COLLEGE

**NEW STUDENT ORIENTATION**

## **Welcome to Las Positas College!**

### **New Student Orientation**

Welcome to Las Positas College and this new student orientation program.

The orientation is comprised of several information segments providing you "need to know" information about LPC's programs, services, and facilities. It's all stuff you might expect in an orientation; details of the enrollment process, an overview of all the student support services, and strategies you can use to be successful in college. You'll also see what college life has to offer outside of the classroom and some important campus safety information.

Here's a couple of tips for orientation success:

1. There are questions embedded within each segment. Be sure to answer these. You must answer all the questions in order to successfully complete the orientation.
2. The orientation should take about an hour to complete. You can leave the program at any time and return later to pick up where you left off.

If you're ready, click the appropriate language button below to enter the program.
