5 Dec 04 2017 12 ease of implementation

For some of the classes I teach, choice of textbook is made with others in my department. There is quite a bit of incentive for some people to stay the course, which means not using new/different materials, even if they are of benefit to the students, unfortunately. However, having said that, there are two other important factors. One is whether there are materials such as test bank questions that can be used, and the other is the quality of the OER,

6 Dec 04 2017 10 which unfortunately has not yet matched the paid resources.

7 Dec 04 2017 10 Current and accurate content

8 Dec 04 2017 09 Compatible test banks, critical thinking questions etc.. aligned with text that can be integrated into Canvas.

- 1 Dec 07 2017 07 I'm excited we have it and certainly have more learning to do. It would be nice to have headphones and cameras we can use in our on-campus offices so we don't have to purchase these things on our own.
- 2 Dec 05 2017 11 I would like a workshop on the other applications and programs that partner with CANVAS. There are so many cool features that I don't know how to work.
- 3 Dec 05 2017 10 I appreciate all your wonderful assistance in making this a quality learning and effective teaching experience!
- 4 Dec 04 2017 05 Would like a quiet location on campus to conduct online conferencing and record course content.

Having an office (Scott Vigallon and assistant at the very minimum) is essential to instruction. The Canvas helpline has been a tremendous support for my instruction and I feel we should continue to retain this as long as possible.

- 5 Dec 04 2017 04 long as possible.
- 6 Dec 04 2017 01 I would like to keep the Canvas helpline available to instructors for as long as possible. I also had a problem with NetTutor for the first assignment. They were not giving feedback for up to 5 days and some students couldn't access it.
- 7 Dec 04 2017 12 Thanks for all you do DE!
- 8 Dec 04 2017 11 For # 8 the accessibility is part-way there, so I answered "I don't know."

I appreciate the help from Scott and Wanda this being my first semester at LPC and look forward to taking advantage of DE resources/classes/workshops in the future. I have some modules that I have made accessible but look forward to truly working on making both my online Spring classes fully accessible.

9 Dec 04 2017 11 Thank you.

10 Dec 04 2017 10 Scott is the man.

11 Dec 04 2017 10 Good support is offered for DE, need to prioritize time to access the support.

Grateful for all the support. Love the Canvas Support line. Looking forward to feeling as comfortable (and

12 Dec 04 2017 10 more) with Canvas as I did with Blackboard.

13 Dec 04 2017 10 Keep up the good work...
