

Las Positas College (/) > Automotive Technology (/auto/) > Whereourstudentswork

Automotive Technology

Where our students work

Our Students gain the knowledge and experience needed to become employed. Most students become employed during their first semester in the Las Positas College Automotive Program. This gives our students the ability to get the classroom and lab learning they need to apply at their jobs everyday. Our low tuition cost, when compared to "pay-per-view" schools, helps graduates purchase the necessary tools for the trade instead of making student loan payments. Attending Las Positas college is 1/8th the cost of UTI, on top of the fact we are accredited (/accreditation/index.php) and our classes are recognized and transferable anywhere.
