# Education Master Plan Progress

Las Positas College (LPC) began preparing for its Educational Master Plan (EMP) planning process in August 2019. In December 2019, the LPC EMP Task Force was formally convened and began meeting on a weekly basis to determine how the College would review, evaluate, and build upon its existing EMP. The EMP Task Force's original goal was to have many of the major elements of the EMP collected by the end of the spring semester and a working EMP draft produced over the summer. This original schedule was delayed by several months due to the impact of the COVID-19 crisis, the subsequent campus closure, and the shift to online instruction and operations. Beginning in mid-March of 2020, all planning activities were conducted entirely online via Zoom.

During the Fall 2020 semester, the EMP Task Force worked with the Signatures Solutions team to finalize the content, writing, and graphic design for the plan and continued to gather input from external stakeholders where possible. The EMP Task Force met on a nearly weekly basis throughout 2020 to complete the plan, holding a total of 41 task force meetings over the course of the year. The draft EMP was distributed to the college community in October 2020 for final comments and input. The final revised draft was reviewed and approved by LPC's College Council and the Academic Senate. The EMP will be submitted to the District Board of Trustees during spring 2021 for approval. Las Positas College would like to acknowledge the following individuals who worked diligently to engage the College community in the strategic planning process and produce the plan: Rajinder S. Samra (College Lead), Elena Cole, Dr. Stuart McElderry, Frank Polanco, David Rodriguez, Dr. Karin Spirn, Nadiyah Taylor, and Dr. Kristina Whalen.

## Facilities Project Update

Facilities upgrades to LPC's largest lecture hall, located in Building 2400, have recently been completed. Upgrades included replacing room displays and an AV system with LED flat panel system, movable lectern, and upgraded speakers and cameras.

## Spring Flex Day

LPC's Professional Development Committee is currently accepting proposals for Spring 2021 Flex Day which is scheduled for Tuesday, March 9. The final deadline to submit proposals for consideration in the program is Monday, February 8 by 5:00 PM.

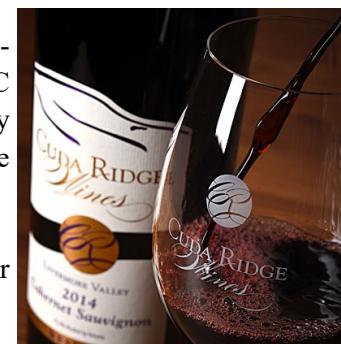

Please visit the Professional Development Committee webpage for more information at <http://www.laspositascollege.edu/gv/pdc/index.php>

## LPC Art at Cuda Ridge Winery

Cuda Ridge winery will be hosting "Art is Essential" through January 2021. It features artwork from four Las Positas College students, Alexa Faulkner, Buffy Davis, Jay Sarkis Kelly, and Susan Lewis.

The collaboration was coordinated by Liz McWhorter, LPC outreach specialist and Larry Dino, an owner at Cuda Ridge winery.

The exhibit will be open for limited viewing by request.
