Workshop Descriptions

eLumen as an Instructor

This workshop will go over the basics of navigating the new eLumen system for those with faculty access (locating SLOs, designing assessments, and entering data). This workshop is appropriate for full-time and part-time faculty who are using SLOs designed by a discipline SLO point-person.

eLumen as a Coordinator

This workshop will go over the basics of navigating the new eLumen system for those with discipline coordinator access (writing/editing SLOs, planning assessments, and locating SLO data for use in Program Review). This workshop is appropriate for full-time and part-time faculty that are serving as the discipline SLO point-person.

Program Review

This workshop will review this year's Program Review Update (PRU) template. Staff will be available to answer questions about the template or the process. Computers are available to work on your PRU.
