• Ms. Aboud talked about the important role of each club’s respective ICC representative. In order for clubs on campus to receive funds from the InterClub Council, all participating bodies must have a delegated ICC representative in order to communicate and deliberate equally amongst clubs. Furthermore, communication is vital between the ICC representatives and respective members of the clubs they represent. If an ICC representative is unable to attend an ICC meeting, Ms. Aboud invites any ICC representative to come and talk to her for her individual attention.
Ms. Ross also reiterated the significance of the duties of the ICC representative, adding that ICC reps must be the liaison between what happens at the ICC meeting and informing their fellow club members.

Ms. Moore added that the LPC Website has talking points from each ICC meeting. At the bare minimum, ICC representatives are called upon to bring back these very important points to their clubs.

Ms. Aboud brought to the table her intention to change the ICC rules through a bylaw committee. ICC representatives who are interested in being a member of this committee are encouraged to talk to Ms. Aboud in person or via email. Email will be sent out at a later date, sometime after Club Day, with a follow-up date as to when this committee will be meeting.
