**Uses:** This Program Review will be used to inform the campus and community about your program. It will also be used in the processes of creating Division Summaries, determining College Planning Priorities and allocating resources. A final use is to document fulfillment of accreditation requirements.

**Please note:** Program Review is NOT in itself a vehicle for making requests. All requests should be made through appropriate processes (e.g. Instructional Equipment Request Process) or directed to your dean or supervisor.

**Time Frame:** This Program Review should reflect on program status during the 2020-21 academic year. It should describe plans starting now and continuing through 2021-22.

**Sections:** This Program Review has been shortened due to the COVID-19 pandemic. The Program Review Committee understands that you are completing this program review in a time of stress and disruption and that this may affect many of your responses. Sections and questions are marked with the name of the committee or office that will use the information.

- The first section focuses on general program reflection and planning.
- The second section has specific questions to be filled out by all programs this year.
- The third section is a review of curriculum, to be filled out only by programs with curriculum.

**Topics:** The Program Review Glossary defines key terms. Writers should review this glossary before writing: <https://bit.ly/2LqPxOW>

### No Significant Changes Option

Contact person:

By marking an X in the box above, the writers of this Program Review indicate that there have been no significant changes to their program or their program's needs in the past year. In this case, programs may opt not to complete Program Review Section One: Program Snapshot. **Programs must still complete all other sections (as applicable).**

Please note: Choosing this option means that your program's information may not be included in the yearly Division Summary.

The No Significant Changes Option may only be used for two years in a row; after two years, programs must complete a full Program Review including the Program Snapshot. Our program's most recent Program Snapshot was submitted in the following semester: Fall 20\_\_\_\_\_.

**A. Accomplishments: What plans were achieved during AY19-20? You may describe achievements that were or were not planned in earlier Program Review. Your response may include actions regarding COVID-19. Please highlight any positive impacts to students.**

**We have offered Hybrid DE courses, due to Covid 19, for the first time. All of our instructors have become more proficient in the use of technology, such as Canvas.**

**B. Challenges, Obstacles and Needs: Describe any significant challenges, obstacles or needs for your program. Your response may include issues regarding COVID-19. Please highlight any negative impacts for students.**

1. We need to add another part-time lab technician. The needs of Horticulture and Viticulture are a strain for one person, working 20 hours a week. The opening of new facilities in 2022 will further increase the workload. This workload would best be served by employing two technicians, rather than one. The skill-set needed for Horticulture and Viticulture are significantly different. It would be difficult to find one full-time technician who could fulfill both roles.
2. We need a new front-loader tractor. The current tractor has suffered numerous breakdowns, and was recently out of commission for over a year.
3. We had to temporarily eliminate non-credit Horticulture classes, which primarily served adaptive students. We had a cooperative agreement with Pleasanton Unified School District. They are no longer willing to provide a classroom aide to help with this program.

**C. IR Data Review: Describe any significant trends in your program’s data from the office of Institutional Research and Planning. (Note: Not all Programs have IR data available; if your program does not have a data packet or dashboard data, you may note that in the response box.) You may also discuss any other data generated for your program by the Office of Institutional Research and Planning.**

## Section Two: Institutional Planning Topics (Required for All Programs)

**A. Equity [Student Equity and Achievement Committee]:** Please describe any recent actions your program has taken to increase equity and/or any challenges your program faces in promoting equity and equity-based decision-making? Areas to consider include students impacted by race/ethnicity, gender, sexuality, age, or disability status, as well as students who are disproportionately impacted due to the shift to remote instruction.

For assistance with this question, contact the Director of Student Equity and Achievement. [<https://bit.ly/3fY7Ead>]

1. Our program has set a high standard of inclusivity. All students and staff are expected to treat all students with equal respect and dignity.
2. The Horticulture users group is advising the design/construction process of the new Horticulture facility, to insure that there is access to people with disabilities.

### **B. SLOs/SAOs [SLO Committee]:**

You should complete ONE of the following three sections. Please choose the option that is most appropriate for your program:

B1: Instructional Programs with PSLOs

B2: Instructional Programs without PSLOs or with Special Circumstances

B3: Non-Instructional Programs

Skip to the section you chose. If you are not sure which option to pick, contact the SLO Committee Chair or Program Review Committee Chair for assistance.

#### **B1: Instructional Programs with PSLOs**

In this year's Program Review, and in support of Accreditation, we would like a snap-shot on how your program plans to collect, discuss and report assessment findings to develop best practices for teaching and student learning ("closing the loop").

As a program, please select one PSLO for a degree or certificate to focus on. This PSLO should reflect one area of your program that you would like to investigate in depth. For example, your selection may focus on an area to improve student success, to update pedagogy, equity issues, or to examine a new degree/certificate, etc.

In this section, describe your plan for assessment data to be collected, analyzed and discussed, and reported out in next year's Program Review. Your plan should identify the CSLOs that feed into your selected PSLO so that a complete data set is collected. You may choose to do this over one or two semesters. In next year's Program Review, you will be asked to summarize your SLO assessments, analysis of those findings, and proposed changes that may be implemented to improve teaching and student learning.

For assistance with these questions, contact the SLO Committee Chair. [<https://bit.ly/3fY7Ead>]

**B1a. In the space below, insert the complete wording of the PSLO and potential reason(s) for selecting it for analysis.**

**Upon completion of the Certificate of Achievement in Nursery, Greenhouse, and Grower Operations students are able to demonstrate an understanding of the principles of growing plants in urban environments such as greenhouse, interior plantscapes, hydroponic/aquaponic, and other urban agricultural and horticultural environments. (We will need to analyze the local needs and equipment needed to develop our program in this area, as we are developing our new Horticulture facility.)**

**B1b.  
In  
the**

**table below, list the CSLOs that feed up to the identified PSLO and check the semester or semester(s) that the CSLO will be assessed and data entered into eLumen.**

(If this different than the submitted SLO template plan, please update and resubmit the template plan. Send the updated template to [mwiest@laspositascollege.edu](mailto:mwiest@laspositascollege.edu) and [ahight@laspositascollege.edu](mailto:ahight@laspositascollege.edu) )

Complete Name of CSLO	Fall 2020	Spring 2021	Summer 2021
Upon completion of HORT 67, the student will be able to identify the interior plants used on the CCNPRO, California Certified Professional Nursery Exam.		X	
Upon Completion of HORT 67, the student will be able to propagate interior plants using various propagation techniques.		X	
Upon Completion of HORT 67, the student will be able to understand the physiological and psychological benefits of interior plants		X	
We are still in the process of developing CSLOs for HORT 71 FUNDAMENTALS HYDROPONICS AND AQUAPONICS, a course which hasn't been offered yet.			X

**B1c. When will analysis and discussion of the assessment data be completed (during next year's Program Review is an option)? The reporting out of the "closing the loop" analysis will be part of next year's Program Review.**

**The plan is to complete this analysis by Summer 2021.**

**B2: Instructional Programs without PSLOs or with Special Circumstances**

If your department does not have PSLOs, you may choose one CSLO to focus on. This option may also be used if there is a strong departmental rationale for focusing on a single CSLO.

As a department, please select a course to focus on. The selected course and one of its CSLOs should reflect an area that you would like to investigate in depth. For example, your selection may focus on a course to improve student success, to update pedagogy, to analyze equity issues, etc.

For assistance with these questions, contact the SLO Committee Chair. [<https://bit.ly/3fY7Ead>]

**B2a. In the space below, describe the rationale (such as this is not a degree-granting program, we focus mainly on non-degree courses, etc.)**

**B2b. In the space below, insert the complete wording of the CSLO and reason(s) for selecting it for analysis.**

**B2c. In the table below, list the CSLO and check the semester or semester(s) that the CSLO will be assessed and data entered into eLumen.**  
(If this is different than the submitted SLO template plan, please update and resubmit the template plan. Send the updated template to [mwiest@laspositascollege.edu](mailto:mwiest@laspositascollege.edu) and [ahight@laspositascollege.edu](mailto:ahight@laspositascollege.edu) )

Complete Name of CSLO	Fall 2020	Spring 2021	Summer 2021

**B2d. When will analysis and discussion of the assessment data be completed? (During next year’s Program Review is an option.) The reporting out of the “closing the loop” analysis will be part of next year’s Program Review.**

**B3: Non-Instructional Programs**

***In this year’s Program Review, and in support of Accreditation, we would like a snap-shot of how your student service area plans to collect, discuss, and report assessment findings to develop best practices for teaching and student learning (“closing the loop”).***

Please select one SAO to focus on. This SAO should reflect an area of your program that you would like to investigate in depth. For example, your selection may focus on an area to improve student success, increase best practices, to address equity issues, or to examine a new service/program, etc. The intent is for this section to be useful for reflection to develop best practices for serving students.

For assistance with these questions, contact the SLO Committee Chair. [<https://bit.ly/3fY7Ead>]

**B3a. In the space below, insert the complete wording of the SAO and potential reason(s) for selecting it for analysis.**

**B3b.** When and how will this SAO be assessed and data entered into eLumen? (If this different than the submitted template plan, please update and resubmit the template plan. Send the updated template to [mweist@laspositascollege.edu](mailto:mweist@laspositascollege.edu) and [ahight@laspositascollege.edu](mailto:ahight@laspositascollege.edu) )

**B3c.** When will analysis of the assessment data will be completed (during next year’s Program Review is an option)? The reporting out of the “closing the loop” analysis will be part of next year’s Program Review.
