

Todd,

Thank you for your leadership  
with the classified senate. You are  
truly helping us put students first!

A handwritten signature in cursive script, appearing to read "Kevin G. Walthers".

Kevin G. Walthers, Ph.D.

President

CLASSIFIED SENATE OF LPC	

**... for What's Right at LPC because:**

**I would like to recognize and thank ALL of the Classified Professionals who have held leadership positions and participated in Senate activities over the past 20 years. Thank you!!**

This Summer at the annual California Community College Classified Senate Leadership Institute, the Las Positas Classified Senate was selected as a "Model Classified Senate." Attending the Institute was Lilia Camino, who accepted the plaque which is in the Administration Bldg. Lobby. The standards for a model senate were in an e-mail earlier this year, and will soon be posted on the Senate's website.

The LPC Classified Senate was established in 1991 and has maintained the same ideals that were envisioned 20 years ago:

"... to serve as a ... resource for views on non-bargaining issues; to encourage programs that provide support for the growth and development of classified professionals, as well as activities that are consistent with the college's mission, values and philosophy."

I would also like to recognize the members who worked on the bylaws review committee in 2007 through 2008; your contributions made the Model Senate Award possible.

It isn't always easy to give 100% to the students, faculty, administration and your jobs, while also giving another 20% to the Classified Senate and shared governance. YOUR contributions are What's Right at LPC and why YOU were recognized as a Model Senate.

Submit to President's Office by **Tuesday** before Town Meeting,  
by electronic or paper copy.  
All Nominations will be read at the next Town Meeting.
