New Volunteer Opportunity

4CS is a non-profit organization, formed by the California Community College's classified staff to serve as the statewide classified senate. 4CS supports the leadership roles of classified staff in the governance of the California Community College System through the development and support of local senates, advocating increased involvement at the state level, and promoting leadership skills among classified staff.

(Many asked for pictures; we will let you know here when they are posted.)

Description of Project:

(How will LPCF Grant funds be used?)

The Classified Senate would like to send two representative to the annual 4CS* Conference in Ventura, in June 2013.

We have a core of about 8 people who have done all the programs and tasks for the last 5 years. We would now like to expand the active participants, and sending two people is almost 'a must', as the conference has 4 tracks. To get to bring home the most information two people is ideal.

These 4CS conferences are a great informational source to learn how to get new people engaged in our Classified Senate.

Our Classified Senate is a main vehicle for continuing education of the Classified Professionals.

(*4CS: Calif. Community College Classified Senate. <http://www.ccccs.org/>)

Statement of Need:

(Why are LPCF funds needed? List all other potential sources of funding? [e.g., Dept. budget, co-curricular funds, etc.] Explain in detail how you have determined that they are not available for this project or program.)

Classified Senate receives minimum funding from the District (\$100) and last year one of our major fundraising activities which supported this event is no longer permitted by State law (raffles). We have no other funds, except those we raise.

Amount of Grant Requested \$ -----\$2,500

(Attach total project budget and indicate how an LPCF Grant fits into the budget.)

Impact on Campus Community:

(How will a LPCF grant start, improve or assist a program to have a positive impact on the LPC campus community? How many members of the campus community will be affected directly and indirectly?)

In this era of very slim State budgets, and the least amount of per capita Classified staffing we have ever seen in our District, it is important to keep training and development, as well as morale, on target for all segments of the campus – including Classified Professionals. This conference provides the “Best of the Best in Classified practices” in California!

Classified Staff are now the most thinly staff ever in our District. Having no back-up for each desk’s duties and responsibilities is a difficult situation, and providing additional ways to increase our own morale is important. These conferences provide ideas for morale, training, department workload efficiency, and many other usable practices.

By sending a representative to 4CS the attendee returns with practices and procedures for effective Senate operations and ideas to get more Classified Professional involved in the Senate trainings and activities.

Our Classified Senate is a main vehicle for communication and continuing education of the Classified Professionals. All 80-plus members will be directly affected by receiving all meeting handouts and the knowledge gained will apply directly to our next few years of activities. The impact of excellence and professionalism will affect the entire campus community as well.

Since the Classified Senate has virtually no funding at all, we appreciate the Foundation’s consideration of this grant.

Return Grant Application to the Las Positas College Foundation
by Campus Mail or hand delivery to the Foundation Office
