

2018 ASLPC General Election Application

ASLPC Position Applying For:

Vice President

Full Name: Treasure Domingo

How long have you attended Las Positas College: I have attended LPC for a full academic year by the end of the spring 2018 semester.

Why do you wish to run for ASLPC Officer position: During my time as a student senator, I've heard commentary from the general public that our organization was only beneficial and representing those who are in student government. This is where I come in. If I become an ASLPC Officer, my goal is to really represent the public by making sure we prioritize students first. More specifically, I will insure that the our meeting time, topic, and location are advertised across campus, emphasizing that these meetings are open to the public and that students have a voice. Similarly, I promise to fulfill the requirements this position entails to the best of my abilities. Lastly, I will enforce the bylaws of ASLPC within the organization without exceptions.

Previous government or leadership experience: When I was a student three years ago in the Philippines, politics were very different, even in student government. In my elementary years, there were classroom elections, and even they were a minor role. I take pride in saying I have acquired some kind of leadership role almost every year. Furthermore, when I moved to America, one of my first classes here was a leadership class. Notably, I've been an advance senator of ASLPC for almost a year now.

How will your attributes and/or skills aid as a student advocate on campus: I'm not perfect; I'm human. However, I'm honest. I would never lie about anything, and I'm very open. I'm talkative and sympathetic, and with these traits I believe I can be a great leader. A great leader is imperfect but is not afraid to be judged and is willing to grow. As a student leader, I am ready to advocate for you instead of waiting for others to take action!
