Engineering Tech Pathway

Interested in a 2-year path leading directly to a career paying $50,000-$60,000 per year?
Want to get paid internship experience while at school?
Excited to learn hands-on skills to go with academic concepts?

Program Includes:
- 10-week hands-on summer internship at Lawrence Livermore National Laboratory in their Engineering Department for selected students
- Accelerated Math Pathway: Go from Intermediate Algebra to Calculus in one year
- Additional Student Support and Counseling
- Courses in Math, Engineering, Welding and English all designed specifically for students in this program
- Skills training in welding, machining, fabrication, prototyping, and engineering

Engineering Technologists from Lawrence Livermore National Lab helped design this program.

Eligibility:
- Must be a Veteran
- Must be Eligible to take Math 55 (Int. Algebra) in Fall 2014

For more information, or to apply, contact Todd Steffan in the Vets First Office, Building 1000, Las Positas College
