Technology Committee

Charge of Committee

Assesses faculty, student and staff technological needs; researches and analyzes options for campus-wide technology and makes recommendations for solutions in the following areas:

- Access
- Staff development and training
- Support
- Prioritization of resources and additional technology needs as they arise
- Collaboration with the District ITS regarding District-Wide projects and issues
- Review and recommendations on LPC Technology Master Plan

The Technology Committee will coordinate with other Committees that are impacted by technology-related recommendations.

Technology

Jim Gioia - Chair
925.424.1508
