### About Community Education Classes

### Community Education at Las Positas College Mission Statement

Community Education at Las Positas College is an inclusive, learning-centered program providing educational and personal enrichment opportunities to all Community members. The program supports the life-long learning goals of all students (both for-credit and not-for-credit) to enhance their basic skills, career and technical training, retraining and personal enrichment objectives, and to help all community members meet their personal and professional goals.

Community Education is a fee-based educational program. Enrollment fees pay for instruction, administration and marketing of the program.

*Teach with us. Take a class with us. Make an astonishing difference in the Tri-Valley community.*
