Advisory Board Technical Theater

Las Positas College's Career & Technical Education (CTE) programs prepare students for skilled trades in a wide range of occupations. Each of the CTE programs includes an advisory committee. In today's rapidly changing work environment, the College uses these committees to keep a pulse on changes in the workplace, both in technologies and industry developments. Information

that is brought forth in these committees is used to improve the program curriculum, making our students that much more employable.

In order for these advisory committees to work as they are proposed, each program needs to have participation from industry representatives. They meet only once or twice a year and are a great opportunity to both gain and impart insight for the betterment of the programs.
