Breakout Group Activity

Part of the integration of Canvas in Pathways is to create norms. **In groups, please discuss how we might utilize Canvas in a way that will not overwhelm students with information**

Suggested discussion questions:

- What belongs on the Canvas calendar (do we run the risk of creating too many items in a student's calendar - Smart Shops, key deadlines, office hours, etc)?
- What is the MOST vital information students should see on their Pathway Canvas page (front and center)?
- Is a discussion board a useful place for students to interact with peers and/or professionals on campus?
- How many announcements per week/month is too many?

Breakout Group Activity

Please discuss the key announcements that should be shared on a Pathway Canvas site.

- Who should be posting announcements?
- When (in the semester) should that announcement be made?

Pick a breakout room:
- Zoom Group 1: "What steps do I need to take next?"
- Zoom Group 2: "Who cares about me?"
- Zoom Group 3: "How can I afford college?"
- Zoom Group 4: Enhance Belonging
