DegreeWorks Features

Worksheet

The Worksheet displays your progress toward the completion of your degree. It displays your successfully completed courses, your in-progress courses, electives, and insufficient courses that are required by your degree. All courses are organized into the following degree categories:

- Your major and educational goal
- Catalog year
- Academic status
- Overall grade point average (GPA)

The Worksheet also displays the following:

- Degree and Major (E.g., AS-T Administration of Justice)
- Developmental course placement
- General education requirements
- Major requirements
- Elective courses
- Insufficient courses
- Not counted

What-If

The What-If allows you to compare your current course history to other potential degrees. Use this link (<http://laspositascollege.edu/class-schedule/majorcodes.php>) if you are thinking about changing majors.

Look Ahead

This feature allows you to enter a list of classes and see how they will be applied. It is a great tool to use as part of the registration process. You can see how a course(s) will be used before you actually register for it.

Planner

The Planner tab contains your Student Educational Plan, built by you and your counselor. Counselors can use the Planner to schedule your potential courses for as long as 3 years into the future. You may view, but not create or edit, these planned schedules.

What If Scenario

This feature allows you to compare your current course history and Student Educational Plan to other potential degrees.

GPA Calculator

The GPA calculator will allow you to calculate your term GPA, desired GPA, or grade combination(s) needed to achieve a GPA goal.
