Hello LPC Colleagues,

On November 13th the College Council had its last reading of the **2014 Shared Governance Handbook** and approved it as written. The next time the Handbook will be formally reviewed will be Fall of 2016.

**The Handbook is posted on the Grapevine intranet (Administration tab, click Governance on left)** for access at any time, at: <http://grapevine/administration/governance.php> , and is attached here for review.

Dr. Russell mentions in his Handbook letter that shared governance is the backbone of the process for recommendations and decision-making at LPC and the new Handbook has all committees, current procedures and best practices codified. Volunteers for committees and tasks forces should be aware of their responsibilities in order to best serve the college as a whole.

In addition, the Handbook contains some useful **Appendices**, some of which are:

- Planning, Budget and Assessment Flowchart
- LPC Committees and Reporting Structure
- Glossary of Acronyms
- Glossary of Funding Terms

Please email Dr. Russell and cc: Kelly Abad about any items that need correction, addition or changes.

Best wishes to all!  
~Sharon
