Meeting Notes

LPC Mission Statement

Las Positas College is an inclusive learning-centered institution providing educational opportunities and support for completion of students' transfer, degree, basic skills, career-technical, and retraining goals.

LPC Planning Priorities

- ❖ Implement the integration of all ACCJC standards throughout campus structure and processes.
- ❖ Establish a knowledge base and an appreciation for equity; create a sense of urgency about moving toward equity; institutionalize equity in decision-making, assessment, and accountability; and build capacity to resolve inequities.
- ❖ Increase student success and completion through change in college practices and processes: coordinating needed academic support, removing barriers, and supporting focused professional development across the campus.

1. Update on ACCJC communication/District Coordination Council

Took forward a request from this committee to find out whether the January 7 deadline to hand over our pieces to ACCJC was firm. Dr. Foster reached out to them but hasn't heard back. We're hoping to get one more Board meeting to get approval of the ISER, if possible on January Board rather than the fall.

End of this month on April 30 there will be another District Coordination Council meeting. If you have primary responsibility for a standard that is with the District you are invited. We'll meet one more time before this District meeting.

2. Survey Updates

Samra: Student Survey will take a little more time to release the results; we are trying to gauge how long it will take since there are a lot more items; when it's ready we will send out the results to everyone.

3. Review of Standard Team Progress

Fall Standards:

The hope is that we can move some fall standards to a template.

IA is good; finalizing links.

IIB ready to go except there might be some info from the student survey that's needed.

Spring Standards

III HR: What we have left to do is change the evidence format to point to LPC. Tedious work to go in and fix all evidence links. Moving along with narrative. Have some questions/concerns about number 10, effective number of administrators. What we have might be sufficient but if there are any ideas let's us know.

III.A.14: Professional Development and student equity; How should we position the work that we are doing on equity?

Any ideas? Guided Pathways work (presentation on college day); online teaching practices module; President's Speakers series; first Town Meeting this year; White Ally group; All curriculum will have some type of equity base; Sean Taylor's weekly meetings (SEA); Connect-UP; past paid PD opportunity at LPC -Teaching Men of Color.

III.C Made quite a bit of progress on 1-3 IT standard (Heidi)

III.D making progress; in the middle of budget at the same time; bit delayed (Anette)

II.A 8 – 16 (Stuart, Elena, Andrea) regarding documenting ISLOs and SLOs, last time there was mention of putting together a chart as a way to demonstrate how the institution meets the standard, so we put one together for II.A.12. Discussed chart.

IV.A Decision Making (Kristina, Angelica, Elena, David). We welcome your thoughts on this standard, what it means and how LPC approaches this. (Program Review, example – multiple measure in English; process of culture and encouragement – SCFF projects, Math JAM, English departments' work around pedagogy; Guided Pathways; Ted & Kay Innovation Foundation Award – lab tech won with 3D printer that's now institutionalized).

4. Reflections on Institutional Improvements

Whalen: Thoughts? (RAW, grant projects, college planning priorities)

5. Evidence Update – Tim Druley explained the process to update document with links

6. Quality Focus Essay Update – Jin Tsubota feel free to add content; will reach out to SEA and Professional Development Committee about a timeline for the first item; will also reach out to Guided Pathways [Proposed QFE Topics - Google Docs](#)

7. Adjournment at 4:55pm

8. Next Regular Meeting: April 27
