SECTION 3: LPC MISSION STATEMENT AND LPC PLANNING PRIORITIES

LPC MISSION STATEMENT:

LPC is an inclusive learningcentered institution providing educational opportunities and support for completion of students' transfer, degree, basic skills, career-technical, and retraining goals.

LPC PLANNING PRIORITIES:

- Establish regular and ongoing processes to implement best practices to meet ACCJC standards.
- Provide necessary institutional support for curriculum development and maintenance.
- Develop processes to facilitate ongoing meaningful assessment of SLOs and integrate assessment of SLOs into college processes.
- Expand tutoring services to meet demand and support student success in Basic Skills, CTE, and Transfer courses.

Specify how the equipment supports LPC's Mission Statement and Planning Priorities:

This equipment supports the mission statement through the career-technical and retraining goals by way of the Technical Theatre certificate program and the AA-transfer degree. Skills with this equipment are in great demand in theatre as well as the entertainment industry.

This equipment supports the planning priorities through curriculum development and maintenance and through supporting student success in CTE and transfer courses.

SECTION 4: EDUCATIONAL ITEMS – PROGRAM REVIEW

Specify the educational programs this equipment supports:

AA Theatre Arts

AA-Theatre Arts Transfer Stage Techinician Certificate of Achievement

If this equipment is included in your Program Review, please include the exact wording. If equipment is not included, explain why:

This need had not been identified at the time of the 2015 update, additionally it is part of the new CTE Stage Technician Certificate program, for which the program review is forthcoming.

SECTION 5: TEACHING AND LEARNING

Describe in detail the impact this equipment will have on teaching:

This equipment would be used to greatly expand and augment the current theatre lighting and projection equipment. Additionally this equipment allows for the expansion of the currculum in technical theare to include projection mapping.

Describe in detail the impact this equipment will have on learning:

Students will develop a highly marketable skill, applicable in a variety of entertainment and technical theare venues including conferences and musical concerts and shows

Each academic year, this equipment will impact: $\frac{3}{2}$ # of classes/sections $\frac{16}{2}$ # of students

			v.

<u></u>				

SECTION 6: OUTCOMES (SLOs)
Using your documented SLOs, specify how the equipment will enable student learning outcomes to be
This equipment provides the opportunity for students to develop the skills necessary to achieve the following outcomes, please note the addition of this equipment would require some edits to the current course objectives and SLOs. The additional SLO would
include the following: Utilize projection and projeciton mapping methods to execute a scenic and lighting designs, and special effects. Demonstrate the ability to collaboratively with designers, technicians, and other theatre personnel. Specifically with this outcome as the students will likely always be working with multiple partners on this piece of equipment.
What are the consequences related to learning outcomes if request is not funded?
We currently have limited ability to provide this skill set to students.
SECTION 7: TOTAL COST OF OWNERSHIP (FINANCIAL & SUSTAINABILITY
What is the potential life span of the requested equipment?
5-8 years
If new storage is needed, describe the storage, location, and costs: (Specific storage costs should be detailed in the "Part A: Initial Start-up Costs" section below.)
This equipemnt would be stored in the lighting booth of the main stage.
What will be required to maintain the equipment, such as regular servicing or upkeep? (Specific on-going costs should be detailed in the "Part B: On-Going Annual Operating Costs" sections below as applicable.)
Software license every 4 years and safe and secure storage.
Explain how this equipment meets or exceeds basic sustainability efforts and/or provides renewable
resources to the college:
This commercial level equipment is available at a significant discount for academic institutions, so there is the cost factor. Additionally the ability to utilize projection and projection mapping can significantly reduce the amount of actually scenic construction leading to a reduction in consumables, and an extention of the useful life expectantcy of the tools and equipment in the scene shop.
