  (formerly PE 29): G, 1X, CSU, UC. (Start date: Fall 2014)  
  MSC: Hopkins/Gagnon to approve outline (unanimous)  
  MSC: Hopkins/Gagnon to approve transfer (unanimous)

6. **Vice President’s Report:** Dr. Janice Noble (none)  
Dr. Noble congratulated those who worked on the Anthropology and History transfer degrees that were recently approved. She will be sending a letter to ACCJC for substantive change to let them know. She and LaVaughn Hart have crafted a letter to the State Chancellor’s Office regarding our ADT progress. The letter will be sent with the revised form that Ms. Hart presented at last meeting showing what we’ve already accomplished and what we still have to do by Fall 2014. Dr. Noble thanked LaVaughn Hart and Carolyn Scott, and those that came to the ADT workshop today. It went well. Those who were able to attend walked away with valuable information. Copies of the Program and Course Approval Handbook (PCAH) were made available. We might have another workshop at a different time, different day.

7. **Chair’s Report:** Ms. Hart  
Ms. Hart stated that Ms. Lira has provided a list of courses that have been C-ID approved. She will give the list to Ms. Scott to place on the curriculum page as well as Blackboard. The public side of the C-ID website does not show approvals in progress, so you would still need
to contact Ms. Lira to see what is pending. Ms. Lira will also provide a list of what she has submitted but has not yet been approved.

At the ADT workshop today we decided to make a template for the narrative and the information that we used to complete on the form 501. The State still requires this information along with the narrative and TMC when submitting proposals for a program.

There is a regional curriculum meeting this Saturday, March 15 at Diablo Valley College that Ms. Hart is attending. Others who would like to attend are invited. Also Ms. Hart will be attending the statewide Curriculum Institute in mid-July. Anyone thinking about becoming the next curriculum chair might consider attending.

Catalog – most edits are in; it should be ready by month’s end.

8. **Articulation Officer’s Report:** Marina Lira
   Ms. Lira stated that the STEM IGETC is approved for Chemistry only. It has been proposed for Nursing, Biology, and Engineering but not yet approved.

9. **Accreditation Standards**
   Ms. Hart stated that Library has taken one standard off our plate. She has updated/revised the spreadsheet and posted it on Blackboard. Also posted is Orange Coast College’s standard II that you can use as an example.

   The committee continued accreditation work and discussion.

10. **Good of the Order:** none

11. **Adjournment:** 4:30 p.m.

12. **Next meeting:** March 24, 2014; 2:30 p.m., Room 804
