

National University Talking Points

- National University was founded in 1971 by retired U.S. Navy Capt. With the mission is to provide accessible, achievable higher education to adult learners.
- Currently San Diego's largest private nonprofit university.
- WASC accredited, National Council for Accreditation of Teacher Education (NCATE), Commission on Collegiate Nursing Education (CCNE).
- Offer flexible four-week classes and tuition discounts for military personnel and their dependents.
- NU has articulation agreements with more than 110 community colleges, so you can get the credit you deserve for previous coursework.
- Here's why NU is the top choice for California community college transfer students:
 - Over 100 degree programs offered online, onsite at over 20 California locations, or a combination of both
 - Flexible four-week classes with year-round enrollment, so you can start sooner and finish faster
 - National University will accept the following General Education certifications: California State University (CSU) General Education certification and the Inter-Segmental General Education Transfer Curriculum (IGETC).
 - All requirements for CSU General Education and IGETC must be completed and certified prior to transfer to National University. The University will not accept partial certifications.
 - Special Note: Students who complete all General Education coursework at the community college will be required to take one upper division general education elective for their program to meet the upper division general education requirement.
- Transfer students who have recently earned their California Community College – Associates Degree for Transfer (CCC-ADT) are eligible for National University's CCC-ADT Transfer Scholarship. Through this scholarship, students can complete a bachelor's degree in 90 quarter units or less and pay just \$7,000 per year* for tuition. Transfer students who have recently earned a transferable associate degree from a California community college are also eligible for this transfer pricing.
