighter I Certificate. May substitute the State Heavy Rescue course and a Vehicle Extrication course for the 70A and 70B requirements. 3.5 hours lecture, 2 hours laboratory.
Degree Applicable, Credit  Grading Option: GR

FST 95  WORK EXPERIENCE  1-3 UNITS
College supervised on-the-job training while working in a fire service related occupation. Prerequisite: State Fire Fighter I Academy Certificate, EMT Certificate. Corequisite: Fire Service Technology 96, 5-15 hours each week. Transfer: CSU. See page 164 for Work Experience requirements. (May be taken 4 times)
Degree Applicable, Credit  Grading Option: GR

FST 96  WORK EXPERIENCE SEMINAR  1 UNIT
Coordination of curriculum with college supervised part-time or full-time employment, or volunteer work in the fire service field. Includes case studies, job related problems, cases and presentations, and material related to employment, organization and management; emphasis on building working relationships with supervisors, subordinates, and co-workers. Prerequisite: State Fire Fighter I Academy Certificate, EMT Certificate. Corequisite: Fire Service Technology 95. 1 hour. Transfer: CSU. See page 164 for Work Experience requirements. (May be taken 4 times)
Degree Applicable, Credit  Grading Option: GR

FST 200  WILDLAND FIRE FIGHTING – LIVE FIRE EXERCISE  NON-CREDIT
Wildland Fire Fighting, a live fire exercise, with emphasis on wildland fire behavior and utilization of effective control and suppression techniques. Additional emphasis on ICS organization and applications, weather influence, equipment usage, firing operations, dozer applications, hand tool applications, and firefighter safety associated with a Wildland Fire Incident. Prerequisite: Current membership within a recognized Fire Service Agency. 8 hours total. No limit.
Non-degree Applicable, Non Credit  Grading Option: Non-credit

FRENCH

CONTACT: Dr. Philip Manwell, Dean ................................. 925.424.1382

About the Program
The Foreign Language program offers primarily first- and second-year transfer-level courses in Spanish, French, and Italian. Some courses are scheduled on a rotating basis. The transfer-level courses are designed to prepare students to continue with their language studies in upper-division courses. In addition, there is an emphasis on learning about the culture of the people who speak the individual languages.

FRENCH (FREN)

FREN 1A  BEGINNING FRENCH  5 UNITS
This introductory level course will enable students to begin speaking, reading and writing elementary level French as well as understanding the spoken language. Students are introduced to concepts of grammar, vocabulary and verb tenses in a variety of auditory, visual and written contexts. Strongly Recommended: Eligibility for English 1A. 5 hours.
AA/AS GE . Transfer: CSU, UC; IGETC: Area 6
Degree Applicable, Credit  Grading Option: OP

FREN 1B  ELEMENTARY FRENCH  5 UNITS
This is the second semester of the introductory level course and will enable students to continue to learn to speak, read and write elementary level French as well as to understand the spoken language. Students are introduced to concepts of grammar, vocabulary and verb tenses in a variety of auditory, visual and written contexts. Prerequisite: French 1A (completed with a grade of “C” or higher). 5 hours.
AA/AS GE . Transfer: CSU, UC
Degree Applicable, Credit  Grading Option: OP

FREN 2A  INTERMEDIATE FRENCH  4 UNITS
Review of grammar; reading of works of modern authors; practice in conversation and composition. Prerequisite: French 1B (completed with grade of “C” or higher). 4 hours.
AA/AS GE . Transfer: CSU, UC; IGETC: C2; IGETC: 3B
Degree Applicable, Credit  Grading Option: OP

FREN 2B  ADVANCED FRENCH  4 UNITS
Reading of French authors; advanced review of grammar, emphasis on speaking and composition. Prerequisite: French 2A (completed with grade of “C” or higher). 4 hours.
Transfer: CSU, UC; IGETC: C2; IGETC: 3B
Degree Applicable, Credit  Grading Option: OP

GENERAL STUDIES

CONTACT: Jeff Baker, Dean ................................. 925.424.1420

About the Program
General Studies are courses based in multiple disciplines designed to contribute to the capacity for students to succeed in college. The offerings in this area are focused on Leadership and Teaching.
GENERAL STUDIES - GEOGRAPHY

GENERAL STUDIES (GNST)

GNST 10  FACULTY ASSISTANT EXPERIENCE FOR POTENTIAL TEACHERS 1-2 UNITS
Work as a faculty assistant to gain a variety of experiences related to teaching and learning tasks. May not assist in course sections in which enrolled. Prerequisite: Consent of instructor and Office of Academic Services. 2.5-5 hours. (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

GNST 25  STUDENT LEADERSHIP 1-2 UNITS
Processes and methods of communication in group situations, including parliamentary procedure, preparation of agenda and minutes, and organization accounting. Introduction to student government procedures and policies. Recommended for members of the Student Government Assembly, club officers, members of college-wide committees and others interested in leadership. 1 hour lecture, 2-4 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

GNST 100  FOUNDATIONS FOR LEARNING SUCCESS 3 UNITS
Examine self-efficacy issues and begin to develop strong self-efficacy behaviors. Develop behaviors that lead to academic and career success, such as understanding individual learning styles, building and working in diverse learning style teams, effective and appropriate methods of communication, effective and appropriate behaviors in the classroom and the workplace. Course is based on curriculum used to train executives in large companies to develop professional behaviors. 3 hours.
Nondegree Applicable, Credit  Grading Option: P/N

GEOGRAPhY

CONTACT: Dr. Neal Ely, Dean.................................925.424.1182

About the Program

Geography is the science of place and space. Geographers ask where things are located on the surface of the earth, why they are located where they are, how places differ from one another, and how people interact with the environment. There are two main branches of geography; human geography and physical geography. Human geography is concerned with the spatial aspects of human existence – how people and their activity are distributed in space, how they use and perceive space, and how they create and sustain the places that make up the earth’s surface. Human geographers work in the field of urban and regional planning, transportation, marketing, real estate, tourism and international business. Physical geographers study patterns of weather and climate, landforms, vegetation, soils and water. They forecast the weather, manage land and water resources, and analyze and plan for forests, rangelands, and wetlands.

Many human and physical geographers have skills in cartography and Geographic Information Systems (GIS). Geographers also study the linkages between human activity and natural systems, and are active in the study of global warming, desertification, deforestation, loss of biodiversity, groundwater pollution, and flooding.

Career Opportunities

Teaching, urban and regional planning, transportation, marketing, real estate, tourism, international business, government

Transferability

All of the geography courses are transferable to most 4 year colleges in the state.

GEOGRAPHY (GEOG)

GEOG 1  INTRODUCTION TO PHYSICAL GEOGRAPHY 3 UNITS
Earth’s natural environments, with emphasis on spatial characteristics, change over time, interactions between environmental components, and human-environment interactions. Physical processes, techniques, and tools by which Earth’s climates, soils, vegetation, water resources, and land forms are linked into integrated global patterns. Effect of natural environments on human activities and how humans modify environments. Field trips may be included. 3 hours. AA/AS GE . Transfer: CSU, UC; CSU GE: B1; IGETC: Area 5A
Degree Applicable, Credit  Grading Option: GR

GEOG 1L  INTRODUCTION TO PHYSICAL GEOGRAPHY LABORATORY 1 UNIT
Application of the concepts, techniques, tools, and materials of physical geography. Practical exercises, experiments, observations, data analyses, and computer applications/simulations which augment understanding of geographic processes, interrelationships, spatial patterns and distributions. Use of maps, remotely-sensed imagery, and geographic information systems. Includes locational reference systems, time-space relationships, weather, climate, soils, vegetation, and landforms. Field trips/field projects may be included. Prerequisite: Geography 1 (may be taken concurrently). 3 hours laboratory. AA/AS GE . Transfer: CSU, UC; CSU GE: B1 & B3; IGETC: 5A & Lab.
Degree Applicable, Credit  Grading Option: GR

GEOG 2  CULTURAL GEOGRAPHY 3 UNITS
Spatial analysis of human populations, their cultural traits, and activities. Emphasis on how diverse peoples, through their interactions and through their perceptions and use of the physical environment, create distinctive cultural landscapes. Social, political, and economic elements of geography which contribute to the evolution of these global and regional cultural patterns. Field trips may be included. 3 hours. AA/AS GE . Transfer: CSU, UC; CSU GE: D5; IGETC: 4E
Degree Applicable, Credit  Grading Option: OP

GEOG 3  WORLD REGIONAL GEOGRAPHY 3 UNITS
Regions of the world and the way humans live within those regions. Includes physical and cultural characteristics of world regions, how they are similar and how they are different, economic patterns, agriculture, industrial development and population dynamics. Emphasis on contemporary major issues and their geographic impact. 3 hours. AA/AS GE . Transfer: CSU, UC; CSU GE: D5; IGETC: Area 4
Degree Applicable, Credit  Grading Option: GR

GEOG 8  INTRODUCTION TO WEATHER AND CLIMATE 3 UNITS
Introduction to weather and climate and their impact on and modification by human activities. Emphasis on weather elements,
GEOGRAPHY - GEOLOGY

events, and processes; climate controls; and the techniques, tools, and instruments of atmospheric science. Includes atmospheric optics, weather prediction, severe storms, air pollution, global/ regional warming/cooling, ozone depletion, acid rain, El Niño, deforestation, desertification, and other topics related to everyday experience and global climate change. Field trips and observational activities may be included. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: B1; IGETC: 5A
Degree Applicable, Credit. Grading Option: OP

GEOG 12 GEOGRAPHY OF CALIFORNIA 3 UNITS
California’s physical, cultural, and regional elements. The physical geographic base includes: location; geological evolution; geomorphic provinces, natural hazards, and resources; climate, water resources, vegetation, and soils. Historically developed cultural themes include: Native American and Hispanic origins; migration patterns and settlements; population growth and ethnic diversity; land use and economic activities; and Pacific Rim connections. Human-environment interactions and issues are considered throughout. Field trips may be included. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: D5; IGETC: 4E
Degree Applicable, Credit. Grading Option: OP

GEOG 15 INTRODUCTION TO GEOGRAPHIC INFORMATION SYSTEMS (GIS) 3 UNITS
GIS is a geographically-based, computer assisted information technology that captures, organizes, queries, and analyzes spatial relationships between locations and attributes of Earth’s physical, cultural, and economic features. GIS facilitates visualization of spatial relationships and decision-making by interactively linking maps, databases, images, and charts. GIS is both a tool for learning across the curriculum and an integrated system and science for solving real-world spatial problems within and across every economic sector. This course introduces entry-level GIS theory, principles, concepts, applications, and operations through a combination of lectures, demonstration, interactive web sessions and tutorials, and active learning strategies. Students will acquire basic hands-on GIS experience with current industry-standard software. Field trips may be required. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: D5
Degree Applicable, Credit. Grading Option: OP

GEOG 22 ADVANCED GIS APPLICATIONS 3 UNITS
GIS is a geographically-based, computer assisted information technology that captures, organizes, queries, and analyzes spatial relationships between locations and attributes of Earth’s physical, cultural, and economic features. GIS facilitates visualization of spatial relationships and decision-making by interactively linking maps, databases, images, and charts. GIS is both a tool for learning across the curriculum and an integrated system and science for solving real-world spatial problems within and across every economic sector. This course introduces entry-level GIS theory, principles, concepts, applications, and operations through a combination of lectures, demonstration, interactive web sessions and tutorials, and active learning strategies. Students will acquire basic hands-on GIS experience with current industry-standard software. Field trips may be required. Prerequisite: Geography 15 (completed with a grade of “C” or higher). 3 hours. Transfer: CSU Degree Applicable, Credit. Grading Option: OP

GEOLOGY

CONTACT: Dr. Neal Ely, Dean ................................. 925.424.1182

About the Program
Geology is the study of the earth. Areas of study include but are not limited to: volcanoes; earthquakes and seismology; the Geologic Time Scale and the formation of the earth; petrology (rocks) and minerals; hydrology; erosion; oceanography, including beach systems; environmental geology (resources, hazards, etc.); glaciers and Ice Ages; groundwater; and deserts.

The Las Positas College Geology Program features lectures and laboratories for both Geology majors and non-science majors. Lectures and accompanying laboratory courses are offered separately to accommodate students’ schedules.

Career Opportunities
Geology graduates typically work in the field of Environmental Geology (including Resource Development/Management and Natural Hazards/Disasters Assessment and Planning) and/or Geoscience Exploration and Research.

Transferability
Geology 1/1L, 3/3L, 5, 7 and 12/12L (see below for course descriptions) are transferable and satisfy the Natural/Physical Science GE requirements of most four-year institutions. The Geology course offerings at LPC include the lower-division courses typical of lower division geology requirements of most four year institutions.

For students interested in pursuing a four-year degree in Geology, the first two years of a Geology degree generally consist of: Physical Geology 1 (lecture and laboratory); Historical Geology 3 (lecture and laboratory); Physics, Chemistry, Mathematics, and general breadth requirements. Mineralogy/Earth Materials is also a required lower-division Geology course at some four-year schools.

Geology is an applied science. The last two years of the typical four- year geology program focus on geology courses that apply scientific concepts and principles that the student learned in the first two years. All potential geology majors should consult the current college catalog for geology degree requirements at the school to which the student wishes to transfer.

GEOLOGY (GEOL)

GEOL 1 PHYSICAL GEOLOGY 3 UNITS
The Earth, its materials, its internal and external processes, and its development through time. Emphasis is placed on a thorough global understanding of Plate Tectonics as a framework and foundation for subsequent geologic topics and concepts. Topics include volcanoes, earthquakes and seismology, the Geologic Time Scale and the formation of the earth, rocks and minerals, hydrology, erosion, beach systems, environmental geology, glaciation, groundwater, etc. Course content includes the difference between theory and fact and the historical development of key geologic concepts. This is the foundation course for almost all subsequent geology courses for both geology majors and non-majors. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: B1; IGETC: Area 5A
Degree Applicable, Credit Grading Option: OP
### GEOLOGY - HEALTH

**GEO 1L PHYSICAL GEOLOGY LABORATORY 1 UNITS**
Laboratory course to supplement the physical geology lecture course. Introduction to the materials and techniques of geology. Includes minerals, rocks, topographic and geologic maps, structural geology, identification and interpretation of landforms, geologic time and relative age dating analysis, etc. Prerequisite: Geology 1 or Geology 5 or Geology 7 (may be taken concurrently). 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: B1 & B3; IGETC: 5A Lab
Degree Applicable, Credit Grading Option: OP

**GEO 2L INTRODUCTION TO OCEANOGRAPHY LABORATORY 1 UNIT**
Laboratory course to supplement the oceanography lecture course. Introduction to the materials and techniques of ocean science. Includes sea floor rocks, oceanic geography, bathymetric maps, seismic reflection, seawater physics and chemistry, beach sand, tides, waves, marine life and marine fossils, sea floor spreading rates, etc. Prerequisite: Geology 12 lecture (may be taken concurrently). 3 hours laboratory AA/AS GE. Transfer: CSU, UC; CSU GE: B1 & B3; IGETC: 5A Lab
Degree Applicable, Credit Grading Option: P/N

---

### HEALTH

**CONTACT**: Dyan Miller, Dean ........................................ 925.424.1275

**About the Program**
The Health program consists of courses in personal health (see the LPC Catalog section for Nutrition). These courses are intended to help students live healthfully now and for the rest of their lives. They also serve as foundations for students intending to focus their studies in the health and nutritional sciences and physical education and athletics.

**HEALTH (HLTH)**

**HLTH 1 INTRODUCTION TO HEALTH 3 UNITS**
Physiological, psychological, and social perspectives of health. Emphasis on knowledge, attitudes, and behaviors that will contribute to a healthy individual. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: B1 & B3; IGETC: 5A Lab
Degree Applicable, Credit Grading Option: OP

**HLTH 2 HEALTH ISSUES 2 UNITS**
Investigation, analysis, and evaluation of selected contemporary health and ethical issues with the intent of acquiring insight into the health care delivery systems, health attitudes and behavior. Concepts and issues in contemporary health. 2 hours. Transfer: CSU, UC; CSU GE: E. *HLTH 1 and 2 combined: max UC credit, one course.
Degree Applicable, Credit Grading Option: OP

**HLTH 3 WOMEN'S HEALTH 3 UNITS**
Physiological, psychological, social, cultural, and political influences on women's health. Emphasis on diversity of women's experiences and the factors involved with both population level health outcomes and personal decision-making. Focus on empowerment for primary prevention. 3 hours lecture. AA/AS GE. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HEALTH SCIENCE - HEALTH AND HUMAN SERVICES

HEALTH SCIENCE

DEGREE  CERTIFICATE

CONTACT: Dr. Janice Noble, Dean ......................... 925.424.1324

About the Program
The Health Sciences Department degree and certificate programs are for the entering healthcare professional with an emphasis on patient care theory and clinical practice. The types of careers available to those entering into Health Sciences may include such fields as Pharmacy Technology, Physical Therapy, Nursing, Radiology Technology, Surgical Technology, and Respiratory Therapy. Surgical Technician, Administrative Medical Assistant, Pharmacy Technician, Certified Nursing Assistant and Certified Home Health Aide, Respiratory Therapy, Physical Therapy, Radiologic Technician, and others.

The Health Sciences Program is designed to provide:

• Knowledge of human anatomy, medical terminology, knowledge and skills related to each specific program's requirements
• General knowledge of the role and responsibilities related to the specific discipline in each program
• Knowledge of local, state, and federal laws, regulations, and ethics which govern practice in the specific discipline
• Development of high quality oral and written communication skills, work ethics, customer service skills, and the ability to work in teams

See also: Certified Nursing Assistant (page 69); Pharmacy Technology (page 132); Surgical Technology (page 151)

Degrees/Certificates
• Degree:
  • AS – Surgical
• Certificates of Achievement:
  • Administrative Medical Assistant
  • Pharmacy Technician
  • Surgical Technology

Career Opportunities
Include but are not limited to: front office medical assistant, retail Pharmacy Technician, Certified Nursing Assistant, Surgical Technician, home healthcare provider, Healthcare provider support staff, and healthcare insurance support staff.

Transferability
Students will find a variety of opportunities to prepare for a baccalaureate majors such as Health Sciences, Nursing, Pharmacology, Allied Health and Public Health degree programs.

HEALTH SCIENCE (HSCI)

HSCI 50  ORIENTATION TO HEALTH CARE DELIVERY SYSTEM  2 UNITS
Overview of health professions and health care facilities, the roles of governmental agencies, professional associations, fiscal intermediaries and consumers. Provides a historical background of the health care delivery system and its contemporary practice. 2 hours. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HSCI 51A  BASIC MEDICAL TERMINOLOGY  4 UNITS
Terminology used typically by the medical profession; explanation of the history of terminology, prefixes, suffixes, and root words, emphasis on spelling, definitions, pronunciation, and an understanding of their meanings; includes medical abbreviations, pharmaceutical terms, terminology utilized in patient records management; introduction to anatomical terms, and terms related to disease processes. 4 hours. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HSCI 51B  DISEASE PROCESS AND ADVANCED MEDICAL TERMINOLOGY  4 UNITS
Introduction to the nature of disease and to the structural and functional changes of diseases as they affect the systems of the body; discussion of causes, symptoms and treatment of disease. Prerequisite: Health 51A. 4 hours lecture. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HSCI 52  BASIC MEDICAL TERMINOLOGY FOR ALLIED HEALTH  3 UNITS
A basic course in medical terminology designed for students in studying for Allied Health careers such as Surgical Technologist, Paramedic, Pre-nursing, and Radiology Technician. Medical vocabulary with concentration on prefixes, suffixes, and root words. Emphasis on word dissection, definitions as applied to the body systems including the terminology used in surgical procedures. Concepts focus on comprehensive terminology, pronunciation and spelling core. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit  Grading Option: GR

HSCI 55  ORIENTATION TO HEALTH CARE  2 UNITS
Examine physiological, psychological, ethical, social, and public health issues. Introduce the workings of the human body and mind and explore the relationship between health and larger cultural and societal issues. Introduce medical terminology. Review diseases, including causes, symptoms, how they affect the body systems, and treatment options available. Investigate, analyze, and evaluate professional opportunities, educational requirements and personal characteristics with the intent to acquire insight into careers in the allied health field, with specific focus on transfer science, clinical programs (pre-nursing, EMT, surgical technology, medical assisting), and health administrative support. Gain the academic framework and perspective necessary to pursue a career in health sciences, as well as benefit anyone confronting health care issues in today's complex world. 2 hours lecture. AA / AS GE. Transfer: CSU; CSU GE: Area E
Degree Applicable, Credit  Grading Option: GR

HSCI 57  ALLIED HEALTH CAREER EXPLORATION  1.5 UNITS
Introduction to Allied Health through an exploration of jobs and skills required for those jobs. This orientation to Allied Health is designed to promote self-awareness through career assessments and discussion and interpretation of interests. 1 hour lecture, 1.5 hours laboratory.
Degree Applicable, Credit  Grading Option: OP

HEALTH AND HUMAN SERVICES

HISTORY

CONTACT: Dr. Janice Noble, Dean.............................925.424.1324

About the Program
The History major is designed to help students comprehend the forces that have shaped the United States, as well as other nations around the world. The program fulfills the campus mission to foster growth in its students and in the community. The program offers a wide variety of courses, and all of the units are transferable. Students of history are encouraged to develop critical thinking skills and to learn to write clearly. Both skills will enable students to be successful in their chosen career fields. The discipline of history helps to nurture an informed public and is, therefore, of vital importance to a democratic society. While units in this program are transferable to many institutions, students should consult a counselor for transfer information.

See also: Humanities, Social Science

HISTORY (HIST)

HIST 1 HISTORY OF WESTERN CIVILIZATION TO 1600 3 UNITS
Origin and development of civilization in the Mediterranean and its expansion into Europe - the Near East, Greece, Rome the Middle Ages, Renaissance and the Reformation. 3 hours. AA/AS GE. Transfer: CSU, UC. CSU GE: C2, or D6; IGETC: 4F
Degree Applicable, Credit  Grading Option: GR

HIST 2 HISTORY OF WESTERN CIVILIZATION SINCE 1600 3 UNITS
History of the Modern Western World; Romanticism and the Industrial Revolution to the present. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C2 or D6; IGETC: 4F
Degree Applicable, Credit  Grading Option: GR

HIST 7 U.S. HISTORY THROUGH RECONSTRUCTION 3 UNITS
A survey of United States history from its pre-colonial, indigenous origins through the end of Reconstruction. Emphasis on (1) distinctively American patterns of political, economic, social, intellectual, and geographic developments, (2) the interaction amongst and the experiences of diverse racial, ethnic and socioeconomic groups in American History, and (3) the evolution of American institutions and ideals including the U.S. Constitution, representative democratic government, the framework of California state and local government, and the relationship between state/local government and the federal government. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D6 & AI; IGETC: 4F & AI
Degree Applicable, Credit  Grading Option: GR

HIST 8 U.S. HISTORY SINCE RECONSTRUCTION 3 UNITS
History of the United States from the post-Civil War period to the present. Emphasis on distinctively American patterns of political, economic, social, intellectual and geographic developments. AA/AS GE. 3 hours lecture. Transfer: CSU, UC; CSU GE: D6 & AI; IGETC: 4F & AI
Degree Applicable, Credit  Grading Option: GR

HIST 14 HISTORY AND AMERICAN CULTURES OF CALIFORNIA 3 UNITS
Historical development of California, including Spanish exploration and settlement, the Mexican Revolution and transformation, the American conquest, the Gold Rush and dynamic expansion to the present day. In addition to exploring the political, economic, cultural and social factors affecting the development of California, the course will focus on the roles and interactions of Native Americans, Latino Americans, European Americans and Asian Americans within the larger context of California history. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D6; IGETC: 4F
Degree Applicable, Credit  Grading Option: OP

HIST 25 AMERICAN INDIAN HISTORY AND CULTURE 3 UNITS
Historical survey of American Indians in the United States from earliest times to the present day. Emphasis on Indian societies and cultures, Indian relations with predominant cultures, Indian movement for self-preservation, and historical background necessary to understand contemporary problems of the Indians. Emphasis on the Indians of California and the West. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D6 & AI; IGETC: 4F & AI
Degree Applicable, Credit  Grading Option: OP

HIST 28 HISTORY OF AMERICAN WEST 3 UNITS
A history of the trans-Mississippi West of the United States. Emphasis will be placed on Native American history and cultures, European and Anglo-American frontiers, expansion of the United States in the 19th century, and the interaction of Native American, European American, Asian American, African American and Hispanic American peoples, and the significance of the West in American history. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D6; IGETC: 4F
Degree Applicable, Credit  Grading Option: OP

HIST 32 U.S. WOMEN'S HISTORY 3 UNITS
A survey of United States women's history from its indigenous origins through the present. This course emphasizes the interaction and experiences of diverse racial/ethnic groups that include at least three of the following groups: African-Americans, Chicana/Latina Americans, Asian Americans, European Americans, and Native Americans. Special areas of focus include women's role in the political, economic, social, and geographic development of the United States. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D6 & AI; IGETC: 4F & AI
Degree Applicable, Credit  Grading Option: OP

HORTICULTURE

CONTACT: Dr. Neal Ely, Dean.................................925.424.1182

About the Program
The horticulture curriculum is designed to meet the demand for trained personnel in a broad range of horticultural fields in one of the following concentration areas: landscape planning, installation and maintenance, nursery management and operations, and floristry.

Degrees/Certificates

• Degree:
  • AS – Horticulture

• Certificate of Achievement:
  • Horticulture

Having the Certificate demonstrates your proficiency in specified skills. The Associate of Science (AS) Degree is recommended for students who wish to go on to 4-year degrees. The AS includes the Certificate, plus a few more electives and General Education. Students with the AS degree will also have demonstrated a broader educational basis and writing ability that can give them an advantage for promotional opportunities in the future.
HORTICULTURE

The Certificate and AS are available to specialize in 3 areas: Landscape Installation and Maintenance, Nursery Management and Operations, and Floristry.

Career opportunities

Entry level pay for labor positions range from $7.50-$9.00 per hour. Experienced workers typically earn $9.00-$22.00 per hour. Management and supervisory positions have the greatest earnings at $3,500 to $5,500 per month. Owners/operators of many landscape maintenance businesses earn between $4,500-$8,500 per month. Many residential landscape installation contractors earn between $50,000-$500,000 per year, gross income.

Students might work in residential and commercial landscape installation and maintenance; urban tree service; forestry; park, grounds, and golf course maintenance; retail and wholesale nursery operations and management; floristry; plant pest control and horticulture consulting; and residential landscape design.

The Las Positas College website links you to resources to learn more about opportunities in the field of horticulture: http://www.laspositascollege.edu/HORT/index.php

Transferability

The Horticulture program fulfills typical lower-division degree requirements typical of four-year institutions. General education requirements should be selected carefully based on the intended transfer institution; and it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

HORTICULTURE (HORT)

HORT 50 INTRODUCTION TO HORTICULTURE 3 UNITS
Introduction to general horticulture, ornamental horticulture and landscape gardening. Includes vocational and hobby values of horticulture, history of horticulture, plant structure, function, growth, reproduction, and development. Plant classification, identification, propagation, and nutrition. Soils, water management, climate adaptation, ecology, pest and disease control, propagation, planting, and maintenance. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

HORT 51 FALL PLANT MATERIAL IDENTIFICATION 3 UNITS
Identification, landscape and garden use, growth habit, climatic adaptation, ornamental value, maintenance and care of trees, shrubs, vines and other plants adapted to the northern and coastal valleys of California. Prerequisite: Horticulture 50 (may be taken concurrently). 2 hours lecture, 3 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

HORT 52 SPRING PLANT MATERIAL IDENTIFICATION 3 UNITS
Identification, landscape and garden use, growth habit, climatic adaptation, ornamental value, maintenance and care of vines, ground covers, flowers, shrublike plants and flowering trees, adapted to the northern and coastal valleys of California. Prerequisite: Horticulture 50 (completed with a grade of “C” or higher). 2 hours lecture, 3 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

HORT 53 PLANT DISEASE AND PEST CONTROL 3 UNITS
Concepts of plant pathology, entomology, and weed science. Identification, symptoms, diagnosis, and control methods of plant diseases, insects, and weed pests. Methods and techniques of disease and pest management, chemical and non-chemical control related to garden, landscape, and other horticulture crops and plants. Disease and pest control materials with emphasis on safe handling, application, and environmental protection. 2 hours lecture, 3 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP
HORTICULTURE

HORT 54 PLANTING MEDIA AND NUTRITION 2 UNITS
Soil classification, formation, and natural characteristics. Physical and chemical properties of soil and effect on plant growth and development. Propagating and planting media, soil substitutes and amendments to improve and promote plant growth. Methods and materials related to plant, soil, water, and nutrient relationships to enhance plant growth and development. Plant nutrition, essential nutrients required for plant growth and healthy development. Fertilizer materials, origin, use, and application. Strongly Recommended: Horticulture 50 or instructor's permission. 2 hours. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 55 HORTICULTURE MANAGEMENT AND OPERATIONS 3 UNITS
Explores many horticulture specializations including management and operations of retail and wholesale nurseries, greenhouse growers, specialized growers of trees, shrubs, flowers, hydroponics growers, vegetable growers, wholesale and retail floristry businesses, other related businesses, and botanical gardens. Emphasis on plant propagation, propagation structures, greenhouses, nursery and floral business management and operations. Employment opportunities in the horticulture industry. Prerequisite: Horticulture 50 (completed with a grade of “C” or higher). 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 56 ARBORICULTURE 2 UNITS
Care, maintenance, planting, and pruning of trees, shrubs, and vines. Specific pruning techniques for ornamental trees, fruit trees, shrubs, roses, and other woody plants. Tree preservation, health, growth characteristics, plant selection, planting, irrigation, fertilization, damage repair, cabling, and bracing. Methods and techniques of tree climbing, tree felling, tree removal, work hazards, and safety precautions. 1 hour lecture, 4 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 57 LANDSCAPE AND TURFGRASS MANAGEMENT 2 UNITS
Principles and practices of landscape and turfgrass management as practiced by horticultural professionals, landscape contractors, and grounds keepers. Preparation, planting, irrigation, fertilization, pruning, and pest control of landscape developments for residential, commercial, public grounds, golf courses, and gardens. 1.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 58 LANDSCAPE CONSTRUCTION 3 UNITS
Design, engineering, construction techniques, and installation methods for landscape site development. Cost estimating, bidding, construction materials, methods, equipment, tools, and safety for landscape plan implementation. Contracts, specifications, and legal aspects regarding landscape installation and site development. 3 hours lecture, 1 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 59 LANDSCAPE DESIGN 3 UNITS
Landscape site planning and landscape architectural design for residential properties, home gardens, and small-scale use areas. Procedures and methods required in the planning and design process; site inventory, site analysis, user group analysis, preparation of site study diagrams, preliminary designs, and master site plans. Theory and principles of design, site layout, landscape elements, and material selection. Sketching, drafting, delineation, reproduction, and coloring techniques for landscape architectural plans. Selection and use of drawing tools, materials and equipment. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 60 LANDSCAPE IRRIGATION SYSTEMS 3 UNITS
Planning, design, engineering, construction, and maintenance of sprinkler and drip irrigation systems for landscape, garden, and turfgrass use. Principles of hydraulics, layout, and equipment application. Irrigation system equipment, components, methods of installation and repair. Principles and techniques of water conservation and plant-water-soil relations. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 62 CALIFORNIA NATIVE AND DRY LANDSCAPES 2 UNITS
This course examines the native plant communities of California and identifies native plants suitable for the design and installation of dry landscapes in Northern California. The focus of this course is the planning, design, installation, care, and maintenance of drought tolerant landscapes, with the goal of creating more sustainable landscapes. 1.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 63 SUSTAINABLE LANDSCAPE 2 UNITS
This course examines the impact of constructed landscapes on the postindustrial society. Natural ecosystems are studied in order to learn concepts essential to create and maintain sustainable, environmentally sound landscapes. The focus of this course is on planning, designing, installing, and maintaining of landscapes, through the use of ecologically sound construction techniques, materials, and systems. 2 hours lecture. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 64 BASIC FLORISTRY 3 UNITS
Overview of floral design history and theory. Construction of beginning level floral design styles. Care and conditioning of cut flowers appropriate to beginning designs. Materials, products, and containers used in the floral industry. Introduction to Japanese floral design. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 65 INTERMEDIATE FLORISTRY 3 UNITS
An intermediate level course of study which explores the basic styles and variations of Western design. Continuation of study emphasizing modern marketability and European styles, techniques, and philosophy. Emphasis on speed and proficiency. Wiring and taping techniques used in corsages and hairpieces; marketability. Introduction of dried and everlasting designs and methodology. Prerequisite: Horticulture 64 (completed with grade “C” or higher). 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 66 ADVANCED FLORISTRY 3 UNITS
Continuation of knowledge and skills developed in Horticulture 65 in floral design styles covering a number of contemporary styles. Emphasis on holiday and seasonal designs, wedding designs and consultations, and funeral designs. Further study of retail aspects and customer relations. Development of personal style. Prerequisite: Horticulture 65 (completed with grade “C” or higher) or equivalent. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

HORT 67 INTERIOR PLANTSCAPES 3 UNITS
Identification, use, propagation, growth, environmental adaptation, ornamental value, and care of container, indoor, and house plants. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP
HORTICULTURE - HUMAN GROWTH AND DEVELOPMENT - HUMANITIES

HORT 68 ORCHARD AND VEGETABLE GARDENING 1 UNITS
This course examines ways that we can better utilize our landscape resources by using them as a source of food production. Principles of commercial and home orchards will be studied, as well as methods of incorporating edible materials into otherwise ornamental landscapes. Students will learn how to plant, care for and harvest a variety of small-scale fruit, berry, and vegetable crops. This course is designed to benefit retail nursery and garden center professionals, as well as horticultural hobbyists, and home gardeners. 0.5 lecture hour and 1.5 laboratory hour. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HORT 69 ADVANCED LANDSCAPE DESIGN 3 UNITS
Advanced landscape architectural design and planning for residential and commercial properties, large- and small-scale public use areas and green belts. Techniques and procedures for planning and design; environmental and user-group site analysis. Planting design, plant material usage and planting plan drawing and presentation techniques. Architectural, engineering and energy conservation values of planting design. Project cost estimating; computer-aided landscape drafting. Strongly recommended: Horticulture 59. 2.5 hours lecture, 1.5 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HORT 70 VITICULTURE FIELD MANAGEMENT AND PRACTICE 3 UNITS
Management and field practices in grape production for growing and harvesting wine grapes, table grapes and raisins. Vineyard planning, installation, establishment, and crop management. Field practices for layout, soil preparation, propagation, planting, establishment, vine training, cultivation, irrigation, fertilization, pruning, disease and pest control. Harvest operations, grape preparation and overview of wine making. Strongly recommended: Horticulture 70. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HORT 71 FUNDAMENTALS OF HORTICULTURE 2 UNITS
Introduction to basic horticulture, landscaping, and gardening. Principles, practices, and applications of propagating, growing, and maintaining plants. Basic botany, soils, landscape and garden preparation, planting, and care; irrigation, fertilization, pruning, and pest control. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HORT 72 HOME LANDSCAPE DESIGN 2 UNITS
Planning and design of residential landscape and garden areas. Considerations and techniques for designing outdoor areas around the home. Landscape planning techniques and concepts of design. Use area design, layout, plant selection, and drawing plans. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HORT 73 WORK EXPERIENCE 1-3 UNITS
Application of principles and skills through participation in on-the-job training. Prerequisite: Horticulture 50. Corequisite: Horticulture 96 and 5-15 hours of work experience per week. Transfer: CSU* See page 164 for Work Experience requirements. *HORT 95 and HORT 96 combined, maximum transfer credit, 6 units.
Degree Applicable, Credit Grading Option: OP

HORT 74 WORK EXPERIENCE SEMINAR 1 UNIT
Discussion and analysis of work-experience related problems. Discussion of job opportunities in horticulture. Corequisite: Horticulture 95. 1 hour. Transfer: CSU* See page 164 for Work Experience requirements. *HORT 95 and HORT 96 combined, maximum transfer credit, 6 units.
Degree Applicable, Credit Grading Option: OP

HORT 99 SPECIAL TOPICS IN HORTICULTURE 3-3 UNITS
Designed to explore special interest subjects drawn from the field of horticulture. Emphasis will be on topics of practical use to home gardeners as well as for persons employed in horticultural industries. Typical subjects include pruning; vegetable gardening; irrigation and pest disease control. 3-9 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

HUMAN GROWTH AND DEVELOPMENT

See Early Childhood Development

HUMANITIES

DEGREE
CONTACT: Dr. Philip Manwell, Dean ................. 925.424.1382

About the Program

Humanities is an interdisciplinary academic field which encourages its scholar/practitioners to interpret the world and their active role in it through a philosophical, creative and artistic immersion in a number of different but overlapping and connected fields of study. Work in the Humanities also suggests a practical professional methodology combining hermeneutics and a “dialogue-reflection-action change” process that allows students to create new or expanded world-view paradigms resulting in personal and systemic growth and change.

Degrees/Certificates

- Degree:
  - AA – Humanities (General)

Transferability

This degree prepares those interested in Interdisciplinary Studies, Humanities or Classical Studies/Philosophy majors for successful transfer to four-year institutions. Some variation in requirements may exist at a particular four-year transfer institution; therefore, it is essential that students refer to the catalog of the prospective transfer institution and consult a counselor. General Education courses should be carefully selected to meet the requirements of the intended transfer institution; some transfer institutions require more General Education units than required by this AA degree.

General Education Courses
HUMANITIES - INDEPENDENT STUDY - INDUSTRIAL TECHNOLOGY

Sophomore Year

HUMN 1 PHILOSOPHY, THE SCIENCES, EPIC POETRY 3 UNITS
Studies in epic literature, the novel, moral-social philosophy and a variety of writings in science, religion and mythology. Emphasizes critical analysis and philosophical inquiry. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

HUMN 2 INTRODUCTION TO PHILOSOPHY: ETHICS 3 UNITS
Introduction to philosophy, the nature of ethics, and the role of ethical reasoning in one's life. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit

HUMN 3 FILM, DRAMA, MUSIC, VISUAL ART, LYRIC POETRY 3 UNITS
Dramatic literature, the theater including filmic art, an introduction into the experience and appreciation of works of musical and visual art and lyrical poetry. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

HUMN 4 NARRATIVE FILM MUSIC 3 UNITS
An examination of the function of music in cinema. A discovery of the contributions of classical, popular, and folk composers to the art of film-making and the influence of film music on the general culture of our time. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: GR

HUMN 6 NATURE AND CULTURE 3 UNITS
An examination of the aesthetic value of the natural environment leading to the development of an individual critical aesthetic of the natural world. Studies in visual art, including painting, photography, sculpture, land art, mixed media, film, literature, and music. 3 hours lecture. AA/AS GE. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

HUMN 7 CONTEMPORARY HUMANITIES 3 UNITS
Visual, literary, and musical works of art that reflect the issues and concepts of the twentieth and twenty-first centuries. A perspective through exploration of chosen works. 3 hours lecture. AA/AS GE. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

HUMN 10 THE AMERICAN STYLE 3 UNITS
Humanities of the United States. Major works of literature, painting, sculpture, architecture, films, music, philosophy, science, religion and political and social institutions. Particular attention to values and meanings that reflect the American cultural experience. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 28 THE CLASSIC MYTHS 3 UNITS
Introduction to mythic themes recurring in literature, the visual arts, and music; gods, humans, heroes; their origins, variations, historical development, and full expression in classical and modern times. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 35 GREEK TRAGEDY 3 UNITS
Selected tragedies of Aeschylus, Sophocles, and Euripides; particular attention given to values and meanings characteristic of aesthetic perception, philosophic content, and historic perspective; recovery and integration of these values as a humanistic approach to Greek tragedy. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 36 GREEK HISTORY 3 UNITS
An examination of the history of Greece from the creation of the city-states to their decline. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 37 History of Western Civilization to 1600 3 UNITS
History of Western civilization to 1600. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 38 History of Western Civilization since 1600 3 UNITS
History of Western civilization since 1600. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 39 The Modern World 3 UNITS
Introduction to the history of the modern world. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 40 The Cultural Revolution 3 UNITS
An examination of the cultural revolution in China. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 41 America in the World 3 UNITS
An examination of the history of the United States in the world. 3 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 42 America in the World 2 UNITS
An examination of the history of the United States in the world. 2 hours. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

HUMN 44 NARRATIVE FILM MUSIC 3 UNITS
An examination of the function of music in cinema. A discovery of the contributions of classical, popular, and folk composers to the art of film-making and the influence of film music on the general culture of our time. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: OP

INDEPENDENT STUDY

INDEPENDENT STUDY 0.5 - 2 UNITS
Independent Study courses are open to all students and employ many combinations of media and educational techniques to create individualized, self-pacing education. Up to 18 units may be counted toward graduation. Check with the Counseling Center, Building 700, concerning transferability of Independent Study courses to four-year institutions. Independent Study may also be contracted through an instructor for research, field experience, or skill development. Independent Study may be offered under any subject area contained in the Catalog using the number 29. Transfer: CSU, UC credit may be granted only after review of course outline by specific UC campus after transfer.
Degree Applicable, Credit Grading Option: OP

INDUSTRIAL TECHNOLOGY

INDUSTRIAL TECHNOLOGY (INDT)

INDT 61 MANUFACTURING PROCESSES 2 UNITS
Examination of machine shop, welding and general manufacturing processes; practice in the use of hand tools, basic machine tools and welding equipment; understanding the relationship between manufacturing processes and design. 1 hour lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

INDT 74 MEASUREMENTS AND CALCULATIONS 3 UNITS
Calculator techniques for whole number and decimal arithmetic problem solving, fraction-decimal conversion, percentages, ratio and proportion, algebra, geometry, areas and volumes, English metric conversion, and numerical trigonometry as applied in the industry. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

INTERIOR DESIGN (INTD)

INTD 50 RESIDENTIAL SPACE PLANNING .................................................. 3
Basic techniques in planning space for interiors. Private and group living spaces, support systems, functional planning of interior space, and color in space planning. 2 hours lecture, 3 hours laboratory.

Transfer: CSU
Degree Applicable, Credit Grading Option: GR

INTD 51 DRAFTING FOR INTERIOR DESIGN ............................................. 3
Provides a working knowledge of tools and techniques for interior architectural drafting. Emphasis on lettering, dimensioning floor plans, elevation and sections. Also, covers procedures for developing finished presentation drawings and boards. 2 hours lecture, 3 hours laboratory.

Transfer: CSU
Degree Applicable, Credit Grading Option: OP

INTD 52 HISTORY OF INTERIORS AND FURNISHINGS ............................ 3
A survey of the history of interiors and furnishings from Egyptian period to the present. Emphasis on furniture styles and ornamentation. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

INTD 54 PRINCIPLES OF INTERIOR DESIGN ............................................. 3
Elements and principles of design as they apply to interior design. Emphasis on the use of color and texture in the selection of home furnishings. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

INTD 55 INTRODUCTION TO TEXTILES ..................................................... 3
Introduction to textiles in the apparel and home furnishing market. Includes identification structure, and properties of fibers and yarns. Consideration of fabric design, both structural and decorative, fabric performance, labeling, and legal regulations covering textiles and apparel. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

INTD 56 PROFESSIONAL PRACTICES ....................................................... 3
Interior design practices including business and marketing aspects, wholesale resource development, design presentation and career preparation, contractual obligations. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

INTD 58 FUNDAMENTALS OF LIGHTING .................................................. 3
Residential and commercial lighting systems as they apply to what constitutes a well-lit interior space. Includes an investigation of current lighting fixtures and lighting resources. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

CONTACT: Dr. Philip Manwell, Dean .............................. 925.424.1382

About the Program

The Interior Design program prepares individuals for entry-level positions in the field of Interior Design. Most employment opportunities are in established interior design firms or in the retail or wholesale areas of interior furnishing and accessories. Designed for direct job entry, courses in the program provide knowledge in the specifics of interior design, as well as general education to provide a breadth of knowledge suitable for living in today's society. Work experience or internships are required.

DEGREES/CERTIFICATES

**INTERNATIONAL STUDIES**

- DEGREE

For more information, see a counselor.

About the Program

The International Studies major is based upon the idea that the past 20 years have seen a series of significant changes in some of the fundamental ways in which nations have traditionally dealt with one another. There has been a shift away from the older politics of conflict and competition toward the recognition that economic and developmental strategies require international planning and management. Nations are beginning to realize that their destinies are mingled in a way and to a degree that is unprecedented.

The major is designed to expose students to this new environment. This curriculum consists of four options: (1) Business Studies, (2) Asian Studies, (3) Latin American Studies, and (4) General Studies. This degree prepares students for transfer to four-year institutions for continued studies. This program fulfills typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student also refer to the catalog of the prospective transfer institution and consult a counselor.

**Degrees/Certificates**

- Degree:
  - AA – International Studies

---

**INTD 60** MATTERIALS AND RESOURCES 3 UNITS
Survey of residential and commercial interior furnishings with attention to product knowledge of furniture, textiles, ceramics, glass, metals, plastics and composite materials. Skills needed to perform related activities. Strongly Recommended: Interior Design 55. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit  Grading Option: GR

**INTD 61** COMPUTER AIDED DESIGN FOR INTERIOR DESIGN 3 UNITS
Introduction to basic techniques in computer aided design for interior design, with emphasis on user terminology and hands-on learning. How to set up drawings, dimensioning systems appropriate to architecture. Floor plans, details, drawings and other techniques using the computer. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

**INTD 62** KITCHEN AND BATHROOM DESIGN 3 UNITS
Survey of the field of kitchen and bathroom designs. Includes resources, materials, trends, costs and needs, both functional and aesthetic. Strongly Recommended: Interior Design 50. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit  Grading Option: OP

   Speech 1 (Fundamentals of Speech).
INTERNSHIPS

About the Program
Internship opportunities are available through Las Positas College. Interested students who meet qualifications are placed in carefully structured work environments with local employers. Internships provide opportunities to apply knowledge gained in the classroom in a real-world setting and can be an important part of career development for students. Students must be concurrently enrolled in the Internship Seminar course. Placements are contingent upon the availability of an appropriate internship site, employer criteria and student qualifications, and are at the discretion of the employer. Students and employers should contact the Work-Based Learning Coordinator at 925.424.5856.

INTERNSHIP (INTN)

INTN 1 INTERNSHIP SEMINAR 1 UNIT
Taken in conjunction with Internship Field Placement, this seminar examines issues related to work and professional development in the students’ chosen course of study (major). The seminar provides the context to reflect on concrete experiences at the internship site, and link these experiences to previously acquired discipline specific, classroom based knowledge. Corequisite: Internship 2. Transfer: CSU Degree Applicable, Credit Grading Option: OP

INTN 2 INTERNSHIP FIELD PLACEMENT 1-3 UNITS
Taken in conjunction with the Internship Seminar, the field placement is supervised employment for students who work in a job that is related to their chosen course of study. The placement allows for the application of discipline specific knowledge, skills and abilities gained in the classroom. Units earned are based on hours worked during the semester. Transfer: CSU Credit, Degree Applicable Grading Option: OP

ITALIAN

CONTACT: Dr. Philip Manwell, Dean................. 925.424.1382

About the Program
The Foreign Language program offers primarily first- and second-year transfer-level courses in Spanish, French, and Italian. Some courses are offered in a small class environment to maximize learning. Other courses are offered in a large class environment to maximize learning opportunities. The largest class size is 25 students. Learning Skills courses are designed for students who have learning and other cognitive disabilities to learn tools useful for academic success. These courses are offered in a small class environment to maximize learning.

ITALIAN (ITLN)

ITLN 1A BEGINNING ITALIAN 5 UNITS
This introductory level course will enable students to begin speaking, reading and writing elementary level Italian as well as understanding the spoken language. Students are introduced to concepts of grammar, vocabulary and verb tenses in a variety of auditory, visual and written contexts. Strongly recommended: Eligibility for English 1A. 5 hours. AA/AS GE. Transfer: CSU, UC; IGETC: Area 6 Degree Applicable, Credit Grading Option: OP

ITLN 1B ELEMENTARY ITALIAN 5 UNITS
This is the second semester of the introductory level course and will enable students to continue learning to speak, read and write elementary level Italian as well as to understand the spoken language. Students are introduced to concepts of grammar, vocabulary and verb tenses in a variety of auditory, visual and written contexts. Prerequisite: Italian IA (completed with a grade of “C” or higher) or equivalent. 5 hours. AA/AS GE. Transfer: CSU, UC Degree Applicable, Credit Grading Option: OP

LEARNING SKILLS

About the Program
Learning Skills courses are designed for students who have learning and other cognitive disabilities to learn tools useful for academic success. These courses are offered in a small class environment to maximize learning.

LEARNING SKILLS (LRNS)

LRNS 116 DIAGNOSTIC CLINIC AND STUDY SKILLS 1 UNIT
Determination of eligibility for learning skills services through diagnostic testing. Includes state mandated tests. Focus on compensatory methods as derived from test results. 1 hour lecture, 1 hour laboratory. (May be taken 2 times) Nondegree Applicable, Credit Grading Option: P/N

LRNS 117 LEARNING SKILLS - READING 3 UNITS
Preparation for reading success in college level English. Emphasis on learning skills in reading comprehension, decoding, and vocabulary through extensive reading and practice exercises. Prerequisite: Learning Skills 116 (May be taken concurrently) and recommendation of Learning Skills 116 instructor. 2 hours lecture, 3 hours laboratory. (May be taken 2 times) Nondegree Applicable, Credit Grading Option: P/N

LRNS 118 LEARNING SKILLS - WRITING 3 UNITS
Preparation for writing success in college-level English. Emphasis on learning skills in sentence parts, paragraph construction, and essay writing assignments. Prerequisite: Learning Skills 116 (May be taken concurrently) and recommendation of Learning Skills 116 instructor. 3 hours. Nondegree Applicable, Credit Grading Option: P/N

LRNS 119 LEARNING SKILLS - PROBLEM SOLVING 3 UNITS
Preparation for problem solving success in college. Emphasis on learning skills in quantitative reasoning abilities needed to process and integrate work problems and related problem solving tasks. Prerequisite: Learning Skills 116 (May be taken concurrently) and recommendation of Learning Skills 116 instructor. 3 hours. (May be taken 2 times) Nondegree Applicable, Credit Grading Option: P/N

LRNS 120 COMPUTER ACCESS 1 UNIT
This course offers specialized computer instruction for students with disabilities. There will be an emphasis on individual learning styles, keyboarding skills, and software mastery. Strongly recommended: Learning Skills 116. 1 hour lecture, 1 hour laboratory. (May be taken 2 times) Nondegree Applicable, Credit Grading Option: P/N
LIBERAL ARTS AND SCIENCES

LIBERAL ARTS AND SCIENCES

DEGREE

For more information, see a counselor.

About the Program

The Associate in Liberal Arts and Sciences is designed for students who wish to have a broad knowledge of liberal arts and sciences plus additional coursework in an "Area of Emphasis". This degree would be appropriate for students who plan on transferring to the California State University (CSU) or University of California (UC) as the student can satisfy their general education requirements, plus focus on transferable coursework that relate to majors at those institutions. Please consult with a counselor for specific information regarding your intended major at the specific college or university of your choice.

Degrees/Certificates

• Degree:
  • AA – Liberal Arts and Sciences
  • Choose either option A or B or C for the General Education pattern related to your educational goal.
  • Complete 18 units in one "Area of Emphasis" from those outlined below.
  • [Note: Where appropriate, courses in the “area of emphasis” may also be counted for a General Education area. Courses that can be counted for LPC General Education are marked with an asterisk (*).]
  • For ALL OPTIONS: complete necessary Las Positas College Graduation and Proficiency requirements (see Las Positas Catalog).
  • All classes listed below transfer to CSU. Courses in BOLD also are transferable to UC. Refer to www.ASSIST.org for transfer details.

• Associate in Arts Degree .............................................................25 Units

This General Education pattern is designed for students who are not certain of their specific academic major goals and do not have immediate transfer plans. Students earn the Associate Degree by completing general education and an 18-unit area of academic focus. See page 38 in the Las Positas College catalog for details on General Education, Graduation, and Proficiency Requirements.

• CSU/GE: ..........................................................................................39 Units

This general education pattern is designed for students planning to transfer to a California State University (CSU) who wish a broad knowledge of arts and sciences plus additional coursework in an area of academic interest. With proper planning, students will complete lower division degree preparation and general education for transfer while simultaneously completing the AA in Liberal Arts and Sciences. Please consult with a counselor for specific information regarding your intended major at the specific college or university of your choice.

Requirements

• Minimum units necessary to meet CSU/GE Certification requirements (see pages 44-45 in the Las Positas College catalog)
• Complete remaining Las Positas College General Education, Graduation, and Proficiency Requirements (see page 38 in the Las Positas College catalog)

Areas of Emphasis

1. Business

Minimum 18 units required
Minimum three units from both disciplines

These courses emphasize the integration of theory and practice within the field of business. Students will develop the ability to effectively manage and lead organizations. Students will demonstrate an understanding of the place of business within the global economy. Students will critically apply ethical standards to business practices and decisions. With this degree, students will be prepared to pursue a baccalaureate major or immediately begin a dynamic career in the rewarding and growing fields of marketing, management, business administration and accounting.

Business: 1A, 1B, 18, 20, 30*, 40, 43, 48, 51A, 51B, 52*, 53, 55*, 56, 58, 60, 75.1, 75.2, 75.3, 75.4, 75.5, 75.6, 76, 81, 84, 85, 88, 95, 96

Marketing: 50, 60, 61, 63, 64

2. Computer Studies

Minimum 18 units required
Minimum three units from each of the three disciplines

These courses emphasize the integration of theory and practice within the field of computer applications, computer networking, and computer science. Students will develop the ability to effectively use computer applications, manage and maintain networks, and develop software applications. Students will demonstrate an understanding of the place of technology within the global economy. Students will critically evaluate the impact of technology on the workplace, on their lives, and on society as a whole.
Students will be prepared to pursue a baccalaureate major in Information Technology, Management Information Systems, Computer Engineering, Networking and Data Communications, and Software Engineering. Career opportunities include but are not limited to: administrative assistant, computer programmer, computer technician, customer service representative, database administrator, help desk specialist, network administrator, receptionist, technical support specialist, and web site designer/webmaster.

**Computer Science:** 1*, 2, 7, 20, 21, 30, 31, 32, 33, 34, 35, 36, 37, 38, 39, 40, 41, 42, 43, 44, 45, 47, 48, 95, 96

**Computer Networking Technology:** 43, 50, 51A, 52, 54, 55, 56, 57, 62A, 63, 64, 65, 66, 67, 68, 69, 70, 72, 73, 73, 74, 74, 71, 75, 75, 72, 77, 95, 96

3. Humanities

**Minimum 18 units required**

**Minimum six units from the Arts and six units from Humanities**

These courses emphasize the study of cultural, literary, humanistic activities and artistic expression of human beings. Students will evaluate and interpret the ways in which people through the ages in different cultures have responded to themselves and the world around them in artistic and cultural creation. Students will also learn to value aesthetic understanding and incorporate these concepts when constructing value judgments.

Career opportunities include, but are not limited to: design consultant, graphics designer, interior decorator, interpreter/translator, layout editor, teachers aide, photographer, set construction worker, theatre set designer, travel guide, and web site designer. Majors at a 4-year institution appropriate for this Area of Emphasis include but are not limited to: Classical Civilization, Design, Dramatic Arts, Film Studies, Literature, Music, and Philosophy.

**Art**

Creative Arts: 10*

**Foreign Language**: French 1A*, 1B*, 2A*, 2B*, Italian 1A*, 1B*,

**Spanish**: 1A*, 1B*, 2A*, 2B*

**Theater Arts**: 1A*, 1B*, 3*, 4*, 5, 10*, 11, 12*, 14, 25*, 30, 39, 40, 41, 46, 47*, 48*

**Visual Communication**: 50, 51, 52, 53, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 63IN, 64, 65, 65IN

**Philosophy**: 1*, 2*, 3*, 4*, 5*, 7*, 25*

**Religious Studies**: 1*, 2*, 3*, 11*

**4. Language Arts**

Minimum 18 units required

Minimum three units from at least two disciplines listed below

These courses emphasize the content of communication as well as the form and should provide an understanding of the psychological basis and social significance of communication. Students will be able to assess communication as the process of human symbolic interaction. Students will also develop skills in the areas of reasoning and advocacy. Students will also develop skills in the areas of reasoning and advocacy, organization, reading and listening effectively.

Career opportunities include, but are not limited to: announcer, assistant copywriter, communications specialist, copy writer, human resources specialist, journalist, lobbyist, sales representative, teacher, and teacher’s aide. Majors at a 4-year institution appropriate for this Area of Emphasis include, but are not limited to: English, Journalism, Linguistics, Mass Communication, Rhetoric, and Speech.

**American**: 1A*, 1B*, 2A*, 2B

**Sign Language**:

**English**: 1A*, 3*, 4*, 7*, 11*, 12*, 13*, 19, 20*, 43, 44*, 45*

**English as a Second Language**: 23, 24, 25, 26

**Mass Communications**: 1*, 2, 3, 5*, 15, 15L, 16, 31, 32*, 32B, 33A, 33B, 34, 35, 72

**Speech**: 1*, 2A*, 2B*, 3, 5, 43, 46*, 48

5. Mathematics and Science

Minimum 18 units required

Minimum six units from Science and six units from Mathematics

These courses emphasize the natural sciences which examine the physical universe, its life forms and its natural phenomena. Courses in math emphasize the development of mathematical and quantitative reasoning skills beyond the level of intermediate algebra. Students will be able to demonstrate an understanding of the methodologies of science as investigative tools. Students will also examine the influence that the acquisition of scientific knowledge has on the development of the world's civilizations.

Career opportunities include, but are not limited to: entry-level technician for biological, chemical, biotech, or pharmaceutical companies, data analyst, teacher’s aide, and tutor. Majors at a 4-year institution appropriate for this area of emphasis include, but are not limited to: Animal Science, Biology, Engineering, Geology, Nursing, and Physics.
LIBERAL ARTS AND SCIENCES - LIBRARY STUDIES

Mathematics: 1*, 2*, 3, 5, 7, 10*, 20*, 33*, 34*, 38*, 41*, 42A*, 42B, 44*, 45*

6. Social Science
Minimum 18 units required
Minimum of three units from three different disciplines

These courses emphasize the perspective, concepts, theories and methodologies of the disciplines typically found in the vast variety of disciplines that comprise study in the Social and Behavioral Sciences. Students will study about themselves and others as members of a larger society. Topics and discussion to stimulate critical thinking about ways people have acted in response to their societies will allow students to evaluate how societies and social subgroups operate.

Degrees in Social Science can lead to career opportunities in law enforcement, human services, education, non-profit organizations, and business. Majors at a 4-year institution appropriate for this area emphasize include, but are not limited to: Administration of Justice, Anthropology, Child Development, Government, History, Psychology, and Social Work.

Administration of Justice: 50, 51, 54, 55, 56, 57, 58, 59, 60, 61, 62, 63, 64, 65, 66, 67, 69, 70, 71, 72, 73, 74, 75, 76, 77, 79, 81, 82, 84, 86, 89, 99, 97
Anthropology: 1*, 1L*, 2*, 3*, 5*, 12*, 13*
Early Childhood Education: 40, 51*, 52*, 60, 62*, 79*
Economics: 1*, 2*, 5*, 10*
Geography: 2*, 5*, 12*
General Studies: 25, 25L

Political Science: 7*, 12*, 20*, 25*, 30*, 45
Psychology: 1*, 2*, 3*, 4*, 6, 10*, 12*, 15*, 16, 20*, 24
Psychology-Counseling: 3*, 5, 6, 7, 8*, 13*
Sociology: 1*, 3*, 4*, 5*, 6, 7, 11*

LIBRARY STUDIES

CONTACT: Dr. Philip Manwell, Dean.................................. 925.424.1382

LIBRARY STUDIES (LIBR)

LIBR 4 INTRODUCTION TO RESEARCH IN THE LIBRARY 0.5 UNITS
Introduction to basic research techniques in a college library: print and audiovisual materials. Focus is on use of the library catalog, catalog search strategies, organization of materials in the library including reference, faculty reserves, circulating books, audiovisuals, use of reference materials, evaluation of relevant resources, recognition of plagiarism, and bibliographic citation of books, audiovisuals, and print magazines and journals. 9 hours total. Transfer: CSU, UC*. *LIBR 4, 5, 7, & 8 combined, max UC credit, one course.
Degree Applicable, Credit Grading Option: OP

LIBR 5 INTRODUCTION TO GENERAL RESEARCH DATABASES 0.5 UNIT
Introduction to research techniques in a college library: electronic resources found in general research databases. Focus on campus and remote use of multi-disciplinary research databases, search strategies, distinction between scholarly journals and popular magazines, evaluation of relevant resources, recognition of plagiarism, and bibliographic citation of articles from periodical databases. 9 hours total. Transfer: CSU, UC*. *LIBR 4, 5, 7, & 8 combined, max UC credit, one course.
Degree Applicable, Credit Grading Option: OP

LIBR 6 INTRODUCTION TO SPECIALIZED RESEARCH DATABASES 0.5 UNIT
Introduction to research techniques in a college library: specialized research databases. Focus on campus and remote use of subject databases, emphasis on discipline specific electronic resources, search strategies, evaluation of relevant resources, distinction between scholarly journals and popular magazines, discussion of plagiarism, and bibliographic citation of articles. 9 hours total. Transfer: CSU, UC*. *LIBR 4, 5, 7, & 8 combined, max UC credit, one course.
Degree Applicable, Credit Grading Option: OP

LIBR 7 INTRODUCTION TO INTERNET RESEARCH 0.5 UNIT
Introduction to research techniques in a college library: Internet. Focus on use of the Internet for research purposes, including web search strategies, appropriate search engines and directories, evaluation techniques for web resources, recognition of plagiarism, and bibliographic citation of web resources. 9 hours total. Transfer: CSU, UC*. *LIBR 4, 5, 7, & 8 combined, max UC credit, one course.
Degree Applicable, Credit Grading Option: OP

LIBR 8 INTRODUCTION TO LIBRARY RESEARCH AND INFORMATION LITERACY SKILLS 2 UNITS
Introduction to research techniques using college library resources. Teaches the skills needed to successfully find, evaluate, and document information in print, electronic, and Internet formats. Covers plagiarism, the ethical and legal aspects of information use, and the critical thinking skills necessary for successful college research. 2 hours lecture. Transfer: CSU, UC*. *LIBR 4, 5, 7, & 8 combined, max UC credit, one course.
Degree Applicable, Credit Grading Option: OP
MARKETING

DEGREE  CERTIFICATE

CONTACT: Dr. Janice Noble, Dean ......................... 925.424.1324

About the Program

Academic preparation in Marketing can lead to work in product development, sales, advertising, retailing, research and more. The course offerings provide a solid foundation and preparation for entry-level marketing positions.

Degrees/Certificates

• Degree:
  • AA – Marketing
  • Certificate of Achievement:
  • Retailing

AA – Marketing

In addition to advertising and promotion, the field of marketing involves everything from researching whether a new product is needed, to labeling, packaging, transportation, warehousing, merchandising and sales. The ability of every organization to survive is directly affected by marketing. Entry-level jobs exist in manufacturing, service firms, wholesalers, retailers, advertising agencies, consulting firms and private and public non-profit organizations. While units in the program are transferable to many institutions, this program is designed to prepare students to enter the work force. Students should consult a counselor for information.

Certificate of Achievement – Retailing

This program provides a detailed focus on marketing and retailing, and then allows the student to choose from a variety of business related options, depending on the student area of interest. While many units in this program are transferable to other institutions, students should consult a counselor for transfer information.

AA – Marketing

Freshman Year

Business 48 (Human Relations in the Workplace) or 
  Business 52 (Business Communications) or 
  Business 53 (Business Correspondence) ......................... 3

Business 55** (Business Mathematics) ..................................................... 3

Business 40 (Business Concepts) ......................................................... 3

Business 51A (General Accounting I) or 
  Business 1A (Principles of Accounting I) ............................................. 3-4

Marketing 50 (Introduction to Marketing) .............................................. 3

Economics 10*** (General Economics) or 
  Economics 2*** (Macroeconomics) ...................................................... 3

Recommended Electives*

General Education Courses

Sophomore Year

Marketing 61 (Professional Selling) .......................................................... 3

Business 1B (Business Law) ............................................................... 4

Computer Information Systems 50 (Introduction to Computing and 
  Information Technology) ............................................................... 3

Marketing 64 (Introduction to Advertising) or 
  Marketing 56 (Retail Strategies) ......................................................... 3

Business 95 (Work Experience) ............................................................ 1-2

Business 96 (Work Experience Seminar) or 
  Business 56 (Concepts of Management) ............................................. 1-3

General Education Courses

Total units required ................................................................................ 60

*Recommended Electives
Business 30 (Business, Society, and Ethics)
Business 56 (Concepts of Management)
Marketing 60 (Retail Store Management)

** Meets Math; Communications/Analytical Thinking Requirements

***Meets Social and Behavioral Sciences requirement

Certificate of Achievement

Retailing

Business 55 (Business Mathematics) ......................................................... 3

Marketing 50 (Introduction to Marketing) .............................................. 3

Marketing 56 (Retail Strategies) ............................................................. 3

Marketing 60 (Retail Store Management) ............................................... 3

Marketing 61 (Professional Selling) .......................................................... 3

Work Experience 95 (Work Experience) ................................................. 1-3

Work Experience 96 (Work Experience Seminar) ................................... 1

Electives* ......................................................................................... 15

Total units required ............................................................................. 35-37

*Electives

Select from the following for a minimum of 15 units:

Business 18 (Business Law)

Business 40 (Introduction to Business)

Business 51A (General Accounting I) or 
  Business 1A (Principles of Accounting)

Business 52 (Business Communications) or 
  Business 43 (Professional Communications)

Business 53 (Business Correspondence)

Business 58 (Small Business Management)

Computer Information Systems 50 (Introduction to Computing and 
  Information Technology)

Marketing 64 (Introduction to Advertising)

Business 48 (Human Relations in the Workplace)

Business 56 (Introduction to Management)

BUSN 43 (Professional Communications) may be used instead of 
  BUSN 52 (Business Communications) or BUSN 53 (Business 
  Correspondence) where they are required.

MARKETING (MKTG)

MKTG 50  INTRODUCTION TO MARKETING  3 UNITS

Introduction to marketing principles, concepts and methods as an evolving process that creates and delivers value. Focus on the evolution of the marketing system; market research; research on the demographic and behavioral dimensions of markets; internal and external variables in designing a marketing program; analysis of marketing strategies and the impact of the external business environments on marketing mix decisions. Strongly recommended: English 1A. 3 hours lecture. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

MKTG 52  MARKETING STRATEGY  2 UNITS

Use of marketing principles to decide on the proper strategies for beating the competition and achieving company goals. Emphasis on decision making in a simulated dynamic marketing environment. Strongly recommended: Marketing 50. 1 hour lecture, 3 hours laboratory.

Degree Applicable, Credit Grading Option: OP

MKTG 56  RETAIL STRATEGIES  3 UNITS

An overview of marketing in the retail industry. Developing business strategies appropriate to consumer behavior. Applying the principles of persuasion in image development, Internet retailing and visual merchandising. Developing a successful media plan, including advertising, promotions and public relations. Strongly recommended: Marketing 50 or Business 53. 3 hours lecture.

Degree Applicable, Credit Grading Option: OP
MASS COMMUNICATIONS

CERTIFICATE

CONTACT: Dr. Philip Manwell, Dean ..................... 925.424.1382

About the Program

The Mass Communications program is designed to provide students with a broad understanding of the principles of mass communications, as well as experience in the application of these principles to the campus newspaper, the EXPRESS, Radio LPC, and television production. Classes can be applied to meet transfer requirements at four-year institutions and for entry into careers in the media, such as reporting, public relations, print production, copy editing, and editing.

Degrees/Certificates

• Certificate of Achievement

Transferability

The courses in this certificate program fulfill some of the typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult with a counselor.

Certificate of Achievement

Mass Communications: Journalism

Freshman Year

English 1A (Critical Reading and Composition).......................... 3
Mass Communications 1 (Journalism: News Writing and Information Gathering).... 3
Mass Communications 5 (Introduction to Mass Communications) or Mass Communications 31 (Introduction to Media)... 3
Electives*.............................................................................................................. 3

Sophomore Year

Mass Communications 72 (Beginning Photojournalism) or Photography 72 (Documentary Photography) or Mass Communications 35 (Introduction to Video Journalism)........ 2-3
Electives*.............................................................................................................. 9

Total units required............................................................................................................. 23-24

*Electives
Select from the following Groups, A and/or B, for a minimum of 12 units:

Group A

Mass Communications 16 (Express College Newspaper)
Mass Communications 17 (Express Editorial Board)
Mass Communications 34 (Magazine Editing and Production)
Mass Communications 16 (Newspaper Production)
English 19 (Literary Magazine) or Mass Communication 19 (Literary Magazine)
Work Experience 95 (Occupation Work Experience Education)
Work Experience 96 (Seminar)

Group B

Mass Communications 2 (Journalism: Investigative News Writing)
Mass Communications 3 (Journalism: Magazine and Newspaper Feature Writing)
Mass Communications 32A (Radio Production)
Mass Communications 7 (Introduction to Public Relations)

MASS COMMUNICATIONS (MSCM)

MSCM 1 JOURNALISM: NEWS WRITING AND INFORMATION GATHERING 3 UNITS

Fundamentals of reporting and news writing to develop ability to investigate, organize, write and rewrite according to professional standards of print journalism. Analysis of exemplary journalistic models. Conceive, research, and write stories, using traditional news values. Requires source interviews or original research. Strongly Recommended: Eligibility for English 1A. 3 hours lecture. AA/AS GE.
Transfer: CSU
Degree Applicable Credit Grading Option: GR

MSCM 2 JOURNALISM: INVESTIGATIVE NEWS WRITING 3 UNITS

News and feature writing, emphasizing investigative reporting, research techniques, and story presentation. Strongly recommended: Eligibility for English 1A. 3 hours. Transfer: CSU
Degree Applicable Credit Grading Option: GR

MSCM 3 JOURNALISM: MAGAZINE AND FEATURE WRITING 3 UNITS

Feature writing, freelance journalism and how to get published in newspapers and magazines. Strongly Recommended: Eligibility for English 1A. 3 hours. Transfer: CSU
Degree Applicable Credit Grading Option: GR
MSCM 5 JOURNALISM: INTRODUCTION TO MASS COMMUNICATIONS 3 UNITS
History of the press and mass media; the political, social and economic impact of the press on government and public opinion. The social and cultural impact of the media and its role in shaping public perception. An overview of the news process and job opportunities in the media. Strongly Recommended: Eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU, UC*, CSU GE: D7; IGETC: 4G. *MSCM 5 and 31 combined: max UC credit, one course.
Degree Applicable Credit Grading Option: GR

MSCM 7 INTRODUCTION TO PUBLIC RELATIONS 3 UNITS
Introduction to the principles, evolution, and professional practice of public relations. Concepts of planning and executing effective communication strategies, including message design and distribution, for all types of organizations. Strongly recommended: Eligibility for English 1A. 3 hours lecture. Transfer: CSU Degree Applicable, Credit Grading Option: GR

MSCM 14 WRITING AND PHOTOGRAPHY FOR A COLLEGE NEWSPAPER 1 UNIT
Journalism and photojournalism, content development/production for the weekly college newspaper. 3 hours laboratory. (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

MSCM 15 PUBLICATIONS: EDITORIAL LEADERSHIP AND PRODUCTION 3 UNITS
Journalism, photojournalism, content development, and production for the college newspaper. Production of the college newspaper, including writing, business management, graphic arts, leadership, and editing. Ethical, practical, and legal issues in journalism. Strongly Recommended: Eligibility for English 1A. 1 hour lecture, 6 hours laboratory. Transfer: CSU (May be taken 4 times).
Degree Applicable, Credit Grading Option: GR

MSCM 15L PUBLICATION: EDITORIAL LEADERSHIP AND PRODUCTION LABORATORY 2 UNITS
Practice in the skills of journalism, photojournalism, content development, and production for the college newspaper. Production of the college newspaper, including writing, business management, graphic arts, leadership, and editing. Application of ethical practical, and legal principles of journalism to the college newspaper. Strongly Recommended: Eligibility for English 1A. Corequisite: Mass Communications 15. 6 hours laboratory. Transfer: CSU (May be taken 4 times).
Degree Applicable, Credit Grading Option: GR

MSCM 16 EXPRESS COLLEGE NEWSPAPER 3-6 UNITS
Journalism, photojournalism, content development, and online and print production for the college newspaper. Production of the college newspaper, including writing, business management, graphic arts, design, online and print production, and introduction to leadership and editing skills. Ethical, practical, and legal issues in journalism. The number of laboratory units will be agreed upon and scheduled by instructor and student based on the student’s job description and availability to participate. Strongly Recommended: Eligibility for English 1A. 2 hours lecture, 3 to 12 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

MSCM 17 EXPRESS EDITORIAL BOARD 1 UNIT
The roles and responsibilities of leaders on the college newspaper, the Express. Practical experience participating in editorial board meetings, setting policy for the newspaper, and leading in the decision-making process for issue planning, budgeting, and the development of the newspaper. Enrollment is limited to editors or managers of the Express. Strongly recommended: Eligibility for English 1A. 1 hour lecture. Transfer: CSU (May be taken four times)
Credit, Degree Applicable Grading Option: OP

MSCM 19 LITERARY MAGAZINE 2-3 UNITS
Creation of a literary-style student magazine. Practical training in the managing, editing, formatting, and printing of a literary supplement and/or magazine. Enrollment constitutes the staff of the magazine. The number of laboratory units will be agreed upon and scheduled by instructor and student based on the student’s job description and availability to participate. Students may enroll in Mass Communications 19 and/or English 19 for a total of four times.
1 hour lecture, 3 or 6 hours laboratory. Transfer CSU Degree Applicable, Credit Grading Option: OP

MSCM 31 INTRODUCTION TO MEDIA 3 UNITS
A survey of radio, television, film, and multimedia and their impact on culture and society; includes economics, technological development, programming, ratings, legal aspects, and social control of broadcasting in America, and cross-cultural, international comparisons. Strongly recommended: Eligibility for English 1A. 3 hours lecture. AA/AS GE. Transfer: CSU, UC*, CSU GE: D7; IGETC: 4G. *MSCM 5 and 31 combined: max UC credit, one course.
Degree Applicable, Credit Grading Option: OP

MSCM 32 RADIO PRODUCTION 4 UNITS
History and theory of radio technology. Operations procedures and practices in a modern radio broadcast studio. Extended study of various aspects of radio production, including editing and announcing, producing a live newsmagazine interview program, producing pre-recorded newscasts, managing station operations, preparing commercial radio programming, selling ads, establishing a brand identity, producing news, collaborating with other media, creating and maintaining audio streams, podcasts, and direct feed, creating a multimedia news website, and producing ad spots and promotional posts. 3 hours lecture, 3 hours laboratory. AA/AS GE. Transfer: CSU (May be taken 4 times).
Degree Applicable, Credit Grading Option: GR

MSCM 32B INTERMEDIATE RADIO PRODUCTION 1-2 UNITS
Intermediate-level procedures and practices in a modern radio broadcast studio. Extended study of various aspects of intermediate-level radio production, including editing and announcing, producing a live newsmagazine interview program, producing pre-recorded newscasts, managing station operations, preparing commercial radio programming, selling ads, establishing a brand identity, producing news, collaborating with other media, creating and maintaining audio streams, podcasts, and direct feed, creating a multimedia news website, and producing ad spots and promotional posts. Prerequisite MSCM 32 (completed with a grade of “C” or higher). The number of laboratory units will be agreed upon and scheduled by instructor and student based on the student’s job description and availability to participate. 3 or 6 hours laboratory. Transfer: CSU (May be taken 4 times).
Degree Applicable, Credit Grading Option: OP

MSCM 33A INTRODUCTION TO TELEVISION STUDIO OPERATIONS 3 UNITS
Introduction to the theory, terminology, and operations within a television studio and control room. This introduction includes television directing, the operation of television audio equipment, TV cameras, and television switcher; fundamentals of TV lighting, graphics, video control, and video tape recording for TV and documentaries. 2 hours lecture, 3 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

MSCM 33B INTERMEDIATE TELEVISION STUDIO OPERATIONS 3 UNITS
Further experience in television studio operations, control room procedures, and basic program production. Designed to improve skills in operating television equipment and producing and directing TV programs. Emphasis is placed upon theory and practice in television production, including planning, writing, producing, staging, and directing
MASS COMMUNICATIONS - MATHEMATICS

Interviews, commercials, public service announcements, dramatic pieces, multimedia, and other program segments. Prerequisite: Mass Communications 33A (completed with a grade of “C” or higher). 2 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)

Degree Applicable, Credit

MSCM 34 MAGAZINE EDITING AND PRODUCTION 3-5 UNITS
Creation of a journalistic-style student magazine. Emphasis is placed on developing content, writing in-depth magazine articles, producing photographs and other visual elements, correlating copy and visuals, laying out pages in the production process, copy editing, promoting advertising, managing the business-side of the magazine, and exploring ethical issues. Strongly Recommended: Eligibility for English 3A. The number of laboratory units will be agreed upon and scheduled by instructor and student; based on the student’s job description and availability to participate. 2 hours lecture, 3, 6, or 9 hours laboratory. Transfer: CSU (May be taken 4 times)

Degree Applicable, Credit

MSCM 35 INTRODUCTION TO VIDEO JOURNALISM 3 UNITS
The fundamentals of using digital video and audio for online reporting. Understanding the role of video journalism in the increasing convergence of print, broadcast, and online media. Introduction to the legal and ethical issues in the recording or videotaping of news sources. Emphasis is placed upon the methods and techniques of video journalism, including scripting, storyboarding, digital video camera use, lighting, sound, and editing with video editing software such as Final Cut Pro. 1 hour lecture, 6 hours laboratory. Transfer: CSU (May be taken 4 times)

Degree Applicable, Credit

MSCM 72 BEGINNING PHOTOJOURNALISM 2 UNITS
Photography exploring the documentary approach. Survey of photojournalism as a medium of mass communications. Understanding and applying photojournalistic and basic technical and visual skills in the making of successful reportage photographs. Consideration of the work of major 20th century photojournalists. Strongly recommended: Photography 50 or Mass Communications 14. 1 hour lecture, 4 hours laboratory. Transfer: CSU, UC (May be taken 3 times)

Degree Applicable, Credit

MSCM X SUPERVISED PROGRAMMED LEARNING 1-5 UNITS
Non-transferable

MATHEMATICS

About the Program
Mathematics is one of the oldest intellectual disciplines, yet it has never lost its relevance; we are continually finding new and exciting applications in fields as diverse as biology and counter-terrorism. Mathematical methods play a pivotal role in bioinformatics, cryptography, computer graphics, analysis of large-scale networks, cyber security and operations research, as well as in computer science, engineering, business, and the natural, physical and social sciences. Applications of mathematics can be found in many vocational disciplines such as carpentry, electronics, automotive technology and welding.

The mathematics department at Las Positas College offers a wide range of courses in a variety of formats designed to meet the needs of a diverse student population. Whatever your educational goals, we have the courses you need to succeed. We offer a full lower-division curriculum which prepares students for transfer to four-year institutions, as well as basic skills and associate degree applicable courses.

Degrees/Certificates
While the Mathematics Department does not offer an associate degree in mathematics, a student wishing to pursue an associate degree in Liberal Arts and Sciences may elect a mathematics emphasis. Please refer to pages 119-121 in this catalog for more information.

Career Opportunities
The study of mathematics can prepare students for a variety of technical and scientific careers. The problem solving and communication skills acquired are valuable in business, industry and everyday life. Teachers of mathematics are always in demand. Mathematics is an essential component of any engineering or science degree.

Transferability
The Mathematics Department offers the full range of mathematics courses typical of the lower division requirements for a mathematics, computer science, engineering or science major at a four year institution, as well as transferable courses which satisfy the IGETC and CSU GE breadth requirements. General education requirements should be selected carefully based on the intended transfer institution.

MATHEMATICS (MATH)

MATH X SUPERVISED PROGRAMMED LEARNING 1-5 UNITS
Self-paced learning in mathematics using programmed materials under instructor supervision. Credit may be earned in Mathematics 55, 55A, 55B, 65, 65A, 65B, 71, and 107, according to the level of achievement. 3-5 hours.

Non-transferable

Grading Option: See individual courses for grading options

MATH 1 CALCULUS I 5 UNITS
An introduction to single-variable differential and integral calculus including: functions, limits and continuity; techniques and applications of differentiation and integration; differentiation and integration of trigonometric, exponential and logarithmic functions; the Fundamental Theorem of Calculus; areas and volumes of solids of revolution. Prerequisite: Mathematics 20 (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics assessment process. 5 hours, 0-1 laboratory hour. AA/AS GE. Transfer: CSU, UC*, CSU GE: B4; IGETC: Area 2. *MATH 1, 2 and 33, 34 combined: max UC credit, one series.

Degree Applicable, Credit

Grading Option: GR

MATH 2 CALCULUS II 5 UNITS
Continuation of single-variable differential and integral calculus. Topics covered include: inverse and hyperbolic functions; techniques of integration; parametric equations; polar coordinates; sequences, series, power series and Taylor series. Introduction to Cartesian coordinates in three dimensions and operations with vectors. Primarily for mathematics, physical science and engineering majors. Prerequisite: Mathematics 1 (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics placement process. 5 hours lecture, 0-1 laboratory hours. AA/AS GE. Transfer: CSU, UC*, IGETC: Area 2. *MATH 1, 2 and 33, 34 combined: max UC credit, one series.

Degree Applicable, Credit

Grading Option: GR

MATH 3 MULTIVARIABLE CALCULUS 5 UNITS
Vector valued functions, functions of several variables, partial differentiation, multiple integration, change of variables theorem, scalar and vector fields, gradient, divergence, curl, line integral,
MATH 34  CALCULUS FOR BUSINESS AND SOCIAL SCIENCES  5 UNITS
Functions and their graphs; limits of functions; differential and integral calculus of algebraic, exponential and logarithmic functions. Applications in business, economics, and social sciences and use of graphing calculators. Partial derivatives and the method of Lagrange multipliers. Prerequisite: Mathematics 55 or 55B or 55Y (completed with a grade of ‘C’ or higher) or an appropriate skill level demonstrated through the Mathematics Assessment process. 5 hours lecture. 0 – 1 hour laboratory. AA/AS GE. Transfer: CSU UC*. CSU GE B4; IGETC Area 2. *MATH 1, 2 and 33, 34 combined: max UC credit, one series.
Degree Applicable, Credit  Grading Option: GR

MATH 38  TRIGONOMETRY WITH GEOMETRY  5 UNITS
Plane trigonometry with topics from plane geometry. Geometry includes properties of polygons, parallel and perpendicular lines, congruence and similarity, area, volumes and surface area. Trigonometry includes definitions of the trigonometric functions, graphs of the trigonometric functions, trigonometric equations and inverse trigonometric functions, identities, polar coordinates and complex numbers. Applications involving right triangles, law of sines and law of cosines. Prerequisite: Mathematics 55 or 55B or 55Y (completed with a grade of ‘C’ or higher) or an appropriate skill level demonstrated through the Mathematics Assessment process. May not receive credit if Mathematics 36 or 36Y have been completed. 5 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU UC; CSU GE B4.
Degree Applicable, Credit  Grading Option: GR

MATH 41  STATISTICS FOR BUSINESS MAJORS  5 UNITS
Descriptive Statistics, measure of central tendency, dispersion and position; elements of probability; confidence intervals; hypothesis tests for one and two populations; probability distributions; analysis of variance; correlation and regression; non-parametric tests; applications in various fields. Introduction to the use of a computer software package to complete both descriptive and inferential statistics problems. Prerequisite: Mathematics 34 or Mathematics 1 (completed with a grade of ‘C’ or higher) or equivalent. 5 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU UC*; CSU GE B4. *UC credit granted for MATH 41 or 44 or 42A and 42B combined.
Degree Applicable, Credit  Grading Option: GR

MATH 42A  INTRODUCTION TO PROBABILITY AND STATISTICS  3 UNITS
Descriptive statistics, including measures of central tendency and dispersion; elements of probability; tests of statistical hypotheses: correlation and regression; applications in various fields. Introduction to the use of a computer software package to complete both descriptive and inferential statistics problems. Prerequisite: Mathematics 55 or 55B or 55Y (completed with a grade of ‘C’ or higher) or an appropriate skill level demonstrated through the Mathematics Assessment process. 3 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU UC*; CSU GE B4; IGETC Area 2. *UC credit granted for MATH 41 or 44 or 42A and 42B combined.
Degree Applicable, Credit  Grading Option: GR

MATH 42B  STATISTICAL ANALYSIS  3 UNITS
Statistical analysis, including comparisons of two populations, chi-square applications, analysis of variance, non-parametric, regression and correlation. Use of a computer software package to complete statistics problems. Prerequisite: Mathematics 42A (completed with a grade of ‘C’ or higher). 3 hours lecture, 1 hour laboratory. Transfer: CSU UC*; CSU GE B4; IGETC Area 2. *UC credit granted for MATH 41 or 44 or 42A and 42B combined.
Degree Applicable, Credit  Grading Option: GR
MATH 44  STATISTICS AND PROBABILITY  5 UNITS
Descriptive Statistics, measures of central tendency, dispersion and position; elements of probability; confidence intervals; hypothesis tests; two-population comparisons; correlation and regression; goodness of fit; analysis of variance, non-parametric tests; and application in various fields. Introduction to the use of a computer software package to complete both descriptive and inferential statistics problems. Prerequisite: Mathematics 55, 55B or 55Y (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics assessment process. 5 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU, UC*. Degree Applicable, Credit Grading Option: OP

MATH 45  COLLEGE ALGEBRA  3 UNITS
Polynomial, rational, exponential, and logarithmic functions; theory of equations; matrices; translation of functions; sequences, series and the binomial theorem. Prerequisite: Mathematics 55 or Mathematics 55B or Mathematics 55Y (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics placement process. 3 hours lecture, 1 hour laboratory. AA/AS GE. Transfer: CSU, UC*. Degree Applicable, Credit Grading Option: GR

MATH 55  INTERMEDIATE ALGEBRA  5 UNITS
Intermediate algebra concepts, including: An introduction to functions; linear and absolute value functions; absolute value equations and inequalities; compound linear inequalities; systems of linear equations in three variables and matrix solutions; rational expressions, functions and equations; radical expressions, functions and equations; rational exponents; complex numbers; quadratic functions and equations; inverse of a function; exponential and logarithmic functions; properties of logarithms; exponential and logarithmic equations; conic sections; systems of non-linear equations and inequalities. Multiple representations, applications and modeling with functions are emphasized throughout. Prerequisite: Math 65 or 65B or 65Y (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics assessment process. May not receive credit if Mathematics 55B or 55Y have been completed. 5 lecture hours, 1 laboratory hour. AA/AS GE. Degree Applicable, Credit Grading Option: OP

MATH 65A  INTERMEDIATE ALGEBRA A  2.5 UNITS
Concepts covered in the first half of Mathematics 55 Intermediate Algebra, including: An introduction to functions; linear and absolute value functions; absolute value equations and inequalities; compound linear inequalities; rational expressions, functions and equations; radical expressions, functions and equations; rational exponents; complex numbers. Multiple representations, applications and modeling with functions are emphasized throughout. Prerequisite: Math 65 or 65B or 65Y (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics assessment process. May not receive credit if Mathematics 55B or 55Y have been completed. 2.5 lecture hours, 0-1 laboratory hour. AA/AS GE. Degree Applicable, Credit Grading Option: P/N

MATH 65B  INTERMEDIATE ALGEBRA B  2.5 UNITS
Concepts covered in the second half of Mathematics 55 Intermediate Algebra, including: systems of linear equations in three variables and matrix solutions; inverse of a function; exponential and logarithmic functions; properties of logarithms; exponential and logarithmic equations; conic sections; systems on non-linear equations and inequalities. Multiple representations, applications and modeling with functions are emphasized throughout. Prerequisite: Math 55A or 55X (completed with a grade of “C” or higher). May not receive credit if Mathematics 55 or 55Y have been completed. 2.5 lecture hours, 0-1 laboratory hour. AA/AS GE. Degree Applicable, Credit Grading Option: P/N

MATH 60  MATH STUDY SKILLS  1 UNIT
This course is designed to assist students in learning mathematics through the development of successful study skills and exam taking methods. Designed primarily for students in beginning or intermediate algebra, this course addresses learning styles, how to read a math book, completing homework assignments, how to take notes and exams, basics of calculator operations and techniques for overcoming math anxiety. 1 hour. (May be repeated one time.) Degree Applicable, Credit Grading Option: P/N

MATH 65A  INTERMEDIATE ALGEBRA A  2.5 UNITS
Concepts covered in the first half of Mathematics 65 Elementary Algebra, including: real numbers and their properties; algebraic expressions; integer exponents; operations with polynomial expressions; linear and quadratic equations; linear inequalities and set notation; graphs of linear equations and inequalities; slope; systems of linear equations and inequalities; and, an introduction to rational expressions and modeling with linear and quadratic equations. Prerequisite: Mathematics 106 or 107 or 107Y (completed with a grade of “C” or higher) or an appropriate skill level demonstrated through the Mathematics assessment process. May not receive credit if Mathematics 65B or 65Y have been completed. 5 lecture hours, 1 laboratory hour. AA/AS GE. Non-degree Applicable, Credit Grading Option: OP

MATH 65B  INTERMEDIATE ALGEBRA B  2.5 UNITS
Concepts covered in the second half of Mathematics 65 Elementary Algebra, including: integer exponents; operations with polynomial expressions; factoring techniques; quadratic equations and modeling with quadratic equations; and an introduction to rational expressions. Prerequisite: Mathematics 65A or 65X (completed with a grade of “C” or higher). May not receive credit if Mathematics 65 or 65Y have been completed. 2.5 lecture hours, 0-1 laboratory hour. AA/AS GE. Non-degree Applicable, Credit Grading Option: P/N

MATH 71  APPLIED MATHEMATICS FOR TECHNICIANS  3 UNITS
This course provides a survey of mathematical techniques used in the technical trades including: Arithmetic, both by-hand and with calculator; ratios, rates and proportions; metric and U.S. systems of measurements; an introduction to linear equations; scientific notation; plane and solid geometry; and, triangle trigonometry. There is an emphasis on practical applications related to a variety of technical
MATHEMATICS - MUSIC

MATH 107  PRE-ALGEBRA  4 UNITS
This course is intended to serve as a bridge between arithmetic and Elementary Algebra. It includes a review of arithmetic operations involving signed integers, fractions and decimals, variables and variable expressions, simple linear equations and their graphs, percent and proportion, introduction to statistics, geometry and measurement, and application problems. 3 hours lecture, 3 hours laboratory. Non-Degree Applicable, Credit Grading Option: OP

MICROBIOLOGY

Contact: Dr. Neal Ely, Dean.................................. 925.424.1182

Microbiology 1 is one of many courses offered by the Biology Department. It fulfills various degree, certificate, transfer, and/or career requirements. For more details about how Microbiology 1 fits into different pathways, please see “Biology” in the catalog, page 61.

MUSIC

● DEGREE  ● CERTIFICATE

Contact: Dr. Philip Manwell, Dean....................... 925.424.1382

About the Program
The Music major offers a secure foundation for further study in music. Courses in the Music Department are designed to fulfill the needs of music majors, professional musicians, and those whose interest is avocational or recreational. Students are encouraged to contact a counselor and consult the Catalog for guidance when planning to transfer to a four-year institution in this major.

Degrees/Certificates
• Degree:
  • AA - Music
  • Certificate of Achievement
    • Teaching Beginning Piano
    • Teaching Intermediate Piano

AA - Music
Freshman Year
Music 8A (Harmony and Musicianship I) ..................... 4
Music 8B (Harmony and Musicianship II) ..................... 4
Music 21A (Beginning Piano) .................................... 1
Music 21B (Beginning Piano-Intermediate) ................. 1
Music Electives*.................................................. 2
Performance Electives**.................................... 4-5
General Education Courses

Sophomore Year
Music 10A (Chromatic Harmony and Musicianship) ....... 4
Music 10B (Post-Romantic and Twentieth Century Harmony) 4
Music Electives*.................................................. 2
Performance Electives**.................................... 4-5
General Education Courses
Total units required.................................................. 60

Music Electives*
Select course(s) from the following, for a minimum of 4 units:

Music 1 (Introduction to Music)
Music 23A (Elementary Voice I)
Music 23B (Elementary Voice II)
Music 30 (Study of Guitar)
Music 31 (Study of Piano)
Music 33 (Study of Voice)
Music 38 (Individual Study)
Music 39 (Music Theater Workshop)

Performance Electives**
Select course(s) from the following, for a minimum of 8 units:

Music 12 (College Band)
Music 14 (Jazz Ensemble)
Music 15 (Jazz Band)
Music 16 (Orchestra)
Music 44 (Concert Choir)
Music 45 (Chamber Choir)
Music 46A (Beginning Jazz Choir)
Music 46B (Advanced Jazz Choir)

Certificate of Achievement
Teaching Beginning Piano
Music 25 (Teaching Beginning Piano) ....................... 2
Music 26 (Materials and Methods for Piano Teachers) .... 2
Music 8A (Harmony and Musicianship I) ..................... 4
Music 8B (Harmony and Musicianship II) ..................... 4
Music 38* (Individual Study) .................................... 2
Total units required.................................................. 14

*Two semesters required
§ Approval by State Chancellor’s Office is pending.

Certificate of Achievement
Teaching Intermediate Piano
Music 27 (Teaching Intermediate Piano) .................. 2
Music 28 (Keyboard Skills) ........................................ 1
Music 10A (Chromatic Harmony and Musicianship) ...... 4
Music 10B (Post-Romantic and 20th Century Harmony) .. 4
Music 1 (Introduction to Music) ................................. 3
Music 38* (Individual Study) .................................... 2
Total units required.................................................. 16

*Two semesters required for a total of 4 units
§ Approval by State Chancellor’s Office is pending.
MUSIC

MUS 1  INTRODUCTION TO MUSIC  3 UNITS
Music for enjoyment and understanding through informed listening, analysis, evaluation and discernment of musical elements, forms, and repertoire. Attendance at concerts and listening to a variety of music may be required. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A. Degree Applicable, Credit Grading Option: OP

MUS 4  JAZZ IN AMERICAN CULTURE  3 UNITS
History, trends and influences of the phenomenon of jazz through integration of the cultures of (but not limited to) African-American, European-American and the Latin-American communities. Required listening, reading and concert attendance will guide the student to value jazz as a form of self expression and improve the ability to listen and understand the various eras in jazz from pre-Dixieland to present day. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A. Degree Applicable, Credit Grading Option: OP

MUS 5  AMERICAN CULTURES IN MUSIC  3 UNITS
Music in twentieth century United States through the study of contributions of three selected groups from the following: African-Americans, Latin-Americans, Asian-Americans, European-Americans, and Native Americans. Emphasis on understanding diverse styles, and on integrating these styles into American music. Concert, religious, and folk-pop music will be included. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A. Degree Applicable, Credit Grading Option: OP

MUS 6  BASIC MUSIC SKILLS  2 UNITS
Essentials of music through notation, times elements, melody, harmony, and tonality, texture, dynamics and knowledge of the keyboard. Sight singing and ear training. 2 hours lecture. Transfer: CSU, UC; CSU GE: C1. Degree Applicable, Credit Grading Option: OP

MUS 8A  HARMONY AND MUSICIANSHIP I  4 UNITS
Elements of diatonic harmony through part writing and ear training exercises as typified by musical practice from 1600 to the present. Includes keys, modes, scales, tonality, intervals, solfeggio, consonance/dissonance, rhythmic organization, chord structure, chord and interval recognition, melodic and harmonic dictation, voice leading principles, non-chord tones, four-part voice leading with selected primary and secondary chords, and figured bass realization. Strongly recommended: Music 6 or equivalent skills. 3 hours lecture, 2 hours laboratory. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A. Degree Applicable, Credit Grading Option: OP

MUS 8B  HARMONY AND MUSICIANSHIP II  4 UNITS
Continues diatonic harmony through part writing and ear training exercises as typified by musical practice from 1600 to the present, continues solfeggio, chord recognition, melodic and rhythmic dictation, diatonic four-part voice leading, and figured bass realization. Introduces harmonic dictation, cadential elaboration, non-dominant seventh chords, and tonization/modulation to the dominant. Prerequisite: Music 8A (completed with a grade of “C” or higher). 3 hours lecture, 2 hours laboratory. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A. Degree Applicable, Credit Grading Option: OP

MUS 10A  CHROMATIC HARMONY AND MUSICIANSHIP  4 UNITS
Elements of both diatonic and chromatic harmony through part writing and ear training exercises as typified by musical practice from 1600 to the present. Continues solfeggio; chord recognition; melodic, rhythmic, and harmonic dictation; and figured bass realization. Introduces chorale dictation, chromatic four-part voice leading, chord progression and succession techniques, non-chord tones using figuration and rhythmic displacement; and mode mixture. Prerequisite: Music 8B (completed with a grade of “C” or higher). 3 hours lecture, 2 hours laboratory. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 10B  POST ROMANTIC AND 20TH CENTURY HARMONY  4 UNITS
Continues chromatic harmony through part writing and ear training exercises as typified by musical practice from 1600 to the present. Further studies in solfeggio; melodic, rhythmic, and chorale dictation; chromatic four-part voice leading; figured bass realization; and chord succession and progression techniques. Introduces secondary dominants; diatonic modulation, extended chords; Neapolitan, augmented sixth, augmented, and altered dominant chords; chromatic embellishing chords; and chromaticism in larger contexts. Prerequisite: Music 10A (completed with a grade of “C” or higher). Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 12  WIND ENSEMBLE  1 UNIT
Wind ensemble repertoire of all styles and periods. Emphasis on group participation and public performance. Attendance at all scheduled performances required. Enrollment is subject to a standardized audition demonstrating musical ability and technical proficiency suitable to the course level. 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: C1. Degree Applicable, Credit Grading Option: OP

MUS 14  JAZZ ENSEMBLE  1 UNITED
Reading, preparation and performance of contemporary Jazz music. Opportunity to apply improvisation techniques in a group setting. 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 15  JAZZ BAND  1 UNIT
Reading, preparation and performance of contemporary Jazz music, arranged for Jazz band. Opportunities to arrange and compose for the band as well as to conduct. Opportunity to apply improvisation techniques in a group setting. 3 hours laboratory. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 16  COLLEGE ORCHESTRA  1 UNIT
Survey of string and symphonic orchestra literature through rehearsal and performance of selected works. Emphasis on the development of ensemble playing and technique. Designed for those with proficiency in playing an orchestral instrument. 3 hours laboratory. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 20  ELEMENTARY GUITAR  1 UNIT
Beginning guitar using a combination of folk and classic approaches to playing technique, utilizing basic scales and chords in first position, and music notation. Strongly recommended: Music 6. 3 hours laboratory. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 21A  BEGINNING PIANO  1 UNIT
Group instruction in piano with emphasis on developing technique, reading music, and performing. Strongly recommended: Music 6. 3 hours laboratory. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 21B  BEGINNING PIANO-INTERMEDIATE  1 UNIT
Development of skills learned in Music 21. Emphasis on further development of technique and performance. Prerequisite: Music 21A (completed with a grade of “C” or higher). 3 hours laboratory. Transfer: CSU, UC; Degree Applicable, Credit Grading Option: OP

MUS 23A  ELEMENTARY VOICE I  1 UNIT
Group singing with emphasis on solo performance.-ton e production, breathing, diction, and interpretation in regard to song literature.
MUSIC

**MUS 23B** ELEMENTARY VOICE II 1 UNIT
Development of skills learned in Music 23A. Emphasis on further development of vocal production and performance. Prerequisite: Music 23A (completed with a grade of "C" or higher). 3 hours laboratory. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

**MUS 25** TEACHING BEGINNING PIANO 2 UNITS
Principles of successful piano teaching with an emphasis upon development of technique and reading ability in beginner level students; private and group piano teaching methods; personal development as teacher and musician. Observation of piano lessons or classes and supervisory practice teaching of private or class piano students may be required. Intended for pianists with intermediate or advanced skills. Strongly recommended: Music 21B. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

**MUS 26** METHODS AND MATERIALS FOR PIANO TEACHERS 2 UNITS
Examination of various methods in print for use in teaching piano; setting up a teaching studio and maintaining the business; finding and selecting supplementary literature; preparing for recitals and other special events. Intended for pianists with intermediate or advanced skills who are engaged in the teaching of piano or who would like to prepare to teach. Strongly recommended: Music 21B. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

**MUS 27** TEACHING INTERMEDIATE PIANO TEACHING INTERMEDIATE PIANO 2 UNITS
Principles of successful piano teaching with an emphasis upon continued development of technique and reading ability in intermediate level students; private and group piano teaching methods; selection of intermediate literature; Baroque, Classical, Romantic and 20th Century styles: studio organization and personal development as teacher and musician. Observation of piano lessons or classes and supervisory practice teaching of private or class piano students may be required. Strongly recommended: Music 21B. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

**MUS 28** KEYBOARD SKILLS 1 UNIT
Emphasis on correct harmonization of melodies with various styles of piano accompaniments; transposition; improvisation; modulation; sight reading; principles of accompanying soloists and groups; ensemble playing; playing by ear. Frequent solo and ensemble performances in class. Intended for piano teachers or classroom music teachers. Strongly recommended: Music 21B. 3 hours laboratory. Transfer: CSU (May be taken two times)
Degree Applicable, Credit Grading Option: OP

**MUS 30** STUDY OF GUITAR 1 UNIT
Development of skills and knowledge from Music 20. Emphasis on playing techniques and performance. Designed for the intermediate and advanced performer. Prerequisite: Music 20 (completed with a grade of "C" or higher). 3 hours laboratory. Transfer: CSU, UC; (May be taken four times)
Degree Applicable, Credit Grading Option: OP

**MUS 31** STUDY OF PIANO 1 UNIT
Development of functional piano skill. Designed for knowledge and skill of intermediate or advanced level. Prerequisite: Music 21B (completed with a grade of "C" or higher). 3 hours laboratory. Transfer: CSU, UC; (May be taken four times)
Degree Applicable, Credit Grading Option: OP

**MUS 33** STUDY OF VOICE 1 UNIT
Individual improvement of the technical facility, tone quality, and range of the singing voice in solo performances; designed to extend knowledge of the literature in general and help acquire a basic repertory. Required for voice majors. Prerequisite: Music 23B (completed with a grade of "C" or higher). 3 hours laboratory. Transfer: CSU, UC; (May be taken four times)
Degree Applicable, Credit Grading Option: OP

**MUS 38** INDIVIDUAL STUDY 1 UNIT
Specialized study of voice or instrument. Designed for music major or minor to increase opportunities in individualized study of voice or instrument. 2 hours. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

**MUS 39** MUSICAL THEATER WORKSHOP 1 UNIT
Training in performance skills for musical theater, with emphasis on vocal technique. Corequisite: Theater Arts 39. 2 hours. Transfer: CSU, UC; (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

**MUS 40** PASSPORT TO MUSIC 1-3 UNITS
Supervised participation in scheduled performances of the music department in performer, accompanist, and/or technical assistant capacity. Hour value to be determined by the instructor, after audition, based upon the scope of the performance or technical assignment. Enrollment is for the duration of one particular performance, workshop, or concert tour. 1-6 hours. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

**MUS 42** VOCAL REPERTOIRE 1 UNIT
Vocal repertoire with emphasis on solo performance. Includes vocal solo literature of the Baroque, Classical, Romantic, and Contemporary periods in French, German, English, Italian, and Spanish. Prerequisite: Music 23B or Music 33 (may be taken concurrently). 3 hours laboratory. Transfer: CSU, UC; (May be taken four times)
Degree Applicable, Credit Grading Option: OP

**MUS 43** VOCAL ENSEMBLE 1 UNIT
Instruction for the advanced singer; an opportunity to explore and perform vocal chamber music. 2 hours. AA/AS GE. Transfer: CSU, UC; (May be taken 3 times)
Degree Applicable, Credit Grading Option: GR

**MUS 44** CONCERT CHOIR 1 UNIT
Development of vocal and musical ability to interpret and perform the highest caliber of choral literature. Designed for those with experience and/or ability in choral singing. 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: CI (May be taken four times)
Degree Applicable, Credit Grading Option: OP

**MUS 45** CHAMBER CHOIR 1 UNIT
Development of sufficient vocal and music ability to interpret and perform a variety of vocal chamber music. Designed for the advanced singer. 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; CSU GE: CI (May be taken four times)
Degree Applicable, Credit Grading Option: OP

**MUS 46A** BEGINNING JAZZ CHOIR 1 UNIT
The various aspects of performing in a vocal jazz ensemble. Emphasis on developing the rudiments of vocal jazz technique. Strongly recommended: Music 6. 3 hours laboratory. AA/AS GE. Transfer: CSU, UC; (May be taken four times)
Degree Applicable, Credit Grading Option: OP
NUTRITION - OCCUPATIONAL SAFETY AND HEALTH

MUS 46B ADVANCED JAZZ CHOIR 1 UNIT
The various aspects of performing in a vocal jazz ensemble. Emphasis on developing advanced vocal jazz technique. Prerequisite: Music 46A (completed with a grade of “C” or higher). 3 hours laboratory. AA/AS GE. Transfer: CSU, UC (May be taken four times)
Degree Applicable, Credit Grading Option: OP

MUS 47 COLLEGE PRODUCTIONS - MUSIC 1-5 UNITS
Participation in scheduled music productions. Includes music support for drama productions, college musicals, and other major performances. Enrollment is for the duration of the production. 3-15 laboratory hours. Transfer: CSU, UC (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

NUTRITION

CONTACT: Dyan Miller, Dean................................. 925.424.1275

About the Program
The Nutrition program is part of the Health and Wellness program. See page 109. These courses are intended to help students live healthfully now and for the rest of their lives. They also serve as foundations for students intending to focus their studies in the nutrition and health sciences and physical education and athletics.

See also: Health, Physical Education

NUTRITION (NuTR)

NUTR 1 NUTRITION 3 UNITS
The basics of nutrition, including nutrients, nutritional needs, digestion/absorption, and the role of nutrition in the maintenance of health. Designed to meet the needs of students majoring in the science and/or health fields. Strongly recommended: Chemistry 30A. 3 hours lecture. AA/AS GE. Transfer: CSU, UC, CSU GE: E
Degree Applicable, Credit Grading Option: OP

NUTR 3 NUTRITION FOR HEALTH AND WELLNESS 3 UNITS
Optimal diet and food choices to promote health and prevent disease. Role of nutrition and fitness in health. Impact of harmful eating patterns. Evaluation of diets and nutrition information. Issues of current interest. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

NUTR 5 NUTRITION FOR PERFORMANCE AND SPORT 3 UNITS
Students will study the role of nutrition in sports, performance and physical fitness. Optimal food, nutrient, and activity choices to maximize athletic performance and support health will be addressed. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

OCCUPATIONAL SAFETY AND HEALTH

CONTACT: Dr. Neal Ely, Dean................................. 925.424.1182

About the Program
The Occupational Safety and Health worker implements mandated health and safety regulations in an effort to control occupational accidents and diseases, property losses and injuries due to unsafe working conditions. The scope of this position includes the identification of physical hazards and the design and implementation of remediation, the evaluation of potential toxic agent risk to the employer, the development of safety management and employee training/management programs.

Degrees/Certificates
• Degree:
  • AS – Occupational Safety and Health
• Certificate of Achievement:
  • Occupational Safety and Health*

Career Opportunities
The safety and health worker may specialize in fire and property, chemical and radiological safety, emergency response, general workplace safety, transportation, construction, systems or product design. The Associate in Science degree and the Certificate of Completion in Occupational Safety and Health are designed for direct job entry and/or career enhancement. Continuing Education Units for Registered Nurses and Licensed Vocational Nurses may be awarded for certain coursework upon application. Completion of the degree or the certificate may be used to provide work experience credit toward OHST (Occupational Health and Safety Technician) certification requirements. Completion of the degree may be used to provide work experience credit toward CSP (Certified Safety Professional) certification requirements. Students interested in work experience credit toward OHST or CSP certification or in C.E.Units for RNs and LVNs should consult their instructor.

Transferability
While units in the program are transferable to many institutions, students should consult a counselor for information.

Sophomore Year
Occupational Safety and Health 60 (Elements of Industrial Hygiene) 3
Occupational Safety and Health 62 (Physical Hazards) 3
Physics 2A (Introduction to Physics) or Physics 10 (Descriptive Physics) 3-4
Radiation Safety 40ABC (Radiation Safety) 4
Psychology 1 (General Psychology) 3
Electives* 3-5

Total units required 60

*Approval by State Chancellor's Office is pending.

Electives* 3-4

OCCUPATIONAL SAFETY AND HEALTH (OSH)

OSH 50 INTRODUCTION TO OCCUPATIONAL SAFETY AND HEALTH 3 UNITS
Introduction to the principles and techniques of occupational safety and health. Includes historical evolution, professional make-up of the occupational and safety specialist, and analysis and implementation of a typical safety program. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

OSH 60 ELEMENTS OF INDUSTRIAL HYGIENE 3 UNITS
Introduction to the major subject areas of Industrial Hygiene. This includes anticipation, recognition, evaluation, and control of workplace hazards; effects of toxic agents on the body; measurement of these agents; general methods for their control; as well as State and Federal regulatory requirements. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

Requires and Human Factors 3 UNITS

Fire Service Technology 52 (Fire Fighter Safety and Public Education) 3
Physiology 1 (Introduction to Human Physiology) 3

Total units required 15-16

*Approval by State Chancellor's Office is pending.

Certificate of Achievement

Occupational Safety and Health 50 (Introduction to Occupational Safety and Health) 3
Occupational Safety and Health 62 (Physical Hazards) 3
Occupational Safety and Health 67 (Comprehensive Regulatory Requirements and Human Factors) 3
Electives* 3-4

Total units required 20

*Approval by State Chancellor's Office is pending.

OS 62 PHYSICAL HAZARDS 3 UNITS
Examination of physical hazards in the work environment and methods of control. Includes hazards associated with human factors, layout and planning, machine guarding, electrical safety, materials handling, rigging, conveyors, power tools, personal protective equipment, compressed gases, illumination, and working surfaces. Emphasis on methods for safety observation and inspection. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

OS 67 COMPREHENSIVE REGULATORY REQUIREMENTS AND HUMAN FACTORS 3 UNITS
State and federal Occupational Safety and Health Acts, awareness of life safety, fire safety and building codes and standards, Workers’ Compensation laws, and other regulations as they relate to occupational safety and health. Includes human factors in accident causation, behavioral stereotypes, human engineering, and man-machine trades and functional significance. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

PHARMACY TECHNOLOGY

CERTIFICATE
CONTACT: Dr. Janice Noble, Dean ........... 925.424.1324

About the Program
The Pharmacy Technology Program is a 20-unit program. Students completing the program will be eligible for licensing as a Pharmacy Technician by the state of California and national certification by examination through the Pharmacy Technician Certification Board.
The program coursework includes classroom instruction and a total of 108 hours of clinical internship in a pharmacy setting. Admission to the program requires students to have graduated from high school or obtained a GED and students must be willing to comply with background check for placement in the clinical setting.

Certificate of Achievement
Pharmacy Technology* 4
Pharmacy Technology 51 (Advanced Pharmacy Operations) 4
Pharmacy Technology 52 (Pharmacology I) 4
Pharmacy Technology 53 (Pharmacology II) 4
Pharmacy Technology 54 (Pharmacy Technician Clinical Practice) 2
Electives** 2

Total units required 20

*Approval by State Chancellor’s Office is pending.

**Electives
Select from the following for a minimum of 2 units:
Biology 50
Computer Information Systems 8
Health Science 51
Health Science 52

*Approval by State Chancellor’s Office is pending.
PHARMACY TECHNOLOGY (PHT)

PHT 50  INTRODUCTION TO PHARMACY TECHNOLOGY  4 UNITS
Entry level pharmacy technician training, drug classification and uses, pharmacy laws, rules, regulations and ethics, storage of drugs, record keeping of prescriptions and medications, pharmacy math and dosage calculation, medical terminology, abbreviation and symbols. Prerequisite: Eligibility for English 1A and Mathematics 65 (both completed with a grade of “C” or higher) or placement in English 100B or Mathematics 55 or higher on LPC assessment test. Strongly recommended: Biology 50 and Health Science 52 and Computer Information Systems 8. 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

PHT 51  ADVANCED PHARMACY OPERATIONS  4 UNITS
This course consists of advanced drug calculations, review of drug uses and side effects, intravenous drug and chemotherapy agent’s admixtures, reading, evaluating, and filling prescriptions, compounding, assist pharmacist in medication therapy management, maintaining, inventory control systems, resume writing, job hunting and interview skills. Prerequisite: Pharmacy Technology 50 (completed with a grade of “C” or higher). 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

PHT 52  PHARMACOLOGY I  4 UNITS
This course provides an introduction to the principles of pharmacology. Topics covered include the anatomy, physiology, and pharmacology relating to the central nervous system, cardiovascular and pulmonary systems, and a review of inflammation and pain management. Upon completion, students should be able to place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names. Prerequisite: Pharmacy Technology 50 (may be taken concurrently). Strongly recommended: Biology 50. 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

PHT 53  PHARMACOLOGY II  4 UNITS
Anatomy, physiology, and pharmacology relating to the gastrointestinal, endocrine and reproductive systems. Topics also include antibiotic, vitamins, and chemotherapy used in treating various cancers. Upon completion, students should be able to place major drugs into correct therapeutic categories and identify indications, side effects, and trade and generic names. Prerequisite: Pharmacy Technology 52 (completed with a grade of “C” or higher). Strongly recommended: Biology 50. 3 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

PHT 54  PHARMACY TECHNICIAN CLINICAL PRACTICE  2 UNITS
Application of pharmaceutical knowledge, pharmacy law, mathematics, dosage calculation, medical terminology to various practice setting, inventory control, drug storage, record keeping, prepare and package medications accordingly and accurately. Prerequisites: Pharmacy Technology 51 and Pharmacy Technology 52 and Pharmacy Technology 53 and Pharmacy Technology 54 (all completed with a grade of “C” or higher). 4.5-6.0 hours laboratory hours per week (minimum 80 hours externship). Transfer: CSU
Degree Applicable, Credit Grading Option: GR

PHILOSOPHY

CONTACT: Dr. Philip Manwell, Dean ..................... 925.424.1382
See also: Humanities, Religious Studies

PHILOSOPHY (PHIL)

PHIL 1 GOD, NATURE, HUMAN NATURE  3 UNITS
Nature and range of philosophical inquiry in relation to everyday problems of humans as individuals, as citizens, as existing in nature, and as creators of works of the arts and of the spirit. Analysis of primary philosophical documents that concentrate on these broad areas of human concern. Introduction to philosophy by the philosophers’ own works, their methods of procedure and inquiry; attention given to the development of skills for reading, analyzing, and pursuing philosophical argument. NOTE: Philosophy 2, 4 and 25 are also introductory courses and may be taken before Philosophy 1 if a more detailed examination of ethical problems, the theory of knowledge, or political philosophy is desired. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

PHIL 2 INTRODUCTION TO PHILOSOPHY: ETHICS  3 UNITS
Problems of good and evil, right and wrong, individual and/or social action; the principles, criteria or starting points for these issues and decisions as discussed and developed in great writings of the philosophical-literary tradition. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

PHIL 3 AESTHETICS: PHILOSOPHY OF ART:  3 UNITS
An introduction to the philosophical analysis of art. Topics include the nature of art and beauty, the value of art, and philosophical methods of evaluating, critiquing, and drawing meaning from artistic works. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

PHIL 4 INTRODUCTION TO PHILOSOPHY: KNOWLEDGE  3 UNITS
Systematic analysis of documents that constitute the major statements in the theory of knowledge. Investigation of the nature of knowledge, truth and belief. Emphasis placed on enabling students to analyze, critique and defend their own systems of beliefs. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

PHIL 5 FEMINIST PHILOSOPHY  3 UNITS
Introduction to feminist philosophical perspectives on such issues as gender, art, sexuality, knowledge, power, identity, popular culture, religion, ethics, and war. Emphasis placed on critical analysis as well as application to contemporary problems facing women today. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR
PHOTOGRAPHY

CERTIFICATE
CONTACT: Dr. Philip Manwell, Dean.......................... 925.424.1382

About the Program

The Las Positas College Photography program offers a broad array of course opportunities crossing a full spectrum of the imaging field. The Certificate assures a solid grounding in photography fundamentals upon which to build one’s further photographic field experiences.

Students become familiar with traditional film-based and digital (electronic) imaging technologies for making artistically rendered, captivating photographic images (both black & white and color) used in all areas of visual communications and media. Students do hands-on work in the College’s well-equipped studio, darkroom and computer laboratory. They master digital imaging in preparation for print and web distribution, create short programs in videography, and work with artificial lighting for portrait and commercial applications.

Most students take a history of photography class and a course concentrating on doing documentary work. Short-term courses on special photographic topics, each focusing on a unique aspect of photography or tutorial study with well-known professionals, are also offered on a regular basis.

PHOTOGRAPHY - PHYSICAL EDUCATION

PHOTO 64A ARTIFICIAL LIGHT PHOTOGRAPHY 3 UNITS
Photography using light sources selected and manipulated by the photographer. Use of light sources in a controlled situation to achieve technically accurate renditions of subject matter and to make successful visual statements. Lighting techniques for product, still life and portrait photography. Strongly recommended: Photography 50 or Photography 56. 2 hours lecture, 4 hours studio/laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: P/N

PHOTO 66 DIGITAL IMAGING 3 UNITS
Desktop digital imaging systems: scanning, camera and software. Methods and devices for image input, storage and output. Use of traditional photographic controls to enhance image quality in the digital medium. Designing an image for digital manipulation using software such as Photoshop and Live Picture. Strongly recommended: camera/photography and Macintosh computer experience, or Visual Communications 50. 2 hours lecture, 4 hours laboratory. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

PHOTO 67 HISTORY OF PHOTOGRAPHY 3 UNITS
A broad chronological survey of photography from its invention to the present. Considers the medium's dual role as technology and art. Addresses a multiplicity of photographic themes and purposes. Considers the intersections of photography and technology, history, art, and everyday life. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: CI, IGETC: Area 3A Degree Applicable, Credit Grading Option: OP

PHOTO 68 COLOR FIELD PHOTOGRAPHY 2 UNITS
Use of either digital photography or color slide film to explore the solution of special technical and visual problems encountered in location shooting. 2 hours. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

PHOTO 69 INTERMEDIATE VIDEOGRAPHY 2 UNITS
Intermediate level digital video production to integrate and build upon prior video making skills. Emphasis is on creative expression, improving all production values and edited quality of finished presentation. Distribution of quality video piece to festivals and the web. Class is taught on the Macintosh computer platform. Strongly recommended Photography 58. 1 hour lecture. 4 hours laboratory. Transfer: CSU (May be taken two times) Degree Applicable, Credit Grading Option: OP

PHOTO 72 DOCUMENTARY PHOTOGRAPHY 2 UNITS
Photography exploring the documentary approach. Survey of photojournalism as a medium of mass communications. Understanding and applying photojournalistic and basic technical and visual skills in the making of successful reportage photographs. Consideration of the work of major 20th century photojournalists. Strongly recommended: Camera/photography experience. 1 hour lecture, 4 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

PHOTO 99 TOPICS IN PHOTOGRAPHY 0.5-3 UNITS
Workshops on a variety of specialized topics in photography or visual communications, which are relevant to a general audience and/or those working at the intermediate to advanced level. Development of knowledge and skills acquired in previous or current photography work with emphasis on professional approach, specific topic, media, or technique. Strongly recommended: Photography 60. 9 to 54 total hours. Transfer: CSU (May be taken 4 times) Degree Applicable, Credit Grading Option: P/N

PHYSICAL EDUCATION

DEGREE CERTIFICATE
CONTACT: Dyan Miller, Dean ................................... 925.424.1275

About the Program
The physical education department offers a variety of courses designed to meet the general education requirement for instruction in lifelong healthful living through appropriate physical activity and theory courses, as well as transfer and physical education career preparation. Courses promote wellness, physical and emotional fitness, and the importance of a healthy lifestyle through mastery of fitness theory, physical education activity, and intercollegiate athletics.

Note: The Physical Education Activity courses in this catalog are not all inclusive. For current offerings, consult the Class Schedule.

Athletics
Las Positas College offers an intercollegiate athletics program dedicated to assisting each student in achieving the highest possible academic and athletic success. Our faculty and coaches subscribe to the philosophy that athletics plays an integral role in the total educational process and that athletics helps to promote the growth of values in leadership, character, sportsmanship, and teamwork.

PHYSICAL EDUCATION (PE)

PHYSICAL EDUCATION ACTIVITY COURSES

PE AQAQ ADAPTIVE AQUATIC EXERCISE 0.5-2 UNITS

This is an opportunity for students with disabilities to improve muscle strength and endurance through exercises done in shallow water. The pool allows minimal joint stress while doing range of motion and strengthening exercises. This class is designed for students with limitations that are directly related to their verified physical or mental disabilities. Exercises will be adapted to the individual’s needs and disability. Students must have a current clearance from their doctor to participate in this class. 27-108 hours laboratory per semester. (Students with verified disability may petition to take this course for credit beyond the four times stated) AA/AS GE. Transfer: CSU, UC*, CSU GE: E *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE AQA AQUA AEROBICS 0.5-2 UNITS

Students will participate in a variety of upright exercises in the shallow and deep water of a pool. Water specific movements, which take advantage of the unique characteristics of water, will help students improve cardio-respiratory endurance, muscle endurance/strength, flexibility and body composition, while minimizing impact on the body. Students need not be swimmers to participate in this class; however students must feel comfortable in the water. 27-105 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE AQID AQUA JOGGING – DEEP WATER 0.5-2 UNITS

Students will participate in a conditioning program in the deep water of a pool. A variety of low impact movements, centered on jogging, will be performed while utilizing an Aqua Jogger buoyancy belt. Students will improve cardio-respiratory endurance, muscle endurance/strength and flexibility. Students must feel comfortable in the water. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE ASA AEROBICS/STEP AEROBICS 0.5-2.0 UNITS

Designed to emphasize cardiovascular endurance through a combination of aerobics and step aerobics. Students will use equipment including the step, hand weights, tubing and mats to improve all components of fitness (cardiovascular endurance, muscular strength and endurance, flexibility and body composition) through correct and safe application of sound exercise principles. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE AB AEROBIC FITNESS 0.5-2 UNITS

Aerobic Fitness is an intermediate conditioning class that emphasizes cardiovascular endurance activities through a variety of exercises that stimulate heart and lung activity. Interval calisthenics are used as a warm-up, and then activities that develop increased aerobic efficiency will be performed by the students. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE BD BADMINTON 0.5-2 UNITS

Develop and practice basic techniques in tennis. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE BA BALLET 0.5-2 UNITS

Develop and practice basic techniques in ballet. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE BC BOOT CAMP 0.5-2 UNITS

Improve core conditioning, muscle strength, muscle endurance and cardio-respiratory endurance through a variety of drills and military style movements. Functional training delivered in an intense environment. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE BRD BALLROOM DANCE 0.5-2 UNITS

An introductory course in ballroom dancing. Students will study, analyze, practice and develop social dance technique, proficiency and etiquette in the fundamentals of ballroom dancing. Typical dances covered include: waltz, samba, rumba, foxtrot, tango, rock-n-roll, and east coast swing. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE BK BASKETBALL 0.5-2 UNITS

This multi-level course is designed to provide the student with an opportunity to develop the basic skills and understanding of basketball. Skills such as dribbling, passing, shooting, defensive and offensive strategies will be presented and practiced. Team play and
## Physical Education

Sportsmanship are important priorities that are emphasized in this class. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE BKL BASKETBALL LEAGUE 0.5-2 UNITS

This multi-level course is designed to provide the student with an opportunity to develop the basic skills and understanding of basketball. Skills such as dribbling, passing, shooting, defensive and offensive strategies will be presented and practiced in a team setting. Team play and sportsmanship are important priorities that are emphasized in this class. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE BKP BASKETBALL ADVANCED PLAY 0.5-2 UNITS

This course is designed to provide the student with an opportunity to develop the skills and understanding of basketball at the advanced level. Skills such as dribbling, passing, shooting, defensive and offensive strategies will be presented and practiced. Team play and sportsmanship are important priorities that are emphasized in this class. Strongly recommended: PE BK-Basketball. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE BL BOWLING 0.5-2 UNITS

This course is designed to give the student the opportunity to learn the basic skills, terminology, and etiquette of bowling and be able to participate in a league-type bowling program using off-campus bowling centers. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE BX BOX AEROBICS 0.5-2 UNITS

This course is designed to give the student an opportunity to experience the basic skills, terminology, and etiquette of boxing. It will involve the use of joint and nerve manipulation, precision striking, and leverage to subdue an attacker. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE CL CHEERLEADING 0.5-2 UNITS

A combination of motions, cheers, chants, basic stunts, dance moves and routines designed to increase individual athletic ability and provide an opportunity for participation in a team activity. Includes cardio-respiratory endurance and tones major muscle groups to increase level of fitness. 27-108 laboratory hours. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE CP CARDIO POWER 0.5-2 UNITS

A group exercise class that uses various formats including Step, Interval, H/I-Low aerobics, Circuit, and Boot Camp to improve all components of fitness (cardiovascular endurance, muscular strength and endurance, flexibility and body composition). 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE CSVB COURT SPORTS VOLLEYBALL BASKETBALL 0.5-2 UNITS

This course is designed to provide students an opportunity to practice those skills which are acceptable under current rules and interpretations in the games of volleyball and badminton. An equal number of hours and/or class sessions will be dedicated to the introduction of the rules, basic skills, and the offensive/defensive strategies involved with the selected court sports of volleyball and badminton. 1.5 to 6 hours. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE CW INTERMEDIATE/COMPETITIVE WALKING 0.5-2 UNITS

This course is designed as a training program for individuals interested in increasing their walking speed. There will be five off-campus training sessions or competitive walking events during the semester. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE DBS DANCE AEROBICS/BODY SCULPTING 0.5-2 UNITS

A combination of energizing aerobic dance and specific resistance training. Improves cardio-respiratory endurance and tones major muscle groups. 27 – 108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE DE DANCE EXERCISE 0.5-2 UNITS

A vigorous choreographed movement class performed to music; may include either high or low impact or step aerobics, or a combination of both. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE DRJ DANZAN RYU JUJITSU 0.5-2 UNITS

A blend of traditional Japanese martial art schools which emphasize balance, position, timing, and the principle of minimum effort for maximum effect. The techniques are not strength based and primarily involve the use of joint and nerve manipulation, precision striking, and leverage to subdue an attacker. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE DT DANCE TECHNIQUES 0.5-2 UNITS

Dance warm-up exercises followed by combinations including elements of jazz, ballet, and modern dance forms. 27 – 108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE FB EPEE BEGINNING 0.5-2 UNITS

This course provides a comprehensive introduction to the sport of fencing. Emphasis is on the technical and tactical skills unique to epee. Basic skills include the development of correct footwork, precise blade action, and sound tactical decisions. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*. CSU GE: E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times)

**Degree Applicable, Credit**

**Grading Option:** OP

### PE FFL FIT FOR LIFE—FIFTY PLUS 0.5-2 UNITS

Using elements of dance, low-impact aerobics, and exercises for strength and flexibility, this course is designed to increase and maintain stamina and the overall fitness level in the mature adult. This course...
PHYSICAL EDUCATION

is designed for beginning students with emphasis placed on stretches and self-help exercises such as warm-up and cool down for aerobics and strengthening. 27 – 108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE FSC FIRE SERVICE CONDITIONING AND PHYSICAL AGILITY DEVELOPMENT 1 UNIT
Introduction to the components of physical fitness development and conditioning, with emphasis on preparing students for the physical agility performance and testing standards required of “Emergency First Responder” Candidates entering into Police or Fire Academies. Instruction on proper warm-up and stretching techniques, how to develop and maintain the components of fitness through increased muscular strength and muscular endurance, cardiovascular endurance and recovery, and increased flexibility and balance. Introduction to Circuit Training; skills instruction on various testing parameters of the Nationally approved and recognized Certified Physical Agility Test (CPAT); instruction on various “Tools of the Trade” (i.e., Ladders, Fire Hose, Self Contained Breathing Apparatus (SCBA) for developing proper skills in handling, lifting and carrying techniques as well as developing cardio-respiratory control and aerobic conditioning while wearing a SCBA under conditions of physical exertion. 3 hours laboratory per week or 54 hours laboratory per semester. AA/AS GE. Transfer: CSU, CSU GE: Area E. (May be taken four times)
Degree Applicable, Credit Grading Option: GR

PE GBW GUTS AND BUTTS WORKOUT 0.5-2 UNITS
Reduce, shape, tone and strengthen the abdominal region, the buttocks and thighs through a series of exercises. This course will focus on improving muscle strength and endurance for the abdominals, gluteals, quadriceps, and hamstrings. Emphasis will be on functional development of muscle strength and endurance and core stability. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: P/N

PE FD FITNESS DEVELOPMENT 0.5-2 UNITS
Introduction to the components of fitness development. Students will be presented instruction on how to maintain and develop the components of fitness: muscular strength, muscular endurance, cardiovascular endurance, flexibility and body composition. Students will learn how to design an individualized exercise program based on sound training principles and personal goals. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: P/N

PE FW FITNESS WALKING 0.5-2 UNITS
This course provides a cardiovascular activity that will benefit anyone, regardless of age or fitness level. Individualized walking programs are designed to promote general overall fitness. Walking speed and power will be improved through the practice of effective and technically correct movement patterns. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE FL FLAG FOOTBALL 0.5-2 UNITS
This course is designed to give the student an opportunity to review and practice the basic fundamental skills relative to the game of flag football. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE FSB FUTSAL 0.5-2 UNITS
Students will learn, practice and play Futsal, which is a derivative of soccer and played with five-man teams on a basketball-style court with no walls and a low bouncing ball. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE HS HIP HOP AEROBICS 0.5-2 UNITS
A vigorous, choreographed movement class performed to hip hop/club music. Will include low and high impact aerobics. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE ID INTRODUCTION TO DANCE 0.5-2 UNITS
Introduction to the distinct movements and techniques characteristic of ballet, modern dance, and jazz dance. 27 – 108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP

PE ID INTRODUCTION TO DANCE 0.5-2 UNITS

PE FW FIREBALLING 0.5-2 UNITS
This course provides a cardiovascular activity that will benefit anyone, regardless of age or fitness level. Individualized walking programs are designed to promote general overall fitness. Walking speed and power will be improved through the practice of effective and technically correct movement patterns. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)
Degree Applicable, Credit Grading Option: OP
PHYSICAL EDUCATION

**PE JW**  **JOG/WALK**  **0.5-2 UNITS**  
Jogging or walking efforts will be improved through consistent practice and training. This course provides a cardiovascular activity that will benefit anyone, regardless of age or fitness level. Individualized programs will be designed to promote general overall fitness. AA/AS GE. Transfer: CSU, UC*. CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE LDF**  **LINE DANCE FITNESS**  **0.5-2 UNITS**  
Fitness through line dancing to promote and maintain physical fitness. A variety of dances focus on rhythm, timing, choreography and coordination to improve muscle tone, strength and endurance. No partner required. 27 – 108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE LDFI**  **LINE DANCE FITNESS - INTERMEDIATE**  **0.5-2 UNITS**  
Intermediate level line dances that focus on rhythm, timing, balance and coordination to improve muscle tone, strength and endurance. Line dance styling and technique to promote and maintain physical fitness. No partner required. Strongly recommended: PE LDF Line Dance Fitness. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE PM**  **PILAGES MATWORK**  **0.5-2 UNITS**  
Introduction to the guiding principles of Pilates. Students will be presented instruction on how to implement the guiding principles of Pilates to increase core strength, flexibility and balance. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE QY1**  **YOGA FOR FIFTY-PLUS - INTERMEDIATE**  **0.5-2 UNITS**  
This course is designed to further the student's knowledge of yoga. Included in this course is a continued discussion of the philosophy of Yoga, increased practice of Pranayama (breathing techniques) and meditation, and a variety of appropriate Asana (Yoga poses). Through continued practice of these techniques the student will continue to increase strength, flexibility, balance and introspection, as well as gain insight into personal strengths and challenges. Strongly recommended: PE YO Yoga or PE QYO Yoga for Fifty Plus. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE QYO**  **YOGA FOR FIFTY PLUS**  **0.5-2 UNITS**  
This course is designed to present to the student a selection of exercises that will promote strength, flexibility, balance, and coordination in a calm and quiet atmosphere. Through continual practice of these exercises, the student will gain insight into personal strengths and weaknesses, will become aware of improved breathing patterns and methods of relaxation. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE RC**  **ROCK CLIMBING**  **0.5-2 UNITS**  
Introduction to the components of rock climbing based on the principles of the Climbing Gym Association. Students will be presented instruction on how to maintain and develop the components of fitness: muscular strength, muscular endurance, cardiovascular endurance, flexibility and balance through rock climbing. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SB**  **SOFTBALL**  **0.5-2 UNITS**  
Introduction and participation in the skills and conditioning needed to participate in the sport of slow pitch softball. 2 AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SC**  **SOCCER – OUTDOOR**  **0.5-2 UNITS**  
Students will practice the skills of kicking, passing, trapping and heading necessary for controlled outdoor soccer play; discuss and employ basic offensive and defensive strategies and tactics; put into practice the rules governing outdoor soccer play. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SD**  **SALSA DANCE**  **0.5-2 UNITS**  
An introductory course in salsa music and the dance that expresses its rhythms. Salsa draws influences from a number of types of music, cultures and dances; It has roots in many music and dance styles including Afro-Cuban, Mambo, Cumbia, Charanga, Rhumba, and Tango. AA/AS GE. Transfer: CSU, UC*, CSU GE: E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SI**  **SOCCER – INDOOR**  **0.5-2 UNITS**  
Students will practice the skills of kicking, passing, trapping and heading necessary for controlled indoor soccer play; discuss and employ basic offensive and defensive strategies and tactics; and put into practice the rules governing indoor soccer play. 2 AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SS**  **SKI/SNOWBOARD CONDITIONING**  **0.5 UNITS**  
Introduction to the conditioning and development of fitness specifically geared to individuals preparing for skiing, snow boarding, cross country skiing; and other snow related activities. 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 transfer units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SWB**  **SWIMMING – BEGINNING**  **0.5-2 UNITS**  
An introductory course designed to teach fundamental swimming skills. Emphasis will be on developing proper swimming techniques, including non-competitive and competitive swim strokes (freestyle, side-stroke, backstroke, breaststroke, and butterfly). Students will also learn aquatics safety methods and the fundamentals of starts and turns. AA/AS GE. Transfer: CSU, UC*, CSU GE: Area E. *Max UC credit, 4 transfer units of PE activity courses (May be taken four times)  
Degree Applicable, Credit  
Grading Option: OP

**PE SWBI**  **BEGINNING/INTERMEDIATE SWIMMING**  **0.5-2 UNITS**  
An introductory course designed to teach the basic fundamentals, stroke techniques, and safety skills. For Beginning Swimming, the emphasis will be on developing proper swimming techniques, including non-competitive and competitive swim strokes (freestyle, sidestroke,
PHYSICAL EDUCATION

backstroke, breaststroke, and butterfly. Intermediate Swimming instruction includes refining the competitive strokes, introduction of the Individual Medley, starts and turns. Students will also learn aquatics safety methods. Strongly recommended: PE Learn to Swim (PE LTS). 27-108 laboratory hours per semester. AA/AS GE. Transfer: CSU (May be taken four times) Degree Applicable, Credit Grading Option: OP

PE SWF  SWIMMING FOR FITNESS  0.5-2 UNITS

Students will practice the skills of kicking, passing, trapping and heading necessary for controlled outdoor soccer play; discuss and employ basic offensive and defensive strategies and tactics; put into practice the rules governing outdoor soccer play. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken four times) Degree Applicable, Credit Grading Option: OP

PE TT  TABLE TENNIS  0.5-2 UNITS

Introduction to the skills of table tennis. Course is designed for the beginner, although intermediate and advanced players are welcome and encouraged to enroll. Emphasis is on rules, etiquette, safety, skills, paddle selection, equipment maintenance, and strategies for service, service return, and volley play. An important aim of the class will be to create and promote interest in table tennis as a leisure time activity. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken four times) Degree Applicable, Credit Grading Option: OP

PE TC  TAI CHI CHUAN  0.5-2 UNITS

A Chinese health practice which combines exercise and meditation with an emphasis on breathing and relaxation. Its gentle, flowing movements can nourish and energize the body, producing optimal health and well-being. 2 AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE TTT  TABLE TENNIS TOURNAMENT  0.5-2 UNITS

Course is designed for the intermediate and advanced players with emphasis on Offensive and Defensive strategies for tournament play. Rules, etiquette, safety, skills, paddle selection, equipment maintenance, and strategies for service, service return, and volley play will be reviewed. An important aim of the class will be to create and promote interest in table tennis as a competitive activity. 27-108 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken four times) Degree Applicable, Credit Grading Option: OP

PE TS  TEAM SPORTS  0.5-2 UNITS

Introduction to rules, skills, and strategies involved with selected team sports (e.g., flag football, softball, ultimate, soccer, etc.). Two to four sports will be selected for the course and are listed in the Class Schedule. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE UF  ULTIMATE  0.5-2 UNITS

Introduction and participation in the skills and conditioning needed to participate in the sport of ultimate Frisbee. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE TK  TAE KWAN DO  0.5-2 UNITS

A form of martial arts that originated in Korea over 4,000 years ago. It is both a hard and a soft style of karate which uses mostly kicks, and some use of hands and other body parts, such as head and elbows. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE VB  VOLLEYBALL  0.5-2 UNITS

This course is designed to provide students an opportunity to learn and practice those skills which are acceptable under current rules and interpretations in the game of volleyball. Open to all skill levels. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE TN  TENNIS  0.5-2 UNITS

Basic fundamentals of tennis including the forehand, backhand, and serve. Includes singles and doubles strategy. Open to all levels of skills. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE WMB  WELLNESS AND MOVING BODY  0.5-2 UNITS

This course provides a unique combination of dance and mind-body awareness principles. Emphasis is on achieving proper body alignment, muscular strength, core stability, and flexibility. This course is designed to increase the overall fitness level in the mature adult. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE WT  WEIGHT TRAINING  0.5-2 UNITS

An opportunity for the student to improve muscle strength and endurance through the correct application of sound training principles. Students will be presented instruction on how to maintain and develop the components of fitness: muscular strength, muscular endurance, cardiovascular endurance, flexibility and balance. Basic wellness components including nutrition, stress management, healthy lifestyles, body composition, and rest will also be discussed. AA/AS GE. Transfer: CSU, UC*; CSU GE: Area E; *Max UC credit, 4 units of PE activity courses (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE WTW  WEIGHT TRAINING FOR WOMEN  0.5-2 UNITS

An opportunity for the female student to improve strength and endurance through the correct application of sound training principles. Students will be presented instruction on how to develop and maintain the components of fitness: muscular strength, muscular endurance, cardiovascular endurance, flexibility, and body composition. Students will learn how to safety and effectively strength-train the female body.

LAS POSITAS COLLEGE
CATALOG 2010 - 2012
INTRODUCTION TO PHYSICAL EDUCATION 3 UNITS
Survey of Physical Education with emphasis on basic elements, foundations, specialty areas of further study, career opportunities and the relationship of Physical Education to other fields. This course will broaden student's understanding of how the philosophies and programs of physical education, exercise and sport have evolved to their current status. 3 hours. Transfer: CSU, UC Degree Applicable, Credit Grading Option: OP

PE 20

THEORY OF SOCCER 2 UNITS
The examination and analysis of theories and strategies in international soccer. This course includes examination of offensive and defensive strategies, and playing styles used at all levels of soccer play (club, amateur, collegiate, and professional). Students will study current and historic trends in international soccer strategy and play. Proper care of facilities and equipment, and proper safety procedures will also be covered. Students will apply principles and theories through videotape analysis of various team play and their own play on the field. 1 hour lecture, 3 hours laboratory. Transfer: CSU, UC*. *Any combination of PE 21, 23 and 27: max UC credit, 8 units. (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

PE 21

SPORTS OFFICIATING 2 UNITS
Theory and practical applications of sports officiating. Discussion, study, and implementation of rule enforcement, mechanics, and techniques used by officials in officiating athletic contests. 1 hour lecture, 3 hours laboratory. Transfer: CSU, UC*. *Any combination of PE 21, 23 and 27: max UC credit, 8 units. (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE 23

SPORT PSYCHOLOGY 3 UNITS
A formal introduction to the study of sport psychology focusing upon both the psychological factors that influence participation in sport and exercise and the psychological effects derived from that participation. Emphasis on understanding the psychological processes involved in human performance, models of intervention that can enhance and improve learning and performance conditions, and the strategies which can elicit and influence favorable psychological perceptions and outcomes. Students who have completed or are enrolled in Psychology 24 may not receive credit. 3 hours. Transfer: CSU Degree Applicable, Credit Grading Option: OP

PE 24

COMPONENTS OF PHYSICAL FITNESS - THE HUMAN BODY 3 UNITS
Introduction to the science of exercise including basic anatomy, exercise physiology, kinesiology, body mechanics, and nutrition. Applied principles of exercise science including physical fitness assessment, exercise program design, body composition assessment, and professionalism in the fitness field. 3 hours. Transfer: CSU Degree Applicable, Credit Grading Option: OP

PE 28

PERSONAL FITNESS 1 UNIT
An independent, self paced, personal activity program planned and implemented in conjunction with student goals. Based on goals and results of a fitness assessment and health risk appraisal, an individualized program is developed through personal counseling. Programs can include a physical assessment profile, a health risk appraisal, an individualized exercise/activity program, nutrition counseling, health/wellness education, and behavior modification. The student is required to meet with the instructor on campus at the beginning and end of the semester. 9 hours lecture and 27 hours laboratory per semester. AA/AS GE. Transfer: CSU, UC*, *Any combination of PE 21, 23 and 27: max UC credit, 8 units. (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

PE 4

PE 16

THE SUCCESSFUL STUDENT ATHLETE 1 UNIT
This course is designed to assist the student-athlete in developing realistic expectations and goals of college, explore academic programs, and understand what is necessary to succeed in college while competing in an intercollegiate sport. The rules and regulations of the Commission on Athletics (COA), National Collegiate Athletic Association (NCAA), and the National Association of Intercollegiate Athletics (NAIA) will be defined and explored to bring awareness to the student-athlete regarding eligibility and transferring to a four-year institution. 1 hour lecture. Transfer: CSU (May be taken 2 times) Degree Applicable, Credit Grading Option: OP

PE 17

INTRODUCTION TO ATHLETIC TRAINING 3 UNITS
Basic taping skills, introduction to modality usage, and basic rehabilitation principles of athletic training. Includes work with intercollegiate sports programs. Designed to be preparatory for further education and a career in athletic training. 2 hours lecture, 3 hours laboratory. Transfer: CSU (May be taken 3 times) Degree Applicable, Credit Grading Option: OP

PE 18

ATHLETIC TRAINING PRACTICUM 2 UNITS
Introduces students to basic care, prevention, treatment and rehabilitation of athletic injuries. This class will include work with intercollegiate athletes, high school athletes and a limited exposure with patients at Valley Care Health facility. This class is designed for majors and non-majors alike. It is strongly recommended that the student be able to lift and perform physical activities. 1 hour lecture, 3 hours laboratory. Transfer: CSU Degree Applicable, Credit Grading Option: OP

PE 4

PE 17

INTRODUCTION TO PHYSICAL EDUCATION 3 UNITS
Survey of Physical Education with emphasis on basic elements, foundations, specialty areas of further study, career opportunities and the relationship of Physical Education to other fields. This course will broaden student's understanding of how the philosophies and programs of physical education, exercise and sport have evolved to their current status. 3 hours. Transfer: CSU, UC Degree Applicable, Credit Grading Option: OP

PE 20
PHYSICAL EDUCATION - PHYSICS

PHYSICAL EDUCATION INTERCOLLEGIATE

ATHLETICS COURSES

PE 31  INTERCOLLEGATE BASKETBALL (MEN’S)  1 UNIT
Training for intercollegiate competition. Daily practice. 5 hours
laboratory weekly. AA/AS GE. Transfer: CSU, UC*. *Max UC credit is 4
transfer units of PE activity courses (May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

PE 36  INTERCOLLEGATE ATHLETICS: CROSS COUNTRY  2 UNITS
Training for intercollegiate competition. Daily practice. 10 hours
laboratory weekly. AA/AS GE. Transfer: CSU, UC*. *Max UC credit is 4
units of PE activity courses (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

PE 38  INTERCOLLEGATE ATHLETICS: SOCCER  2 UNITS
Training for intercollegiate competition. Daily practice. 10 hours
laboratory weekly. AA/AS GE. Transfer: CSU, UC*. *Max UC credit is 4
units of PE activity courses (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

PE 41  INTERCOLLEGATE BASKETBALL (WOMEN’S)  1 UNIT
Training for intercollegiate competition. Daily practice. 5 hours. AA/AS
GE. Transfer: CSU, UC*. *Max UC credit is 4 units of PE activity courses
(May be taken 4 times)
Degree Applicable, Credit  Grading Option: OP

PE 46  INTERCOLLEGATE ATHLETICS: WOMEN’S CROSS COUNTRY  2 UNITS
Training for intercollegiate competition. Daily practice. 10 hours
laboratory weekly. AA/AS GE. Transfer: CSU, UC*. *Max UC credit is 4
units of PE activity courses (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

PE 48  INTERCOLLEGATE ATHLETICS: WOMEN’S SOCCER  2 UNITS
Training for intercollegiate competition. Daily practice. 10 hours
laboratory weekly. AA/AS GE. Transfer: CSU, UC*. *Max UC credit is 4
units of PE activity courses (May be taken 3 times)
Degree Applicable, Credit  Grading Option: OP

PE 50  INTERCOLLEGATE SWIMMING AND DIVING  2 UNITS
Training for intercollegiate competition. Daily practice. 10 hours
laboratory weekly. Strongly recommended: Physical Education LTS or
SWBI. AA/AS GE. Transfer: CSU (May be taken four times)
Degree Applicable, Credit  Grading Option: OP

Degrees/Certificates

• Degree:
  • AS – Physics

Career Opportunities

Teaching, Research, Industrial Technology, Energy, Environmental
Science, Finance, Consulting, Health Physics, Medical School,
Cosmology, Bio-Physics. Additionally, numerous other career fields
require very strong physics backgrounds.

Transferability

The Physics degree includes courses typical of the lower division
requirements of four-year institutions. General education
requirements should be selected carefully based on the intended
transfer institution.

AS - Physics

PHYSICS (PHYS)

PHYS 2A  INTRODUCTION TO PHYSICS I  4 UNITS
Introduction to the major principles of classical mechanics and
electricity using pre-calculus mathematics. Includes Newtonian
mechanics, energy, Gravitation, fluids, thermodynamics, vibration
waves, and electrostatics. Prerequisite: Mathematics 20, 36, or 38
(completed with a grade of “C” or higher). 3 hours lecture, 3 hours
laboratory. AA/AS GE. Transfer: CSU, UC*. CSU GE: B1, B3; IGETC:
SA & Lab; *PHYS 2AB or 8ABCD combined: max UC credit, one series.
Degree Applicable, Credit  Grading Option: GR

PHYS 2B  INTRODUCTION TO PHYSICS II  4 UNITS
Electro-circuits, electromagnetic waves, optics and modern physics.
Prerequisite: Physics 2A (completed with a grade of “C” or higher).
3 hours lecture, 3 hours laboratory. Transfer: CSU, UC*, CSU GE: B1, B3;
IGETC: SA & Lab; *PHYS 2AB or 8ABCD combined: max UC credit,
one series.
Degree Applicable, Credit  Grading Option: GR

PHYS 8A  GENERAL PHYSICS I  5 UNITS
Introduction to the principles of Newtonian Mechanics and analytical
methods of physics using calculus as needed. Vectors, kinematics,
dynamics, energy, momentum, rotation, Gravitation and fluid mechanics.
Prerequisite: Mathematics 1 (completed with a grade of “C” or higher). 4
hours lecture, 3 hours laboratory. AA/AS GE. Transfer: CSU, UC*, CSU GE:
B1, B3; IGETC: SA & Lab; *PHYS 2AB or 8ABCD combined: max UC credit,
one series.
Degree Applicable, Credit  Grading Option: GR

About the Program

The Physics program prepares students for transfer to four year
institutions for continued study in the areas of physics, mathematics,
engineering and other physics related fields. Physics includes a wide
variety of disciplines and specializations, ranging from very practical,
technology-driven fields to the study of the fundamental laws and
structure of the universe. The program consists of three independent
tracts of study. These are Calculus-based Physics, Algebra-based
Physics, and Conceptual Physics.
PHYSICS - PHYSIOLOGY - POLITICAL SCIENCE

PHYSICS

PHYS 8B  GENERAL PHYSICS II  5 UNITS
Introduction to electricity and magnetism, circuits, Maxwell’s equations and electromagnetic waves. Prerequisites: Physics 8A (completed with Grade of “C” or higher) and Mathematics 3 (May be taken concurrently). 4 hours lecture, 3 hours laboratory. Transfer: CSU, UC*; CSU GE: B1, B3; IGETC: 5A & Lab; *PHYS 2AB or 8ABCD combined: max UC credit, one series.
Degree Applicable, Credit  Grading Option: GR

PHYS 8C  GENERAL PHYSICS III  5 UNITS
Introduction to oscillations, mechanical waves, thermodynamics, light and optics. Prerequisites: Physics 8A and Mathematics 2 (both completed with a Grade of “C” or higher). Strongly recommended: Physics 8B. 4 hours lecture, 3 hours laboratory. Transfer: CSU, UC*; CSU GE: B1, B3; IGETC: 5A & Lab; *PHYS 2AB or 8ABCD combined: max UC credit, one series.
Degree Applicable, Credit  Grading Option: GR

PHYS 8D  GENERAL PHYSICS IV  3 UNITS
Introduction to relativity and modern physics, including: introduction to quantum theory; atomic, molecular, nuclear and particle physics; condensed matter physics; astrophysics and cosmology. Prerequisite: Physics 8B (completed with a Grade of “C” or higher). Strongly recommended: Mathematics 105 or Mathematics 105M or Mathematics 107. 3 hours lecture, 2 hours laboratory. Transfer: CSU, UC*; CSU GE: B1, B3; IGETC: 5A; *No UC credit for PHYS 10/10L if taken after PHYS 2A or 8A.
Degree Applicable, Credit  Grading Option: GR

PHYS 10  DESCRIPTIVE PHYSICS  3 UNITS
Motion, gravitation, heat, light, sound, electricity, magnetism, atoms, and nuclei. Present-day scientific problems and developments such as alternative energy sources, solar energy, nuclear power, lasers, relativity and black holes. Designed for non-majors in physical science. Strongly recommended: Mathematics 105 or Mathematics 105M or Mathematics 107. 3 hours lecture. AA/AS GE. Transfer: CSU, UC*, CSU GE: B1; IGETC: 5A; *No UC credit for PHYS 10/10L if taken after PHYS 2A or 8A.
Degree Applicable, Credit  Grading Option: GR

PHYS 10L  DESCRIPTIVE PHYSICS LABORATORY  1 UNIT
Introduction to laboratory principles and techniques with emphasis on the basic concepts of physics such as mechanics, thermodynamics, energy, electricity, magnetism, and optics. Prerequisite: Physics 10 (may be taken concurrently). Strongly recommended: Math 107. 3 hours laboratory. AA/AS GE. Transfer: CSU, UC*, CSU GE: B3; IGETC: 5A Lab; *No UC credit for PHYS 10/10L if taken after PHYS 2A or 8A.
Degree Applicable, Credit  Grading Option: GR

PHYSIOLOGY

CONTACT: Dr. Neal Ely, Dean .......................... 925.424.1182

Physiology 1 is one of many courses offered by the Biology Department. It fulfills various degree, certificate, transfer, and/or career requirements. For more details about how Physiology 1 fits into different pathways, please see “Biology” in the catalog, page 61.

See also: Anatomy, Biology, Microbiology

POLITICAL SCIENCE

CONTACT: Dr. Janice Noble, Dean ......................... 925.424.1324

About the Program
Political Science students study public issues of the day, as well as the timeless issues of government, public policy, and the political process as preparation for a wide variety of careers. At Las Positas College, courses cover the full spectrum of the political science discipline, from American Government, California State and Local Government, Comparative Government, Political Theory, and International Relations. The academically rigorous program provides opportunities for learning about the political process, fulfilling general education requirements, as well as preparation for transfer, fulfilling the typical lower-division requirements at a four-year institution. The course curriculum is designed for building critical thinking and analytical skills necessary for a variety of careers but also offers avenues for students to actively participate in the political process.

POLITICAL SCIENCE (POLI)

POLI 7  INTRODUCTION TO AMERICAN GOVERNMENT  4 UNITS
Degree Applicable, Credit  Grading Option: OP

POLI 12  INTRODUCTION TO CALIFORNIA STATE AND LOCAL GOVERNMENT  3 UNITS
Organization and operation of government and politics at the state, county and municipal level; emphasis on current issues and the influences of historical, geographical, political, economic and social factors on public policy. Strongly recommended: Eligibility for English 1A. 3 hours lecture. AA/AS GE. Transfer: CSU, UC, CSU GE: D8
Degree Applicable, Credit  Grading Option: OP

POLI 20  COMPARATIVE GOVERNMENT  3 UNITS
Contemporary forms of government, institutions and political problems of selected national governments. Strongly recommended: Political Science 1 or Political Science 7 and English 1A. 3 hours. AA/AS GE. Transfer: CSU, UC, CSU GE: D8; IGETC: 4H
Degree Applicable, Credit  Grading Option: OP
POLITICAL SCIENCE - PSYCHOLOGY

POLI 25  INTRODUCTION TO POLITICAL THEORY  3 UNITS
Various theoretical approaches to politics including selected aspects of
torical thought from ancient times to the present with application
to current political thought. Strongly Recommended: Political Science
7 and Eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU, UC;
CSU GE: D8; IGETC: 4H
Degree Applicable, Credit  Grading Option: OP

POLI 30  INTERNATIONAL RELATIONS  3 UNITS
Introduction to international relations, politics, theories and
institutions with an emphasis on contemporary practices. Strongly
recommended: Political Science 7 and Eligibility for English 1A. 3 hours
lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D8; IGETC: 4H
Degree Applicable, Credit  Grading Option: OP

POLI 45  SELECTED TOPICS IN POLITICAL SCIENCE  2-3 UNITS
An examination of a current topic/issue in Political Science, including
such areas as international relations, economic/social policy issues,
comparative government, elections and political parties, political theory
and American foreign affairs, with emphasis on an examination of public
policy alternatives. Topics/areas of study will vary with class offering,
designed to meet the interests of students. Strongly Recommended: A
college course in political science and/or American History. 2-3 hours.
Transfer: CSU, UC*  *Transfer credit for this course may be granted after
a review of the course outline by a UC campus after transfer.
Degree Applicable, Credit  Grading Option: OP

Sociology 3 (American Culture and Racial Minorities)
Sociology 4 (Marriage and Family Relations)

PSYCHOLOGY

CONTACT: Dr. Janice Noble, Dean ...................... 925.424.1324

About the Program
Psychology is the science of behavior and mental experiences,
Psychology includes a variety of subfields including biological,
developmental, clinical, counseling, school, and experimental
psychology.

Degrees/Certificates
• Degree:
  • AA – Psychology

Career Opportunities
The Las Positas Psychology program offers an AA degree that provides
students with a basic understanding of behavior and motivation that
is valuable in many careers in business, government, and education. To
become a “psychologist,” however, requires graduate level training.

Transferability
The program provides preparation for transfer, fulfilling typical
lower-division requirements for most four-year institutions. Some
variation in requirements may exist at a particular four-year institution;
therefore, it is essential that the student also refer to the catalog of
the prospective transfer institution and consult a counselor.
PSYCHOLOGY - PSYCHOLOGY COUNSELING

PSYC 4 BRAIN, MIND, AND BEHAVIOR 3 UNITS
Introduction to the field of biopsychology. The biopsychology of cognitive, perceptual, emotional, developmental, and social processes. Includes the biopsychology of personality, gender, emotions, learning, learning disabilities, drugs, neurological and developmental disorders, and mental health. Examination of information and theory for practical application. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: D9; IGETC: 4I
Degree Applicable, Credit Grading Option: OP

PSYC 6 ABNORMAL PSYCHOLOGY 3 UNITS
Introduction to abnormal psychology. Mental health and mental health disorders in adults and children. Includes disorders of anxiety, mood, personality, sexuality, substance abuse, psychosis and other disorders. Major psychological, biological, and sociocultural models of mental health disorders and their treatment. 3 hours. Transfer: CSU, UC; CSU GE: D9; IGETC: 4I
Degree Applicable, Credit Grading Option: OP

PSYC 10 PSYCHOLOGY OF HUMAN SEXUALITY 3 UNITS
Physiological and psychosocial aspects of sexual health in our contemporary society. Understanding the interrelationship of attitude and behavior as it relates to sexual well-being and sexual integrity. 3 hours lecture. AA/AS GE. Transfer: CSU, UC.
Degree Applicable, Credit Grading Option: OP

PSYC 12 LIFESPAN PSYCHOLOGY 3 UNITS
Introduction to the psychological, physiological, and socio-cultural factors influencing development from conception through death. Emphasis on the process of normal development and its variations. Examination of theoretical models and research for practical application. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: Area D or E; IGETC: 4I
Degree Applicable, Credit Grading Option: OP

PSYC 13 PSYCHOLOGY OF WOMEN 3 UNITS
This course examines the diverse experiences of women from a psychological perspective. Students will explore psychological theory and research on gender and issues that affect women, and will gain insight into how psychologists investigate gender-related issues. Strongly recommended: Psychology 1. 3 hour lecture. AA/AS GE. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSYC 15 PROBLEMS OF CHILDHOOD 3 UNITS
An exploration of the emotional, cognitive, developmental, and behavioral problems of childhood and adolescence. Topics include: common stresses and problems of adjustment; the effects of stress, abuse, and traumas on development; mental retardation, autism and other developmental disabilities; normal and abnormal problems of attention, conduct, mood anxiety, sleep, eating, sex, learning and speech. Examination of theories of cause of mental health problems in children and adolescents and approaches to treatment. Examination of information and theory for practical application. Students who have completed or are enrolled in Early Childhood Development 15 may not receive credit. 3 hours. AA/AS GE. Transfer: CSU; CSU GE: D9.
Degree Applicable, Credit Grading Option: OP

PSYC 16 SELECTED TOPICS IN PSYCHOLOGY 3 UNITS
Selected topics, issues and controversies in contemporary psychology. Study of behavior as a personal, social, and biological phenomenon. Examination of information and theory for practical application. (May be taken 4 times). 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSYC 20 DRUGS AND THE BRAIN 3 UNITS
Overview of the physiological and psychological effects of recreational and medicinal psychoactive substances, including opiates, sedative-hypnotics, anxiolytics, antidepressants, antipsychotics, stimulants, marijuana, hallucinogens, and dissociative anesthetics. The course will examine the theories and evidence concerning dependence, substance abuse, tolerance, and withdrawal for the major drug classes. Prerequisite: Psychology 1. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D9; IGETC: 4I
Degree Applicable, Credit Grading Option: GR

PSYC 24 SPORT PSYCHOLOGY 3 UNITS
A formal introduction to the study of sport psychology focusing upon both the psychological factors that influence participation in sport and exercise and the psychological effects derived from that participation. Emphasis on understanding the psychological processes involved in human performance, models of intervention that can enhance and improve learning and performance conditions, and the strategies which can elicit and influence favorable psychological perceptions and outcomes. Students who have completed or are enrolled in Physical Education 24 may not receive credit. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSYCHOLOGY - COUNSELING

CONTACT: Jeff Baker, Dean ......................................925.424.1420

About the Program
Psychology-Counseling courses were developed to help educate students about the programs and resources of Las Positas College. These courses enable students to explore and develop a personal career plan, and improve and enhance study skills for success in college. These courses are also offered to increase students' knowledge in multiculturalism. Additionally, they provide students with a means to learn theoretical knowledge, gain hands-on experience, and explore career opportunities in the field of Health and Human Services.

Certificate of Achievement
Health and Human Services

Psychology-Counseling 5 (Introduction to Human Services) ..........................3
Psychology-Counseling 3 (Introduction to Counseling Theory) ..........................3
Psychology-Counseling 6 (Human Services Case Management Theory) ...........3

Select from the following for a minimum of 2 units:
PSYCHOLOGY COUNSELING

Anthropology 3 (Social and Cultural Anthropology)
Early Childhood Development 62 (Child, Family and Community)
Health Science 55 (Orientation to Health Care)
Internship 2 (Internship Field Placement)
Psychology 1 (General Psychology)
Psychology 6 (Abnormal Psychology)
Psychology 12 (Lifespan Psychology)
Psychology-Counseling 7 (Contemporary Issues)
Psychology-Counseling 10 (Career and Educational Planning)
Psychology-Counseling 11 (Interpersonal Relationships)
Sociology 4 (Marriage and Family Problems)
Sociology 6 (Social Problems)

‡ Approval by State Chancellor's Office is pending.

PSYCHOLOGY COUNSELING (PSCN)

PSCN 3 THEORIES AND CONCEPTS OF COUNSELING: AN INTRODUCTION 3 UNITS
This is an introductory course to the theories and concepts, as well as the historical foundations of counseling with an emphasis on fundamental principles of the therapeutic process. There will be a major focus on multicultural principles and major diagnostic categories, problems, and solutions relating to recovery in counseling. Ethics in counseling, as well as legal implications will also be introduced and examined. 3 hours lecture. AA/AS GE. Transfer: CSU; CSU GE: D7 or D9
Degree Applicable, Credit Grading Option: OP

PSCN 5 INTRODUCTION TO HUMAN SERVICES 3 UNITS
Course examines the history, theory, ethics, values and principles at work in the Human Services field. Emphasis is placed on modern theory, methods, and critical skills that lead to effective human service work. Students will examine theoretical systems, agency and community resources, a multicultural approach to diverse populations, personal motivation and professional characteristics needed to succeed in Human Services. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSCN 6 INTRODUCTION TO COUNSELING CASE MANAGEMENT FOR HUMAN SERVICES 3 UNITS
Introduction to case management theory, models and techniques, multicultural issues affecting case management theory. Emphasis placed on case management philosophy, ethical issues, concepts and practices. Analysis of needs, documentation and confidentiality, and individualized consumer plan development. Strongly recommended: Psychology-Counseling 5. 3 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSCN 7 CONTEMPORARY ISSUES 1-3 UNITS
Contemporary life issues related to social effectiveness, and educational and career development. Explores issues through an examination of current counseling related research findings and resource materials. Limit of 6 units. 1-3 hours. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

PSCN 8 THEORIES AND CONCEPTS OF GROUP PROCESS 3 UNITS
Concepts and theories of group process for effective functioning in interpersonal and group settings, including mindful listening, interviewing, group interaction and facilitation, decision-making, and conflict resolution. Comparative and integrative approaches to five ethnic groups will be emphasized: African-Americans, Asian-Americans, European-Americans, Latino-Americans, and American Indians. Focus on improving the individual's understanding of group dynamics in human services settings, relating across differences of race, gender, ethnicity, sexual orientation, and social class. 3 hours lecture. AA/AS GE. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSCN 10 CAREER AND EDUCATIONAL PLANNING 2 UNITS
Exploration of the concept of educational/career planning focusing on personal career development through self-assessment, psychological testing, and individual counseling. Emphasis on clarification of individual interests, values, needs, and abilities and investigation of occupational opportunities in the world of work. Designed for those undecided or uncertain about their career and educational plans. May not receive credit if Psychology-Counseling 10A or 10B have been completed. 2 hours. Transfer: CSU; CSU GE: E
Degree Applicable, Credit Grading Option: OP

PSCN 11 INTERPERSONAL RELATIONSHIPS 2 UNITS
Exploration of behavior in interactions with others. Designed to improve interpersonal relationships for the benefit of academic, career, and personal development. 2 hours. Transfer: CSU (May be taken 2 times)
Degree Applicable, Credit Grading Option: C/N

PSCN 13 MULTICULTURAL ISSUES IN CONTEMPORARY AMERICA 3 UNITS
Exploration of issues relating to the multicultural community in which we live today. Interpersonal relations and communication. Focus on improving the individual's understanding of other cultures and how those cultures impact the American lifestyle. Includes exploration of myths and misunderstandings. Discussion of four specific cultures or sub-cultures from the following groups: (1) African-American, (2) Asian-American, (3) Hispanic American, (4) Native-American, (5) Middle Eastern-American, (6) European-American, (7) Gay/Lesbian American and (8) Disabled American. 3 hours. AA/AS GE. Transfer: CSU; UC; CSU GE: D3 or D7, IGETC: 4G
Degree Applicable, Credit Grading Option: OP

PSCN 15 COLLEGE STUDY SKILLS 2 UNITS
Review of study skill techniques for success in college. Emphasis on time management, personal learning style, active listening, note-taking and test-taking strategies. Includes modeling, practice, and evaluation of study skill techniques. 2 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSCN 19 A CASE MANAGEMENT APPROACH TO ADDICTION, RECOVERY AND PREVENTION 3 UNITS
Introductory course in case management specific to addiction, recovery and prevention processes used in various occupational field placements, e.g., county mental health clinics, hospitals, drug and alcohol treatment facilities, nonprofit health and human services agencies. Basic terminology used in alcohol, psychoactive drugs and other related addiction terms will be covered. Self-help groups such as Alcoholics Anonymous (AA), Overeaters Anonymous (OA), Adult Children of Alcoholics (ACA), Co-dependents Anonymous (CoDA), Gamblers Anonymous (GA), and Narcotics Anonymous (NA) will be discussed. Current models of prevention, treatment planning, client monitoring and documentation in collaboration with other staff, e.g., physicians, social workers, counselors, will be emphasized. Hands-on approach in learning how to formulate measurable goals and objectives to client recovery. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

PSCN 24 COLLEGE ORIENTATION/EXPO LPC .5 UNIT
Introduction to strategies for college success through an exploration of college programs and services and introduction to College faculty, staff and students. This orientation process includes assessment and its interpretation and program planning based upon the student's assessed skills and stated interests. 9 total hours.
Degree Applicable, Credit Grading Option: P/N
RADIATION SAFETY

CONTACT: Dr. Neal Ely, Dean................................. 925.424.1182

About the Program
The Radiation Safety sequence is a modularized series of courses designed to provide basic radiation safety instruction. Knowledge gained from taking the sequence of classes includes identification of the sources of radiation and radioactive materials, the nature of ionization radiation, biological effects, risk assessment, protection strategies, environmental impacts, and waste handling.

Career Opportunities
The Radiation Safety sequence of classes could be taken by students seeking careers in radiology, radiation safety, occupational safety and health, industrial hygiene, certified safety professional, emergency response, and hazardous materials control.

Transferability
Course credits are transferable to the California State University System.

RECREATION AND LEISURE SERVICES (RECL)

CONTACT: Dyan Miller, Dean............................... 925.424.1275

RECL 71L  FUNDAMENTALS OF BACKPACKING  2 UNITS
Introduction to concepts and techniques associated with backpacking. Skills emphasized in this course are designed to increase recreation leadership potential in outdoor recreation and education careers. 1.5 hours lecture, 2 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

See also: Physical Education

RELIGIOUS STUDIES (RELS)

CONTACT: Dr. Philip Manwell, Dean............................ 925.424.1382

RELS 1 RELIGIONS OF THE WORLD  3 UNITS
Introduction to religion by examining several religions; basic principles of each shown by fundamental scriptures and works in the visual and musical arts. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: GR

RELS 2 THE BIBLE: HISTORY AND LITERATURE  3 UNITS
Study of the historical context and literary forms of the Hebrew Bible and New Testament. Emphasis on social, political and economic origins of the works, their literary motifs, and how their creation reflected ongoing cultural values. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2; IGETC: Area 3B
Degree Applicable, Credit Grading Option: GR

RELS 3 AN INTRODUCTION TO WOMEN'S SPIRITUALITY  3 UNITS
An interdisciplinary and cross-cultural examination of women's spirituality with particular reference to women's contributions and influence in redefining feminine aspects of the divine. Examines the use of feminine experience as a primary construct for understanding the connection between women's spirituality and the sacred. This course will also explore how issues of gender, culture, and identity influence women's religious experiences. Explores religious texts, rituals, music, poetry and film. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; IGETC: Area 3B
Degree Applicable, Credit Grading Option: GR
SOCIAL SCIENCE

CONTACT: Dr. Janice Noble, Dean ......................... 925.424.1324

About the Program
Social Science is designed to provide a broad interdisciplinary foundation for further study. This is a general field that includes courses in Anthropology, Economics, Cultural Geography, History, Political Science, Psychology and Sociology.

It can also serve as a foundation from which students continue study in specialized fields.

Degrees/Certificates
• AA – Social Science

Transferability
Students may complete lower-division requirements for transfer in general in individual social science disciplines. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that students refer to the catalog of the prospective transfer institution and consult a counselor. General Education courses should be carefully selected to meet the requirements of the intended transfer institution; some transfer institutions require more General Education units than required by this AA degree.

AA - Social Science (General)

Freshman Year
Anthropology 1 (Physical Anthropology) ................................................. 3
Geography 2 (Cultural Geography) ...................................................... 3
Complete 1 of the following combinations for a total of 6 units:
History 1 (History of Western Civilization to 1600) and
History 2 (History of Western Civilization since 1600) or
History 7 (U.S. History through Reconstruction) and
History 8 (U.S. History since Reconstruction) ........................................... 6
Select 3 courses from the following for a minimum of 9 units.

Sophomore Year
Economics 1 (Principles of Microeconomics) or
Economics 2 (Principles of Macroeconomics) ........................................ 3
Political Science 7 (Introduction to American Government) ............ 4
Psychology 1 (General Psychology) ..................................................... 3
Sociology 1 (Principles of Sociology) .................................................... 3
Select 3 courses from the following for a minimum of 9 units.

Total units required ................................................................. 60

SOCIOLoGY

CONTACT: Dr. Janice Noble, Dean ......................... 925.424.1324

About the Program
Courses in Sociology are designed to prepare students for further study in Sociology leading to the BA, MA, MSW, and/or PhD degrees.

Career Opportunities
Sociologists with graduate degrees may teach at the high school, college, or graduate levels. They may also become Research Sociologists in both the public and private sectors and work in areas of public policy, the law, and international studies. Applied Sociologists may work with social service agencies and community programs on behalf of others—often underrepresented or neglected groups.

Transferability
This program fulfills typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student also refer to the catalog of the prospective transfer institution and consult a counselor.

SOCIOLoGY (SOC)

SOC 1 PRINCIPLES OF SOCIOLOGY 3 UNITS
The sociological perspective: scientific study of human interaction and society as a whole with emphasis on impact of groups on social behavior; systematic examination of culture and social organization, and methodology. 3 hours. AA/AS GE. Transfer: CSU; UC; CSU GE: D; IGETC: 4J
Degree Applicable, Credit Grading Option: OP
## SOCIOLOGY - SPANISH - SPECIAL STUDIES

### SOC 3 AMERICAN CULTURAL AND RACIAL MINORITIES 3 UNITS
Analysis of racial and ethnic relations in the United States. Includes race, ethnicity, prejudice, discrimination and stereotyping, as well as theories and patterns of intergroup relations. Focus on contemporary minorities; African Americans, Chicano/Latinos, Asian Americans, and Native Americans. Strongly recommended: Sociology 1 or Anthropology 3 or Psychology 1. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: DO; IGETC: 4J
Degree Applicable, Credit Grading Option: OP

### SOC 4 MARRIAGE AND FAMILY RELATIONS 1 UNIT
Sociological perspective of the family, including mate selection, marital roles, marital adjustment, sexual adjustment, reproduction, child rearing, marital dissolution, and problems associated with the family in modern industrial society. Emphasis on methodology of family investigation. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: DO; IGETC: 4J
Degree Applicable, Credit Grading Option: OP

### SOC 5 GLOBAL CHANGE 3 UNITS
This course looks at the economic and political forces that have led to rapid changes in global interaction and culture over the past century, with special emphasis on the last twenty years. It explores the issues of nationalism, global citizenry, state violence, terrorism, the global economy, migration, the threatened environment, technology, and the role of multinational media industries on culture. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: D7; IGETC: 4G
Degree Applicable, Credit Grading Option: OP

### SOC 6 SOCIAL PROBLEMS 3 UNITS
This course takes an in-depth look at selected social problems from a sociological perspective. Topics will vary from semester to semester. Each class will cover at least one of each of the following: a social problem dealing with social inequality, a social problem of national concern, and a social problem of global concern. Current topics include: the current trend of “wilding” behavior by individuals and institutions, the growth of inner cities, the social consequences of the globalization of labor, and terrorism. 3 hours. Transfer: CSU, UC; CSU GE: DO; IGETC: 4J
Degree Applicable, Credit Grading Option: OP

### SOC 7 SOCIOLOGY OF SEXUALITY 3 UNITS
This course looks at the social forces that influence, and are influenced by, our construction of sexuality. Topics covered include: the social construction of the erotic, the creation of sexual identities, gender and sexuality, religion and sexuality, sexual commerce, and global issues such as birth control and STDs. 3 hours. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

### SOC 11 SOCIOLOGY OF GENDER 3 UNITS
This course examines the social construction of masculinity and femininity historically and cross-culturally. It analyzes the impact of economic and political change on gender expectations and performance. This class focuses includes both macro-analyses of how institutions shape gender and micro-analyses of how individuals “do” or practice gender. Topics include: work, violence, sexual roles, early childhood socialization, and the impact of media images. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: DO; IGETC: 4J
Degree Applicable, Credit Grading Option: OP

---

## SPANISH

### CONTACT Dr. Philip Manwell, Dean ................. 925.424.1382

### About the Program
The Foreign Language program offers primarily first- and second-year transfer-level courses in Spanish, French, and Italian. Some courses are scheduled on a rotating basis. The transfer-level courses are designed to prepare students to continue with their language studies in upper-division courses. In addition, there is an emphasis on learning about the culture of the people who speak the individual languages.

### SPANISH (SPAN)

#### SPAN 1A BEGINNING SPANISH 5 UNITS
The introductory level course will enable students to begin speaking, reading and writing elementary level Spanish as well as understanding the spoken language. Students are introduced to concepts of grammar, vocabulary and verb tenses in a variety of auditory, visual, and written contexts. Strongly recommended: Eligibility for English 1A. 5 hours. AA/AS GE. Transfer: CSU, UC; IGETC: Area 6
Degree Applicable, Credit Grading Option: OP

#### SPAN 1B ELEMENTARY SPANISH 5 UNITS
This is the second semester of the introductory level course and will enable students to continue to learn to speak, read and write elementary level Spanish as well as to understand the spoken language. Students are introduced to concepts of grammar, vocabulary and verb tenses in a variety of auditory, visual, and written contexts. Prerequisite: Spanish 1A (completed with a grade of "C" or higher). 5 hours. AA/AS GE. Transfer: CSU, UC; IGETC: Area 6
Degree Applicable, Credit Grading Option: OP

#### SPAN 2A INTERMEDIATE SPANISH 4 UNITS
Review of grammar; reading of works of modern authors; practice in conversation and composition. Prerequisite: Spanish 1B (completed with grade of “C” or higher). 4 hours. AA/AS GE. Transfer: CSU, UC; CSU GE:C2; IGETC: 3B
Degree Applicable, Credit Grading Option: OP

#### SPAN 2B ADVANCED SPANISH 4 UNITS
Reading of works of modern authors; advanced review of grammar emphasis on speaking and composition. Prerequisite: Spanish 2A (completed with a grade of “C” or higher). 4 hours lecture. Transfer: CSU, UC; CSU GE:C2; IGETC: 3B
Degree Applicable, Credit Grading Option: GR

### SPECIAL STUDIES

#### 99 SPECIAL STUDIES 0.3-19.25 UNITS
Special studies in a specialized technical-vocational major. Typically offered for a particular occupation or skill. Course may be offered under any course title contained in the Catalog, using the number 99. 0.3-1056 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: varies by course
SPEECH

DEGREE

CONTACT: Dr. Philip Manwell, Dean ................. 925.424.1382

About the Program
The Speech program is designed to provide students with fundamental understanding of the principles of speech communication as well as experience in the application of these principles. Participation in these classes develops critical thinking, personal growth, research, presentation skills, and an understanding of diversity. Classes prepare students for transfer to four-year institutions and entry into careers in which effective communication skills are important, such as teaching, public relations, and law. This program fulfills typical lower-division requirements at four-year transfer institutions and offers opportunities to participate in intercollegiate competition in the areas of public speaking and oral interpretation. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student also refer to the catalog of the prospective transfer institution and consult a counselor.

SPEECH (SPCH)

SPCH 1  FUNDAMENTALS OF SPEECH COMMUNICATION 3 UNITS
Fundamentals of speech communication; emphasis on developing, stating, organizing, and researching ideas, and presenting to an audience; includes developing the faculties of critical listening and problem-solving. Strongly Recommended: Eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: AI; IGETC: 1C
Degree Applicable, Credit Grading Option: OP

SPCH 2A  ORAL INTERPRETATION OF LITERATURE I 3 UNITS
Development of skill in reading quality literature aloud; practice in writing scholarly criticism of the literature presented orally. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: C2
Degree Applicable, Credit Grading Option: OP

SPCH 2B  ORAL INTERPRETATION OF LITERATURE II 3 UNITS
Further development of skills and knowledge of individual oral interpretation from more difficult and specialized literary sources. Explores other forms of performance such as duet reading and chamber theater. Development of dialect and further vocal characterization. Prerequisite: Speech 2A (completed with a grade of “C” or higher). 3 hours. AA/AS GE. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

SPCH 3  GROUP COMMUNICATION 3 UNITS
Communication in small group situations. Role of communication in various group processes, including norms, roles, leadership and decision-making, with application to modern concepts of organizational communication. Includes participation in simulation exercises and group activities. 3 hours. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

SPCH 5  READERS THEATER 3 UNITS
Introduction to various media and techniques used in readers theater and the arrangement and programming of literature. Performance and/or arrangement of programs for specific audiences; children, young adults, and adults by using live theater presentation, television, and/or radio. 3 hours. AA/AS GE. Transfer: CSU, UC

Degree Applicable, Credit Grading Option: OP

SPCH 10  INTERPERSONAL COMMUNICATION 3 UNITS
Exploration, discussion, and evaluation of the components of the verbal and non-verbal communication process. Strongly recommended: eligibility for English 1A. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: E
Degree Applicable, Credit Grading Option: OP

SPCH 11  INTERCULTURAL COMMUNICATION 3 UNITS
Intercultural communication with a focus on the analysis and comparisons of message perception and transmission in interactions between people from different cultures. Emphasis on practical application of skills for effective communication between people of different domestic and international cultures. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: E
Degree Applicable, Credit Grading Option: OP

SPCH 43  PROFESSIONAL COMMUNICATIONS 4 UNITS
This course is designed to help students develop and refine the written and oral communication skills necessary to communicate effectively in a business environment. This will be accomplished through the planning, composing, and evaluating of written communication; report writing; and oral presentations. Additional focus will be placed on developing interpersonal skills, team participation skills, and professionalism. Students who have completed or are enrolled in Business 43, Computer Networking Technology 43, Computer
SPEECH - SURGICAL TECHNOLOGY

Information Systems 43, Computer Science 43, or English 43 may not receive credit. Strongly recommended: Eligibility for English 1A. 4 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: GR

SPCH 46 ARGUMENTATION AND DEBATE 3 UNITS
Analysis of contemporary questions through written and spoken discourse. Analysis, criticism, and synthesis of contemporary moral, political, economic and philosophical issues of a diverse, multicultural society, using traditional and modern models of argumentation. Strongly Recommended: English 1A. 3 hours. AA/AS GE. Transfer: CSU, UC; CSU GE: A1 or A3; IGETC: 1C
Degree Applicable, Credit Grading Option: OP

SPCH 48 ACTIVITIES IN FORENSICS 1-4 UNITS
Intercollegiate competition in the areas of public speaking and oral interpretation. Other activities include performance in workshops, festivals, concert readings, and the community. 4-12 hours. Transfer: CSU (May be repeated 3 times)
Degree Applicable, Credit Grading Option: OP

SURGICAL TECHNOLOGY (SURG)

SURG 50 BASIC AND BIOMEDICAL SCIENCES 5 UNITS

The basic science part of this course reviews human anatomy as it relates to surgical procedures and is followed by an introduction to physiology and common disease states requiring surgical intervention. Further covered are the basic principles of medical microbiology, with emphasis on infection control in the operating room. The biomedical science part of the course includes an introduction to conceptual physics, electricity and robotics to provide an understanding of the workings of surgical technology. The class is designed to prepare students for later clinical experience. Prerequisites: Anatomy 1 and Math 65, (both completed with a grade of “C” or higher) and Health Science 52 (may be taken concurrently). Strongly recommended: Eligibility for English 1A. 4 hours lecture, 3 hours laboratory.
Transfer: CSU
Degree Applicable, Credit Grading Option: GR

About the Program

The Surgical Technology Program is a one-year special application program that begins during the Summer and extends through the following two semesters. During the course of the program, students learn the varied roles and responsibilities of the surgical technician. Students will experience the foundational academic coursework during the Summer session as they refresh such subject areas as Anatomy, Physiology, Microbiology, and Physics. During the Fall semester, the emphasis is on learning the use of a wide spectrum of instruments, supplies, equipment, and their role in patient care as a member of the surgical team. In the Spring semester, students experience the actual role of the Surgical Technician as they spend 32 hours each week in the clinical setting working under the supervision of the surgical team practicing their skills during a wide range of surgical cases, while taking additional coursework in surgical specialties.

Degrees/Certificates

• Degree:
  • AS – Surgical Technology
  • Certificate of Achievement:
  • Surgical Technology

Career Opportunities

Students completing this one-year surgical technology program can expect to earn $44,616 annually in the Bay Area. Experienced workers are able to earn over $56,388 and substantially more given overtime and shift differentials. Surgical Technology is truly an occupation that provides a sustainable wage given the economic conditions.
Surgical Technology - Theater Arts

SURG 51 Surgical Patient Care Concepts 12 Units
This course consists of lectures and discussions of topics regarding the care of patients before, during, and after surgery and the role the surgical technologist plays in providing this care. Labs will cover the purpose, function, and applications of supplies and equipment such as surgical instruments, dressings, sutures, the operating room furniture, drains and catheters. An emphasis will be placed on the safety of patients and personnel with regards to potential hazards from the use of lasers or electrical machines, chemicals, or infectious microorganisms. Students will explore theoretical concepts of physiological and pathophysiological functions and the interventions provided by the surgical team. Examples of these interventions include but are not exclusive to maintaining normal physiological parameters, and the control of hemorrhage. Additional discussion will cover the legal, ethical and professional issues that surround the practice of surgical technology. Prerequisite: Surgical Technology 50 (completed with a grade “C” or higher). 6 hours lecture, 18 hours laboratory. Transfer: CSU Degree Applicable, Credit

SURG 52 Surgical Specialties 6 Units
This course provides the student with a systematic approach to a given surgical procedure. Addressed in this course are the most common surgical procedures of General Surgery, Gynecological and Obstetrical Surgery, Genitourinary Surgery, Otorhinolaryngology, Ophthalmology, Plastic Surgery, Neurosurgery, Orthopedics, Cardiothoracic Surgery, Peripheral Vascular Surgery, Oral and Maxillofacial Surgery. For each surgical procedure, lectures, discussions, and demonstrations include but are not exclusive to the surgical anatomy and pathophysiology, anesthetic considerations, positions, prepping, supplies, equipment, instrumentation, specimens, wound closure, dressings, post-operative care and complications. Steps of the surgical procedures and their rationales are explained using multi-media. Prerequisite: Surgical Technology 51 (completed with a grade of “C” or higher). Corequisite: Surgical Technology 53. 6 hours lecture. Transfer: CSU Degree Applicable, Credit

SURG 53 Clinical Practice for Surgical Technology 11 Units
This course consists of clinical experience in the operating room and provides students with the skills necessary to function as a beginning surgical technologist. Students will have exposure to the overall operation, policies, and procedures of practice. Under direct supervision and guidance of preceptors, students will gain proficiency in establishing and maintaining a sterile field, draping materials, use of needles, sutures and basic instrumentation, preparation and sterilization of supplies and anticipation of the surgeon’s needs. Application of knowledge gained in previous courses will provide an opportunity for skill acquisition, safe practice, and the development of professional behaviors. Prerequisite: Surgical Technology 51 (completed with a grade “C” or higher). Corequisite: Surgical Technology 52. 33 clinical hours per week. Transfer: CSU (May be repeated 1 time). Degree Applicable, Credit

THEATER ARTS

DEGREE
CONTACT: Dr. Philip Manwell, Dean ...................... 925.424.1382

About the Program
The Theater Arts major is designed to provide knowledge, training, and practical experience in all aspects of theater arts. The curriculum provides the essential lower-division courses necessary for transfer to similar programs at four-year institutions, as well as assisting students towards employment in professional, academic, and community theater.

Degrees/Certificates
AA – Theater Arts

Transferability
This program fulfills typical lower-division requirements at four-year transfer institutions. Some variation in requirements may exist at a particular four-year college or university; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

AA – Theater Arts
Freshman Year
Theater Arts 1A (Theory and Practice of Acting) .................. 3
Theater Arts 1B (Theory and Practice of Acting) .................. 3
Select from the following courses for a total of 6 units:
Theater Arts 5 (Children’s Theater) or
Theater Arts 30 (Drama Workshop) or
Theater Arts 46 (College Theater Management) or
Theater Arts 47 (College Theater Acting) or
Theater Arts 48 (College Theater Technical) .................. 6
Theater Arts 10 (Introduction to Dramatic Arts) ............... 3
General Education Courses

Sophomore Year
Theater Arts 40 (Introduction to Technical Theater) ** .......................... 2
Select from the following courses for a total of 6 units:
Theater Arts 5 (Children’s Theater) or
Theater Arts 30 (Drama Workshop) or
Theater Arts 46 (College Theater Management) or
Theater Arts 47 (College Theater Acting) or
Theater Arts 48 (College Theater Technical) .................. 6
Theater Arts Electives* ........................................... 3
Related Discipline Electives** .................................. 3
General Education Courses:
Total units required .................................................. 60

*Theater Arts Electives
Select from the following for a minimum of 3 units:
Theater Arts 3 (Improvisation)
Theater Arts 11 (Stage to Screen)
Theater Arts 12 (Film as Art and Communication)
Theater Arts 14 (Bay Area Theater)
Theater Arts 25 (Fundamentals of Stage Speech)
Theater Arts 39 (Musical Theater Workshop)
THEATER ARTS

**Related Discipline Electives**
Select from any of the following 4 disciplines for a minimum of 3 units:

**Dance**
- Dance 1 (Dance Technique)
- Dance 5 (Dance Workshop)
- Dance 6 (Dance Production)

**Mass Communications**
- Mass Communications: 33A (Introduction to Television Studio Operations)
- Mass Communications 33B (Intermediate Television Studio Operations)

**Music**
- Music 5 (Music Skills)
- Music 23A (Elementary Voice I)
- Music 23B (Elementary Voice II)
- Music 33 (Study of Voice)
- Music 39 (Musical Theater Workshop)
- Music 42 (Vocal Repertoire)
- Music 43 (Vocal Ensemble)
- Music 44 (Concert Choir)
- Music 45 (Chamber Choir)
- Music 46 (Jazz Choir)

**Speech**
- Speech 2 (Oral Interpretation of Literature)
- Speech 5 (Reader’s Theater)

THEATER ARTS (THEA)

THEA 1A **THEORY AND PRACTICE OF ACTING I** 3 UNITS
An introduction to the techniques and theories of acting, explored through improvisation, exercises and scene study. Students should be able to demonstrate the following skills: development of the physical and psychological resources for acting including relaxation, concentration, creativity, believability, and commitment. Strongly recommended. Eligibility for English 1A. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1
Degree Applicable, Credit Grading Option: OP

THEA 1B **THEORY AND PRACTICE OF ACTING II** 3 UNITS
Continued exploration of the theory and practice of acting, focusing on more complex characterization and character analysis. Introduction to theatrical styles and period acting with emphasis on monologues and scenes. Prerequisite: Theater Arts 1A (completed with a grade of “C” or higher). 3 hours lecture. AA/AS GE. Transfer: CSU, UC. Degree Applicable, Credit Grading Option: GR

THEA 3 **THEATER IMPROVISATION** 3 UNITS
Introduction to Improvisation. Workshop exercises in theater experience through the operational structure of the game. Mimes, characterizations, scene setting, mood and material for extended ensemble improvisation. Recommended for non-theater as well as theater majors. 3 hours lecture. Transfer: CSU, UC. Degree Applicable, Credit Grading Option: OP

THEA 4 **AMERICAN CULTURES IN THEATER** 3 UNITS
The history, representation and contributions of various ethnic groups in American theater and the study of theater as an instrument for expressing and understanding cultural identity. The focus will be on: African American, Asian American, and Latino theater. Strongly recommended: Eligibility for English 1A. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A
Degree Applicable, Credit Grading Option: GR

THEA 5 **CHILDREN’S THEATER** 1-3 UNITS
Introduction to the techniques of formal children’s theater. Creation and performance of a theatrical production designed for children. Casting subject to audition. 1-3 hours. Transfer: CSU; CSU GE: CI (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

THEA 10 **INTRODUCTION TO DRAMATIC ARTS** 3 UNITS
The dramatic arts, including the history, values, and theatrical techniques that have shaped them. 3 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A
Degree Applicable, Credit Grading Option: GR

THEA 11 **STAGE TO SCREEN** 3 UNITS
Major plays which subsequently have been made into films. Analysis of each playscript augmented by a viewing and analysis of the film adaptation. Major areas of concentration may vary from semester to semester. 2.5 hours lecture. 1.5 hours laboratory. Transfer: CSU, UC; CSU GE: CI; IGETC: 3A
Degree Applicable, Credit Grading Option: OP

THEA 12 **FILM AS ART AND COMMUNICATION** 4 UNITS
Introduction to film as an art form and means of communication. Film history, elements of the film making process, major film traditions and genres. 4 hours lecture. AA/AS GE. Transfer: CSU, UC; CSU GE: C1; IGETC: 3A
Degree Applicable, Credit Grading Option: OP

THEA 14 **BAY AREA THEATER** 1-3 UNITS
Appreciation of theatrical performances through reading, evaluating and attending live productions. Specific content is determined by currently available theatrical productions. 2.5 hours lecture. 1.5 hours laboratory. Transfer: CSU, UC; CSU GE: C1; IGETC: Area 3A (May be taken 2 times.)
Degree Applicable, Credit Grading Option: OP

THEA 25 **FUNDAMENTALS OF STAGE SPEECH** 3 UNITS
Theory and practice of speech improvement for acting with emphasis on development of the voice, articulation, and pronunciation for theater production. 3 hours lecture. Transfer: CSU, UC; CSU GE: CI
Degree Applicable, Credit Grading Option: OP

THEA 30 **DRAMA WORKSHOP** 1-3 UNITS
Participation in experimental workshop plays, original student scripts, and other projects, possibly leading to scheduled performances. Casting subject to audition. 3-9 hours laboratory. Transfer: CSU, UC (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

THEA 39 **MUSICAL THEATER WORKSHOP** 3 UNITS
Training in performance skills for the musical theater, with emphasis on acting and stage movement. Corequisite: Music 39. 3 hours.
Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

THEA 40 **INTRODUCTION TO TECHNICAL THEATER** 2 UNITS
Introduction to the technical aspects of theatrical production, including theater architecture and scenic design, set construction and painting, drafting and rendering, production organization, lighting and sound design. 1 hour lecture, 3 hours laboratory. Transfer: CSU, UC; CSU GE: CI
Degree Applicable, Credit Grading Option: OP

THEA 41 **PASSPORT TO THEATER** 1-6 UNITS
Supervised participation in scheduled performances of the theater department as an actor or backstage worker. Hour value to be determined by the instructor, after audition, based upon the scope of the performance of technical assignment. Enrollment is for the duration of the rehearsals and performances. 3-18 hours. Transfer: CSU
Degree Applicable, Credit Grading Option: OP
THEATER ARTS - TUTORING - UNIVERSITY TRANSFER

THEA 46  COLLEGE THEATER MANAGEMENT  1-2 UNITS
Participation in the business operation of scheduled productions in theater. Enrollment is for the duration of the production. 3-6 hours laboratory each. Transfer: CSU (May be repeated; limit 8 units)
Degree Applicable, Credit  Grading Option: OP

THEA 47  COLLEGE THEATER ACTING  1-6 UNITS
Participation in cast of scheduled major production. Enrollment is for the duration of the production. Enrollment by audition only. 3-18 hours laboratory. AA/AS GE Transfer: CSU, UC (May be repeated; limit 24 units)
Degree Applicable, Credit  Grading Option: OP

THEA 48  COLLEGE THEATER TECHNICAL  1-6 UNITS
Participation in scheduled productions as crew members and/or constructing its technical elements. Enrollment is for the duration of the production. 3-18 hours laboratory. AA/AS GE Transfer: CSU, UC (May be repeated; limit 24 units)
Degree Applicable, Credit  Grading Option: OP

TUTR 15  TRAINING FOR TUTORS  2 UNITS
Training for college tutors to acquire specific skills and techniques for tutoring in academic and vocational subject matter areas and basic skills. Required course for tutors participating in the College’s Tutorials Instructional Program. 2 hours.
Degree Applicable, Credit  Grading Option: P/N

TUTR 17  TUTOR TRAINING  .5 UNITS
An introduction to tutoring and tutoring skills. The course will provide a conceptual frame work of tutoring to guide student’s work in leading effective tutoring sessions. Total of 3 lecture hours and 25 laboratory hours per semester. Transfer: CSU
Degree Applicable, Credit  Grading Option: P/N

TUTR 29  INDEPENDENT STUDY-TUTORING  .5-2 UNITS
A practical experience to help other students learn and succeed in school-related activities. Provides opportunities to gain experience in the field of education in preparation for making career choices. For .5 unit, .5 lecture hour, 1 hour tutoring; for 1 unit, 1 hour lecture, 2 hours tutoring; for 2 units, 1 hour lecture, 4 hours tutoring. Transfer: CSU (May be repeated 3 times)
Degree Applicable, Credit  Grading Option: P/N

TUTR 200  SUPERVISED TUTORING  0 UNITS
Individualized student tutoring (supplemental learning assistance) provided to students requesting assistance or referred by a counselor or an instructor. Trained tutors and instructors will provide tutoring in basic skills, academic and vocational subject matter areas. Hours variable. (No Limit)
Non-degree Applicable, Non-credit  Grading Option: P/N

TUTORING

CONTACT: Dr. Pamela Luster, Vice President,
Student Services................................................. 925.424.1406

About the Program
The Las Positas College Tutorial program offers all students free tutoring in many classes and is dedicated to students’ educational success. All tutors must take a training class at the beginning of their tutorial experience in order to know how to manage tutorial sessions, understand the ethics of tutoring, enhance communication and listening skills, work with each learning style and avoid common mistakes in tutoring. Tutor training is conducted through a variety of educational means to best meet the schedules and learning needs of the tutors. Advanced levels of training are available for those wishing to learn more about learning disabilities, leadership and innovative techniques. The training is designed to fulfill the College Reading and Learning Association’s (CRLA) certification requirements. Students who pass classes with an “A” or “B” grade and enjoy working with people are encouraged to be tutors. Tutoring may be done for pay or college credit.

UNIVERSITY TRANSFER

CERTIFICATE
For more information, see a counselor.

University Transfer - IGETC
(Intersegmental General Education Transfer Curriculum)
Students transferring to University of California or California State University have the opportunity to complete their lower division general education requirements at Las Positas College. This pattern of general education requires a minimum of 34 semester units to be completed. The Certificate of Achievement in University Transfer - IGETC will officially acknowledge a significant educational achievement the student has completed at Las Positas College. The list of approved courses may be found on page 43. Counselor assistance is advised.

IGETC Areas .................................................. Semester Units (minimum)
Area 1
English Communication (2-3 courses)............................... 6 (UC) or 9 (CSU)
Area 2
Mathematical Concepts and Quantitative Reasoning (1 course)............... 3
Area 3
Arts and Humanities (3 courses).................................................9
Area 4
Social and Behavioral Sciences (3 courses)............................9
Area 5
Physical Science and Biological Science (2 courses)...................7
Area 6
Language Other Than English (UC only) 0-1 course)..................0-5

CSU Graduation Requirement
U.S. History, Constitution and American Ideals  (0-2 courses)*.........0-7
*Courses may be also applied to Area 4

Earning this Certificate of Achievement will not replace the "CSU GE Certification" document. The "Certification of CSU General Education Breadth" is a separate process. The student must request CSU GE Certification in the Counseling Office after admission to the transfer institution.

VISUAL COMMUNICATIONS

DEGREE
CERTIFICATE

CONTACT: Dr. Philip Manwell, Dean .................... 925.424.1382

About the Program

The Visual Communications (VCOM) program encompasses all the visual arts—drawing, painting, photography—but instead of traditional tools and media, students use computers and industry standard software. All areas of design and composition, typography, photographic specification and manipulation, drawing, print and web page layout, and an array of technical skills using the newest versions of Illustrator, Photoshop, InDesign, Acrobat, Dreamweaver and Flash are taught through project-based work. Starting at the intermediate level, students gain direct experience creating client-based work for print, web or screen, contracted through VCOM's business, the Design Shop. In terms of vocation, VCOM students develop a broad base of creative, technical and practical business skills while building a professional-level portfolio. Certificate graduates are ready to enter the field of visual communications design; degree graduates often transfer to a four-year college. Please visit our websites for more information about the program: http://lpcdesignshop.com/vcom/ and the Design Shop, http://lpcdesignshop.com/

Skills development courses, mainly designed for professionals who wish to learn new technical skills, or ramp up skills in the latest versions of our software, and those wishing to explore the field, should refer to courses denoted "100" and above. These courses have identical content to, and are scheduled simultaneously with, corresponding degree and certificate courses. Most prerequisites have been relaxed to allow ease of access. Refer to specific course descriptions for details of skills necessary for success.

*To receive a Certificate Emphasis in Print or Web, complete 1 of the 2 Visual
Communications Options for a minimum of 8 units.

Option 1 - Emphasis in Multimedia
Visual Communications 62** (Web Design II)
Visual Communications 63** (Web Site and Multimedia Production)
Visual Communications 63IN** (Internship in Web Site and Multimedia
Production)

Option 2 - Emphasis in Print
Visual Communications 64** (InDesign I and Layout Techniques)
Visual Communications 65** (Electronic Pre-Press and Print Production)
Visual Communications 65IN** (Internship in Electronic Pre-Press and
Print Production)

*Students may receive an additional Certificate if they complete both options:
Emphasis in Multimedia, VCOM 63 and 63 IN and Emphasis in Print, VCOM 65
and 65IN

VISUAL COMMUNICATIONS (VCOM)

VCOM 40 DESIGN SHOP: THE BUSINESS OF DESIGN 3 UNITS
The Design Shop business of the Visual Communications program
creates work for clients on the Las Positas College campus and in
the Tri-Valley community at large. This course is designed for students
who are ready to produce client-based work in print and/or for the
web prior to seeking employment and/or applying for transfer to a
4-year institution. Students work one-on-one or in a team with the
client while refining leadership skills and the full range of visual, oral
and written techniques needed to produce industry standard client-
based work. Students develop creative print and/or web solutions that
meet the full scope of the client’s needs and that are of a quality that
demonstrates the individual or team’s work at industry-standard level.
Strongly recommended: Visual Communications 57, 58, 59, 62, and
64. 2 hours lecture, 4 hours studio. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

VCOM 48 INTRODUCTION TO A DESIGN STUDIO 0.3 UNITS
A self-paced basic skills tutorial course introducing software, hardware
and peripheral equipment available in a design studio. Emphasis is placed
on navigating the desktop, server and back-up media cross-platform,
(Apple and PC operating systems) using and saving documents and
folders to industry standards; downloading and saving images from a
camera or reader; and accessing fonts and “Help” if unassisted.
12 total studio hours. Transfer: CSU (May be taken two times)
Degree Applicable, Credit Grading Option: OP

VCOM 50 VISUAL COMMUNICATIONS AND
THE PROCESS OF DESIGN 2 UNITS
Introduction to the vocation of visual communication and the creative
processes, methods and tools used in developing concepts and
final designs for print or web. Emphasis is placed on exploring the
conceptual design process, learning the language of design, and basic
level technical skills and techniques used across industry standard
software, cross-platform operating systems, and hardware. Prerequisite
Visual Communications 48 (may be taken concurrently): 1 hour lecture,
4 hours studio. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

VCOM 51 COLOR FOR DESIGN 2 UNITS
A basic-level course highlighting color as an element for
communication and expression in all visual fields. Covers key color
systems and their relevance to graphic and other visual arts, creative
and technical aspects of color available in the Adobe Creative Suite
applications including color expression, color theory, color interaction,
color psychology, color perception, using color for an ethnically
diverse, international audience, color theories, color trends, color
reproduction, pre-press and screen view considerations. Strongly
Recommended: Visual Communications 50. 1 hour lecture, 4 hours
studio. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

VCOM 52 INTRODUCTION TO TYPOGRAPHY 3 UNITS
This course examines letterforms and fundamental typographic
principles, with emphasis on the vocabulary of typographic form and
its relationship to message/purpose in graphic design. Typography is
the backbone of graphic design, and the ability to design effectively
with type is essential for a graphic designer. Course includes applied
history and theory highlighting type as an element for communication
and expression, exploration of appropriate use of type families,
type trends and typographic design used for an ethnically diverse,
international audience. In-class focus on the mechanics of type
design, type legibility, visual appropriateness, and project-based work
exploring creative and technical aspects involved in designing text
using the newest versions of Adobe Creative Suite software. Strongly
recommended: Visual Communications 50. 2 hours lecture, 4 hours
studio. Transfer: CSU, UC
Degree Applicable, Credit Grading Option: OP

VCOM 53 PHOTOSHOP I FOR DESIGN 2 UNITS
Technical and skill development course using the latest version of
Photoshop at the basic-to intermediate-level to create and manipulate
digital paintings, photographs and illustrations. Emphasis on basic-
to-intermediate-level techniques and tools used to create image files
suitable for print and screen. Design principles emphasized to create
effective output through computer-based composition. Strongly
recommended: Visual Communications 40. 1 hour lecture, 4 hours
studio. Transfer: CSU (May be taken two times)
Degree Applicable, Credit Grading Option: OP

VCOM 54 ILLUSTRATOR I FOR DESIGN 2 UNITS
Technical and drawing skill development course using the latest
version of Illustrator at the basic-to intermediate-level to render
2- and 3-D digital drawings and illustrations. Emphasis on basic-to
intermediate-level techniques and tools used to create image files suitable for print and screen. Design principles emphasized to create effective output through computer-based composition. Strongly recommended: Visual Communications 40. 1 hour lecture, 4 hours laboratory. Transfer: CSU (May be taken two times)

Degree Applicable, Credit Grading Option: OP

VCOM 55  WEB DESIGN I  3 UNITS
This basic-level web design course takes a visual communications approach to the creation of web sites, and the fundamental techniques required to format text, illustrations, tables, and images for the web. Emphasis is placed on appropriate design for the web—beginning with a graphic user interface that is functional, logical, and attractive, and bringing the concept to life using the latest versions of Dreamweaver. Also included is a brief overview of HTML code, cascading style sheets, and detailed instruction of how to use Dreamweaver to create web content. Strongly recommended Visual Communications 51 and Visual Communications 53 or Visual Communications 54. 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

VCOM 56  DESIGN CONCEPTS I  3 UNITS
Design and skills development course exploring the creative processes, methods, strategies and tools used in developing concepts and final designs in any visual field including the basic elements of design: line, texture, value, shape, color, light, and spatial concepts. Emphasis is placed on experience applying design principles and conventions to create 2-dimensional work. Use of computers as digital design tool along with basic manual techniques relating to effective preparation, presentation, craftsmanship and professionalism in presentation.

Strongly recommended: Visual Communications 51 and Visual Communications 52 and either Visual Communications 53 or Visual Communications 54. 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

VCOM 57  DESIGN CONCEPTS II  3 UNITS
Design and technical skills intermediate-level course in the creative processes, methods and tools used from concept to final design for commercial purposes in print and web (e.g., logos, related brand symbols, collateral materials, simple business publications, print and screen advertising, and packaging.) Emphasis is placed on the designer/client relationship, designing compelling graphics specifically to client project brief and to target audience, conducting research, presenting concept and final design, meeting deadlines, producing industry-standard digital documents, and working individually and in teams.

Course includes designing minimum of one major project contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Design Shop client attends class to participate in briefing, Q&A, concept presentation, feedback and critique sessions. Prerequisite: Visual Communications 51 and Visual Communications 52. 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

VCOM 58  PHOTOSHOP II FOR DESIGN  3 UNITS
Technical and design skill development course using Photoshop CS2 at the intermediate to advanced-level to create and manipulate images, illustrations, text and animations. Emphasis on intermediate-through advanced-level techniques and tools used to create or manipulate image files suitable for print and screen. Design principles emphasized to create effective output through computer-based composition. Course includes minimum of one project contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Design Shop client attends class to participate in briefing, Q&A, presentation, feedback and critique sessions. Prerequisite: Visual Communications 53 (completed with a grade of “C” or higher). Strongly recommended: Visual Communications 50 and Visual Communications 51 and Visual Communications 52. 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

VCOM 59  ILLUSTRATOR II FOR DESIGN  3 UNITS
Technical and design skill development course using Illustrator CS2 at the intermediate to advanced-level to render 2- and 3-D digital drawings, illustrations, graphs and animations. Emphasis on intermediate-through advanced-level techniques and tools used to create image files suitable for print and screen. Design principles emphasized to create effective output through computer-based composition. Course includes minimum of one project contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Design Shop client attends class to participate in briefing, Q&A, presentation, feedback and critique sessions. Prerequisite: Visual Communications 54 (completed with a grade of “C” or higher). Strongly recommended: Visual Communications 50 and Visual Communications 51 and Visual Communications 52. 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

VCOM 60  CREATIVE PORTFOLIO AND SELF-PROMOTION  3 UNITS
Design and technical skills intermediate-level course in the creative processes, methods and tools used from concept to final design for commercial purposes in print and web (e.g., logos, related brand symbols, collateral materials, simple business publications, print and screen advertising, and packaging.) Emphasis is placed on the designer/client relationship, designing compelling graphics specifically to client project brief and to target audience, conducting research, presenting concept and final design, meeting deadlines, producing industry-standard digital documents, and working individually and in teams.

Course includes designing minimum of one major project contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Design Shop client attends class to participate in briefing, Q&A, concept presentation, feedback and critique sessions. Prerequisite: Visual Communications 53 or 54 and Visual Communications 56 (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP

VCOM 62  WEB DESIGN II  3 UNITS
Technical and design skill intermediate-through advanced-level course in creation of web sites including user interface considerations, and Cascading Style Sheets techniques. Emphasis placed on functional, logical, attractive, accessible and appropriate web site design for the client and end-user. Including intermediate-through advanced-level techniques and tools required to format text, create animations and other content for the web. Programs covered are latest versions of Dreamweaver and Flash, Adobe GoLive. Course includes minimum of one project contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Design Shop client attends class to participate in briefing, Q&A, presentation, feedback and critique sessions. Prerequisite: Visual Communications 55 (completed with a grade of “C” or higher). 2 hours lecture, 4 hours studio. Transfer: CSU

Degree Applicable, Credit Grading Option: OP
VISUAL COMMUNICATIONS - VITICULTURE

VCOM 63   WEBSITE AND MULTIMEDIA PRODUCTION 3 UNITS
Culminating class in study of technical and creative design techniques necessary to build industry-standard interactive multimedia products. Course includes individual and team-based projects and corresponding work experience internship through the internship co-requisite class. Upon completion, students should be able to show mastery of creative process and technology necessary to produce individual- and team-based web work to client and industry specifications. This course provides students with professional design work experience within Las Positas College and the surrounding community including participation in client briefing, Q & A, presentation, feedback and critique sessions. Course includes minimum of two web projects contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Prerequisite: VCOM 62 (completed with a grade of “C” or higher), Corequisite: VCOM 63IN. 2 hours lecture, 4 hours studio. Transfer: CSU
Degree Applicable, Credit: Grading Option: OP

VCOM 63IN  INTERNSHIP FOR WEBSITE AND MULTIMEDIA PRODUCTION 2 UNITS
This course provides students with professional design work experience through a directed and evaluated internship within Las Positas College and the surrounding community. On-the-job training through the LPC Design Shop and sometimes other workplaces in the community provides students the opportunity to learn first hand responsibilities including deadlines, employer demands, bidding, pricing, working one-on-one with a client, and becoming familiar with advertising agencies, design studios, service bureaus, print or multimedia production houses. Prerequisite: VCOM 62 (completed with a grade of “C” or higher), Corequisite: VCOM 63. 1 hour lecture, 4 hours studio. Transfer: CSU
Degree Applicable, Credit: Grading Option: OP

VCOM 64   INDESIGN I AND LAYOUT TECHNIQUES 3 UNITS
An introductory- through intermediate- level course emphasizing layout and typographical, technical and aesthetic skills using the latest version of Adobe InDesign, CS2, for print and other media. This course addresses migrating to InDesign from Quark or Pagemaker, and how InDesign CS2 can be used to increase productivity and workflow when working in applications in the Adobe Creative Suite. Course includes minimum of one project contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Design Shop client attends class to participate in briefing, Q & A, presentation, feedback and critique sessions. Prerequisite: Visual Communications S2 (completed with a grade of “C” or higher.) Strongly recommended: Visual Communications S1 and either Visual Communications S3 or Visual Communications S4. 2 hours lecture, 4 hours studio. Transfer: CSU
Degree Applicable, Credit: Grading Option: OP

VCOM 65   ELECTRONIC PRE-PRESS AND PRINT PRODUCTION 3 UNITS
Culminating class in study of technical and creative design techniques necessary to produce accurate press files used to produce finished printed materials. Upon completion, students should be able to show mastery of the creative process and technical skills necessary to produce individual- and team-based single- and multi-page print work to client and industry specifications. This course provides students with professional press and print work experience within Las Positas College and the surrounding community including participation in client briefing, Q & A, presentation, feedback and critique sessions. Course includes minimum of two large print materials projects contracted through the Design Shop—the Visual Communications Program business that mirrors an industry-standard creative design agency. Prerequisite: VCOM 64 (completed with a grade of “C” or higher), Corequisite: VCOM 65IN. 2 hours lecture, 4 hours studio. Transfer: CSU
Degree Applicable, Credit: Grading Option: OP

VCOM 65IN  INTERNSHIP FOR ELECTRONIC PRE-PRESS AND PRINT PRODUCTION 2 UNITS
This course provides students with professional design work experience through a directed and evaluated internship within Las Positas College and the surrounding community. On-the-job training through the LPC Design Shop and sometimes other workplaces in the community provides students the opportunity to learn first hand responsibilities including deadlines, employer demands, bidding, pricing, working one-on-one with a client, and becoming familiar with advertising agencies, design studios, service bureaus, print or multimedia production houses. Prerequisite: VCOM 64 (completed with a grade of “C” or higher). Corequisite: VCOM 65. 1 hour lecture, 4 hours studio. Transfer: CSU
Degree Applicable, Credit: Grading Option: OP

VCOM 150–166 TECHNICAL SKILLS COURSES FOR PROFESSIONALS
Skills development courses, mainly designed for professionals and community members who wish to learn new technical skills, or ramp-up skills in the latest versions of Adobe Creative Suite software, are denoted “150” and above. These courses provide ease of access with no prerequisites, have identical content, and are scheduled simultaneously with corresponding degree and certificate courses. Most prerequisites have been relaxed to allow ease of access. Please refer to specific course descriptions for details of skills necessary for success.
Degree Applicable, Credit: Grading Option: P/N

VITICULTURE

DEGREE  CERTIFICATE
CONTACT: Dr. Neal Ely, Dean .....................................925.424.1182

About the Program
The program options in the Viticulture and Winery Technology Program are designed to prepare students for careers in the wine industry. VWT students may enter the program at the level most suited to their needs and take as few or as many courses as they need to meet their objectives.

There are both Certificates and Associate in Science Degrees available to provide students with the knowledge and skills essential for success. Students are also able to pursue their studies in either of two tracks: Viticulture (grape growing) or Enology (wine making) by taking a series of production-oriented courses. Students may also elect to complete an Associate in Science degree in either Viticulture or Enology.

Degrees/Certificates
• Degrees:
  • AS – Enology
  • AS – Viticulture
• Certificates of Achievement:
  • Enology
  • Viticulture

Career Opportunities
The program emphasizes the application of viticulture and winemaking theory for decision-making in actual production situations. The Viticulture and Winery Technology Program prepares students for direct entry in the wine industry upon completion of their course of
study at Las Positas College. Also, students currently employed in the wine industry may upgrade and update their skills and knowledge, and those with a general interest in wines, pairing wine and food, and viticulture and grapevines may take classes for enjoyment and further knowledge.

Transferability
In addition, a track is available for students interested in transferring to a four-year institution.

VITICULTURE AND WINERY TECHNOLOGY (VWT)

VWT 10  INTRODUCTION TO VITICULTURE  3 UNITS
An introduction to viticulture; growing grapes, including historical aspects of grape cultivation for raisins, wine and table grapes; grape species and varieties; botany, anatomy, propagation, climate, cultivation, vineyard management, plant-soil-water relations, irrigation, fertilization, pruning, weed, insect, pest and disease control; establishment, training and pruning grape vines, harvest and post harvest operations. Brief overview of wine making. Students who have completed Horticulture 70 may not receive credit. 3 hours lecture. Transfer: CSU, UC. Degree Applicable, Credit Grading Option: OP

VWT 12  VINEYARD SOILS, FERTILIZERS AND IRRIGATION  3 UNITS
Introduction to the basic principles of soil science, mineral nutrition, components installation, and plant/water relationships for grape production. Planning, design and maintenance of sprinklers and drip irrigation systems for winery vineyards. 3 hours lecture. Transfer: CSU. Degree Applicable, Credit Grading Option: OP

VWT 14  APPLIED VITICULTURAL PRACTICES: GRAPEVINE CULTIVARS, CLONES, AND ROOTSTOCKS, GRAPEVINE PROPAGATION, PRUNING, AND TRELLISING AND CANOPY MANAGEMENT  3 UNITS
Introduction and evaluation of vitis vinifera cultivars and clones, and the rootstocks suitable to this area. Introduction to the theory and practices of grapevine propagation, including field budding, T-budding, side-whip grafting, root cutting, and cuttings to change varieties. Introduction to trellising options for grapevine production including principles and practices of canopy management which focus on the improvement of vinegrape quality. Introduction to the theory and practice of pruning grapevines. 2.5 hours lecture, 1 hour laboratory. Transfer: CSU. Degree Applicable, Credit Grading Option: OP

VWT 20  INTRO TO ENOLOGY  3 UNITS
Introduction to the science of winemaking, including history and geographical distribution; grape varieties and wine types; influence of climate and soil; wine fermentation, handling, storage and bottling methods; wine disorders; winery sanitation; legal compliance. Students must be 21 years of age or older to participate in wine tasting. 3 hours lecture. Transfer: CSU, UC. Degree Applicable, Credit Grading Option: OP

VWT 25  SENSORY ANALYSIS OF WINES  3 UNITS
A sensory course designed for individuals to learn organoleptic tasting techniques, characteristics and styles of wine varieties, wine sensory evaluation methods including statistical analysis of trials, philosophy of wine styles, and the common evaluation methods used in sensory testing. Students must be 21 years of age or older, and this class has a materials fee above regular enrollment fee. 3 hours lecture. Transfer: CSU. Degree Applicable, Credit Grading Option: OP
### VITICULTURE - WELDING TECHNOLOGY

#### VWT 31 VINEYARD OPERATIONS I 3 UNITS
Viticulture practices for the fall and winter seasons including harvesting, pruning, varietal selection, erosion control, fertilization, weed control, propagation, and vineyard development. Emphasis on practical applications of viticulture. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 32 VINEYARD OPERATIONS II 3 UNITS
Viticulture practices for the spring and summer seasons including cultivation, planting and training a new vineyard, pest and disease control, soils, frost control, irrigation practices, quality control measures and vineyard equipment use. Emphasis on practical applications of viticulture. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 33 SUMMER VITICULTURE OPERATIONS 3 UNITS
Vineyard practices for the summer session. Class operates the Las Positas College Campus Hill vineyard, with an emphasis on the practical applications of viticulture theory including vine training, canopy management, assessment of insect and disease problems specific to the appellation, irrigation applications relating to soil and leaf moisture and crop estimation. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 35 VINEYARD PEST AND DISEASE MANAGEMENT 3 UNITS
A study of the identification and the biology of common vineyard pests and diseases. Techniques and strategies for sampling and monitoring and effective control measures. Pest management strategies for insects, weeds and diseases, including bio-control and sustainable agriculture practices in addition to pesticide use, safety and compliance. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 38 VINEYARD MANAGEMENT 3 UNITS
Responsibilities of vineyard management including; diagnosis and correction of problems, vineyard development, financial projections, and budgeting, labor contracting and supervision, and crop sale contracts. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 41 WINERY OPERATIONS I 3 UNITS
Winery operations for the summer and fall seasons, including grape maturity monitoring; grape harvesting; fermentation, handling and storage of new wines; maintenance of wines from previous vintages; general cellar practices. Student must be 21 years of age or older to participate in wine tasting. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 42 WINERY OPERATIONS II 3 UNITS
Winery operations for the winter and spring seasons, including handling and storage of new wines; maintenance of wines from previous vintages; general cellar practices. Student must be 21 years of age or older to participate in wine tasting. 2 hours lecture, 3 hours laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 44 WORLD VITICULTURE AND WINES 3 UNITS
A survey of world viticulture wine industries, and wine producing regions and their wines. History of viticulture, worldwide grape growing and wine production and consumption, and world wine regions and wine styles, includes sensory evaluation of representative wines. Student must be 21 years of age or older. There is a materials fee associated with this class. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 45 FOOD AND WINE PAIRING 1 UNIT
An introduction to the concepts involved in food and wine pairing through formal tasting, cooking, and lectures. Introduction to the use of sensory abilities to identify those ingredients in both food and wine that complement each other. Participation in palate exercises in which food and wines are paired. Student must be 21 years of age or older. 1 hour lecture, 1 hour laboratory. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 47 WINE REGIONS AND WINES OF CALIFORNIA 2 UNITS
Introduction to wines produced in California by region, including history, viticultural practices and wine making styles. Sensory evaluation of representative California wines. Laboratory Fee. Students must be 21 years of age or older. 2 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 48 WINERY MANAGEMENT 3 UNITS
An introductory level course on winery management, including annual plans and budgets, labor management and supervision, legal compliance, and record keeping. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

#### VWT 50 WINE MARKETING AND SALES 3 UNITS
An introductory overview of the wine industry: production, planning, marketing channels, advertising, promotion, packaging, pricing, retail/wholesale distribution and public relations. 3 hours lecture. Transfer: CSU
Degree Applicable, Credit Grading Option: OP

### WELDING TECHNOLOGY

- **DEGREE**
- **CERTIFICATE**

**CONTACT:** Dr. Janice Noble, Dean .......................... 925.424.1324

#### About the Program
Welding touches every aspect of our modern life from the shoes we wear to the food we eat. The Welder or Welding Technician is concerned with all of the activities related to the manufacturing, production, performance, and maintenance of welded products. Interest is primarily in the manufactured or fabricated product, including process selection, power sources, base and filler materials, manufacturing methods, hands-on skills training, inspection, quality control, performance evaluation, and equipment service. The broad range of welded products with which welders and welding technicians deal includes structures, such as bridges, buildings, utility equipment, wind turbines, and communication towers; pressure vessels and heat exchangers, such as nuclear systems, boilers, solar thermal systems, oil and natural gas exploration, chemical processing equipment, storage vessels, and transmission and distribution piping; transportation vehicles for water, land, air, and space travel; and production and processing machines of all types.

Completion of the certificate/AS degree requirements prepares students to take certification tests in a workplace environment. Students may begin this program any semester and enter with either Welding Technology 61 or Welding Technology 62 as the starting series, or may choose Welding Technology 70 or Welding Technology 71 as a means to explore the topic on a more superficial approach. This program is designed to teach theoretical concepts in one course and hands-on skills in a companion course. These companion courses must be taken concurrently. While units in the program are transferable to many institutions, students should consult a counselor for specific information.
Degrees/Certificates
- Degree:
  - AS – Welding Technology
- Certificate of Achievement:
  - Welding Technology

Career Opportunities
Students will find many career opportunities open to them, such as Welder, Welding Technician, Fabricator, Certified Welding Inspector, Pipewelder, Ironworker, Boilermaker, Steamfitter, Sheet Metal, as well as Maintenance and Repair occupations.

Transferability
A majority of the Welding Technology courses transfer to four-year universities as elective units. The course content will prepare students for further study in such majors as General Engineering, Welding Engineering, and Materials Science. Variation in requirements may exist at particular four-year universities; therefore, it is essential that the student refer to the catalog of the prospective transfer institution and consult a counselor.

Welding Technology (WLDT)

WLDT 61A BEGINNING ARC, FLUX-CORE WELDING, AND BLUEPRINT READING THEORY 1 UNIT
Theory and safety of Shielded Metal Arc (SMAW) and Flux-core Arc (FCAW) welding of steel, flame cutting, plasma and carbon arc cutting. American Welding Society nomenclature, electrode and wire selection, job opportunities. Blueprint reading, welding symbols for welders and hazardous material regulation. Corequisite: Welding Technology 61AL or Welding Technology 61BL. 1 hour lecture. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 61AL BEGINNING ARC AND FLUX-CORE WELDING SKILLS 2 UNITS
Skills of Shielded Metal Arc (SMAW) and Flux-Core Arc (FCAW) welding in the flat, horizontal, and vertical positions to code specifications. Oxy-fuel flame, plasma, and carbon arc cutting. Corequisite: Welding Technology 61A or Welding Technology 61B. 6 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 61B ADVANCED STICK AND FLUX-CORE WELDING SKILLS 1 UNIT
Theory and safety of Stick (SMAW) and Flux-core Arc (FCAW) welding of steel, flame cutting, plasma and carbon arc cutting. American Welding Society nomenclature, electrode and wire selection, job opportunities. Blueprint reading, welding symbols for welders and hazardous material regulations. Prerequisite: Welding Technology 61A (completed with a grade of “C” or higher). Corequisite: Welding Technology 61AL or Welding Technology 61BL. 1 hour lecture. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP
WELDING TECHNOLOGY

WLDT 61BL ADVANCED STICK AND FLUX-CORE WELDING SKILLS 2 UNITS
Advanced skills in Stick (SMAW) and Flux-core (FCAW) welding of ferrous and non-ferrous alloys in the horizontal, vertical, and overhead positions to AWS codes. Safety and proper use of SMAW and FCAW equipment, oxy-fuel welding and cutting, plasma cutting. Blueprint usage in welding shop environment. Pipe and tubing fit-up and welding. Prerequisite: Welding Technology 61AL. Corequisite: Welding Technology 61A or Welding Technology 61B. 6 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 62A BEGINNING TIG, MIG WELDING, AND BLUEPRINT READING THEORY 1 UNIT
Theory of fuel and inert gas welding of steel and aluminum alloys, oxyacetylene brazing, flame cutting, and plasma cutting. TIG or Gas Tungsten Arc (GTAW) and MIG or Gas Metal Arc (GMAW) welding equipment and supplies. Nomenclature and metallurgy of steel and aluminum alloys. Introduction to blueprint reading. Hazardous material regulations and material safety data sheets. Corequisite: Welding Technology 62AL or Welding Technology 62BL. 1 hour lecture. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 62AL BEGINNING TIG, MIG WELDING AND BLUEPRINT READING SKILLS 2 UNITS
Skills of TIG (GTAW) and MIG (GMAW) welding of ferrous and non-ferrous alloys in the flat, horizontal, and vertical positions to AWS codes. Safety and proper use of TIG and MIG equipment, oxy-fuel welding and cutting, plasma cutting. Blueprint usage in welding shop environment. Corequisite: Welding Technology 62AL or Welding Technology 62BL. 6 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 62B ADVANCED TIG, MIG WELDING AND BLUEPRINT READING THEORY 1 UNIT
Theory and safety of TIG (GTAW) and MIG (GMAW) welding of steel, flame cutting, plasma and carbon arc cutting. American Welding Society nomenclature, electrode and wire selection, job opportunities. Blueprint reading, welding symbols for welders and hazardous material regulations. Corequisite: Welding Technology 62AL or Welding Technology 62BL. 1 hour lecture. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 62BL ADVANCED TIG AND MIG WELDING SKILLS 2 UNITS
Advanced skills in TIG (GTAW) and MIG (GMAW) welding of ferrous and non-ferrous alloys in the horizontal, vertical and overhead positions to AWS codes. Safety and proper use of TIG and MIG equipment, oxy-fuel welding and cutting, plasma cutting. Blueprint usage in welding shop environment. Pipe and tubing fit-up and welding. Prerequisite: Welding Technology 62AL (completed with a grade of “C” or higher). Corequisite: Welding Technology 62A or Welding Technology 62B. 6 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 63 WELDING LAYOUT AND FITTING 2 UNITS
Interpretation of welding blueprints by making welding layouts and fitups. Current methods, practices, and recommended procedures. Use of jigs, fixtures, holding devices, and welding sequences. Methods of straightening and restoring dimensions to finished product. Laboratory includes Arc, MIG, TIG, and Flux-core welding, plasma and fuel cutting. Prerequisite: Welding Technology 62BL (completed with a grade of “C” or higher). 1 hour lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 66 WELDING INSPECTION AND TESTING 2 UNITS
Theory and skills in performing inspections and tests using destructive and nondestructive methods. Tensile and hardness testing; dye penetrant, magnetic particle, radiographic, ultrasonic, and metallographic inspection. Prerequisite: Welding Technology 62BL (completed with a grade of “C” or higher). 1 hour lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 67A WELDING SKILLS LABORATORY 2 UNITS
Development and improvement of skills in Arc (SMAW), Flux-core (FCAW), MIG (GMAW), and TIG (GTAW) welding. Prerequisite: Welding Technology 61AL (completed with a grade of “C” or higher). 6 hours laboratory. (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 67B ADVANCED WELDING SKILLS LABORATORY 2 UNITS
Advanced development and improvement of skills in Arc (SMAW), Flux-core (FCAW), MIG (GMAW), and TIG (GTAW) welding. Prerequisite: Welding Technology 67A (completed with a grade of “C” or higher). 6 hours laboratory. (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 68 CERTIFICATION PREPARATION 2 UNITS
Welding processes preparation for certification exams. Theory of American Welding Society D11, American Society of Mechanical Engineers Section IX, American Petroleum Institute 1104. 6 hours laboratory. (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 69A FABRICATION AND INSTALLING PIPING SYSTEMS 3 UNITS
Theory and practical application of: pipe joint preparation and design, API (American Petroleum Institute) and AWS (American Welding Society) welding codes specification for pipe and pipe fittings, analysis of joint configuration, plasma and flame cutting of pipes, wire and electrodes selections, beginning of pipe welding blue print and welding symbols, SMAW, GMAW, and GTAW of pipe joints, non-destructive and destructive test and qualitative concepts of evaluation. Prerequisite: Welding Technology 61BL or Welding Technology 62BL (completed with a grade of “C” or higher). 1 hour lecture, 6 hours laboratory. (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 69B ADVANCED PIPE WELDING 3 UNITS
Theory and practical application of pipe joint preparation and design; API (American Petroleum Institute) and AWS (American Welding Society) welding codes specifications for pipe and pipe fittings; geometric curve design for branched joint of piping systems; wire and electrodes selections; advanced welding blue print and pipe welding symbols, SMAW, GMAW, and GTAW of pipe joints; metallurgical transformation of WLDT Heat Affected Area (HAA); welding discontinuities and defects; destructive and non-destructive testing; and methods of inspection and testing. Prerequisite: Welding Technology 69A (completed with a grade of “C” or higher). 1 hour lecture, 6 hours laboratory. (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

WLDT 70 INTRODUCTION TO WELDING 2 UNITS
Arc, TIG, MIG, Flux-core, gas and braze welding, plasma and fuel gas welding and cutting. Theory and care of welder’s equipment with emphasis on safe practices. 1 hour lecture, 3 hours laboratory. Transfer: CSU (May be taken 4 times)
Degree Applicable, Credit Grading Option: OP

LAS POSITAS COLLEGE
CATALOG 2010 – 2012
WELDING TECHNOLOGY - WORK EXPERIENCE - ZOOLOGY

WELDT 71 WELDING FOR THE ARTS 3 UNITS
Provides basic welding, shop skills and instruction that artistically inclined individuals should know in order to be effective in the process of creating metal art and sculpture. Provides instruction on types of metals (aluminum, iron, steel, cast iron, bronze, stainless steel, etc.), mechanical fastenings, cutting and permanent joining together of metals and alloys through welding processes such as SMAW, GMAW, GTAW, FCAW, oxyacetylene and braze welding, plasma and fuel gas cutting. Instruction includes general shop safety, equipment use, finishing, welding electricity fundamentals, welding consumable identification, and hazardous materials regulation. 1 hour lecture, 6 hours laboratory. AA/AS GE. Transfer: CSU; CSU GE: CI (May be taken 4 times) Degree Applicable, Credit Grading Option: OP

WORK EXPERIENCE

CONTACT: Dr. Janice Noble, Dean ...................... 925.424.1324

Work Experience Requirements
To participate in Work Experience Education programs, students must:

• Pursue a planned program of Work Experience that includes new or expanded responsibilities or learning opportunities beyond those experienced during periods of previous employment;
• Have paid or volunteer employment in any field;
• Have the approval of the instructor/coordinator.

Additionally, students must meet the requirements of either of the following plans.

I. Parallel Plan
A. Be enrolled in a minimum of 7 units including Work Experience;
B. Be currently enrolled in a course in their major or planned academic program which is related to the Work Experience.

Under the Parallel Plan, one unit of credit is granted for 5 hours of work each week to a maximum of 3 units for 15 or more hours each week. Students must also attend a one hour weekly seminar class.

II. Alternate Plan
A. May not be enrolled in more than one additional course;
B. May not transfer from the alternative plan to the parallel plan, or vice versa, without having completed 7 units in between plans.

Under the Alternate Plan, students may earn four to eight units of credit for working 20 to 40 hours each week. Regularly scheduled meetings with the instructor are required throughout the semester.

For either plan a cumulative total of 16 units may be earned (including the seminar units).

See also: Business Computing Early Childhood Development Fire Service Technology Horticulture Viticulture and Winery Technology

WORK EXPERIENCE (WRKX)

WRKX 95 OCCUPATIONAL WORK EXPERIENCE 1 UNIT
Earn college credit while working. College supervised on-the-job training for work in a business related occupation. Through the cooperation of the work supervisor, contract to accomplish new learning objectives or broaden experiences in work field. Corequisite: Concurrent enrollment in Occupational Work Experience 96. 5-15 hours of paid employment per week or 4-12 hours of volunteer work each week. Maximum units for all work experience course, combined (95, 96 and 98) total of 16 units. Refer to program requirements on this page. Transfer: CSU (May be taken four times)
Degree Applicable, Credit Grading Option: GR

WRXK 96 OCCUPATIONAL WORK EXPERIENCE SEMINAR 1 UNIT
Earn college credit while working. Focal point for the coordination of curriculum with college supervised part-time or full-time employment in the major field. Case studies, job related problems, student cases and presentations, and material related to employment, organizations, and management discussed; emphasis on building strong working relationships with supervisors, subordinates, and co-workers Corequisite: Occupational Work Experience 95. 1 hour lecture Maximum units for all work experience course, combined (95, 96 and 98) total of 16 units. Refer to program requirements on this page. Transfer: CSU (May be taken four times)
Degree Applicable, Credit Grading Option: GR

WRKX 98 OCCUPATIONAL WORK EXPERIENCE: ALTERNATE PLAN 4-8 UNITS
College supervised on-the-job training enabling students to attend college full time one semester and work full time the following semester. The on-the-job experience must be related to the students educational and occupational goals or college major. The training may be paid or volunteer. 20-40 hours of work experience each week are required. Maximum units for all work experience course, combined (95, 96 and 98) total of 16 units. Refer to program requirements on this page. Transfer: CSU (May be taken four times)
Degree Applicable, Credit Grading Option: GR

ZOOGY

CONTACT: Dr. Neal Ely, Dean.............................. 925.424.1182

Zoology 1 is one of many courses offered by the Biology Department. It fulfills various degree, certificate, transfer, and/or career requirements. For more details about how Zoology 1 fits into different pathways, please see “Biology” in the catalog, page 61.

ZOOGY (Zool)

Zool 1 GENERAL ZOOLOGY 5 UNITS
Major groups of organisms from Protista and Animalia kingdoms with emphasis on the evolution of form and function and their relationship to behavior and ecology. Laboratory dissection and observation of anatomy with correlative studies in animal behavior in the laboratory and field. Designed for majors in biology, zoology, wildlife management and related fields. Prerequisite: Mathematics 55 or 55B or 55Y (may be taken concurrently) or an appropriate skill level demonstrated through the mathematics assessment process. Strongly recommended: Biology 31. 3 hours lecture, 6 hours laboratory. AA/AS GE. Transfer: CSU, UC, CSU GE B2, B3; IGETC: Area 5B & Lab Degree Applicable, Credit Grading Option: GR
