To: Titian Lish, Chairperson, Resource Allocation Committee
RAC Resource Allocation Committee Members

From: Dr. Dyrell Foster *DF*
LPC President

Subject: Fall 2021 Instructional Equipment Request RAC Recommendation

Resource Allocation Committee (RAC) members, let me thank you for your time and commitment to the process of evaluating and ranking the Fall 2021 Instructional Equipment Requests. I understand the deliberation process can be challenging and time-consuming, and I appreciate your diligence and your desire to be equitable to the faculty who have submitted the requests, but also to the students who are the benefactors of the equipment.

After reviewing the recommendations and considerations relevant to the rankings, I support your recommendation to purchase the 26 items on the next page (page 2) for a total allocation of \$662,563.33. Budget dollars to support these purchases will be funded using the State's Instructional Equipment funds allocated to LPC as well as Lottery funds. Board approval is required for purchases over \$96,700.

The rationale to support the allocation of resources to support the purchase of these items are based on the following considerations:

- Supports the College's mission and institutional planning priorities
- Program/department need
- Contributes to and/or supports student learning and success
- Leverage outside funding where appropriate

The college (and district) has access to the AdobeSign platform and we will be developing an implementation plan to bring the use of that platform to scale at LPC, which I hope will make this process easier to track for as a committee, in the future.

Thank you for serving on the Resource Allocation Committee.
