

Students with a verifiable high school GPA of 2.5 or higher are eligible for English 1A. All students are eligible for English 1AEX, which is an English 1A class with 2 additional lab hours of support per week. Students who want a semester of preparation before English 1A or 1AEX, or who wish to take a non-transferable English course, can take English 104. If English is not a student's native language, that student should take the English as a Second Language Assessment Test.
