Essay

Public works is defined as the physical structures and facilities that are developed, owned, and maintained by public agencies to house governmental functions and provide water, power, waste disposal, transportation, and similar public services following established public policy.

Public works is a vast field and can encompass professions from compliance specialists to plumbers to engineers. This essay should demonstrate your understanding of what public works do for our communities, and why you are interested in a career involved with public works.

Essay formatting:

- Essay must be typed.
- 12-point font Times New Roman
- One-inch margins and in portrait format
- Double-spaced
- Maximum four (4) pages on 8 ½" x 11" paper

Essay Questions

1. Why are you interested in a public works career and how will your education relate to public works? Describe your field of study (or planned field of study) and how it relates.
2. What impact do you hope to make in your decision field or industry and how will this scholarship help you achieve that goal?
3. Describe a public works project or operation that has made a meaningful impact on you. If you haven't had any interactions with public works projects, please describe something you have done in the past year that has made a difference in your community.
4. Discuss an accomplishment, event, or realization that sparked a period of personal growth and a new understanding of yourself or others.
