

SOPHIA SALEHIFAR

1. Why do you wish to run for the LPCSG position you are applying for?

I wish to run for these positions because I want to be more a part of the community here at Las Positas. I want to get involved and collaborate with members of this student government. My sister told me about student government a few years ago and how it changed her experience at community college being a part of something and holding a position with a big responsibility taught her skills she continues to use after transferring.

2. Please list your current or past leadership experience.

Currently I am a part of the AAPI and will soon be an ambassador for it. I've helped set up and attend events. I was captain of my golf team in high school and I was showed commitment going to all the practices and team events. I had to be reliable for those I represented. I had to be responsible reporting back to coach and just supportive of parents and children, solving problems or dealing with emergencies on the spot.

3. What makes you stand out compared to other candidates for the position you are applying for?

What makes me stand out for these positions is my experience with leadership. I am very patient and a good active listener. I was vice president ~~of~~ of Administration of Justice club on campus and in the meetings, I'd listen and offer feedback or reporting back to the president.

4. What aspects of student life would you seek to improve? How would you do so?

I'd seek to improve communication and making the community of students more aware of what student government and student life aims to accomplish. Many students will be on campus and walk past the fliers or posters filled with information so we need to find more ways to spread the word. There are Instagram accounts students can follow, but not enough know about it.
