Re: Instructional Equipment Prioritization

First, thank you for the work that you and the RAC put into developing this prioritized list of needed instructional equipment. I understand that it is time consuming and often difficult to review and rank the various equipment requests.

All but three items will be funded:

- # 7 Anthropology Lab Equipment – to be funded through Measure B or A
- # 21 Robotic Welding Cell – delayed until other new Welding equipment is in place
- # 29 Equipment for the Radio Program – delayed for program development

Although some items may be shifted in the source of funding (such as grant funding), at a later time, the items can all be moved forward for purchase.
