

{CJ} Code Jam

Start your Computer Science journey with *confidence*!

What is Code Jam?

An innovative 1-week, tuition-free bootcamp before the semester starts to prepare you for CS 1 or CS 7 with fun activities, a small community exploring tech and programming together, passionate instructors, and friendly support from trained peer teaching assistants.

Why do a Code Jam?

If you have no programming experience and are enrolled in CS 1 or CS 7 for Fall 2021, your final week of freedom before the semester starts can become time well spent with 30 hours of engaging activities, a head start on key skills, and exposure to a wide range of platforms and creative possibilities not available in any normal course.

Code Jam 2021 Dates and Times:

August 9 – 13 (Monday – Friday), 9am – 3pm

Code Jam is completely free and online!

Complete a survey and focus-group during Code Jam
to earn an Amazon gift card!
