Advice from 2014 Attendees

“Put a lot of thought into your teaching demonstration and practice until comfortable. If you make it to the second round research the president and the other administrators you will be interviewing with. Think about how your experience and strengths will help the college move forward in the direction it is heading.”

Advice from 2014 Attendees

“You have to love what you do as a teacher. This will show during your interview and the other instructors at your current job will take notice of this too. I think part of the reason I got hired is that I was able to build a good reputation as a part time instructor.”

Advice from 2014 Attendees

“They want a good colleague too, be yourself. Relax. Enjoy yourself.”
