

LPC Mission Statement

Las Positas College is an inclusive, learning-centered, equity-focused environment that offers educational opportunities and support for completion of students' transfer, degree, and career-technical goals while promoting lifelong learning.

LPC Planning Priorities

- ❖ Implement the integration of all ACCJC standards throughout campus structure and processes.
- ❖ Establish a knowledge base and an appreciation for equity; create a sense of urgency about moving toward equity; institutionalize equity in decision-making, assessment, and accountability; and build capacity to resolve inequities.
- ❖ Increase student success and completion through change in college practices and processes: coordinating needed academic support, removing barriers, and supporting focused professional development across the campus.
- ❖ Coordinate resources and provide professional development for effective online instruction and remote delivery of student support services and college processes to advance equitable student outcomes.

Computer Studies Advisory

- **Adjunct part-time CS Position(s)**
 - We are hoping to have three new PT faculty start in Fall 2022
- **2022 Summer Cyber Camps**
 - CyberSecurity Camp June 13 – 17
 - CyberSecurity Advanced Skills June 20 - 24
- **New LPC facilities**
 - We are offering HyFLEX classes via OWL
 - We are getting a new building coming soon in 2023
- **Plans for Fall and Spring**
 - ddd

6. Recommendations from the Advisory Board

- Look into developing a Data Center certificate
- Look into having CNT department develop an IT Service Management course similar to ITSM/ITIL so students gain the knowledge and exposure to the business and technology language and hands on learning.

7. Good of the Order

- Carlos shared that he submitted the NSF grant*.

8. Next Regular Meeting: Tuesday, September 27, 2022, 4:45 PM

9. Adjournment

****Information on NSF Scholarship Fund Grant:***

S-STEM is a NSF grant that offers scholarships and opportunities to low-income students. I'm currently working alongside a biology faculty member on a proposal for this grant. One determining factor for a successful grant proposal is the inclusion of industry partners. Broadly, we are looking for companies and organizations that would be willing to participate in this grant, if we're accepted. Examples of participation can include offering internships, providing mentorship, giving workshops, or presenting talks. If this seems like a potential interest to your organization, let me know and we can discuss further details.

Thanks! Carlos Moreno, cmoreno@laspositascollege.edu
