Subject: Spring 2022 Instructional Equipment Request RAC Recommendation

---

Resource Allocation Committee (RAC) members, thank you for your time and commitment to the process of evaluating and ranking the Spring 2022 Instructional Equipment Requests. I understand the deliberation process can be challenging and time-consuming, and I appreciate your diligence and your desire to be equitable to the faculty who have submitted the requests, but also to the students who are the benefactors of the equipment.

**After reviewing the recommendations and considerations relevant to the rankings, I support RAC's recommendation to purchase the 25 items on the next page (page 2) for a total allocation of \$280,727.26.**

These purchases will be funded using the State's Instructional Equipment funds allocated to LPC as well as Lottery funds. The rationale to support the allocation of resources to support the purchase of these items are based on the following considerations:

- Supports the College's mission and institutional planning priorities
- Program/department need
- Contributes to and/or supports student learning and success
- Leverage outside funding where appropriate

Thank you for your continued efforts and for your service on the Resource Allocation Committee. If you have any questions or concerns, please don't hesitate to contact me directly. Thank you.
