A. ICC Event

• Mr. Pineda said he wants to do a lip sync battle between all of the clubs as an ICC event this semester. Each club would have 1-2 min to perform a song. The event would occur in the quad. It will be April 13th. There will be money prizes for clubs who perform the best.
• Bio said that night events are better for students’ schedules.
• Mr. Pineda took a consensus vote for what time would be best for the event. 0 voted for a morning or afternoon time. 17 voted for it to take place 3-5 pm. Three voted for 6-9 pm. It was decided that the event would take place from 3-5 pm.
• Poetry asked if one needs to represent a club to participate and asked if clubs could combine.
• Mr. Pineda said yes to both questions.
• Indian clarified that the event would be like a lip dub.
• Mr. Pineda said money would be budgeted for food: hamburgers or pizza and sodas and waters. $375 would be allotted for club prizes: $200 to first place, $100 to second place, and $75 to third place.
• HOTT suggested using the campfire area near the 2400 building to cook the burgers if there was not a grill available.
• Mr. Pineda said that this is not the correct area for cooking burgers.

B. ICC CBRC

• Mr. Pineda said the constitution and by-laws needed to be looked over because they had not been updated in years. This is just discussion on the changes and it will be voted on next meeting. He wanted to change the constitution to say that the parliamentarian can vote because it says that they can in the by-laws and consistency is needed.
• Bio asked if it was allowed for things to be erased from the document.
• Mr. Pineda said this is permitted.
• Mr. Pineda proposed to change in the constitution that after 2 unexcused absences, the third absence will result in club deactivation. He proposed to add that clubs must notify the ICC Chair for an excused absence 3 days prior to the ICC meeting. He proposed to add that following 3 absences without a legitimate substitute, a club will be subject to deactivation. He also proposed to add that a club having 4 unexcused tardies, they will be subject to deactivation.
• Bio suggested that after the second tardie, the advisor be notified that clubs were close to the limit of the number of tardies a club can have.

C. End of Year Wrap-Up

• Mr. Miner said club forms should be sent in as soon as possible, especially ones concerning money so everything can be settled before the conclusion of the school year. Every club needs to do one club event a semester in order to receive club funds next semester. This is to eliminate inactive clubs. He suggested that clubs could do events at the new park near LPC and a school facility request would not need to be filled out. If a club event occurs here, however, all club event rules will still apply.
• Bio asked if the park next to LPC is ran by LPC or by the city.
• Mr. Miner said that it is run by Livermore and he is unsure of the steps one would need to go through in order to receive permission to hold a club event there.

XI. Announcements
Mr. Miner said that scholarship decisions will be determined by May 4th and the scholarship ceremony will be May 12th. ASLPC elections voting begins tonight on midnight and continues until Thursday night. He encouraged everyone to vote. He said that there is information about it around campus as well as online. Currently, no one is running for ICC Chair but encouraged people to run as a write-in candidate or tell their club members to do so.

Math said that they have decided to call their ted-like talks a seminar series. They got 12 applicants and the location of it was moved from 801 to 2420 because they are expecting a larger number of participants. It will be on May 5th. There will be students discussing various topics.

Mr. Pineda passed around an emergency text number students can sign up for in order to learn if there are emergencies on the LPC campus.
